THE Democrats elected the Governor of Montana, but lost everything else.
LET an end be made of this idea that drunkenness is an excuse for crime.—Raleigh Evening Visitor.
It is not every editor who can correspond with a college girl.—Mecklenburg Times. Did she say "yes" or "no"?

THE Richmond Times has Billy Mahone corked up in a bottle. Whether it is hermetically sealed is not stated, but if there is whiskey in it he will stay there.
MRS. LAWRENCE refuses to resign as matron of the asylum. In her letter she says that to resign under the circumstances would imply a consciousness of failure in her duties.
MAHONE is beaten on his own ground by an overwhelming majority. This is, perhaps, the event of greatest importance in national affairs resulting from the elections yesterday.—N. Y. Times.

THE Three C's—Cleveland for President; Campbell for Vice-President; and Carlisle for Secretary of State. How does that sound? With these names can we not O victory ahead?—State Chronicle.
A VERY noted legerdemainist died a few days ago in New York. His occupation was gone. The slight of hand displayed in the manipulations of the Montana reefs broke his heart and he gave up the ghost.
BACKETT is elected Governor of Massachusetts. But that young Russell made a splendid fight, all the same. There is splendid stuff in Russell. Some day he will lead New England out of the wilderness.—Angusta Chronicle.

MR. W. P. FIFE "the drummer evangelist," is paying a visit home, his last meeting having just closed at Washington, N. C. No one could appear in our midst, to receive more hearty handshakes, with greetings of warm and sympathetic friendship and good-will, than Mr. Fife.—Fayetteville Observer.
It is to be hoped that the effort to raise \$1,000 for the Confederate veterans during the Centennial celebration at Fayetteville will be successful. The cause is a noble, philanthropic one and appeals with peculiar force and directness to every generous and benevolent heart.—Wilmington Messenger.

THERE are people who subscribe for a paper and hang on as long as the editor will send without pay, and when he will no longer, they get in a huff and go off denouncing the editor and his paper, and subscribe for another with the usual promises, but with never a cent of cash.—Salisbury Truth.
THE White people of the North, if the late elections be any indication, are beginning to size up the Republican party, and it will be a fortunate thing for the colored voters of the country when they open their wide eyes enough to do the same thing.—Wilmington Star.

C. E. SLOVER—Smoked tongues.
The regular Tuesday night prayer meeting will be held at Hancock street Methodist church tonight.

Assistant Lecturer, R. H. Hunter, of the State Farmers' Alliance, will address the people of Craven county Tuesday November the 19th at the Court House in New Berne at 10 o'clock.
The services at the Y. M. C. A. hall were unusually interesting last night. There was an attendance of about forty. The subject was "Strangers Made Citizens." Strong, pointed talks were made, and the meeting was altogether very interesting.

The ministers of the city are requested to meet with the executive and devotional committees of the Y. M. C. A. at their rooms this evening at five o'clock, for the purpose of making arrangements for the meetings of Evangelist Fife, who will be in New Berne on the 24th inst.
Jim Williams and H. D. Brinson, two white men, got into a fight at Long wharf on Sunday afternoon. Williams struck Brinson on the head with a piece of iron, which cut to the bone and made a bad hurt. They were brought before R. P. Williams, Esq., and both bound over to court in the sum of \$200 each. Both gave bond.
Postmasters are often nonplussed to make out some of the peculiar and illegible hand-writing on some of the letters they receive. One of the most singular we have yet seen was shown us yesterday by Postmaster Clarke. The letter bore the postmark of Chicago and was plainly addressed to "B. Pfeninghausen, New Berne, N. C." Now if you are not ashamed of your name, Mr. Pfeninghausen, come out and get your mail and let us see what you look like.

Mayor's Court.
The following cases were disposed of yesterday:
James Davis, colored, chap. 5, sec. 4, of the city ordinances, disorderly, submitted; taxed with cost.
W. H. Thompson, colored, chap. 5, sec. 4, disorderly, submitted; taxed with cost.

The steamer Kinston arrived from up Neuse yesterday with cargo of cotton, naval stores, etc.
The steamer Annie of the E. C. D. line sailed yesterday with full cargo of cotton. The Eaglet of this line will arrive this morning and sail this afternoon at 4 o'clock.
Missionary Exercises.
Missionary Concert Exercises were held at the M. E. Church, Sunday night, before an unusually large and appreciative audience. The program was an interesting one, consisting of music, recitations, and reports from the President and Secretary of the New Berne Society. From the reports the Society showed to be in a prosperous condition, and doing a good work in the advancement of the missionary cause.

