**OF the one hundred and eight** Methodist preachers in Kentucky a year ago, not one died during the past year.

**WHAT a delightful Christmas Day we had!** Nothing to mar it except the inevitable firecracker and fire-water, both of which are disagreeable.—*Norfolk Landmark.*

**THE report that President Harrison** has fallen a victim to influenza is a false rumor. The Presidential aneurysm was due to Mr. Quay's habit of taking snuff.—*Nashville American.*

**REV. W. H. BARNES, Honolulu,** says that there are 20,000 Chinese in the Sandwich Islands; that two congregations of them are connected with the English Church Mission, and that they made good Christians.

**THE Pope** has received in solemn audience the Grand Duchess Catherine, of Russia. She brought an autograph letter from the Czar, which related to the appointment of the Russian prelates for Russia. The Czar desires the Archbishop of Warsaw to be made a Cardinal.

**In China** one can always borrow money on the strength of having a son, but nobody would advance him a cent if he had a dozen daughters. The former is responsible for the debt of his father for three generations. The latter is responsible only for the debt of her own husband.

**THE appointment of Speaker Keed's** committee means large appropriations and high taxes. In this respect they are what was expected. The Republican object is to get rid of the surplus, and that the majority in Congress is doing its best to do so, ought to surprise no one.—*Home Sentinel.*

**IN the independent opinion of** George William Curtis, of Harper's Weekly, Grover Cleveland is "the most popular of living Americans," and when he recently addressed the students of Cornell university he was presented as "the one man in all the nation who needs no introduction."—*Norfolk Virginia.*

**According to the Duke of Wellington,** the quality which Napoleon possessed, which he lacked was passion. The English general thought that the great error committed by the late Corsican, which led to his downfall, were due to his impetuosity. When after his escape from Elba, the Duke was of opinion that he might have re-established his power if, instead of fighting the battle of Waterloo, he had simply retreated to Bayona, from invasion, and employed his genius in eluding and baffling his foe, so as to prolong the contest and exhaust their resources.

**At Casino House,** Joshua Dean, Pamlico county; W. B. Howland, Beaufort; K. G. J. F. Gaskins, N. C.; J. M. Braddock and sister, Vanceboro; E. L. Archbell, Ch.; S. H. Bacon, Samuel Bacon, Laurel, Dela.

**Headache** is readily cured by Hood's Sarsaparilla, which tones and regulates the digestion, and creates an appetite.

nature, but come down to our condition, and surrounded himself with our circumstances—become subject to such temptations as we are subject to. O "what a Saviour!" Why, he knows from experience what pain is; He has had the trials I have; He has been through this vale of tears; He knows how I am tried, He remembers how He was tried. He wept over the very city and people whose soil and hands are about to be stained with His blood. I wonder I love Him so little; I wonder He is not more precious to me; I wonder any should be offended in Him. How can He appear a root out of a dry ground? Why, He's all sea, His form; and His name—*Dr. Nevins.*

We received application a few days ago for thirty sample copies of the JOURNAL to be sent to thirty different addresses in Wisconsin.

A few days more and we will begin to write a 9 in the dates of our letters—1890. The figure 9 will then be used in every date for a hundred and ten years.

**Printer to Editor**—"I'll bet you never saw a picture of Bacon." Editor—"Ham! Lived on it all the summer." Printer—"Oh; that was Nassau bacon." Editor—"Well did you say 'ne'er saw bacon'?"

**Rev. Mr. Battle's** subject tonight at the Baptist Church will be "THE COMING OF THE END." He will refer, at some length, to the recent deaths, that of Jefferson Davis, Robert Browning, and Henry W. Grady.

**Miss Aurora Mace** has accepted the position of teacher of art and painting in the New Berne High School. We are glad to know that this department has been added to this excellent school and congratulate the principal on securing the services of Miss Mace.

**Governor D. G. Fowle** will open our Fair on February 24th. The managers have received letters from several prominent Alliance men in which they said kind and complimentary things about the last Fair and stated that they would attend the next one. Hon. T. J. Jarvis says he will be on hand again.

