**CONGRESSMAN MARTIN,** of Texas, has been assigned a seat in the House so remote that he couldn't catch the Speaker's eye with a comet nor his ear with a brass band.—San Francisco Alta.

**THE deaths** in this city last week reached a total of 2,423, an increase of 222 over the corresponding week of last year. The increase is attributed to the epidemic of influenza, which now seems to be abating.—New York World.

We are gratified at the statement that ex-United States Senator William A. Wallace will be nominated for Governor by the Democrats of Pennsylvania. He is a good and strong man that offers no vulnerable points to the enemy.

This is not the first visit of "la grippe" to this country. It was here ten or twelve years ago when it confined its operations principally to the horse family and was known by the less French names of epistax and pink eye.—Wilmington Star.

The enemies of Harrison in the Republican party are already intriguing for his successor. A ticket with General Russell Alger for President and Speaker Reed for Vice President is canvassed among Republican politicians in Washington. But these early tickets rarely survive until the day of a nominating convention.—Philadelphia Record.

It is a good deal of a come-down when a journal like the St. Louis Globe-Democrat looks forward to the time when the protective policy will be no longer necessary. That it does so is evident from its taking refuge from the storm of demand for reduction behind the statement that the conditions in this country make the maintenance of the protective policy for a while longer imperative.—Detroit Free Press.

**Boston, January 11.**—The Boston Board of Health has received up to noon today reports of 436 deaths, the largest number ever recorded in seven days. Diseases of the respiratory organs have been terribly effective. No less than 113 deaths are from pneumonia, 82 from consumption, 33 from bronchitis, and 14 from influenza. The death rate for the week reaches the unprecedented total of 53.61.—News & Observer.

**ATLANTA, January 9.**—Three well known business men—A. W. Boggs of Chicago, E. D. Gilmore of Pittsburg, and F. B. Brady of Tiffin, Ohio, reached Atlanta this morning from New Orleans. They were sulphurous in their language. They took the Pullman sleeper in New Orleans, and finding the lower berths all gone, were booked for beds above. The occupants of the

lower berths proved to be four black members of the Louisiana legislature, who were on their way to Washington. Though the three white men were Republicans and had voted for Harrison for President they were outspoken in their denunciation of the presence of the blacks. The negroes talked politics all night, and when morning came took complete possession of the lavatory, stripping to the skin to wash. The white men abandoned the field to them, and waited until they reached an Atlanta hotel before they touched towel or soap. All three declared that henceforward they would vote the Democratic ticket.—Philadelphia Press.

One case in Mayor's court yesterday. Jarvis Webb, colored, was charged with violating chapter 5, section 4, by being riotous and disorderly in the city limits. He was taxed with cost or fifteen days' work on the streets.

This weather is a great deal more reasonable than the lazy days we have been having. We suppose the farmers will begin to make their hogs squeal now. Many farmers lost part of their pork during the warm spell.

Praise service at the Market dock mission station tonight at eight o'clock: J. C. Whitty, leader. Subject, Salvation. Matt. 1, 21; John 19, 30. All men who are interested in this salvation are cordially and earnestly invited to be present, and bring your unsaved friend with you.

"The Goldsboro Argus says: 'The express business of the A. & N. C. R. R. has so increased under the new and excellent administration of President Chadwick, that it will be given an exclusive messenger. Heretofore it has been consolidated with the route to Greensboro, the messengers running right through to Morehead City.'"

The services at the Presbyterian church on Sunday night (which we intended to notice yesterday, but by inadvertence failed to do so) were very enjoyable and profitable. It was the closing services of the week of prayer of the Evangelical Alliance. Rev. H. W. Battle preached a very interesting sermon on "The Future Glory," and the music by the choir was excellent. The organ voluntary also deserves special mention.

The Wilmington Messenger of yesterday says: "The schooner Nellie May which cleared from here last week for Jacksonville, Onslow county, was captured in New River and her master and crew narrowly escaped with their lives. The schooner carried a cargo shipped by Messrs. Hall & Pearsall and the Wilmington, Onslow & East Carolina Railroad. A portion of the cargo was saved but it is supposed that a greater portion was lost. The schooner went to pieces." Mr. Geo. N. Free, the owner of the vessel, has gone down to look after the wreck.

