

# THE DAILY JOURNAL

VOL. VIII.—NO. 185.

NEW BERNE, N. C., TUESDAY, NOVEMBER 5, 1889.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**LOST R. R. STOCK**—Notice is hereby given that certificates of stock No. 256, A. & N. C. R., having been lost, application will be made for duplicate. Mrs. HANF.

**NO WELL**—regulated family can afford to be without a "Zeb Vance" Cook Stove. WHITTY & GATES.

**AN Elegant Line of Gents' Fine Kid Gloves** at BARRINGTON & BAXTER'S.

**BILL HEADS** and Statements neatly printed at this office. Call and leave your orders with us.

**LOADED SHELLS**, Club shells, wads, Breach-loading guns, Repeating rifles, at WHITTY & GATES.

**THE Latest Style in Derby Hats** at BARRINGTON & BAXTER'S. **LETTER** and Note Paper furnished and neatly printed at the JOURNAL office. Give us your orders.

**ELECTIONS** take place in nine states today.

It is said that Burke, charged as one of the Cronin murders has made a confession.

**FAYETTEVILLE** is hustling to get up the Centennial Celebration, and everybody ought to hustle to get there.—Charlotte Chronicle.

**TODAY** the great political battles of 1889 are to be fought. We are confident of success but cannot be humiliated by defeat.

If McKinney is elected in Virginia and Campbell in Ohio today it will be prophetic of a great national triumph of the Democracy in 1892.

The President's proclamation, admitting the new states into the Union, has been submitted to the cabinet and will be formerly proclaimed in a few days.

We are gratified to learn that Col. Polk received a grand Oration at Atlanta. He is one of our best men, patriotic, gifted and urbane; a perfect gentleman and true North Carolinian.

The eyes of the nation are upon Virginia. We devoutly pray that the glorious old commonwealth may not be forced to the degradation to which Mahomedanism would bring it.—State Chronicle.

The Farmers' Exchange, published at Fayetteville, and the Scottish Chief, published at Red Springs have been consolidated under the name of Farmer and Scottish Chief, and is published at Fayetteville. It will take high rank among the papers of the State.

The Volapuk we suppose, will not do. We would never adopt that barbarous jargon for our universal talk if we had to be thrown back upon "Pigeon-English." The young may adopt a new speech and new spellings but the old will have to stick to the old and familiar.—Wilmington Messenger.

It is reported that Gen. Butterworth says that while in Paris he became convinced that this continent was discovered by Irishmen about A. D. 500. It may be interesting to learn at what time the Indian discovered it. We should dislike for Mr. Lo to be robbed of any of the many honors to which he is entitled.

The Fayetteville Centennial is the greatest event of the present month in North Carolina. In other states the battle of party will be fought, but it will be for us to celebrate the ratification of that Constitution, which is the foundation of all parties having for their object the perpetuity of Liberty and the happiness of man.

We want to see this unscrupulous marplot (Mahons) not only banished but banished, and Virginia retain her place in "Solid South," which can be solid and remain solid for mental protection. Solidity is a necessity, not a matter of choice. "It is a condition, not a theory that confronts us."—Wilmington Star.

**PRESIDENT CARNOT** has little patronage, and he has abundance of time to travel about the country and make himself "solid" with the French Democracy. The President of the United States, on the other hand, has little time for anything but the distribution of the spoils of the government, and thus he is liable to destroy in a few months the popularity it has taken him a lifetime to acquire.—Philadelphia Record.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
W. P. BURRUS—Cotton seed wanted; brick for sale, etc.

The board of city council will meet tonight.

The Board of Trade will meet tonight at 8 o'clock.

Cotton took an upward turn yesterday, reaching 9.80.

A sudden change in the weather yesterday made it considerably cooler. It was one of the finest of days.

Nine persons were received into the Neuse street M. E. Church on Sunday and five into the Hancock street M. E. Church.

The young men prayer meeting of the Baptist church will be held this evening at 7:30 in the church. A cordial invitation is extended to all to unite in these services.

A large congregation attended the services at Hancock street Methodist church last night. Rev. R. A. Willis preached an interesting sermon from the text "Walk before me and be thou perfect."

