CHAUNCEY M. DEWEY, of New York, while in Richmond a few days ago, expressed the opinion that Mr. Cleveland would be the Democratic candidate for President in 1892.

JOHN M. LANGSTON, the Virginia colored orator, has gone to take part in the Ohio canvass. He failed to make a satisfactory bargain with Mahone, so he concluded to try his hand on Foraker.

THE International Maritime Conference which meets in Washington this week has it in its power to do a vast deal of good. It should pass a resolution condemning ocean races between Atlantic liners.

MAJ. W. A. HEARNE, so favorably known to the reading public, has become the editor of the Goldsboro Mercury. The JOURNAL tenders congratulations and good wishes to all parties concerned.

THE Electric Lights war continues in New York. There is no objection to the lights, it is the injury resulting from contact with the wires that is objected to and caused the demand that the wires be underground.

THE World brags. And The World has a right to brag. The site for its new home cost \$650,000, and the building will cost a round million. It will be thirteen stories high, 200 feet, the tallest office building on the globe. And The World, with all its faults, is greater and more superb than its magnificent offices.—Saratoga Union.

CIVIL service reform moves on resistless as the ocean tides. It is triumphant. No one is to be disturbed on account of political opinions, says the law. No one is to be spared who votes the Democratic ticket, says the practice under the law. Hour by hour the procession moves on. Every day witnesses the lengthy list of removals for politics' sake.—Milwaukee Journal.

In some of the high-protection organs Gov. Hill is being savagely criticised for his alleged bad taste in his speech of welcome to the Pan-Americans at Albany. His bad taste consisted in reminding the delegates that reciprocity cannot be considered, and that mutual concessions only will stimulate international commercial relations. This may sound boorish to some ears, but the average intelligence will rate it as good, sound common sense.

THE Republicans of Montana are making a bold attempt to seize the State Legislature. The returns from a Democratic precinct in Silver Bow County were thrown out yesterday at their suggestion by the Board of Canvassers. If this action is sustained it will seat the entire Republican delegation from Silver Bow County and give the Republicans control of the Legislature. The leaders of the Democracy in the new State have applied for writs of mandamus to compel the canvassers to count the vote of the Democratic precinct.—New York World.

LOCAL NEWS.

Mr. O. H. Blank is making addition to the rear part of his dwelling house on Pollock street.

One case before the Mayor yesterday. A colored man was up for disorderly conduct and was taxed with cost of case.

The cottage prayer-meeting of the Y. M. C. A. will be held this evening at half-past seven o'clock, at the residence of Mrs. Heritage, Spring street. John S. Thomas, leader.

The Y. M. C. A. of New Berne have made an engagement with Mr. W. P. Fife, the drummer evangelist, to come to New Berne and hold a series of religious meetings November 24th.

The alarm of fire last night proved to be false. The depot bell was striking the hour of nine and the taps were somewhat faster than usual, it was mistaken to mean fire by persons down town.

We noticed yesterday that T. J. Turner & Co., furniture dealers on Middle street, have put a stock of furniture into the building first door north of their store. They occupy the two stores now.

Oysters were scarce in the market yesterday. A boat came in late in the afternoon with a bushel or two and created some excitement among oyster dealers. They were "Core sounders," and brought fifty cents a bushel.

"Gorton's minstrels" are billed for New Berne theatre next Thursday, October 24. One of the attractions is a Japanese performer. This company, the agent tells us, caters especially for ladies' audiences, guaranteeing nothing offensive to the most fastidious tastes.

A few oyster shells are being put on the streets. Cannot the city authorities make some arrangements whereby enough shells may be purchased to thoroughly repair the streets? Councilman Ulrich, we think, made a motion to this effect in the last meeting of the council. His plan, which is known to the city council, is a good one, we think.

The attendance at the old M. E. church last night was the largest during the series of meetings. All the seats down stairs were occupied and the galleries partly filled. In the midst of the interest the fire alarm was sounded down town and caused a good many to leave considerably interfering with its progress.

The steamer Howard will sail for Trenton this morning at 8 o'clock. The steamer Vanceboro arrived yesterday from up Neuse river, with general freight.

