NEW ADVERTISEMENTS

PROFESSOR SHEPARD—Next.

R. SAWYER—Fashionable tailor.

W. E. SNELLINGS—Sausage, etc.

A. L. GREGORY & Co.—For the next 30 days.

The troupe that had an engagement at the theatre here last night canceled their date. The Five meeting was too much for them.

Rev. B. W. Stancill will preach at Broad Creek Church Thursday and Friday nights and at 3 p. m. Saturday, and at the District Church in this city on Sunday morning and night.

Mr. Ferdinand Ulrich informs us that the telephone line running from his store to Pollockville, Mayville and Stella has been repaired. It was badly damaged in the recent storm, but is now in working order.

Evangelist W. P. Fife closed his engagement in New Berne last night and leaves today for Raleigh, where he will commence his next meeting. Through his instrumentality there has been about one hundred and sixty professions—a grand and noble work—but so rarely no greater than the revived interest he has aroused in professed Christians.

On Tuesday night, two little negro boys were found asleep in a box in the yard back of Mr. H. R. Bryan's office, on South Front street. Mr. Bryan discovered on the day before that some one had tampered with the back window of his office and notified Mayor Williams, who sent a policeman there on Tuesday night to watch the place. It was about 10 o'clock when the boys were found sweetly reposing on a large pillow which they had taken from the office and placed in the box. They were taken to police headquarters.

Off to the Penitentiary.

The following named persons, convicted in the Superior court last week, were taken to Raleigh yesterday: B. H. Ippock, 2 years; John Barnes, 2 years; William Copes, 2 years; William Hill, 2 years; David Hines, 8 years; Perry Chadwick, 3 years; William Pettaway, 3 years; Henry Houston 2 years. All up for larceny. All colored except B. H. Ippock.

Mayor's Court.

The following cases were disposed of yesterday:

Asa Bryan, colored, chap. 9, sec. 6, allowing cattle to run at large on the streets; taxed with cost.

Dilly Williams, colored, chap. 5, sec. 8, drunk and down in the city limits; submitted; taxed with cost.

Conference Appointments.

Rev. L. W. Crawford returned from Greensboro last night. He said that the appointments would be read out last night, but that he had received his before leaving. He will go to Greensboro. Rev. J. E. Mann will be sent to the Centenary church, this city. He was Presiding Elder of this district a few years ago. It is not positively known, but it is thought that Rev. T. Page Ricard will be sent to Hancock street church.

LATER—A telegram to Mr. T. A. Green confirms the above statement, and says that Rev. R. A. Willis, the present Presiding Elder of this district, will be continued here.

Craven County Superior Court.

One of the most interesting cases tried in this county for many years was taken up yesterday, viz: Young vs. the Western Union Telegraph Company. The plaintiff claimed damages by reason of negligence of defendant's Company in delivering to him a telegram sent to him announcing the illness and probable death of his wife, and sued for \$10,000. The telegram was sent from Greenville, S. C., about the 27th of last February, reached this office and was there delayed for four or five days, when Young called for it, having in the meantime received a letter informing him that his wife was dead and that a telegram had been sent, to which no reply had been received.

The defendant demurred to complaint for that mental suffering alone was not the subject of an action for damages.

The Court, after hearing the argument, which lasted several hours, decided that the action could be maintained. The defendant appealed to the Supreme court.

The plaintiff was represented by Manly & Guion, L. J. Moore and F. M. Simmons, the defendant by Clark & Clark. Mr. W. W. Clark made the opening speech and was followed by Mr. Clement Manly. Both of these gentlemen made very able and learned speeches, showing that the case had been profoundly studied. A gentleman who was present during the trial said to the reporter, "that speech of Clem. Manly's was the ablest I have ever heard in this court house."

In the case of Hahn vs. Smith the verdict was in favor of the defendant.

Tucker vs. M. E. Church, colored; verdict in favor of defendant.

THE FIVE MEETINGS.

Union Service under the Auspices of the Young Men's Christian Association at the Baptist Church.

WEDNESDAY EVENING SERVICE—At 8:30 o'clock came the regular afternoon service. Scriptural quotations were cited from John III, 14 to 18; first Epistle of John V, 9, 10, 11, 12 and 13; 24 Cor. VI, 14 to 18; Rom. VIII, 1 and others. It was a good meeting and pronounced by many to be the most earnest and impressive of any yet held.

NIGHT SERVICE—At night Mr. Fife was greeted with another large gathering of people to hear him in his parting words, and it was indeed a touching farewell. No regular text was taken, but rather a general talk. When the question was asked for all to arise who felt that they had been benefited and strengthened by the meetings, nearly the entire house rose.

Revs. Dr. Vass and H. W. Battle took occasion to express their gratitude to Mr. Fife for the earnest work and grand results he had accomplished while in New Berne.

A strong appeal was made by Mr. Fife for continued work by the Christians, and the holding out of those who had given themselves to Christ. He also urged the citizens of New Berne to give their hearty support to the Young Men's Christian Association of this city which had been instrumental in getting him here. The meeting closed with singing that beautiful and pathetic song, "God be with thee till we meet again."