Remember the entertainment of the Y. M. C. A. to take place next Friday evening. The program has been completed and something nice may be looked for. Particulars will be given in tomorrow's paper and by hand-bill.

Next week will be held as a week of prayer by the Young Men's Christian Association throughout the entire world. It will be duly observed in New Berne excepting probably Thursday and Saturday nights.

The indications are that we are to have a railroad from Onslow. A road has been graded from Wilmington toward Jacksonville, Onslow county, for about twenty-six miles and it will be pushed on here if our people want it. Less make an effort and get it.

A large shipment of marble, consisting of twenty-two pieces was shipped over the A. & N. C. Railroad yesterday. It was from the yards of Mr. J. K. Willis of this city. Mr. Willis is not satisfied with meeting the demand at and near home but is constantly filling orders from a distance. Advertising his business and then backing up the claims tells the tale.

**Assignments at Kinston.**  
The information below was given us by parties who came down on the train last night:

W. F. Stanly, one of the leading merchants in Kinston, made an assignment last Friday. Liabilities about \$30,000; assets not known.

On yesterday J. S. Nelson, hardware merchant, failed. We have not learned the amount of liabilities and assets.

**The Light House on Hatteras Shoals.**  
The Wilmington Star says: "The light house and fog signal that the government proposes to erect on the outer Diamond Shoal, off Cape Hatteras, will be of incalculable benefit to commerce. At the approaching session of Congress a half million of dollars will, it is expected, be appropriated to commence the work and the estimate for its completion is \$3,000,000. It is considered one of the most important enterprises projected by the Light House Board."

**Personal.**  
Messrs. A. M. Baker and O. L. Gaskill arrived from New York last night and will be in the city several days.

Mr. Geo. N. Ives returned to Beaufort last night.

Mr. Perry Cox went down to Morehead City last night.

At Hotel Albert: W. J. Harper, T. F. Hargis, Baltimore; J. L. Fonda, A. E. Glasson, New York; A. L. Gregory, city; Wm. Cleve, Vanceboro; Major Gordon, Craven county; Hooper Coyns, Cliftonville; I. S. D. Sauls, W. H. Smith, Goldsboro.

Mr. R. H. Berry, who is travelling in the insurance business, is in the city.

**CHILDREN'S REMEDY.**  
The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle of it.

## Shipping News.

The steamer Newberne, of the O. D. line, will sail today at 12 o'clock for Norfolk.

The steamer Eaglet of the E. O. D. line will arrive today and sail this afternoon at 4 o'clock.

The steamer Tahoma will sail tomorrow morning at 7 o'clock for Smith and Adams' creeks.

## Cut His Way Out.

Saturday night at the mayor's court Lee Jones and B. H. Ispook, arrested for stealing a raft, were required to give bond in the sum of \$200 for their appearance at the next term of Superior Court. Ispook gave his bond, but Jones on default, was sent to the city prison.

Yesterday morning when breakfast was carried to the cell Jones had changed his boarding place. He had cut a hole in the floor of the cell, through which he made his escape. The work was done partly with a pocket knife and partly with an auger. The plank is about one foot wide and two inches thick, and the floor about a foot and a half above ground. The auger was furnished by some one outside during Sunday night.

There is no clue as to the whereabouts of Jones.

## LATEST NEWS.

**EARTHQUAKE SHOCK IN ST. LOUIS—DOWN ON THE SALVATION ARMY—SNOW IN IOWA—DEATH FROM HYDROPHOBIA—THE W. VA. WAR.**

**ST. LOUIS, Nov. 1.**—A very perceptible shock of earthquake was felt in this city at 1:53 o'clock this morning.

**BERNE, Nov. 2.**—The government has prohibited the holding of meetings by the Salvation Army, and has closed the halls occupied by the Salvationists.

**MASON CITY, Iowa, Nov. 2.**—The heavy rain which has been falling for 24 hours changed last night to snow, which is now three inches deep on the ground.

**BATON ROUGE, La., Nov. 2.**—Richard Deval, residing in west Baton Rouge, died of hydrophobia last night. About a month ago he was bitten by a little dog which he found wandering in the highway. Two children of the deceased and the 6-year old daughter of David Deval were also bitten, and grave fear is felt on their account.

