MR. AND MRS. W. H. KENDAL, the famous English actor and actress, arrived in New York last Sunday.

DR. HARRISON is wondering now which was his largest mistake—the removal or appointment of Tanner.—Courier Journal.

THE states often fail in their duty, but that is better than the obliteration of state functions and the concentration of all power at Washington.—N. Y. World.

IN Virginia the negroes receive \$340,000 annually to educate them, and Gov. Lee says that more than 93 per cent is paid by the whites. Significant.—Wil. Messenger.

CONRAD GOECKE, the United States Consular Agent at Königsberg, Eastern Prussia, has been condemned to four months in prison and \$800 fine for usury and fraud.

LOOKING the facts straight in the face, as any business man would do in figuring on his own affairs, Uncle Sam today has no surplus to call his own.—New York Star.

THE talented actress, Miss Anderson, who has been spending the summer with the family of William Black, the novelist, has completely recovered her health and is in excellent spirits.

If all the companies which have recently been formed or chartered to make iron in the upper portion of our state should materialize, Virginia's output of that article will be very greatly increased in the new future.—Norfolk Ledger.

THE recent colored Baptist convention at Indianapolis, Ind., adopted a resolution that the negroes ought to "go West." But thus far there has been no formal invitation extended to them by Western Republicans.—Wilmington Star.

THE Democratic campaign speakers are not likely to forget that a Republican national administration has, in time of profound peace, increased the public debt nearly \$8,000,000 in the two months of July and August.—Cincinnati Enquirer.

THE cornerstone of a monument to be dedicated to the memory of Mary, the mother of Washington, was laid at Fredericksburg, this state, upwards of fifteen years ago. But only the base of the structure was finished and the shaft rests in the mud of the river flat near her grave.—Norfolk Virginian.

EVERYBODY that has had the least opportunity for observing the relations of the negroes and whites in the north and south, respectively, knows that the lines of social intercourse between the two races are far more strictly drawn in Massachusetts than in South Carolina, and that the colored man has less chance for political preferment in Ohio than he has in Virginia. It is a singular fact, as the Philadelphia Record points out, that in all the years since the close of the war no colored man has ever been elected to the Legislature of any northern state, though in nearly every one of them the negroes hold the balance of political power and their support is absolutely necessary to the Republicans to carry an election.—Petersburg Appeal.

THE nomination of such a man as Chalmers, by the party which he so outrageously cheated, for the highest office in the State in which the cheating was done, amounts to a declaration on the part of the party that in its eyes virtue is a pretense and crime a legitimate agency of political endeavor, to be condemned only when it is employed for the benefit of the other side.—N. Y. World.

LOCAL NEWS.

NEW ADVERTISEMENTS.

WM SULTAN—Still leads in low prices.

Cotton, 10.30 to 10.40. Sales of sixteen bales yesterday.

Fishing is lively now with our fishermen. A very good fisherman here, and they say the catch at Morehead City is unprecedented.

Mr. George T. Farnell, of Greenville, and Miss Rena Hooker, of Bayboro, were married at Bayboro, October 1. They took the train here yesterday for Greenville.

Mr. E. S. Simmons of Washington, and formerly a lawyer, is in the city, guest of Hon. F. M. Simmons. He has been delivering lectures in various parts of the State since the loss of his eyesight.

A large twenty-horse power boiler purchased by Mr. John W. Mills was taken through the city yesterday to be conveyed to Onslow county on a four-mule wagon team. A railroad should go through this large territory.

We saw a letter last night from Mr. W. P. Fife, the evangelist, to a gentleman in this city. Mr. Fife is now in Kinston, assisting in a series of meetings. He says there have been forty-eight conversions thus far. Can't we get Mr. Fife in New Berne a week?

Shipping News.

The steamer Eaglet of the E. C. D. line sailed yesterday with a cargo of cotton, lumber and naval stores. The Annie of this line will arrive today.

The Taboma will arrive this evening and sail Saturday morning at 8 o'clock.