"Hard Ware," a correspondent writing in this issue says some things not very complimentary to New Berne. We would like to ask Mr. "Hard Ware" if he is doing and has always done his portion of the work in advancing the prosperity of our city. Could he not find one good word to say in our favor?

Does he not know that the streets and sidewalks of New Berne are better today than they have ever been, and that the houses are more elegant and better? Does he not know that the volume of business being done is gradually increasing, and that a number of houses does more business during the past holidays than any year before? This is a fact.

## SHALL NEW BERNE PROGRESS?

No. 14.

In ante-bellum times, before the coming of any railroad, New Berne was the great amusement center for a radius of more than fifty miles. The glorious circus heralded them as now, by the attractive and deceptive poster, informed all the country about that it would exhibit here at a certain time. On these memorable and never-to-be-forgotten occasions, every class and character of vehicle was put into requisition, and from Goldsboro on the west Beaufort harbor on the east, from the Pamlico river on the north to New river on the south, all the roads leading therefrom and centering at New Berne were thronged with eager people coming to the circus; and what a day for New Berne! the metropolis of a fertile country, it gloried in the fact that it was the central point to which a large constituency gravitated for this pleasure. How different is all this today. If an entertainment of superior character enters the State it keeps on, stopping at some leading town upon the direct line of travel. Goldsboro for instance, like the veriest provincials the people of New Berne by the courtesy of special trains placed at the disposal by the A. & N. C. R. R., travel 150 miles to go to the show, that would not come to them, because they live in a remote and out of the way place.

There are few things that speak so eloquently and forcibly of one meagre and limited connection with the world of travel, it is almost humiliating, the admission of playing the role of Core creek to Goldsboro's attitude of city dignity; of being the country cousin who goes to town to the show, and yet there are men who subject themselves and wives to this annoyance, who are found today opposing the proposition to subscribe to the capital stock of the New Berne and Onslow Railroad, whose construction would put us on the line of continuous travel and enable us in point of location to offer the same inducements for entertainments of merit to appear here as are offered by the other cities of the State and thereby enable all our people to witness or hear the men and women—historically famous. Social pride, one would suppose, would be sufficient to disarm opposition to the measure we advocate, and when combined with it, is the greatest and highest interest, if they will but see it, objection must fall to the ground.

Let us resume our old-time position of being the amusement center for our large contributory territory, and with renewed prestige hold up our heads as being the place that one goes to, instead of from to witness a first class and meritorious entertainment. To do this let us vote to subscribe to the capital stock of the new railroad, place New Berne on the line of north and south travel and the thing is accomplished.

**It is undeniably caused by lactic acid** in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrists. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

## NEW BERNE STANDS ALONE.

The Procession of Progressive Towns Has Left Her.

**EDITOR JOURNAL**—Little more than half a century ago New Berne stood at the very head of trade enterprise and commercial activity in North Carolina; in progress and prosperity she led the column.

Today she is the very tail of the procession. Well, hardly the tail, for that does keep up in a manner; but New Berne is away behind, a long way in the rear.

Look at Asheville, away across the mountains; at Hickory, Charlotte, Statesville, Concord, Monroe, Salisbury, High Point, Winston, Greensboro, Reidsville, Fayetteville, Durham, Raleigh, Henderson, Tarboro, Wilson, Goldsboro, Wilmington, Washington and Elizabeth City. All these, some of them unknown and unnamed when New Berne was old, have outstripped her in the race and left her far out of sight.

And these are not all. There are two dozen more to town in the State, of more progress and business volume than New Berne has today, the mention of which ought to make every New Bernean ashamed of the sloth of his city.

The contrast is due entirely to inactivity, to listlessness and dry rot. The term Elm City is now no more significant of life and enterprise than that of Cedar Grove, and has not for a long time been.

Twenty Chinese walls, on top of each other, could not have more effectually shut off New Berne from participation in the progress common to other portions of the State, than the indolence and ediot of the Old Foggy has done. To the active business world, New Berne, on the Neuse-Trent, is practically the same as Brant Island, in the Pamlico Sound.