Wants It Straight.
We have received a communication from George W. Smith, Esq., of Maysville, Jones county, in which he complains of the crookedness of the East Carolina railroad which is being graded. He says, "I have been told that they have crooked it near the Holly Shelter poecia." And then he goes on to say that the people understood that it was to be straight. He says, "the railroad we voted for was the Wilmington, Onslow and New Berne railroad. It was to have no crooks, only to Burgaw. It was to be straight to Jacksonville, straight to Pollockville and straight to the fair grounds at New Berne. If we go by the conditions voted for we will have no trouble in getting the \$80,000; but if it has too many blacksnake crooks, look out for injunction bills."
Probably our correspondent is rather too particular about the road being straight. It might go through his house. As to the \$80,000, it depends whether the bond is the line of the road.

New Church.
Messrs. N. S. Richardson and E. R. Messie, of this city, returned yesterday from Pamlico county, where they attended the services of the dedication of Amity church (Disciples), which is about sixteen miles from this city. Revs. A. J. Holton and J. B. Parsons conducted the services. The church is a neat one, and a credit to the citizens of that community.
We are informed that the sermons, both noon and evening, were very fine and the singing exceptionally good. A good many of the people in that section speak of coming over to the dedication of the church in New Berne, which takes place the 1st of December. A hearty invitation is extended them, with the assurance of a warm and hospitable reception.

The Sunday-School Address by Mr. J. S. Thomas.
A large congregation heard the address of Mr. John S. Thomas, at St. Peter's church, on Sunday afternoon. The subject was "Who are Soldiers?" By way of preface he made a few remarks upon the value of the Sabbath. He illustrated the subject, "who are soldiers?" by comparing the battle-field of patriotism and principle with the battle-field of faith in God—on the one hand man fights for the cause he upholds in temporal things, on the other he battles for the cross of Christ. He closed the address by speaking forcibly and eloquently of the power and influence of the Sunday-School. Many complimentary remarks were made concerning the young speaker by those who were present. The Sunday-school voted him thanks, which action was recorded upon the minutes.

Personal.
A letter from Miss Hatchie Harrison informs us that, having accepted a position as teacher in Boston, she will not be in New Berne this winter.
Rev. H. W. Battle left yesterday morning for Henderson, to attend the Baptist State convention, which meets tomorrow. Mrs. Battle accompanied him as far as Goldsboro, where she took the train for Clinton. She will visit her parents for several weeks. Mf. Battle delivers a lecture at Wake Forest College tonight.
Captain F. T. Bryan and Mrs. Spaight, who have been visiting H. R. Bryan, Esq., left for Raleigh Saturday morning. Captain Bryan will visit in Raleigh a few days and then return to his home in St. Louis.
L. J. Moore, Esq., is attending court at Kinston.
At Hotel Albert: Clinton S. Kimes, Goldsboro; Rev. J. F. Love, Jas. T. Lincoln, Bayboro; Dr. Charles B. Woodley, Trenton, N. C.; P. S. Dance, Virginia; Frank E. Morton, Raleigh; J. W. Ramsey, Harvey Walker, Harry L. Boteler, Baltimore; J. C. Kepler, Massachusetts; E. W. Carpenter, City.

Come to New Berne.
The accounts of the freezing weather in the North remind us that it is about the time for many of the people up there to be seeking a milder climate. They wish to spend the winter season in a beautiful locality; where blizzards are unknown; where outdoor amusements may be enjoyed; where the people are hospitable and the surroundings are pleasant.
We rise to say that New Berne and the surrounding country offers extraordinary inducements to winter visitors. New Berne is situated most admirably for a winter resort. The climate is mild. The thermometer registered about 80° on the 9th of November. Green peas are now growing in the fields near the city. Our rivers and woodland abound in game for the sportsmen. No finer or more beautiful sheet of water is seen anywhere than the Neuse river at New Berne. Boating and fishing could be made an amusement the year round. Our streets and drive-ways are now in good condition. Our livery stables have the best horses and vehicles. Messrs. E. S. Street, J. W. Stewart, and M. Hahn & Co., all keep first class turnouts. Our hotels offer the best accommodations. The Gaston House, under the management of Messrs. Perry and Fulford, is up to its old-time reputation for good table board. Its rooms are neat and airy. The Hotel Albert is well known. It speaks for itself. It offers the modern conveniences and as good accommodations as are to be had anywhere.
Taking New Berne, all in all, we venture the assertion that there are few places in the country that offer better advantages as a winter resort.

NORTH CAROLINA NEWS.

From the State Papers.
The Baptist State Convention is in session at Henderson this week.
The La Grange Spectator is three years old. It is a neat and bright little paper.
Frederick Wards, the tragedian, will play in Raleigh and Goldsboro this month.
Chatham Record: Mr. George Holt, of this county, has kept up the same sweet potato seed for sixty years.
Smithfield Herald: It is reported that Mr. Julian S. Carr is opposed to moving Trinity College. So are a great many leading Methodists in the State.
Miss Mamie L. Hatchett, former editor of the Oxford Orphan's Friend, and Mr. Albert Fairbrother, editor of the Lincoln, Neb., Call, were married in Oxford on last Tuesday morning.
Raleigh Call: Gov. Fowle returned today from Charlotte where he attended the meeting of the board of regents for Presbyterian Orphanage. He reports that the matter is well under way and the institution will be located at Charlotte.

