A FIFE is not usually in the line of promotion, but it seems that a British Fife is to be Governor General of Canada.

It is said that the records in the Cronin case have been "spirited away" makes the court powerless to proceed.

We welcome the Asheville Democrat to our exchange list. Its first issue now before us evinces mechanical skill and editorial ability. Asheville, a jewel in itself, is certainly blessed with newspapers.

On Wednesday and Thursday during the State fair, there will be a prize contest with gloves between the two champion boxers of North and South Carolina. One costumed in cotton and the other in jute bagging.—News and Observer.

THE JOURNAL will not be represented at the State fair. We regret it, but must yield to the inevitable. We have the consolation of knowing that the Raleigh papers will give full particulars in better shape than we could present them to our readers.

The old owner and the old negro are passing away; and the tie that once bound together the white and the black are broken forever. Humanity loses by it. One of the most amiable and humanizing forms of government is the patriarchal. That was the essential feature of Southern slavery. The patriarch no longer exists; the household of dependants is broken up and dispersed. And there never will be a reuniting. As the new generations come on, the young of the white race will have none of the memories or experiences of the amiable characteristics of the negro race; while the young of the race sprung up under alien teachings, their minds embittered, naturally taught with the knowledge of the long servitude of their progenitors, their modes and hopes of life changed by the acquirement of the elements of education, their ambition inflamed by their presumed rights, social and political, their nerves weakened by the prosperity and supremacy of the whites, will come up an antagonistic, separate and dissimilable people, that cannot be united to the white race.

A customer walked into an up town store yesterday and wanted a lamp filled with oil, a wick put into it and the lamp polished; all for a cent. A trust should be formed to put a stop to such wholesale imposition.

The big clay bank horse that pulls the hose carriage of the New Berne fire engine, ran away yesterday while attached to a dray. He was coming up South Front street with a load of meal when he took fright from a flapping cloth spread over the meal and began to rear and plunge, overturning the cart with its contents on the sidewalk. The driver was thrown out and hurt on the face, though not seriously.

Our Mayor and board of city council are in receipt of an invitation to attend the hundredth anniversary of the adoption by North Carolina of the Constitution of the United States, to be held at Fayetteville November the 21st. Preparations are being made for one of the biggest gatherings ever held in North Carolina. Too great pride cannot be given this occasion and the worthy gentleman who has promised his presence.—Hon. JEFFERSON DAVIS.

New Rector for Christ Church.
Rev. T. M. N. George, of Durham, has accepted the call of the congregation of Christ church, this city, to the pastorate. Rev. Mr. Shields' resignation goes into effect in December and the new rector will take charge on the first of January. It is said that Rev. Mr. George is a preacher of marked ability. Rev. Mr. Shields goes to Jacksonville, Florida.

Mr. Mortie Marks returned last night from Norfolk.

Mr. Geo. Allen has established an office in Salem, Va., for the purpose of negotiating sales of real estate, etc. He has not changed his home, however.

Abbott and wife, Vandemere; Miss Wm. Jaques, Boston, Mass.; Miss Laura Abbott, Miss Lucy Abbott, Medford, Mass.; Lee Franks, Onslow Co.

The "Exodusters."
It was rumored down town yesterday that several car loads of "niggers" had left on a special train for Mississippi. It was learned at the depot, however, that a few colored men from Havelock three or four from James City, about a dozen in all, had left on the freight train for Kingston. There they will join a crowd of about two hundred, who will leave today for Mississippi. Agents were in the city yesterday trying to work up an emigration boom, but very few New Berne colored people "take stock" in the Mississippi movement.

We were informed last night by a conductor on the A. & N. C. Railroad that a train would leave Kingston today with about twenty-seven families, mostly women and children, it is thought for Mississippi.

At the M. E. Church.
Notwithstanding the continued inclemency of the weather there was another large crowd at the old M. E. Church last night.

After a few introductory remarks by Rev. Mr. Crawford, in which he stated that he much desired good singing and that he considered it one of the main features of these meetings, Rev. Mr. Ricard read from CXIV Psalm, 8th verse, and Isaiah XL, 81st verse.

From this dual text he spoke forty-seven minutes, and though advanced in years, his discourse was fluent and forcible. An earnest appeal was made to the youthful, willing them of the value of time, and that it was not their property, but belonged to God. "Scientists claim that the body undergoes a complete change every seven years, but the Christian renews his religion every day, and the older he grows, the more cheerful and more hopeful he becomes."

Other remarks were made, which, with song and prayer, made an interesting meeting.

Services tonight at 7:30 o'clock at which a cordial invitation is extended the public.

Work of a New Bernean.
We learn from the Reidsville Review that a young man, Hannis Taylor, born in North Carolina, but living in Mobile, Ala., is about to publish a work on the origin and growth of the English Constitution. This is, indeed, a bold venture, as there are already a half dozen standard English works on that subject. But the Review represents the forthcoming work of such rare merit as to have evoked very favorable criticisms from specialists both in Europe and America. It says:

"The Rev. William Stubbs, Bishop of Oxford, and the famous author of the Constitutional History, after reading the introduction, wrote Mr. Taylor congratulating him on the production 'of a piece of sound, thorough and interesting work.' Senator John T. Morgan, of Alabama, says of it, 'it is certainly admirable.' Mr. Taylor has devoted fifteen years of his young life to patient thought and work on it. The book will be electrotyped and printed by H. O. Houghton & Co., Riverside Press, Cambridge."

This is gratifying to North Carolina pride. It will be remembered that Mr. Woodrow Wilson achieved distinction by his excellent work on Congressional Government by the time he was 28 or 29 years of age. He resided here at the time, but was a native of another State. He has another work in press.—Wilmington Messenger.