And if care is not taken, and proper vigilance is not observed, things are not going to mend.

If the Coast Line people join their road, from Kinston, on to the Wilmington and Jacksonville Railroad, farewell old Athens!

**LA GRIPPE or Russian Influenza.**  
LYNCHBURG, Va., Dec. 27.—A few cases of la grippe are reported here.

**OMAHA, Neb., Dec. 27.**—La Grippe or Russian influenza is prevailing here in epidemic form. It is estimated that fully two thirds of the people are suffering from it.

**CHICAGO, Dec. 27.**—The Russian influenza is said to have reached this city. Dr. T. O. Summers reports that since last Monday, he has had 15 cases for treatment.

**VIENNA, Dec. 27.**—The hospitals of this city are crowded with patients suffering from influenza, accompanied with inflammation of the lungs, pleurisy and peritonitis.

**LA GRIPPE IN BOSTON.**  
POSTON, Mass., Dec. 27.—Boston is overrun with la grippe. Of actual cases demanding medical care, it is no exaggeration to say there are 25,000 in and around Boston. Many of the city officials are nursing the malady at home. Malden city claims one hundred cases. One death is reported from la grippe at Malden.

**[ADVERTISEMENT]**  
Gross Fraud and Corruption.

**EDITOR JOURNAL**—To whom it may concern: The circular before the public headed "1863-1890—Freedom! 27th Anniversary of the Emancipation Proclamation" is tainted, blackened, smeared over with a lie equaled in rottenness and falsehood to the lie Saphire told. I mean to say that the program before the public for Jan. 1st, 1890, is bogus and an imposition upon the decent and respectable people of New Berne.

I shall have poor opinion of a decent, respectable person, who takes part under the present lying program.

I was chairman of the mass meeting and by consent of the house I appointed the committee. I was present with the committee when all the arrangements were made. I know whereof I speak.

**ISAAC H. SMITH, Chairman.**  
P. S.—Messrs. Fred Douglas, J. B. Willis, H. W. Thompson, I. Harris, E. E. Tucker, L. H. Smith, A. Williams, J. J. Mosely, Committee. A majority of the committee will tell you the program lies.

**List of Letters**  
Remaining in the postoffice at New Berne, Craven county, December 28th, 1889.

**Mr. W. P. Beasie**, J. D. Beaton, John Davis, Mrs. Susan Jane Gailin, Miss Hattie Mosley.

Persons calling for above letters, will say advertised, and give date of list. The regulations now require that one cent shall be collected on the delivery of each letter advertised.

**WM. E. CLARKE, P. M.**

**A Modest, Sensitive Woman** often shrinks from consulting a physician about functional derangement, and prefers to suffer in silence. This may be a mistaken feeling, but it is one which is largely prevalent. To all such women we would say that one of the most skillful physicians of the day, who has had a vast experience in curing disease peculiar to women, has prepared a remedy which is of inestimable aid to them. We refer to Dr. Pierce's Favorite Prescription. This is the only remedy for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case or money refunded. See guarantee printed on bottle wrapper.

## Something for the New Year.

The world renowned success of Hostetter's Stomach Bitters, and their continued popularity for over a third of a century as a stomachic, is scarcely more wonderful than the welcome that greets the annual appearance of Hostetter's Almanac. This valuable medical treatise is published by The Hostetter Company, Pittsburgh, Pa., under their own immediate supervision, employing sixty hands in that department. They are running about eleven months in the year on this work, and the issue of same for 1890 will not be less than ten millions, printed in the English, German, French, Welsh, Norwegian, Swedish, Holland, Bohemian and Spanish languages. Refer to a copy of it for valuable and interesting reading concerning health, and numerous testimonials as to the efficacy of Hostetter's Stomach Bitters, amusement, varied information, astronomical calculations and chronological items, etc. The Almanac for 1890 can be obtained free of cost, from druggists and general country dealers in all parts of the country.
