LOST, E. B. STOCK—Notice is hereby given that certificates of stock No. 298, A. & N. C. R., having been lost, application will be made for duplicate. nov1-1m.] Mrs. HANVY.

NO WELL—regulated family can afford to be without a "Zeb Vance" Cook Stove. Oct. 11 ff. WHITTY & GATES.

BILL HEADS and statements neatly printed at this office. Call and leave your orders with us.

LOADED SHELLS, Club shells, wads, Branch-loading guns, Repeating rifles, etc. Oct. 11 ff. WHITTY & GATES.

LETTER and Note Paper furnished and neatly printed at the JOURNAL office. Give us your orders.

It is believed that the revolution in Brazil will seriously effect the Coffee market.

The new cruiser Baltimore developed excellent speed in her second trial and will be accepted by the Government.

The way to bring wandering North Carolinians home is to find a gold mine on their land. It worked like a charm in Montgomery county.

The Annual Conference of the M. E. Church, of North Carolina, will meet in Greensboro next week. We hope to receive full reports for the columns of the JOURNAL.

WHISKEY could not produce more intemperance of speech than that which characterized the proceedings of the hysterical third party in Chicago. Omaha Bee.

SEVEN Republican United States Senators are holding seats to which they are not entitled, even if we leave out Nevada. Mr. Gerry, with his mander, has done great things for the minority party.—Courier Journal.

SENATOR SHERMAN is reported to have expressed confidence that his next colleague will be the Democrat who will put up the most money. Sherman ought to know. He has made the contest several times himself.—Pittsburg Post.

PRESIDENT HARRISON has gone duckshooting. No matter how dead his aim may be or how good his luck Mr. Harrison will not bring home a deader duck than the President who was elected last November.—New York World.

A SPECIAL to the Washington Post from New Orleans says: Mr. Jefferson Davis is a passenger on the steamer Leathers. She passed Bayou Sara at 6 p. m., and will arrive here about noon tomorrow. He is suffering from general debility.

The muddle in Montana continues, with no immediate prospect of satisfactory and harmonious settlement. Is there no way in which this new member of the family can be put upon its good behavior?—Washington Post. Yes. Make the returns accord with the votes polled and every thing will be lovely. Montana is Democratic.

ALAS for the lack of civility in this political day and generation! A dozen of inspectresses were removed yesterday at the Custom House. They cannot vote, but if they could they would vote the Democratic ticket. The reduction of the force is, of course, announced as a measure of economy, but the "discontinued" ladies are not at all willing to accept that explanation.—N. Y. Star.

A SOUND LEGAL OPINION.
E. Bainbridge Munday, Esq., County Atty. Clay Co., Tex., says: "Have used Electric Bitters with many happy results. My brother also was very low with Malaria Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."
Mr. D. L. Wilcoxman, of Howe Cave, Ky., adds a like testimony, saying: "He positively believed he would have died, had it not been for Electric Bitters."
This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c, and \$1.00 at E. N. Duffy's Wholesale and Retail Drug Store.

LOCAL NEWS.

NEW ADVERTISEMENTS.
A. & N. C. R. R.—Stockholders train. WATSON & STREET—Sale of furniture.

Who's going to the Centennial?
Good music tonight at the Baptist church.

There has been very little cold weather thus far this season.

Several New Berne lawyers are attending Pamlico court this week.

The large and unsightly mud hole on South Front St. just west of the crossing of Middle needs filling up.

The saw mills in and near the city are busy cutting up logs and making shingles. These industries are of great benefit to New Berne.

Services tonight at the Baptist church at 7:30 o'clock. Leader J. C. Whitty. Subj. ct. How to Secure God's Blessing. Psalm 51: 10-13; Acts 2: 1, 41.

Mr. W. G. Brown, the Raleigh optician, will arrive at the Gaston House Thursday morning and remain during the week. He deserves patronage, and his glasses are excellent.

Please remember that the Union services at the Baptist church, during this week, will begin promptly at 7:30 and conclude at 8:30. They will consist of prayer and praise, brisk talks and entertaining experiences.

"How do you know the next Fair will be the best of all?" "Because it will, that's why." So spoke two as pretty girls as ever tried tulip saline for chapped lips. And they were right. The Eastern North Carolina Fish, Oyster, Game and Industrial Association have so decreed and that settles it.

It is with much regret that we chronicle the death of little Frank, son of Mr. and Mrs. E. B. Duffy of this city. He died yesterday after an illness of only three days. The little boy was a remarkably bright and sweet child.