The steamer Howard is in port. She will sail for Trenton Friday.

Steamer Carolina is in port.

The schooner Ray, Capt. Dennis, is in port, having brought cargo of naval stores from New river.

What a Reporter Saw on a Trip Up Town Yesterday.

When he first started out he saw that Mr. John Suter is putting a stock of furniture into the new brick store of Roberts Bros., on South Front street.

He saw a dozen small boys playing baseball on the vacant lot at the head of South Front street, where a factory of some kind ought to be started up and those boys given employment.

She saw that another of the old landmarks, an old elm tree, on Pollock street, above George, had been cut down. One by one they pass away.

That Mr. J. W. Moore has made an excellent sidewalk in front of his residence on Pollock street by using shell rock.

That Mr. Alex. McKay is having a neat dwelling house built on Pollock street near End street.

That the old church on Hancock street, which is being repaired by the Methodist church, is nearly ready for use, and will be one of the largest and neatest houses of worship in the city.

The New Berne High School.

The outlook for this institution is of the brightest character. It has already upon its roll 105 scholars. Housed in the magnificent new building of the New Berne Academy, with every comfort and convenience, it has nothing to be but go ahead. A citizen of Craven or any of the surrounding counties can obtain here for his sons and daughters a complete and thorough education. Classes in Latin are studying Caesar and Cicero, and a class in Greek will take up the Anabasis in the spring, when a class in French will also be formed. Arithmetic is taught carefully by analysis, there are four classes in Algebra and one in Geometry. In addition, philosophy, chemistry and general history are made important parts of the curriculum. The great deficiency of the school at present is a first-class male assistant to complete the number of teachers. But Professor Adams declares that this assistant shall be forthcoming almost immediately. We hope that good and thorough work will be the watchword of this school. Let no poor recitations be excused, and let no lax scholars be allowed to block the way of the others.

We hope to visit the various schools in the city soon, and note their progress.

For a disordered liver try Becham's Pills.

CITY COUNCIL PROCEEDINGS.

OCTOBER 1, 1889.

A regular meeting of the board of city council was held this evening at 8 o'clock, Mayor Williams presiding. There were present Councilmen Burrus, Ulrich, Lane, Crawford and Ellis.

A petition from Mr. Wm. Asher to let his steps remain on the sidewalk on Craven street was read. Councilman Ulrich moved that it be granted on condition that he pay a tax of one dollar per annum. The roll being called, the vote was unanimous in favor of the motion.

A petition from Mr. W. L. Lewis for permission to repair and raise the roof of a shed in rear of his ice-house on Middle street was, on motion of Councilman Lane, granted.

The Marshal's report was read and on motion of Councilman Lane received and adopted.

We have made 36 arrests during the month of September. Thirteen dismissed, two did not appear; twenty-one convicted, eight bound over to court, one sent to jail.

Fines collected, \$22.80
Costs..... 24.35

Total, \$47.15
One-half of the above cost, \$12.16, was deducted for my fees.

JAS. T. LEWIS, C. M.

The Mayor submitted a report which, on motion of Councilman Burrus, was received and adopted.

I herewith submit the following report:

STREETS.

The streets are in fair condition. I took the liberty of buying 40 tons of shell rock at a cost of 75 cents per ton delivered, and ask that a voucher be issued for the same.

The police are keeping things quiet. They have only made 36 arrests. Twenty-one convicted, eight of which were bound over to court, 13 dismissed, one case of selling liquor on Sunday. Amount of fines imposed, \$25.00; amount of cost, \$35.00. Total, \$70.00. Eight cases bound over to court.

The sanitary condition of the city is good.

FIRE DEPARTMENT.

The boiler for the New Berne engine, which has been being built for the last four months, is about completed, and I recommend that the city engineers be put on a committee to test, examine, and pass on the same. Think the engine horses should be practiced; they have not been hitched to the engine in four weeks, and in case of fire would be likely to give trouble.

I recommend that a platform be built at the south end of the market for fish boats.