**MILTON, W. Va., Nov. 2.**—Reports of another terrible battle between the Hatfields and McCoys reached here last night. Thursday night a party of about thirty of the McCoys came across a Brumfield camp in the woods about six miles from Green Shoals. Both hands were bound for the headquarters of their respective factions, and were heavily armed. When the McCoys discovered their enemies they crawled up through the dense underbrush and poured in a volley on their sleeping foes. In an instant it was returned, and the Hatfields, although taken by surprise, were so much better armed than the McCoys, having repeating rifles, that they soon put them to flight. The one volley fired by the McCoys did terrible execution. Half a dozen men were wounded and two were slain. John Brumfield, one of the leaders of his faction, was instantly killed, having no less than four bullets through his head. By his side lay Edwin Brown, the son of the woman who was shot in her farm-house at Fiddy's Creek.

Two other men were wounded, one of them, whose name is unknown, being fatally hurt. After dawn the Hatfields found two more dead men, and four desperately wounded men were captured. Some of the wounded McCoys must have been carried off by their friends, for the trail of their retreat through the woods was marked with blood stains. The prisoners captured are Charles Lambkin, John Cain, Cain and Pete McCoy. Names of the dead are unknown. The Cain whose first name was not learned, was so badly wounded that his captors left him to die where he lay, but the other three were compelled to march to the Hatfields' headquarters, which they reached about noon yesterday.

As soon as the story of the attack and capture was told a sort of court martial was held. The prisoners were not allowed to speak in their defense, and after a short deliberation, a vote on their life or death was taken by the entire Hatfield party. The result was unanimous and the three men will be tied to trees and shot at sunrise today.

The courier who brought this news was shot at twice from ambush while riding through Lincoln county.

**The Fruit of Violence.**  
In no case is the folly of violence in medication more conspicuously shown by its fruit than in the effect upon the intestines of excessive purgation. The stomach and bowels are first painfully gripped, then the latter is copiously, suddenly and repeatedly evacuated. This is far beyond the necessities of the case; most unnatural, excessively debilitating. The organs are incapacitated from resuming their function with normal moderation. An straggling is reported to which reduces them to their former condition of inaction. To this monstrous and harmful absurdity, Hostetter's Stomach Bitters is the happy alternative. It relaxes gently, naturally, sufficiently, it diverts bile from the blood into its proper channel, it incures beneficial digestion and complete assimilation. It is a complete defense against malaria, and conquers rheumatism, neuralgia, nervousness, kidney and bladder trouble.

## NORTH CAROLINA NEWS.

From the State Papers.

There are two hundred and twenty-nine convicts in the penitentiary at Raleigh.

**Hookerton Clipper:** The recent freshet in the creek enabled our raftmen to go on their way to New Berne rejoicing. Greens county furnishes New Berne with lots of timber.

**Tarboro Southerner:** Col. C. B. Kilbrew died Monday at 9:30 from old age and exhaustion in his 73d year. An upright, honorable man in all his dealings with his fellowmen, a most enlightened and successful farmer, for a half century he has been prominent in this county, respected by all.

**Charlotte Chronicle:** George Vanderbilt's castle, which he will erect at Asheville, will be about 300 feet long and 150 wide. It will have all the modern improvements, and will be just the place for the winter home of a young bachelor of literary tastes and \$7,000,000 to gratify them with.

**Washington Gazette:** A trip to La Grange by one road and return by another proved to us that Beaufort county is not alone in her suffering on account of bad crops.—His many friends will regret to hear that Mr. Griffin Hill, the postmaster, and a successful merchant, of Chocowinity, had his arm terribly mangled in his gin today. It is hoped that amputation will not be necessary.

**Raleigh News and Observer:** Decidedly the most attractive exhibit which we saw at the Weldon Fair this week was the splendid array of fine wines from the Medoc vineyard, of Halifax county. The Medoc vineyard is one of the most important and successful in North Carolina and the exhibit at Weldon is a fine object lesson of the possibilities of the grape industry in the State.

