We were shown yesterday one of the prettiest poices of work in taxerdermy that it has ever been our pleasure to see. It was a small pure white squiral that had been caught in Pamlico county and mounted by Miss Alice Duffy of this city, after which it was presented to Mrs. H. W. Battle. Standing upon the tip of a cypress knee and holding on to a hickory nut it seems as natural and life like as though it were still enjoying its freedom in the wilds of the forest.

Carteret is certainly in luck this year. It has not only secured the Presidency of the A. & N. C. R., but vesterday Dr. M. F. A proposition was immediately made to reorganize the order, and Dr. Arendall was unanimously elected President. Two Presidents in one year is no small matter. We congratulate the Doctor on his election and predict a brilliant future for the Jewels.