The steamer L. H. Cutler arrived from up Swift creek yesterday.

Steamer L. A. Cobb arrived from Jolly O'd Field yesterday with cotton and other freight.

The steamer Eaglet of the E. C. D. line arrived yesterday and will sail tomorrow afternoon at 4 o'clock. The Annie of this line will arrive tomorrow.

The steamer Tahoma will sail tomorrow morning at 7 o'clock.

A Cure for Diphtheria. The following remedy is going the rounds, and it is claimed to be a sure cure if carefully adhered to:

"Take equal parts (say two tablespoonfuls) of turpentine and liquid tar; put into a tin pan or cup, and set fire to the mixture, taking care to have a large pan underneath as a safeguard against fire. A dense resinous smoke arises, making the room dark, and the patient seems to experience immediate relief; the choking and rattling stop; the patient falls into a slumber, and seems to inhale the smoke with pleasure; the fibrinous membranes soon become detached, and the patient coughs up microbes. These, if caught in a glass, may be seen to dissolve in the smoke. In the course of three days the patient is well on the road to recovery."

Personal. Miss Annie Henderson, who has been visiting friends and relatives in this city, returned yesterday to her home near Kinston.

Many friends are pleased to see Mr. T. Fletcher Hargis in the city. He represents the flour house of W. M. Powell & Co., Baltimore.

Miss Maud Saunders has returned from a visit to her home in Richmond.

Mrs. J. F. Congdon returned last night from a visit North.

Mr. George Lennox, advance agent of Gorton's minstrels, is in the city, making arrangements for the appearance of the company here on next Thursday night.

At Hotel Albert:—E. W. Bishop, Miss Osgood, Sheriff Lane, city; J. C. Gateley, Louisville, Ky.; H. E. Whitman, Milton, Pa.; D. L. Barrus, Pollockville, Rev. Mr. Hensud, N. C.; Rodolph Duffy, Onslow county; Wm. M. Johnson, Boston; J. L. Patch, Kinston, Ont.; Geo. F. Lennox, N. Y.; B. Robertson, Thos. F. Herzig, Baltimore; B. F. Broadbent and wife, Richmond; Oliver Creelie, Washington, N. C.; P. M. Fearsell, Trenton, N. C.

LATEST NEWS.

A SAILOR DROWNED IN ALBEMARLE SOUND—THE STATE FAIR—TERRIBLE COLLIERY EXPLOSION.

EDENTON, N. C., Oct. 16.—The sloop Annie Colton, owned by Capt. J. Wood, of this place capsized in the Albemarle sound off Skinner's Point yesterday afternoon about 4 o'clock. Capt. W. J. Pratt and crew clung to the wreck. At about 1 o'clock last night one of the crew, Wm. Overton, was overcome by cold and exposure, gave up his hold and sank to a watery grave. The others were rescued today at 10 o'clock by the steamer Roberts on her regular route from Columbia. They had remained in the water clinging to the partially submerged wreck during a northeast gale eighteen hours.

LONDON, Oct. 16.—An explosion occurred in the Bentalee Colliery, at Langton, county of Stafford, at an early hour this morning. Seventy miners were in the pit at the time of the accident, only eleven of whom are alive. The pit was completely wrecked, and the task of getting out the buried miners will be one of great difficulty. A band of volunteers made explorations at once for the recovery of the bodies. The latest estimate is that sixty persons were killed. A relief fund has been started. It is supposed that the explosion was caused by leakage from an old fire in a disused seam.

RALEIGH, October 16.—This morning was ushered in by a cloudless sky and the day has been all that could be desired. Prominent people are here from all parts of the State and many from other parts of the Union.

At 12 o'clock the reunion of ex-Confederate veterans was held in the north end of the grand stand on the fair grounds, which was well attended. After the meeting a sumptuous lunch was served through the courtesy of Julian S. Carr, President of the Association.

The crowd on the grounds is estimated at from six thousand to seven thousand.

The most exciting feature in today's programme was the Indian play, which elicited the greatest admiration for their skill.

Many new entries have been added since yesterday, and all agree that it is the finest exhibition, except the Exposition of 1884, ever seen in the State.