Snow Hill Baptist: Sam Lofton, who lives at Shine, about six miles from here, was shot last Saturday night by Abe Stocks. Stocks had been unruly during the day, and the policeman, with the assistance of Sam Lofton, had arrested him and was about to lock him up, but upon his promise to behave himself he was allowed to go. He left for home, but came back after night in company with John Howell, and called for Sam Lofton, and as soon as Sam made his appearance, Stocks shot him without a moment's notice. Stocks made good his escape, and up to this writing had not been apprehended. The wounded man is in a critical condition, and Drs. Grimesley and Sugg who examined the wound, say there is but little hope of his recovery.

BALTIMORE, Nov. 9.—The United States grand jury today indicted eighteen of the 124 Navassa rioters for murder and for being accessories before the fact, the penalty for which is death. Seven are charged as principals and eleven as having abetted the murderers.
RALEIGH, Nov. 9.—News of a horrible double murder comes from Johnston county. An aged and respectable lady named Mrs. Celia Brown resided in this county about four miles from Selma with her little grandson eight years of age. This morning both were found murdered about 200 yards from the house, where they had been dragged for concealment. They had been killed with a gun. No clue has been obtained to the murder and no cause can be assigned.

CLARENDON, Texas, Nov. 9.—The deepest snow that has fallen here in twelve years, is on the ground now; it is six inches deep. All trains on the Fort Worth and Denver are blocked north of here, and there are eight engines in the snow drifts seventy-five miles northwest of this place. The drifts are nine feet deep. This is the worst snow storm that has ever visited the Pan Handle.
Great Little Men.
Some of the greatest men that ever lived were of small stature and insignificant appearance. The reader will readily recall many instances. Very small are Dr. Ploroe's Pleasant Purgative Pellets, but they are far more effective than the huge, old-fashioned pills which are so difficult to swallow and so harsh in their action. The "Pellets" are gentle and never cause constipation. For liver, stomach and bowel derangements they have no equal.

Painting—Portraits.
Miss Mace will reopen her school of drawing and painting Monday, November 4th, and will also teach the art of making life size crayon portraits from small pictures. For terms apply at her residence on Johnston street. [oc30-1m]

Bl Winds.
That blow "nobody any good" are plenty on the storm-veered Atlantic, to say nothing of the occasionally typhoon swept Pacific. The hapless voyager, when shaken up by the heaving of the "briny," should take that pleasant and most salutary of doses, a wing-glassful of Hostetter's Stomach Bitters, the finest stomachic and tonic that ever warmed, regulated and jolted the human interior. Railroad quitters and steamship shaken travelers will exercise a wise provision by supplying themselves with a sufficiency of this incomparable medicine for the journey. So will mariners, emigrants to the West, and others "about to seek fresh fields and pastures new." Malaria, the scourge of newly cleared and mining districts, is completely conquered and surely averted by the Bitters. Liver, bowel and kidney complaint and incipient rheumatism is annihilated.

Thanksgiving Proclamation.

NORTH CAROLINA.
EXECUTIVE DEPARTMENT.
Whereas, in the preamble of our State Constitution it is declared that we, the people of the State of North Carolina, are grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledge our dependence upon Him for the continuance of those blessings to us and our posterity, and
Whereas, The Governor is directed by statute to set apart, by proclamation, a day in every year as a day of solemn and public thanksgiving to Almighty God for past blessings, and of supplication for His continued kindness and care over us as a State and Nation. Now, therefore,
I, Daniel G. Fowle, Governor of the State of North Carolina, do hereby appoint Thursday, the 28th of November, 1889, as a day of solemn and public thanksgiving and supplication, and I earnestly invoke the people of the State devoutly to assemble themselves together on that day in their respective places of worship, and supplicate for us the perpetuity of our institutions and the continuance of God's blessings to us; and whilst thus engaged, let us not forget to ask His blessings upon the poor and needy amongst us, and to contribute liberally to the helpless orphans that are dependent upon our care and to the institutions which have been organized in our midst for maintenance. Done at our city of Raleigh, this 2d day of November, one thousand eight hundred and eighty-nine, and in the one hundred and fourth year of our American Independence.
DANIEL G. FOWLE.
By the Governor:
S. F. TELFAIR, Private Secretary.

One Fact
is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

Mr. A. T. Lyon, the best known photographer in the three States of South Carolina, Georgia and Florida, says:
"I have suffered excruciating pains from Sciatic Rheumatism. Stepping on uneven surfaces of sidewalks would give me perfect agony. Various remedies had been tried, but with no effect, until I commenced the use of Guinn's Pioneer Blood Renewer, which has relieved me of the least semblance of pain, and given me the entire use of my limbs. I conscientiously commend it to the public."
