CHAUNCEY M. DEPRW of New York, says Hill is the best politician in New York, but Cleveland will be the Democratic nominee for President.

The chemists of the United States Agricultural Department are about to begin the work of investigating the different artificial foods and infant foods now on the market.

The delegates to the Pan-American conference will hardly see any thing so wonderful in their tour through the country as the tariff system, which prevents it from having its share of the world's trade and commerce.—Providence Journal.

GIVE us American ships, running regularly between the ports of the United States and those of South and Central America, and we will soon distance England in the South American markets. That is the first and essential condition, and it is for Congress to see to it that the condition is complied with.—Brooklyn Eagle.

SPEAKING generally, it may be said that the trust system has been mangled out of all semblance of vitality. But two great, and perhaps half a dozen small, "combiners" still afflict the country by their restrictions of commerce. Perseverance in such legislation as most of the States have inaugurated, and vigorous Congressional action in the direction marked out by the Senate's anti-trust bill, will make a perfect end of these un-American and inequitable associations of capital.—Chicago Inter-Ocean.

THERE has been a Convention of Democratic Clubs in Philadelphia. Mr. Cleveland was invited to be present. He was unable to attend but sent a letter which concludes as follows:

The condition of political affairs is such that the attention of all true Democrats should be directed to the enforcement of the distinctive principles of the party, and, in my opinion, this is no time for the search after make-way shifts and temporary expedients; we, as a party, are fairly enlisted in the cause of the people, and patriotic duty and party success require that we should be consistent and steadfast. All personal and selfish aims should be sub-ordinated, I expect that in the work we have in hand our Democratic societies will exhibit an efficiency which will be gratefully acknowledged by all who have a heart for the welfare and prosperity of the American people.

Yours very sincerely,
"GEORGE CLEVELAND."

The Georgians gave Governor Hill of New York, and the friends who accompanied him a cordial greeting at Atlanta Wednesday. His address at the Exposition was well conceived, happily expressed and in good taste, breathing a broad, national spirit worthy of the Governor of a great State and of the occasion upon which it was delivered. Governor Hill is no ordinary man, and the solid build he has upon the Democracy of New York, and his popularity in other States, will make his name a power in the next National Democratic convention. He and ex-President Cleveland are said to be good friends, but he is about the only man who can beat Cleveland and need fear no Democratic rival.

THE STATE is now in a state of transition, however, the Democratic will have an able and strong opponent.

Last Night at the Old Church.

Last night closed a week of the series of meetings that have been in progress at the old M. E. Church. The sermon was by Rev. J. F. Butt, not Bets nor Butts, as he said he was sometimes called. His remarks were directed principally to the bringing of children to Christ. Some strong "hits" were made on parents in neglecting the proper training of little ones. He said that he felt confident that if the waywardness of every child was traced to the cause, the fault would be found with either its father or mother. Though odd expressions were sometimes used, and the audience brought to laughter, Mr. Butt gave much wholesome advice which parents would do well to heed.

There will be service at the church this morning at 9 o'clock and class meeting at 4:15 in the afternoon and services at night. Regular eleven o'clock service will be held at the new church.

A TOTAL WRECK.

The Steamship "Pioneer," of the Clyde Line, Dashed to Pieces on the Shoals Near Ocracoke Light.

Yesterday morning the schooner Bessie, Capt. T. F. Williams, of Ocracoke, brought to this city the crew of the Clyde line steamship Pioneer, Capt. Norton, which now lies on the shoals near Ocracoke a complete loss.

The Pioneer was on the way from New York to Wilmington, N. C., and was due on last Tuesday. She experienced very rough weather on Monday and that night the storm became so violent that the vessel was driven ashore off Ocracoke light. The storm continued, and on Wednesday the Pioneer went to pieces.

The steamer is of about six hundred tons burthen and carried a full cargo of general freight. She had on board about \$10,000 worth of goods for Wilmington merchants, besides other freight. Some of the freight was insured and some was not.

A gentleman, of this city, who was at Ocracoke during the storm witnessed the wrecking of the steamer. It was a grand, terrible scene. The terrific force of the wind, the thunder of the huge billows as they dashed wildly, seething and foaming, high upon the shore, the sea that seemed to be one whirling, dashing mass of foam and spray, thrilled the spectators with awe. The ship is buffeted and driven here and there at the mercy of the wind and waves, until with one driving blow she is sent high upon the shoals. She lingers here a while, and then with a sudden crashing noise, is dashed in pieces. The vessel was completely wrecked and her cargo scattered to the waves.

No lives were lost. There were four passengers, who came to the city with the crew. There are eighteen of the crew. The captain and first mate were left in charge of the wreck.

The steamer was valued at about \$75,000; and there was no marine insurance. The total loss will probably be nearly \$100,000.

Gorton's Minstrels.

Gorton's celebrated New Orleans Minstrels, an organization with a reputation for refined and artistic performances, will appear at the New Berne Theatre on Thursday evening, October 24th. This company gave one of their entertainments here about one year ago, and gave the best of satisfaction, and Manager Gorton promises a better company this season than he had last. This company includes the marvelous Japanese artist, Prince Tanaka, who comes direct from Japan, where he was a member of the Tycoon's Royal Troupe of Jugglers. Tanaka is said to possess the most gorgeous wardrobe, and do the cleverest act of any Japanese now in this country.

Prominent among the many features of this company will be the grand street parade, which will take place early in the afternoon, accompanied by Gorton's Gold Band. Those who admire really first-class music should not fail to hear them. Of the performance, the Danville, Va., Daily Register says:

"Gorton's New Orleans Minstrels afforded lots of fun to a large audience at the Academy of Music last night. The Gold Band which headed the street parade yesterday and furnished the instrumental music last night, is undoubtedly the best band which Danville has seen for many a day. The instrumental music, the singing, the dancing and the negro oddities were of a superior order, and taken as a whole Gorton's men give as good a minstrel show as there is on the road."

DANIELS WINS THE RACE.

T. C. DANIELS, OF NEW BERNE, THE CHAMPION RUNNER OF THE STATE.

The following is taken from the News and Observer of yesterday morning. There are "no flies" on Tom Daniels.

"The foot race in the afternoon was the event of the day and was won by Daniels, of Trinity College, the winner of the big contest at the Firemen's tournament. The purse was \$50. Those who entered for the race were F. A. Rabbers and T. C. Daniels, of Trinity; Will Brooks, Will Wynn and Coy C. Jordan, of Raleigh. It was easily won by Daniels, who, by this victory, stands as champion runner of the State.

"The heat was 150 yards. The race took place in front of the judge's stand and was witnessed by a tremendous crowd amid much enthusiasm. The contestants all ran together.

"Two heats were run. On the first time Daniels was 16 seconds. On the second his time was 15 7/8. Rabbers came second and Brooks third."