"This is the subject of all mysteries: Some call it Death and others name it Peace."
We are indebted to the author for a copy of "An Address to the National Silver Convention at St. Louis," by William H. Oliver, New Berne, N. C. Like everything else from his pen on silver, the address is admirable. We have hoped that Mr. Oliver would attend the convention, but since this is impracticable, his address is timely and appropriate.

The North Carolina Baptist Convention has decided to have a first class female college but the location of it has not been determined. Will New Berne make an effort to secure it? Three hundred college girls would add to the attractions of our beautiful city, and help our merchants and dreamers wonderfully. And what a time we would have at commencement!

Well, yes, New Berne is going ahead. Improvements are going on all over the city. Nothing grand and imposing is being attempted just now, but the future spreads out before us in alluring prospects. The natural beauty of the city, the fertility of the surrounding country, the salubrity of our climate, the culture of our people and the excellence of our schools are propitious of a future rich in blessings.

Child Lost.
We learn that little Mattie Lancaster, aged ten years, an adopted daughter of Mr. Richard Cleve, of Vanceboro, mysteriously disappeared from her home last Thursday afternoon. Although search has been made throughout the neighborhood, nothing could be learned of her whereabouts up to yesterday afternoon.

The Exodus Again.
About three hundred negroes left Kinston yesterday for other parts. A large number were left behind, who will leave on Wednesday, we understand. This is the crowd reported to have left on last Friday; but owing to the non-appearance of "Peg Leg" Williams, the agent, they did not get off on the appointed day. They have been loafing around in Kinston since last Thursday. The platform at the depot has been crowded with boxes, trunks and luggage of one kind and another for several days, and there is some there yet, waiting for the next train.

Quite a scene was presented yesterday as the train moved out. A black, grinning, yelling head projected from every window, and the platform of the cars were full, all waving red bandannas, hats, and anything else that could be waved, to the friends behind, who watched the train as long as it could be seen.

These emigrants come from the counties of Jones, Lenoir, Pitt and Greene, principally. We are told that there are crowds waiting for the next train at Falling Creek and other stations above Kinston.

At the Fair Grounds.
The officials of the Fair are at work in earnest looking to make it superior to any yet held. At the grounds yesterday we found the energetic President, Mr. Wm. Dunn, busily engaged in planning arrangements in the new building constructed for the display of fish, oysters and game only.

The hall is a spacious one and well designed for this purpose. In the center of the floor will be an oblong aquarium divided into eight compartments for different varieties of live fish. The casing will be of heavy glass to show up the fish well. On the sides of the tank will be two long continuous trays to display oysters of various qualities and from different sections, and adjoining the sides of the building are rows of stands for dead fish and game. For live game there are a number of cages. One end of the room will be used for the display of ammunition and fire arms and the other end for fishing tackle, seines, nets, &c.

This building will be one of the attractive features because it is a new one and will contain that class of exhibits that no other fair in North Carolina has ever given any attention.

An addition is to be made to the large restaurant hall belonging to Mr. John Dunn, in which he will place a lunch counter. Besides those mentioned, other small improvements are to be made. Everything gives promise of an exhibition worthy to be seen.

The Union Meetings.
The union services at the Baptist church, under the auspices of the Young Men's Christian Association, on last Sunday night, were pleasant, profitable and encouraging. The weather was not favorable to a large attendance but the exercises were very entertaining.

Rev. L. C. Vass, D. D., of the Presbyterian church, conducted the meeting, selecting prayer for his subject. We have often heard this able divine, but never have we seen him more felicitous in the selection and presentation of his theme. He spoke of the promises of our Lord in regard to prayer, the necessity of faith in God, of importunity in prayer and of forgiving those who trespass against us. The whole discourse was beautifully illustrated by impressive incidents and joyous results.

Dr. Vass was followed by Mr. J. C. Whitty who based his remarks upon the words of the apostle, "the effectual, fervent prayer of the righteous availeth much." Deacon Whitty was at his best and awoke responsive cords in the hearts of his hearers. The last talk was by Mr. Smaw. His subject was our God, a prayer answering God. His remarks were pathetic and encouraging. From so propitious an opening we are hopeful of grand results, to the honor and glory of God. Last night Dr. Vass again led the meeting, his remarks being based on the pathetic story of Hagar as recorded in the 21st chapter of Genesis. The attendance was much larger than on the preceding evening and the interest proportionately increased. Dr. Vass was followed by J. V. Williams and John C. Whitty, who spoke appropriately and effectively. That much is elicited in these meetings is apparent to all.

We trust that Christians of all denominations will unite in these services and that Christian charity and brotherly love will prevail throughout the community. It may be the disposition of some to stay away until the arrival of Mr. Fife next week, but we venture to say that those who attend the entire service will be most signally blessed.
"I was glad when they said unto me, Let us go into the house of the Lord. Our feet shall stand within thy gates, O, Jerusalem."