The trotting race today was very fine. The track is in excellent condition.

Brilliant Marriage at Kinston. A brilliant marriage took place today (Oct. 16) at 9 o'clock at Bond's Hill, the residence of the bride's mother.

The contracting parties were Mr. N. J. Rouse and Miss Mattie H. Rountree, the charming and accomplished daughter of the late Dr. F. M. Rountree.

The groom is a talented lawyer of brilliant attainments, is deservedly popular wherever known, especially in Eastern N. C., and is the son of Mr. Noah Rouse of LaGrange.

The attendants were Mr. T. R. Rouse with Miss Sallie Rountree, Mr. H. E. Moeely with Miss Lillie Rouse, Mr. A. T. Hill with Miss Mattie W. Rountree, Mr. F. M. Rountree with Miss Lidie Lassiter and Mr. J. R. Hartsfield with Miss Mattie Slocumb, Mrs. J. T. Midway played the beautiful wedding march, and Rev. J. J. Harper, of Smithfield, performed the ceremony, after which the bridal party proceeded to the depot where they took the 10 o'clock train for LaGrange, the home of the groom's parents.

The happy couple will be at LaGrange several days, when they will return and be the guests of Mr. B. F. Nunn, in the unique and handsome hotel Tull. The love and affection with which the bride is regarded was testified by the numerous and handsome presents she received. The best wishes of an admiring community attend them.—Cor. News and Observer.

Sam Jones' Sayings. One man and God Almighty makes a majority.

I'd rather be a dead lion than a live dog. Got enough dogs without me.

Beef is worth only four cents a pound. Manhood is worth a million dollars an ounce.

When a preacher with one wife and eight children can live on \$300 a year, he is a financier.

You want one good man in Durham. You've got enough pieces to make one good man. Can't you get 'em together?

There are plenty of men in North Carolina that as they have money they cannot be saved. God may lay them flat of their back to save their souls.

A bowlegged fellow has a poor chance in this life. A country girl won't have him because he can't keep the calf off; and a town girl won't have him because she can't sit in his lap.—Durham Sun.

Dyspepsia Makes the lives of many people miserable, and often leads to self-destruction. We know of no remedy for dyspepsia more successful than Hood's Sarsaparilla. It acts gently, yet surely and efficiently, tones the stomach and other organs, removes the faint feeling, creates a good appetite, cures headache, and refreshes the burdened mind. Give Hood's Sarsaparilla a fair trial. It will do you good.

Money to Loan. The New Berne Building and Loan Association has on hand money to loan on good security. Persons desiring will please apply early to L. H. Outler, President, or 153d1w J. R. B. CARRAWAY, Sec'y.

STYRUP OF FIGS. Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver, and bowels, effectually cleansing the system, dissolving colds and headaches, and curing habitual constipation.

NORTH CAROLINA NEWS.

From the State Papers.

About two hundred persons confessed conversion during the Sam Jones meetings at Durham.

The Raleigh Call comes out in a "State Fair edition" that is very striking. The whole of one side is printed in red, white and blue, with stars and stripes.

Rocky Mount Phoenix: Some of Nash county's tobacco growers say they will make more clear money from one acre of the weed than would seven bales of cotton net them.

The Washington Progress comes to us this week in the shape of an industrial issue, illustrated, etc. It is neatly gotten up and contains interesting "write-ups" of Washington and surrounding country.

Asheville Journal: Wagon loads of the finest apples we have ever seen are now being brought to the Asheville market. Buncombe county still holds her position as being the banner county for the production of fine apples.

Hookerton Clipper: Mr. Benjamin Taylor died at his home in Old's township about the 4th ult. He went to bed apparently well and was taken sick that night and died before day. Mr. Taylor was probably the oldest man in the county.

Shelby Aurora: It is dangerous in Yancey county to shoot and kill another man's dog. The Yancey county sheriff's son, Wm. B. Wilson, killed with a pistol a tenant for shooting Wilson's dog last week. How cheap are human lives! Wilson thought his dog's life was more valuable than a man's.

