HON. JOHN S. WISE told a Pittsburg reporter that the Virginia Democrats had Mahone's scalp on a cornstalk.

"The true civilization of any nation is in exact ratio to its degree of acceptance and conformity to the truths and duties of Christianity."

ACCORDING to the New York Tribune 800,000 tons of cotton seeds are now pressed for their oil, from 36 to 40 pounds being obtained from each ton.

WHEN culture, so called, increases, and reverence declines among a people, it is time to consider what kind of culture it is.—Nashville Christian Advocate.

WITH such a policy of restriction to trade as the present government of the United States is committed to, a congress of the three Americas is likely to result in little more than an interchange of courtesies and a mutual expression of good will.—Manchester Union.

OTHER qualities have in a measure set spirituality in the background. Intellectual brilliancy and flash, eloquence, "hustling," after the manner of the world, have too largely taken the place of the beauty of holiness as factors in our church life.—Christian Standard.

THAT the method of plowing will soon be revolutionized to a great extent on the prairies of the West there can no longer be any doubt. The farmers are already clamoring for a steam plow that will be simple and practical, and they are certain to get it sooner or later.—Scientific American.

WHITE-LAW REID, our minister at Paris, speaks very good French, yet he prefers to use his native tongue as much as possible in France. He recently said to a friend of his who is now in this city: "You'll never catch me trying French when I can make the Ohio dialect serve my purpose."—N. Y. Sun.

GOVERNOR HILL and Roswell F. Flower were called to the platform of their car as they passed through Lynchburg Saturday night, and made short addresses to the people. Governor Hill urged the Democracy to make every effort for success, and said he expected to hear of a handsome victory on election night.

THE shoe factory working convicts at Raleigh is reported as doing a large and increasing business. It is said by the beginning of the new year one hundred striped-shirt fellows will be employed. While this is no doubt a remunerative way of providing trades for convicts, is it not striking a blow at honest labor outside? Would the people rather turn out hundreds of convict skilled workmen than to be taxed to help provide for them without trades? It is a difficult point to handle.—Wilmington Messenger.

STREP OF FIGS. Produced from the laxative and nutritive juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the digestive organs, dissolving acids and neutralizing and curing habitual constipation.

Today is to be a big day at the Goldboro Fair. Several of our citizens will attend.

The mission prayer meeting of the young men of the Baptist church will be held this evening at the marine hospital, South Front street, 7:30 o'clock.

A large and brilliant meteor was seen to flash across the Southern portion of the hemisphere by some of our citizens last night. It was nearly a quarter of a minute in its flight.

Another packed audience was at the Hancock street Methodist church last night. The meeting was attended with the same interest as on the previous evenings. There were about twelve converts.

Among the sixty-five assistants appointed by chief marshal Carr for the Fayetteville Centennial, which opens November 20th, we notice the selection of Capt. Matt Manly from New Berne.

The article in yesterday's JOURNAL, headed "A Timely Warning," written by Rev. Edward Bull, contains very sensible advice. Every one who handles a gun at all should read it, and then practice the rule which Mr. Bull suggests. Many of the serious accidents that happen every year come from the careless, foolish, nonsensical way in which firearms are handled. The rule referred to is a very simple one.

The Date Fixed.

According to action of the Board of Directors of the East Carolina Fair Association, in session last night, the next Fair will be held on February 24 to March 1, 1890, inclusive, beginning on Monday and closing on Saturday. We have five months in which to get up another big Fair for this section. We want to excel all previous efforts. Let everybody go to work.

The resignation of Mr. J. K. Willis, Secretary, was offered and accepted last night. Mr. O. H. Guion was elected to fill the vacancy.

He Will Know Better Next Time.

A man living not far beyond Grantsboro started, with his wife to New Berne on Tuesday. They drove a young horse to the buggy. When they got to Grantsboro they stopped at a well to give the horse water, the man getting out of the buggy and taking the bridle off the horse, so that he could drink easily. While the man was drawing water the horse took a notion to run a little. The lady pulled on the reins, but this of course had no effect, as the bit was not in the horse's mouth. A genuine runaway took place, in which the lady was thrown out and hurt, though not seriously, and the buggy was smashed completely.

Gorton's Minstrels.

Reserved seats for the appearance of Gorton's Minstrels at the Theatre tomorrow evening will be put on sale in the morning at 9 o'clock at Bell's jewelry store. Manager Gorton is bringing a Japanese Prince who gives a performance of juggling. The Lynchburg, Va. Daily Virginian says:

"Gorton's New Orleans Minstrels captured the city with their gold band, which was pronounced to be one of the best seen with traveling companies, and at night gave a splendid performance at the Opera House. A good audience was present, and everybody seemed pleased with the performance."

BASEBALL.

New York and Brooklyn Are Playing for Championship of the World.

Brooklyn having won the Association championship, the two clubs, New York and Brooklyn, will play a series of eleven games, alternately at the Polo grounds, New York, and Washington Park, Brooklyn, for the Championship of the World. Of the eleven games, two have been played, resulting in a game for each club. Under the rules it is agreed that the series will terminate when one of the clubs shall have won six games. Each club to select an umpire, and one of the most important points agreed upon was the authority of the umpire. The games will be played under the joint rules, and either of the umpires will have full power to fine a player or to order him out of the game if necessary. The fines will go to the opposing club, and must be paid in cash within twenty-four hours, or the games will stop until the fines are paid. The baseball cranks are intensely interested in the game, and those who have seen the two clubs play or have received "tips" from Northern or Western correspondents are offering \$5 to \$4 on New York.—Wilmington Star.

Stonewall Items.

We are having magnificent weather; if the farmers had any cotton to pick a fine time would they have had for it, but those that have had picking done report a small yield so far. Sweet potatoes are not near up to an average. Corn is about an average.