Success of a Former New Berne Boy.
It affords us pleasure to reproduce the following from the Charlotte News. Mr. Bryan has many friends in New Berne who will be glad to learn of his success:
Mr. Ed. Bryan, who has been in the employ of the Carolina Central Railroad Company, at Charlotte, for some years past, has been appointed to the office of the joint agency of the Associated Railways. The appointment of Mr. Bryan to this responsible post is an excellent one. He is thoroughly conversant with railroad matters, and is a perfectly competent man. He is a young man in years, but old in railroad experience. His appointment gives great satisfaction to our people.

Shipping News.
Steamer Kinston arrived last night loaded with cotton, naval stores and lumber. She will leave her wharf for Kinston and river landings on Wednesday morning at daybreak. Freights received up to six o'clock Tuesday evening.

The large two mast schooner T. G. Oruse, Capt. Colburn is loading lumber at Foster's wharf for Alexandria, Va.

Personal.
Mrs. Mary Manly and daughter, Miss Katie, left yesterday morning for Roswell, Georgia.

Mr. Geo. Allen, wife and son left for Salem, Va., yesterday.

Mr. Givens, of Texas, who has been visiting friends in the city, left for Washington, D. C., yesterday. His wife and child accompanied him. They will go from Washington to Corpus Christi, Texas, their home.

Mr. Gerritt Vyne left for Philadelphia yesterday. His family left on Saturday morning.

Mr. and Mrs. James Childs of Boston, who have spent a week or two in New Berne, leave today, on the steamer Newberne, for Old Point, Va., en route home. We trust their stay here has been very pleasant and hope they will visit our city again.

Mr. and Mrs. Chas. W. Plummer and Mr. and Mrs. Loum Snow, of New Bedford, Mass. were at Hotel Albert yesterday. They have been down to Stella, where Messrs. Plummer and Snow own large saw mills. They seem to be much pleased with our country. They leave on the morning train.

At Hotel Albert: Mr. and Mrs. Loum Snow, Mr. and Mrs. C. W. Plummer, New Bedford, Mass.; A. A. Madden, Baltimore; W. T. Heritage, Goldsboro; Dr. Geo. L. Shackelford, Dr. Leinster Duffy, Geo. L. Case, city; L. E. Duffy, Craven county.

LATEST NEWS.

Called from the Press Dispatches.

MORE ABOUT THE REVOLUTION IN BRAZIL.
The news from Brazil shows that the revolution in Rio Janeiro has so far succeeded that a provisional government has been proclaimed, with Senor De Fonseca as President.

LONDON, Nov. 18.—A dispatch from Rio Janeiro says, "Dom Pedro has departed from Brazil. He sailed direct for Lisbon.
Before his departure he was formally notified of deposition. At the same time he was informed that the civil list would be continued. The province of Bahia opposes the republic, but most of the other provinces have signified their adherence to the new regime.

"Doctor Barboza, the new minister of finance, announces that all contracts entered into by the imperial government will be maintained.
"The city is quiet. The overthrow of the monarchy has temporarily paralyzed business. On the exchanges nothing is doing."

The Paris correspondent of the Daily News, says: "The Republican council at Rio Janeiro decided a few months ago that the anniversary of the French revolution was the most propitious occasion on which to proclaim the republic. The leaders of the party were so confident of success that they ordered a number of Republican flags to be made in this city. In the new flag the imperial crown is replaced by a Phrygian cap.

Among the causes that led to the revolution were the tyrannical measures to which the government resorted in order to secure the return of its supporters at the last election, when many electors were arrested and imprisoned."
BRUSSELS, Nov. 17.—The Independence Belge has a dispatch from Lisbon saying: "The overthrow of the Brazilian monarchy is regarded as definitive. The Portuguese people sympathize with the Brazilians. Similar events are possible in Portugal."

OTHER NEWS NOTES.

Diphtheria, in a very virulent form, prevails in Elkhart, Indiana. All of the schools have been closed. One family has lost four children, and four others of the family have the disease in a bad form.

Ex-President Davis is in New Orleans at the home of a friend. He reached the city Saturday morning, quite sick, but his physician reports that there is no cause for alarm.

Dr. Robert G. Cabell, an old and prominent physician of Richmond, died Saturday, aged eighty years. He was a surgeon in the Confederate army.

Two new cases of yellow fever have developed at Key West, Fla.
Reports from all sections of Alabama show a large reduction in the estimates of the cotton crop. The corn crop is above a full one.

Jefferson Literary Society.
Last Friday evening the teachers and pupils of Vance Academy met as previously appointed for the purpose of holding a Literary Society.
The chairman called the meeting to order and the chaplain opened with devotional exercises.