**Charlotte News:** Charlotte 'possum hunters have introduced a new wrinkle in fetching the wily 'possum from his perch among the limbs, in the use of Roman candles. A party of eight hunters went last night, and got back this morning with ten 'possums. When the dogs would not be sufficient, and the 'possum would drop down and surrender. This is a novel innovation, and if persisted in, the 'possums will no doubt organize an emigration society. It not only scares the 'possums, but the farmer who happens to catch sight of the pyrotechnics in his neighboring woods rises up in bed and for a time wonders if the Adventists are not right, after all.

**LEMON ELIXIR.**  
Its Wonderful Effect on the Liver, Stomach, Bowels, Kidneys and Blood.  
Dr. Moxley's Lemon Elixir is a pleasant lemon drink that positively cures all Biliousness, Constipation, Indigestion, Headache, Malaria, Kidney Disease, Dizziness, Colds, Loss of Appetite, Fevers, Chills, Blisters, Pimples, Pain in Back, Palpitation of Heart, and all other diseases caused by disordered liver, stomach and kidneys, the first great cause of all fatal diseases. **Painting—Portraits.**  
Miss Mace will reopen her school of drawing and painting Monday, November 4th, and will also teach the art of making life size crayon portraits from small pictures. For terms apply at her residence on Johnston street. [oc89-1m]

Do you have dyspeptic troubles? Take Hood's Sarsaparilla, which has relieved thousands and will cure you. Sold by druggists. 13

**DIED.**  
In this city on the 1st inst. Little Fluid Eubank, son of J. W. Eubank, aged 3 years 3 months and 15 days. His little body now lies silent in the tomb and its little grave is covered with beautiful flowers. His little frame can suffer no more and its little soul is at rest. May we find that resting place and be forever blest. J. W. EUBANK.

In the Arkansas Sentinel of last week we notice an announcement of the death of Dr. Peter Brugman, which was copied from the Little Rock, Ark., Gazette. Dr. Brugman was a native of New Berne. We copy the following part of the notice:

"Peter Brugman was born at New Berne, N. C., June 10, 1825. His father was the owner of a line of sailing vessels that ran between New Berne and the West Indies. After the death of his father, and when eleven years of age, young Brugman went to New York and learned the jeweler's trade, and afterwards studied dentistry. Returning to New Berne at the age of 20, he engaged in the practice of dentistry. A few years afterwards he went to Charleston, where, on May 5, 1859, he met and married Isabelle Templett Ling, who survives him. Six children were born of the union, three of whom are living, Phillip E. Dickinson and Florence. In 1857 Dr. Brugman came to Little Rock, where he lived up to the time of his death."

**Ladies Memorial Association.**  
Members of the Ladies Memorial Association are requested to meet at the residence of Mrs. Vass for their regular quarterly meeting, on Tuesday, November 5th, at 12 m.

**A General Tie up**  
Of all the means of public conveyance in a large city, even for a few hours, during a strike of the employees, means a general paralyzing of trade and industry for the time being, and is attended with an enormous aggregate loss to the community. How much more serious to the individual is the general tie-up of his system, known as constipation, and due to the strike of the most important organs for more prudent treatment and better care. If too long neglected, a torpid or sluggish liver will produce serious forms of kidney and liver diseases, malarial trouble and chronic dyspepsia. Dr. Pierce's Pleasant Purgative Pellets are a preventive and cure of these disorders. They are prompt, sure and effective, pleasant to take, and positively harmless.

**"We Point with Pride"**  
To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

**Wanted!**  
---600---  
**TONS COTTON SEED.**  
We furnish Sacks on application, and pay Highest Market Price for seed. Will exchange Meal for seed.

oc12 dwt New Berne, N. C.

**GUINN'S PIONEER BLOOD RENEWER.**  
Purely vegetable in composition, safe to use under all circumstances, and to cure all blood disorders, rheumatism, neuralgia, mercurial ailments, scrofulous affections, swellings, catarrhs and skin diseases. For that most loathsome and obstinate disease, syphilis, it is a specific, and as such has been used by many physicians in the South, who have given their unqualified testimony regarding its peculiar efficacy in effecting a permanent cure where all other methods of treatment and alleged specifics have utterly failed. Its wonderful and admirable effects in rheumatism recommends it to that large class of sufferers who have hitherto unavailingly sought relief. For sale by  
R. N. DUFFY, New Berne, N. C.
