Shall New Berne Progress

We call the attention of our reader to the items of "Shall New Berne Progress?" This is a question that interest us all. Every person in this community should favor any reasonable, proposition to make New Berne progress. New industries in this community will for the orphans to Mr. F. Ulrich's store furnish labor to the laboring man, whereby he can earn something to buy bread and meat and clothes for his family. We should do all in our power to employ the surplus labor; they need work; the bone and sinew of the land will put the almighty dollar in motion. The building of a railroad into Onslow and Jones counties is a matter of great importance. Important to New Berne because its success will bring us in close relationship with the people of Onslow and turn their produce, "of which we now get but a tithe," in this direction. Important to Jones county because it MEMORIAL services in honor of The Annie will arrive tomorrow.

Are predicted with reliable accuracy, and people liable to the pains and aches of rheumatism dread every change to damp or stormy weather. Although Hood's Saresparilla is not claimed to be a positive specific for rheumatism, the remarkable cures it has effected show that it may be taken for this complaint with reasonable certainty of benefit. Its action in neutralizing the acidity of the blood, which is the cause of rheumatism, constitutes the secret of the success of Hood's Sarsaparilla.