Do you have dyspeptic troubles? Take Hood's Sarsaparilla, which has relieved thousands and will cure you. Sold by druggists.

## Swallowed Concentrated Lye.

We learned yesterday of a sad death at Arapahoe, Pamlico county. The little two-year-old child of Mr. J. B. Bennett swallowed some concentrated lye on last Friday and died from the effects of it on the next day. The floor was being scoured on that day and the lye was being used. An open box of the lye was left on the floor. The child got to it, and, taking a handful, swallowed it. An awful death followed.

## Religious Interest.

Rev. W. D. Morton, the Evangelist of the Presbyterian Synod of North Carolina, began a series of meetings on Saturday in Pollockville. Very deep and remarkable interest has been awakened; there are numbers asking the way of life, and some have professed conversion. The meetings will be continued for several days. Regular appointments are maintained in Pollockville by Rev. J. J. Hines.

## NORTH CAROLINA NEWS.

### From the State Papers.

Webster Herald: The commissioners of Buncombe county have ordered an election to be held April 8th, to vote \$200,000 bonds to the A. & N. C. R. R., and \$200,000 to the A. & K. railroads.

H. P. Chestnut, the colored Congressman from the Second district, addressed several hundred colored people at Halifax a few days ago, urging them not to leave that section to go away to Kansas and other places.

Goldsboro Argus: The Neuse Lumber Company of this city are constructing a commodious plant on the river near old Weynesboro, which will be equipped with all the latest improved machinery for kiln-drying, planing, turning and preparing lumber of all kinds for market. Thus does Goldsboro go forward.

Goldsboro Argus: The truck farmers of this vicinity say they will begin operations in dead earnest bright and early tomorrow morning for planting a full, varied and increased crop of truck.—Superior Court for this county convenes tomorrow week, on Monday, January 20th. It will have a large original docket.

La Grange Spectator: Big crops on a few acres. This is the only successful way to farm. Farmers, have you thought about this? If you have not, sit down, take your pencil and paper, make your figures, and see for yourself if this is not the true policy. Our farmers have got to come to this, and the sooner they realize this fact the better it will be for them.

Raleigh News and Observer: Sheriffs are now coming in lively and settling their county taxes with the State Treasurer.—The location committee of the Baptist Female University will meet in Durham next Tuesday week, and see the grounds the citizens offer them there. And on Wednesday, the day following, the committee will probably visit Greensboro.—The Supreme Court will not reconvene regularly after the holidays till February 1. The court will, however, file some opinions about the 15th of this month. It is understood that an opinion on the Boyle case will be filed at that time.—There is said to be four thousand negroes at Wilson, N. C., waiting for an opportunity to go somewhere. Sheriff Briggs, who furnished this information, says they are stuck in every place possible for them to occupy, and with no visible means of subsistence.

by many friends, notably among those of the Masonic fraternity, in which he holds high rank and consideration. He will leave today at 2 p. m. for Raleigh. Dr. Grissom has been on a visit to St. Louis, where he has been offered high and lucrative position in an institution of high character in which the treatment of various ailments is a specialty, and it is probable he will accept the offer. An erroneous statement comes from Washington that he had been an applicant for the control of St. Elizabeth, the National Insane Asylum. This is an error, his absence from Raleigh being connected solely with the St. Louis proposition.

Wilmington Messenger: The Cape Fear and Yadkin Valley Railway will be formally opened for business from this city sixty-two miles to Parkersburg on Monday, the 20th inst., and the schedule for the running of the trains has been arranged. Up to yesterday the track had been laid to Antreville or a little beyond, which places the track-layers within ten miles of Fayetteville.

—Raleigh correspondence: Mr. W. G. Uphurch, president of the State Agricultural Society, who is a leading Wake farmer, said today that the farmers here will get on better this year. There will be little trouble, if any, about labor. The farmers will have to buy what they need and not what they want to buy. They will make a crop at less expense than usual. He looks for better times next fall. That is the outlook.