Mr. Taylor is a native of New Berne and grew to manhood here. He read law with Major John Hughes, late of this city. He is a son of the late Richard N. Taylor, and a near relative of the Stevenson family now of Wilmington.

Very Unbecoming.
Lovely tints in the wrong place are refs of their charm. A lemon colored countenance—the peculiar endowment of our pig-tailed brethren who "hit the pipe"—is unbecoming. It suggests bile going astray, and the inference is correct. Pain beneath the ribs and shoulder blades, constipation, dyspepsia, furred tongue and sick headaches supplement this indication of the bilious. For liver complaint and its multifarious symptoms, Hostetter's Stomach Bitters is an infallible specific. It relaxes the bowels sufficiently, but without griping or violence. To the secretion of bile it gives a due impulse, but banishes an excess of that saffron colored principle from the blood. Sick headaches, sourness of the breath and fur on the tongue disappear when it is used. It renews digestion, fortifies the system against malaria, counteracts a rheumatic tendency, and remedies inaction of the kidneys.

NORTH CAROLINA NEWS.

From the State Papers.

The State Missionary convention of the Methodist church will convene in Charlotte on October 26th.

Fayetteville Farmers Exchange: Two thousand five hundred dollars has been appropriated for fireworks during the centennial.—Every vacant house, hall and room to be found in Fayetteville, is to be fixed up for the accommodation of guests during the centennial. Centennial medals, ornamented with the bust of Hon. Jefferson Davis are to be distributed.

Charlotte News: It is probable that John Lowlow will "Hooray the Rock Hill" instead of Concord, hereafter. At Rock Hill yesterday the circus collided with Mr. Pearson, the evangelist, and the circus had a hard time. The crowd was mighty small, and by 4 o'clock in the afternoon, the tents had been packed and the cages caged, all ready to leave the town.

Raleigh News and Observer: Young James O'Connor, a flagman on the R. & D. R. R., was seriously injured at High Point Saturday, while coupling cars. It is thought his injuries may prove fatal.—There was a fire alarm at Durham Friday night which came near creating a panic in the Sam Jones meeting. The Globe says: Sam Jones arrived at this junction and soon had the audience in a good humor. Walking down to the centre of the building he got up in a chair and said that he had never seen a lot of Texas steers stampeded more precipitately. Get you some horns, some more hair and a tail and you'll be like 'em. Here you are running like mad men because somebody hollered "fire," and you have been calm and indifferent all your life at the possibility of your getting into a worse fire in-hell. I'm surprised at you white folks doing this way.

Onslow County Items.
We need a hotel and Mr. James Harrison tells us he is going to build one, with Mr. Curtis Hay as contractor and builder.

Mr. Nick McMillan from up the country, had the misfortune to lose his fine house a few days ago by fire, it is supposed to be the work of an incendiary. Loss about \$1800; no insurance, so we hear.

Rev. Mr. Lovin commenced a protracted meeting here last Saturday, but closed it on Sunday night. We suppose he was persuaded not to continue on account of the dullness and coldness of the weather and no fire in the house of worship.

There was a grand bank party from this place last Saturday to Bogue banks, on the steamer Cleopatra. A large crowd was in attendance. There was music and dancing by the young folks and some of the older ones. Among them was our lively and jovial Col. Harrison.

We had an exodus speech here last Saturday by Alfred Merrill colored. He says he is in favor of emigrating provided we can do better, but thinks it best to send delegates to Kansas first. He is not in favor of going to Mississippi or any Southern State; we are like him, because there is a click on the negroes somewhere in asking them to go South.

Mr. E. W. Freeman has some of the finest pears we have ever seen in the county, with the exception of Col. E. W. Fonville of New river. Mr. Freeman's is the "Keifer variety," one tree bore 63 pears averaging 9 ounces each, some of them beat Eugene Tucker's double pears of New Berne, by weighing 31 ounces, single pear.

There was a grand picnic at Montfort's mill last Saturday according to program. Five counties were represented and it is estimated that there was about 500 people present. They had some of everything that is good to eat and drink and the best of order prevailed. Mrs. A. F. Farnell, sr., Mrs. Dr. W. J. Montfort, Mrs. M. A. Hewitt, Miss Lillian Bender, Miss Lena Montfort, Miss Sadie Frazell and Miss Narcie Hurst, were, we heard, the lady managers. We were sorry we could not attend, but enjoyed it just the same.

Vigor and Vitality
Are quickly given to every part of the body by Hood's Sarsaparilla. That tired feeling is entirely overcome. The blood is purified, enriched and vitalized, and carries health instead of disease to every organ. The stomach is toned and strengthened, the appetite restored. The kidneys and liver are roused and invigorated. The brain is refreshed, the mind made clear and ready for work. Try it.

Money to Loan.
The New Berne Building and Loan Association has on hand money to loan on good security. Persons desiring will please apply early to L. H. Cutler, President, or 15d wlv J. R. B. CARRAWAY, Sec'y.

A Valuable Remedy.
A letter from S. P. Wardwell, Boston, says: "I used Clarke's Extract of Flax (Papilion) Catarrh Cure in June last for Hay Fever with great satisfaction, and find it is the only thing I have seen which would allay, without irritating the inflammation of the nostrils and throat. Its soothing and healing properties were marked and immediate. Large bottle \$1.00. Clarke's Flax Soap is the latest and best. Try it. 25 cents. Ask for them at F. S. Duffy's drug store."

A peculiarity of Hood's Sarsaparilla is that while it purifies the blood, it imparts new vigor to every function of the body.

DEED.