CITY COUNCIL PROCEEDINGS.

December 8, 1889.

A regular meeting of the board of city council was held this evening at 7:15 o'clock, Mayor Williams in the chair. Present: Councilmen Burrus, Ulrich, Lane, Crawford and Ellis.

A petition from H. H. Tooker asking permission to repair and enlarge his fish house at the foot of Middle street was on motion granted.

The Marshal's report was read and on motion received and adopted:

We have made 30 arrests during the month; five were dismissed, twenty-five convicted.

Fines collected, \$ 7.50
Cost " 53.80

Total, \$60.80
One-half the above cost, \$26.65, was deducted for my fees.
JAS. T. LEWIS, City Marshal.

The Mayor made the following report:

FIRE DEPARTMENT.

Atlantic engine met with an accident on the 29th, and will be unfit for use until damages can be repaired. Mr. E. S. Street asked permission to repair and extend his shed at his stables on Middle street, which I recommend.

SANITARY.

The superintendent of health of the county has notified me that Bell's alley, the property of Mr. George Henderson, which I notified him about last summer, and he agreed to have it fixed. Must be attended to at once, or the said superintendent will have it done in accordance to law.

CEMETERIES

are in splendid condition.

STREETS.

Having some good and permanent work done to the streets.

POLICE.

Number of arrests during the month, 30; number convicted, 25; dismissed, 5; fines imposed, \$7.50; amount of cost, \$53.80.

I find that it is much easier to convict a man for murder on circumstantial evidence than it is to convict one for selling liquor on Sunday, or to a minor, as I had several cases in the Superior Court, and failed to convict any, but one who plead guilty; but will try it again. Think that the citizens that demand the stoppage of the Sunday business would be willing to give me and the police a helping hand, as they should know from the steps that I have taken against the business that I do not fear the influence of the dealer. We have 18 licensed bar rooms in town, and I am very glad to say that are but four that violate the law.

R. P. WILLIAMS, Mayor.

A petition from C. G. Wright and others, asking the removal of powder now stored in their neighborhood, was read. On motion of Councilman Crawford the Mayor was directed to have this removed out of the city limits.

Councilman Kennedy came in and took his seat.

The following petition from the New Berne Gas Light Company to light the city with electric lights was read:

NEW BERNE, Nov. 29, 1889.

To the Board of City Council, New Berne, Gentlemen:—The New Berne Gas Light Company begs to submit to you the following proposition to light the city of New Berne with electric lights, to-wit:

The said Company will furnish the city of New Berne with electric arc lights (the number of lights to be furnished not to be less than twenty) charging therefor per light a sum equal to the average sum per light by the several cities and towns of North Carolina now using electric arc lights. That the said lights shall be in position and supplied with electricity within sixty days after the contract for the same is executed.

A. H. LEITCH, President
New Berne Gas Light Company.

The Mayor said he did not regard this a definite proposition. Councilman Burrus moved that the matter be referred to the Mayor and chairman of fire department, finance and streets and pumps committees to receive propositions and report to the next meeting of the board, and the motion was carried.

The Mayor stated that he had a proposition from another company, which he would not now lay before the board.

A communication from Gen. Danby, Quarter Master-General, in reference to the macadamized road was read.

Councilmen Willis and Bishop arrived and took their seats.

The Mayor's report was taken up and Councilman Bishop stated that he had been to see the Auditing Committee and had failed to get a report from them. He was continued on committee to obtain it.

The Mayor's report was adopted.

A bill from the Sibley Manufacturing Company, for nickel placed on the New Berne Steam Fire engine, was presented.

The Mayor ruled that it was not a bill against theft. Councilman Ellis stated that it was not a bill against the city, but against the company, and asked that the council appropriate the amount necessary to pay the bill. The appropriation was made. The following members voting: Ayes, Councilmen Ulrich, Ellis, Bishop, Willis and Kennedy. Nays, Councilmen Burrus, Lane and Crawford.

Councilman Ulrich brought up the matter of the Rough & Ready Fire Company not appearing at fires. The Mayor read the acts of the Legislature in regard to the company. Councilman Kennedy moved that the same arrangement be made for hauling the company apparatus to fires as now made for the M. H. & L. Company.

The motion was carried. Councilman Ulrich voting in the negative. The appointment of James Lucas janitor of the company was approved.

Councilman Ulrich brought up the matter of lights not being lighted in certain places in the city, which was referred to the committee on Streets and Pumps.

Councilman Willis moved that the street hands be allowed one dollar per day. Lost for want of a second.

A bill of Mr. Geo. Allen, for feed cutter which was in dispute, was on motion allowed to be used in payment of due bill of his, now held by the tax collector.

The following bills were allowed:

R. P. Williams, mayor, \$33.33; F. Ulrich, treasurer, 16.16; James T. Lewis, marshal, 25.00; J. E. Gaskill, police, 30.00; M. T. Roberts, police, 30.00; Thos. Wilson, police, 30.00; J. L.