## LATEST NEWS.

### Called from the Press Dispatches

RESTRICTIONS ON UNIVERSAL SUFFRAGE. JACKSON, Miss., Jan. 11.—Senator Williamson offered a bill in the Senate yesterday to amend the charter of this city. It proposes to restrict the right to vote for mayor and other officers to those who can read and write or who own \$500 worth of taxable property. The bill will probably pass.

INKY INSULTS TO BE WIPED OUT IN BLOOD. AUSTIN, Tex., Jan. 12.—The issuance of land patents to the Houston and Texas Central against the protest of Attorney General Hogg has led to a sharp correspondence between him and Land Commissioner Hall. Both have declared the official correspondence closed and a duel is expected.

CHARLESTON'S NEW CATHEDRAL. CHARLESTON, S. C., Jan. 12.—The ceremony of the laying of the corner stone of the new Catholic cathedral took place here today in the presence of an immense crowd. Cardinal Gibbons, assisted by Bishop Moore, of St. Augustine, Abbot Haide, of North Carolina, Bishop Northrop, of Charleston, and quite a number of visiting clergymen, conducted the services.

ABOUT TO BUY A TOWN. BIRMINGHAM, Ala., Jan. 12.—It is reported that English capitalists will invest \$5,000,000 in Gadsden, Ala., and a later dispatch from Gadsden says that negotiations are pending and that the trade may be closed today.

HEAVY FALL OF SNOW IN IOWA. DES MOINES, Iowa, Jan. 12.—Six inches of snow has fallen here since morning. The wind is blowing hard and the snow badly and is still falling.

## A TERRIFIC CYCLONE.

ST. LOUIS, Jan. 12.—About 4:30 this afternoon a cyclone struck the southeastern section of the city and swept on through to the northern limits, making a pathway nearly a quarter of a mile wide and leaving death and desolation in its track. There was scarcely any warning of the approaching storm, owing to the fact that the sky had been overcast for several hours before the full force of the wind was felt, and it was all over in an incredibly brief period of time, those residing in and near the path of the cyclone scarcely realizing what had happened until it was all over. Several lives were lost here. Reports from the surrounding country are delayed by the telegraph service being crippled by the storm. The losses on property are roughly estimated at \$100,000, but will likely prove more.

ST. LOUIS, Jan. 13.—Dispatches from different portions of Kansas report a blizzard in that State. At Wichita, ten inches of snow fell, and for a hundred miles west the storm raged with fury, and the whole country is covered with snow to the depth of a foot or more. Railroad trains are stuck at several places and traffic is practically suspended. Intense suffering is reported in the destitute districts in several of the western counties. There are forty or more cases of provisions in the town of Liberal, on route to the sufferers, but that is 50 to 70 miles away from the starving people, and nobody is willing to take the chances of freezing by hauling freight in wagons. The temperature is not very low yet, but the mercury is falling and severe cold is apprehended.

CAIRO, Ill., Jan. 13.—The tornado about midnight struck the east side of Clinton, Ky., demolishing fifty-five houses and killing eleven people and wounding fifty-three. Assistance was sent from here last night.

Dispatches from Chicago, from Cincinnati, and from Syracuse, Oswego, Utica and Rochester, N. Y., report terrific wind storms at those places, causing the loss of several lives and great damage to property.

LIPPINCOTT'S MAGAZINE, with its varied and excellent contents, is a library in itself. It was indeed a happy thought to print an entire novel in each number. Not a short novelette, but a long story such as you are used to get in book form and pay from one dollar to one dollar and a half for. Not only that, but with each number you get an abundance of other contributions, which gives you a good magazine besides the novel. The ringing blows which have been struck on the gateway of popular fiction, have resounded throughout the entire land, and to-day Lippincott's Magazine stands in the front rank of monthly publications, and is the most widely-read and talked-of publication of its kind in the world. For full descriptive circulars, address LIPPINCOTT'S MAGAZINE, Philadelphia \$3.00 per year. 25 ct. single number. The publisher of this paper will receive your subscription.