Goldston Mercury: It is calculated that the Building and Loan Association will give Goldston such a building boom as she has not enjoyed in ten years.—The health of the town has been remarkably good during the summer and fall, attributable in no small degree to the excellent attention of the authorities to street drainage.

LaGrange Sentinel: We have never known the U. S. mail service to be in a more deplorable condition than it is at the present time. Letters are delayed after being postmarked, and often sent to the wrong office. At this point a large number of the Northern papers are carried by on the east-bound train and returned the next morning. We never had such service on this route before, except now and then when the train was delayed, and then it was only a few circulars of unimportant matter.

Greenville Reflector: Greenville business men are delighted with the better mail facilities that the railroad has given us.—Greenville people feast on fish shipped around by rail from Morehead City. They come in twelve hours.

While in our office the other night Mr. Frank Powell, editor of the Tarboro Southerner, told us there had been 2,100 errors reported against Mr. Bryan, the postal clerk on the A. & R. Road, during two months. Why the government will persist in keeping such incompetent men in the service, we are unable to see.

Elizabeth City Economist: Nags head is again, we are happy to announce, to lift up its venerable head from its bowed condition. C. W. Hollowell, the Elliott Bros., of Baltimore, Clark Perry, of Norfolk, and some others have formed a limited corporation and will place it upon a substantial basis, under a new and competent landlord. A new hotel will be erected near the building on the pier, a railroad will be built from the hotel to the sea, a new pier and bridge will be built, and of course a quick and frequent steamboat transportation will be established. A bright future awaits our old sanitarium.

Raleigh News and Observer: His many friends throughout the State will regret to learn of the sudden death of Dr. W. P. Mallett, of Chapel Hill, Wednesday morning. On Tuesday evening as Dr. Mallett attempted to leave his carriage, it was found that he had suffered with an attack of heart disease, and was unable to alight. Restoratives were applied and he recovered and walked into his house, but early the next morning he passed away. Dr. Mallett was a man of fine culture, a kindly gentleman, and was much esteemed by a wide circle of friends. He was about 75 years of age.

Wilmington Star: A construction force on this end of the W. O. & E. C. railroad is busily engaged in building an embankment across the rice field to the river below Kidder's mill and the track-laying will soon begin at the point where the road crosses the rails of the Seacoast road. Altogether about twenty miles of the road has been graded. The Norfolk Landmark, speaking of this road, throws out the suggestion that if the Norfolk and Southern road is extended to New Berne, as has been talked about for some time, the new railroad will be another connecting link between that city and Wilmington.

John Robinson's circus swung through the central portion of this State recently and scooped up money enough to start a couple of national banks. The circus is an American institution which will live as long as the Republic, but as a demoralizer and a first-class nuisance it out-ranks any other institution or perpetration extant.

The trees are fast losing their foliage. Observers say that leaves have remained green much later than is usual for this season of the year.

The liver and kidneys must be kept in good condition. Hood's Sarsaparilla is a great remedy for regulating these organs.

The most obstinate cases of catarrh cured by the use of Ely's Cream Balm, the only agreeable remedy. It is not a liquid or snuff, is easily applied into the nostrils. For cold in the head it is magical. It gives relief at once. Price 50 cents.

C. R. Thomas, Jr., ATTORNEY AT LAW.

OFFICE: Craven street, near Pollock street, two doors north of JOURNAL office. Practices in Craven, Carteret, Jones, Onslow and Pamlico counties, in the Supreme Court of the State, and in the U. S. District and Circuit Courts. October 18th, 1889. dwtf

GUINN'S PIONEER BLOOD RENEWER.

Purely vegetable in composition, safe to use under all circumstances, and to cure all blood disorders, rheumatism, neuralgia, mercurial ailments, scrofulous affections, swellings, catarrh and skin diseases. For that most loathsome and obstinate disease, syphilis, it is a specific, and as such has been used by many physicians in the South, who have given their unqualified testimony regarding its peculiar efficacy in effecting a permanent cure where all other methods of treatment and alleged specifics have utterly failed. Its wonderful and admirable effects in rheumatism recommends it to that large class of sufferers who have hitherto unavailingly sought relief. For sale by R. N. DUFFY, New Berne, N. C.