ORDINANCES AND LICENSES.

We are entitled to about 1 1/2 miles more railroad than appears on the tax list, and the committee should look after the same. The auditing committee give me a great deal of trouble by taking such a long time to audit the vouchers. This month the voucher book was not returned until about the 24th, thus keeping the laborers and others from getting their money when due. There must be a mistake as to the duty of said committee. I think they should audit the amounts and pass upon them before the vouchers is issued. I recommend that the chairmen of finance, fire department and sanitary committees be requested to meet at the city hall on Monday next at 7:30 o'clock to examine and pass upon all bills against the city.

Suggest that until further ordered that the board meet at 7 o'clock p. m.

Respectfully submitted,
R. P. WILLIAMS, Mayor.

Councilman Ulrich brought to the attention of the board the subject of procuring shells to be spread upon the streets. After some discussion the matter was deferred for future action.

Mr. Henry R. Bryan appeared before the board and stated that he had received through Col. W. F. Beasley, the seals of the city which had been taken away during the late war and wished to return them to the board. Thereupon the following resolution was offered by Councilman Ellis and unanimously adopted:

Resolved by the board of councilmen of the city of New Berne, that the thanks of the city of New Berne are due, and are hereby tendered to F. W. Smith, Esq., of Bridgeport, Connecticut, and Col. W. F. Beasley, of Oxford, N. C., for their very generous action in returning to the city of New Berne through Henry R. Bryan, Esq., the seals of the city which were removed from the city during the late unpleasantness, and that their action will hereafter be remembered with gratitude and esteem; and that a copy of this resolution be enrolled upon the minutes of the city of New Berne, and a copy thereof transmitted by the clerk to F. W. Smith, Esq., and Col. W. F. Beasley.

Councilman Ellis offered the following suggestions which were adopted by the board and referred to the city attorneys:

See as to power of Auditing Committee to audit oftener than once a year.

See as to power of city of New Berne to repeal sec. 5, chap. 8, of ordinances and also as to power of city to grant the use of any part of streets of city to private persons.

The following bills were allowed:

R. P. Williams, mayor, \$83.33; Ferdinand Ulrich, treasurer, 15.06; James T. Lewis, marshal, 25; J. E. Gaakill, policeman, 30; M. T. Roberts, policeman, 30;

Thomas Wilson, 30; J. L. Willis, special policeman, 20; John O. Green, engineer, 25; W. R. Waters, engineer, 25; David Stallings, sexton, 20; Robert Williams, sexton, 20; Joseph Bryan, janitor Rough and Ready company, 2; New Berne Journal, advertising, 5; New Berne academy, rent, 8; Clark & Clark, city attorney, 16.66; Atlantic Engine company, feed for jumper horse, 10; New Berne Engine company, feed for jumper horse, 10; Atlantic Engine company, rent for horse carriage, 5; Prince Hyman, lighting eight lamps, 6; James C. Harrison, lighting three lamps, 2.25; Merritt Whitley, lighting one lamp, 75c; T. F. McCarthy, lighting one lamp, 75c; W. H. Hooten, lighting one lamp, 75c; Paul Williams, lighting one lamp, 75c; John Collins, lighting one lamp, 75c; Braxton Latham, lighting one lamp, 75c; Sallie Williams, lighting one lamp, 75c; New Berne Gas company, gas, 81; E. E. Disoway, rent Odd Fellow's hall, 22.50; C. Erdmann, rent of house for M. H. & L. Co., 10; W. P. Matza, copying and computing city tax list, 25; James T. Lewis, feeding prisoners, 90c; Moody & Clark, lumber for streets and pumps, 5.04; J. W. Stewart, for horse, wagon, etc., 17.50; Samuel Jackson, shoeing horses, 2.88; J. A. Meadows, feed for Atlantic and New Berne horses, two months, 93.95; N. S. Richardson & Son, printing stubs, 4.20; James McDaniels, shoeing horses, 2.60; Trent Lumber mills, lumber for streets and pumps, 12.43; F. Ulrich, orders paid engine drivers, street hands and material for New Berne engine, 135.62; F. Ulrich, sundry bills, 18.86; D. M. Roberts, shell rock for streets, 30. Total, 807.16.

