TRUSTS.

Anti-trust decisions in New York, Illinois, and other States, make it evident that the days of trusts are numbered. "One by one the rosas fall," and in the grand rout of trusts rings out the chorus "Devil take the hindmost."

Congress has assembled and it is more than probable that some member, who having made himself obnoxious by his advocacy of protection, will rise in the House and launch his anathemas against trusts, in order the better to meet the indictment, preferred by his constituents, "Thou art weighed in the balance and found wanting." But, nobody will be deceived by such action. The courts have decided the matter, and from their decision their is no appeal.

In the downfall of trusts there is a re-affirmance of the fundamental principle, so often affirmed by the Democratic party, that "government rests on the consent of the governed."

It is to the credit of the farmers that they drove in the wedge that split open this monster iniquity.

What action Congress will take for the further relief of the people cannot be foretold, but as "self-preservation is the first law of nature," the dominant party must do something to escape the wrath of the people.

We stand ready to welcome any measure of sound national policy, let it come from any quarter it may, but it behoves the people of these States to be on their guard lest they accept the shadow and lose the substance of reform.

FARMERS.

There are those who say that the "Seven years of famine are past and the seven years of plenty are at hand."

We trust that this is so. There is a just God that presides over the destinies of men and nations, who will not permit those who trust in Him to be utterly overwhelmed.

But, the question that now confronts us is, What measures can be adopted for present relief?

All history affirms that "They who would be free must first strike the blow," and it is with peculiar pleasure that we observe that the farmers of North Carolina are moving to the relief of their brothers who are struggling in the waves of adversity. There is nothing nobler than the lifting of a head above the billows.

The county of Edgecombe, so illustrious in the history of the State, has set an example worthy of imitation, as set forth in the State Chronicle as follows:

The farmers of Edgecombe held a meeting last week, says the Southerner, at the call of Maj. Elias Carr, O. C. Farrar, H. L. Stoton and S. S. Nash to devise means to bridge over the hard times caused by the very short crops. Farmers were present from all sections of the county, and made reports of the crops. They were very bad. In township No. 1, very short; No. 2, between $\frac{1}{2}$ and $\frac{1}{4}$ of a crop; No. 3, very short; No. 4, $\frac{1}{4}$ of a crop; No. 5, one-third; No. 6, not more than one-third; No. 7, $\frac{1}{4}$ of a crop; No. 8, one-third; No. 9, $\frac{1}{4}$ of a crop; No. 10, one-third; No. 11, $\frac{1}{4}$ of a crop; No. 12, one-third; No. 13, $\frac{1}{4}$ of a crop; No. 14, one-third; No. 15, $\frac{1}{4}$ of a crop; No. 16, one-third; No. 17, $\frac{1}{4}$ of a crop; No. 18, one-third; No. 19, $\frac{1}{4}$ of a crop; No. 20, one-third; No. 21, $\frac{1}{4}$ of a crop; No. 22, one-third; No. 23, $\frac{1}{4}$ of a crop; No. 24, one-third; No. 25, $\frac{1}{4}$ of a crop; No. 26, one-third; No. 27, $\frac{1}{4}$ of a crop; No. 28, one-third; No. 29, $\frac{1}{4}$ of a crop; No. 30, one-third; No. 31, $\frac{1}{4}$ of a crop; No. 32, one-third; No. 33, $\frac{1}{4}$ of a crop; No. 34, one-third; No. 35, $\frac{1}{4}$ of a crop; No. 36, one-third; No. 37, $\frac{1}{4}$ of a crop; No. 38, one-third; No. 39, $\frac{1}{4}$ of a crop; No. 40, one-third; No. 41, $\frac{1}{4}$ of a crop; No. 42, one-third; No. 43, $\frac{1}{4}$ of a crop; No. 44, one-third; No. 45, $\frac{1}{4}$ of a crop; No. 46, one-third; No. 47, $\frac{1}{4}$ of a crop; No. 48, one-third; No. 49, $\frac{1}{4}$ of a crop; No. 50, one-third; No. 51, $\frac{1}{4}$ of a crop; No. 52, one-third; No. 53, $\frac{1}{4}$ of a crop; No. 54, one-third; No. 55, $\frac{1}{4}$ of a crop; No. 56, one-third; No. 57, $\frac{1}{4}$ of a crop; No. 58, one-third; No. 59, $\frac{1}{4}$ of a crop; No. 60, one-third; No. 61, $\frac{1}{4}$ of a crop; No. 62, one-third; No. 63, $\frac{1}{4}$ of a crop; No. 64, one-third; No. 65, $\frac{1}{4}$ of a crop; No. 66, one-third; No. 67, $\frac{1}{4}$ of a crop; No. 68, one-third; No. 69, $\frac{1}{4}$ of a crop; No. 70, one-third; No. 71, $\frac{1}{4}$ of a crop; No. 72, one-third; No. 73, $\frac{1}{4}$ of a crop; No. 74, one-third; No. 75, $\frac{1}{4}$ of a crop; No. 76, one-third; No. 77, $\frac{1}{4}$ of a crop; No. 78, one-third; No. 79, $\frac{1}{4}$ of a crop; No. 80, one-third; No. 81, $\frac{1}{4}$ of a crop; No. 82, one-third; No. 83, $\frac{1}{4}$ of a crop; No. 84, one-third; No. 85, $\frac{1}{4}$ of a crop; No. 86, one-third; No. 87, $\frac{1}{4}$ of a crop; No. 88, one-third; No. 89, $\frac{1}{4}$ of a crop; No. 90, one-third; No. 91, $\frac{1}{4}$ of a crop; No. 92, one-third; No. 93, $\frac{1}{4}$ of a crop; No. 94, one-third; No. 95, $\frac{1}{4}$ of a crop; No. 96, one-third; No. 97, $\frac{1}{4}$ of a crop; No. 98, one-third; No. 99, $\frac{1}{4}$ of a crop; No. 100, one-third.

poor, so much so that in a windy day a two men would have to be on each side playing "halloer" with the bunnies; No. 8, 1 of a crop; Nos. 9, 10, 11, 12, 13 and 14, about one-third of a crop. The following resolutions were adopted:

Resolved 1, That the property holders of Edgecombe county, in view of the unprecedented failure of crops the present year, will combine and make provision for means to enable the farmers to make a crop in 1890, and to provide for the maintenance of the laborers of the county.