The disease among horses, known as staggers, is quite serious. I have not heard of but one case recovering, and that was treated by Dr. Jno. Parsons, Tighman Paul and Jas. Walden, the mail contractor from Vandemere to your city, have each lost a valuable animal by it.

The Primitive Baptist Association at Grantsboro was well attended. Quite a large crowd on hand on Sunday. There was present a number of earnest and eloquent exponents of the Gospel according to their faith. There was quite a number from various sections of the State.

There has been several cases of hemorrhagic fever in various portions of the county, and I have just heard that Charles Swan has an attack of it and sent for Dr. Attmore this morning (Monday).

A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she stood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz. Thus wrote W. C. Hamrick & Co., of Shelby, N. C. Get a trial bottle at E. N. Duffy's wholesale and retail drug store. Wholesale, 8:00 per dozen.

LATEST NEWS.

Northern Negroes Pray for their Oppressed Southern Brethren—Jack the Ripper—Evangelist Fife at Reidsville—Other News.

CHICAGO, Oct. 21.—The colored people of the city filled to overflowing yesterday the different churches which they attend and passed the day in fasting and prayer. The colored pastors preached sermons and prayed for the power of the Almighty to relieve the colored people of the South from oppression and wrong. Yesterday was the day set apart by the recent convention of colored clergymen at Indianapolis for prayer and supplication on behalf of the suffering negroes in the South. A dispatch from St. Louis says similar services were conducted in the colored churches there.

In Richmond, on Sunday, Right Rev. A. Van DeVyver was consecrated and installed as Catholic Bishop, in St. Peter's Cathedral, Cardinal James Gibbons acting as consecrator. A large crowd was present, including the State and city officials.

COLUMBUS, O., Oct. 21.—Governor Foraker's condition is not as favorable tonight as it was hoped. His physicians say he will not be able to resume his canvass for some time and possibly not at all. He is a very sick man.

REIDSVILLE, N. C., Oct. 21.—Revivalist Fife, better known as the drummer evangelist who was converted under the preaching of Mr. Pearson, is holding a series of successful revivals in this place. The meetings began last Thursday and the conversions made thus far number over a hundred, comprising among them some of the leading men of the town.

BERLIN, Oct. 21.—Several days ago intense excitement was created in Hamburg by the discovery of murder in Flensburg, a suburb of that city, similar in its details to those perpetrated in Whitechapel, London.

Today another atrocity similar to the one committed on the 18th, the date of the first, was enacted in Hamturg. This time the victim was a ten year old girl, and the crime was more fiendish in its character than the other.

The child was criminally assaulted and treated in a most brutal manner. She was then slain by the use of a knife in the cruellest manner conceivable. The mutilations were horribly revolting.

The body was found in an obscure section of Hamburg and the criminal's identity is as complete a mystery as that of the fiend of London whom he so monstrously imitates. Up to tonight no arrests have been made, and the police department seems to be entirely in the dark.

NORTH CAROLINA NEWS.

From the State Papers.

The State Fair was also a success in a pecuniary point of view.

The most wanton cruelty—the Murphy Bulletin says: "Some fiend in human shape cut off the tail of a horse belonging to Mr. Henson Taylor on last Tuesday night."

Raleigh Progressive Farmer: Raleigh will have another Fair this week. It will be the annual exhibit of the North Carolina Colored Industrial Association and will be held at Camp Russell. It will be opened by Gov. Fowle. Among the attractions, there will be a colored female brass band and a military company of colored girls.

Washington Gazette: Last week the wheel of a double horse wagon with 148 green rails on it, ran over the head of a three-year old son of John Hodges and sorely hurt him. He missed only two meals in consequence of the accident. A remarkable escape. The same boy at one time fell into a well, and when found was floating on the water. His mother went down the well and brought him safely out.

Raleigh Call: The students of the College of Agriculture and the Mechanic Arts were out in the fields Saturday in short sleeves, with hoes, plows, etc., learning agriculture in a solidly practical way.—Rev. G. S. Williams, who has been here for two years past as pastor of the Baptist Tabernacle, has accepted a call to the Second Baptist church of Brooklyn, New York, and will soon leave for his duties there.

Raleigh News and Observer: Mr. Francis T. Bryan, son of the late distinguished citizen of Raleigh, Hon. John H. Bryan, now a citizen of St. Louis, has donated to the library of the University of North Carolina 160 volumes of rare and costly works on engineering, architecture, Biblical and Greek and Latin literature. The gift comes in most apt time as Major Cain and Prof. Gore have determined an advanced engineering department. Mr. Bryan graduated at our University in 1843 among the highest scholars.

MARRIED.

A correspondent from Morehead City writes that Mr. John H. Eaton and Miss Ida L. Webb, of that town, were married in the Baptist church on Wednesday evening, October 2d, Rev. T. J. Leary officiating. He says "the bride was beautifully dressed and looked as fresh and lovely as a young rosebud in early morning," and that "quite a number of beautiful presents were presented to the bride by her many friends." And adds, "we sincerely wish the happy couple a long life of peace and happiness."

At Pollockville, Jones county, Friday, October 18, Mr. Freeman Wilcox and Miss Lilly Fitzpatrick, both of this city, reported to be a runaway match.

Atlantic Baptist Association.

Goldsboro and Kingston papers please copy.

THE best medical writers claim that the successful remedy for nasal catarrh must be non-irritating, easy of application, and one that will reach all the remote areas and ulcerated surfaces. The history of the efforts to treat catarrh during the past obliges us to admit that only one remedy has met these conditions and that is Ely's Cream Balm. This pleasant remedy has mastered catarrh as nothing else has ever done, and both physicians and patients freely concede this fact. The most distressing symptoms yield to it.