The bill of Mr. C. R. F. Edwards, for a boiler for New Berne Steam Fire engine was referred to the mayor and committee on Fire Department with power to act and pay for the same when received by the following vote: Ayes, Councilmen Burrus, Ulrich, Lane, Crawford and Ellis. Nones, none.

It was resolved, that the time of meeting of the board in future be at 7:15 o'clock.

Proceedings were read and adopted and the board adjourned.

SYRUP OF FIGS.

Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

Philip Conrad Stibing

Died in Raleigh, N. C., on Tuesday, 1st October, 1889, at the age of 62.

Mr. Stibing was born in Zagenhain, Hesse-Nassau, Germany, and served his time in the German army. He was trained in the business of a cabinet maker. Many years ago he moved to New Berne, and engaged in his trade, which he prosecuted diligently and skillfully, and proved to be an upright, industrious and good citizen. Some months ago his mind became affected and his health failed, so that recently it was necessary to send him for treatment to the Insane Asylum, Raleigh, N. C. He went cheerfully, saying it was best for him, and his trust was in God. But he grew more feeble, became paralyzed, and passed to his reward on 1st October.

He leaves a desolate wife and one son. His death was on the thirtieth anniversary of his marriage. The sympathies of the community will be extended to the bereaved family in their sorrow.

Peculiar

In the combination, proportion, and preparation of the ingredients, Hood's Sarsaparilla accomplishes cures where other preparations entirely fail. Peculiar in its good name at home, which is a "tower of strength abroad," peculiar in the phenomenal sales it has attained, Hood's Sarsaparilla is the most successful medicine for purifying the blood, giving strength, and creating an appetite.

Bread! Bread! The Cry for Bread!

A million loaves, not enough for one city! Five millions, not enough for one State! Fifty millions, not enough for this country a single day, yet often what sour, soggy stuff it is, nevertheless it is eaten, and the result is dyspepsia, biliousness, sick headache, impoverished blood, pimples, blotches and scrofula. For the correction of all this, and as a general tonic for the system, take Golden Medical Discovery, prepared by Dr. Pierce of Buffalo. Its action is like a charm, a "benediction that follows after prayer." A remedy for stomachic and liver troubles, as well as a specific for throat and lung disorders. It is guaranteed to benefit or cure, or money refunded.

Feminine Perspicacity.

"You may say what you like, mother; George no longer loves me."

"But, my child, how did you get that silly notion into your head?"

"Oh, very simply, and only too quickly! When he takes me home nowadays he always chooses the shortest road!"

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a good remedy for regulating these organs.

A western editor can be wonderfully concise when he tries. One sums up a railroad accident in these words: "Boiler empty and engineer full."

The most obstinate cases of catarrh are cured by the use of Ely's Cream Balm, the only agreeable remedy. It is not a liquid or snuff, is easily applied into the nostrils. For cold in the head it is magical. It gives relief at once. Price 50 cents.

DIED.

At the Asylum, in Raleigh, N. C., on Tuesday, October 1st, 1889, Philip Stibing, a citizen of New Berne, in the 63d year of his age.

Simmons' Pioneer Blood Renewer.

Purely vegetable in composition, safe to use under all circumstances, and to cure all blood disorders, rheumatism, neuralgia, mercurial ailments, scrofulous affections, swellings, catarrh and skin diseases. For that most loathsome and obstinate disease, syphilis, it is a specific, and as such has been used by many physicians in the South, who have given their unqualified testimony regarding its peculiar efficacy in effecting a permanent cure where all other methods of treatment and alleged specifics have utterly failed. Its wonderful and admirable effects in rheumatism recommends it to that large class of sufferers who have hitherto unavailingly sought relief. For sale by R. N. DUFFY, New Berne, N. C.