The minutes being read and approved the exercises were further continued by discussion of the subject which was as follows: "Which is the more preferable a married or a single life?" The affirmative was led by Mr. W. M. Watson, jr., and the negative by Mr. B. H. Melton. Both sides were well discussed, however the query was decided in favor of the affirmative.

The subject selected for next Friday evening was, "Which is the more pleasing to the eye, the works of Nature or the works of Art?" The leader appointed on the affirmative was Mr. G. W. Gaskill, on the negative Z. E. Harris. 7:30 having been decided as the hour of the next meeting, the society adjourned.

G. W. GASKILL, Secretary.
For a disordered liver try Beecham's Pills.

NORTH CAROLINA NEWS.

From the State Papers.

Winston is to have a third bank.
Concord Times: Cabarrus county has the biggest pumpkin crop almost ever raised in her borders.

Greenville Reflector: A Pitt county farmer, a colored man at that, will get for his tobacco crop off four acres \$1,000.

Tarboro Banner: While boring the artesian well at Scotland Neck last week, particles of shining metal was discovered in the sand. Examination proved it to be gold. It came from a depth of 180 feet. This well is in the town, and the discovery no doubt causes some excitement there.

Wilmington Star: The ceremony of laying the corner stone of Fifth street M. E. Church was performed yesterday afternoon by Revs. Messrs. Beaman, Cressy, Ricard, Sawyer and Pool. The regular form prescribed in the discipline of the church was followed. The building is rapidly advancing towards completion, the walls are up and the roof is going on. It is probable that it will be finished in two or three months.

Winston Republican: Sometime since the citizens of Mr. Airy organized a bank, the Exchange, to meet the financial demands of the town. The News says that the capital stock being insufficient to render it a paying institution, the stockholders have decided to close it up, and to that end have placed its effects in the hands of a receiver. All depositors and other creditors will be paid in full as soon as the funds of the bank can be collected.

Wilmington Review: The Onslow Railroad people are pushing ahead. About one-half mile of track is laid in the lower part of the city. The track laying was not begun at the river but a quarter of a mile or so from it, and the rails were hauled up through the heavy sand by mule power. The trestle leading from the sand-hill to the waterfront is, however, about completed, and connection will soon be made there, when the work can be rapidly pushed forward. Cross-ties for this road are being got out in abundance near the city and are being hauled and laid by the grade, ready for use. It looks as though the work of construction is to be pushed forward rapidly at an early date.

One Fact
is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

Painting—Portraits.

Miss Mace will reopen her school of drawing and painting Monday, November 4th, and will also teach the art of making life size crayon portraits from small pictures. For terms apply at her residence on Johnston street. [oc30-1m]

DIED.

Entered into rest on Monday, Nov. 18th, at half past three o'clock, Frank, the beloved son of Hervey B. and Juliet C. Duffy.

Funeral at 10 o'clock today from the residence on Pollock street.
May the dew of Heaven rest lightly on the grave of this beautiful boy.

Sterling Silver!

A lot of very handsome Sterling Silverware,

Manufactured by the Gorham Manufacturing Co., at

"Bell The Jeweler."

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 100 WALL ST., N. Y.

Dr. McCormack

Is now in the City stopping at HOTEL ALBERT, and is ready to receive patients.

Electricity is Life.

Electricity is Health. It is Nature's Cure for nearly all Diseases. It goes directly to the seat of the trouble, without any of the injurious effects of drugs. The only expert electrical physician and graduate of an Electrical Medical College in Patterson is

Dr. McCORMACK,

144 Broadway, PATERSON, N. J.
There is scarcely any form of Chronic or Acute Disease that electricity will not relieve and cure, and the afflicted should call at Hotel Albert and be convinced. Patients also treated at their homes.

Special attention paid to lady patients by a graduated lady electrical physician. DR. McCORMACK treats many patients for the regular physicians of other schools, where electrical treatment is indicated, and invariably with satisfactory results. DR. McCORMACK has permission to refer to the editor of the call and other well-known citizens as to the efficacy of his electrical treatment.

CONSULTATION FREE.
His daughter is with him and will attend ladies when desired. nov17

PUSH WILL TELL!

Remember that our success guarantees you the same high grades as ever; the same quantities; measure and weight always just and generous; but that

PRICES ARE LOWER THAN EVER.

Less profit and more patronage is our idea of future trade. We don't worry about patronage.

Make Prices Right,

and trade will be sure to follow. Goods in our line have been too high; there's no denying it. We aim to bring them down to a proper level; we are going to make

The Luxuries of Life AS CHEAP