2. That to all such persons as make faithful efforts to meet their obligations, and all such as are willing to make proper efforts by economy and push, to make a crop in 1890, there will be furnished at cost and interest, meat, etc., to an amount not to exceed \$75 to the horse crop.

3. To this end there shall be organized a committee consisting of two members from each township and three additional members from Tarboro to make the necessary arrangements to effect this purpose.

The plan was explained by Mr. S. S. Nash to be:

It was proposed to put meat and bread at cost to those farmers who were unable to procure the same for themselves, the entire business to be managed by the committee. Men of property were to give their names to borrow money, and with it purchase the necessities of life.

All supplies furnished in this way would be made a first lien upon the crops raised; landlord and mortgagee would be required to release their prior liens before any supplies would be furnished. Committees from each township were appointed to carry out the resolutions, and another meeting was called.

Special Meeting of County Commissioners.

In pursuance of the call of the chairman, made at the written request of E. W. Smallwood, a member of the Board, the Board met at 11 o'clock a. m. November 27, 1889. Present: James A. Bryan, chairman; E. W. Smallwood, Wm. Cleve and J. A. Meadows.

On motion, the Board adjourned to 4 o'clock p. m., when it convened with the same members present as above.

It was ordered that the order for the new registration of the voters in each voting precinct in the city of New Bern for the purpose of holding an election in said city on Thursday, January 9, 1890, made by the Board of Commissioners on the 5th day of November, 1889, be repealed and rescinded.

It was ordered that the following persons be and are hereby appointed registrars and judges of election for the various voting precincts in the city of New Bern for a special election to be held in said city on Thursday, January 9, 1890, upon the question of the subscription by the city of New Bern of \$50,000 to the capital stock of the East Carolina Land and Railway Company, as provided by the charter of said Company:

Registrars—First ward, John C. Whitty; second ward, J. K. Willis; third ward, W. E. Snelling; fourth ward, Wm. Colligan; fifth ward, McCarthy's precinct, Thos. F. McCarthy; sixth ward, Phillips' precinct, W. H. Hooten.

Judges of Election—First ward, D. S. Willis, Edward Lewis, Benj. Hahn, Moses Moore; second ward, Wm. M. Watson, W. F. Rountree, Jno. B. Willis, Jeremiah Abbott; third ward, Alex. Miller, W. R. Guion, Samuel Jackson, J. D. Barfield; fourth ward, Jno. B. Lane, Charles Swert, Isaac Richardson, Thos. C. Battle, fifth ward, McCarthy's precinct, E. I. Barnum, W. P. Metts, S. D. Pope, R. G. Moseley; fifth ward, Phillips' precinct, James Hill, C. E. Palmer, Peter Fisher, Geo. R. Richardson.

It was ordered that notice be served immediately upon said persons as appointed, by the sheriff, notifying them of their appointment, and that the sheriff deliver immediately the books of registration to them and take receipts therefor.

The chairman presented to the Board, for cancellation, bonds amounting to \$4,700, he having purchased them for credit of the sinking fund.

Commissioners Meadows and Cleve were appointed to destroy said bonds, which they did by burning the same in the presence of the Board.

Mr. George Allen, a member of the finance committee, having removed to another State, his appointment was rescinded.

Ordered that Thomas Daniels, Treasurer, be allowed \$258.50 for lot of jury tickets for spring term of 1889, and interest on same.

Board adjourned.

Quick Firing Guns.

The long account which the Standard (London) gives of the new quick firing Elswick guns fitted to the Italian cruiser Piemonte is rather uncomplimentary reading. It suggests plainly enough—what we know to be the opinion of many naval experts—that another revolution in naval architecture and naval armaments is in progress. Just as we have brought the art of mounting monster guns in huge floating batteries to within some distance of perfection, we discover that monster guns may after all have to be superseded. Instead of throwing one huge shot and shell every two minutes or so, the warship of the future may arrive to overwhelm its opponents by concentrating upon it a tremendously rapid fire from weapons comparatively small calibre; and to attain this result it may be necessary to discard turrets and barbettes, and even an armor of abnormal thickness. We may have, after all, a reversion to the old type of ironclad frigates, which had at any rate this advantage, that they were comfortable ships to live in and were not half under water in a sea way.

Catarrh

Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires a constitutional remedy like Hood's Sarsaparilla, which, working through the blood, eradicates the impurity which causes and promotes the disease, and

Catarrh

effects a permanent cure. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations had failed. Hood's Sarsaparilla also builds up the whole system, and makes you feel renewed in health and strength.

Catarrh

"I used Hood's Sarsaparilla for catarrh, and received great relief and benefit from it. The catarrh was very disagreeable, especially in the winter, causing constant discharge from my nose, ringing noises in my ears, and pains in the back of my head. The effect to clear

Catarrh

my head in the morning by hawking and spitting was painful. Hood's Sarsaparilla gave me relief immediately, while in time I was entirely cured. I am never without Hood's Sarsaparilla in my house as I think it worth its weight in gold." Mrs. G. B. Gunt, 1023 Eighth Street, N. W., Washington, D. C.
