THE PROPOSITION TO SETTLE IN THE Upper Congo Country a colony of negroes from the United States meets with much favor there. It is thought this would greatly facilitate the peaceful introduction of the ideas and methods of industry and commerce of civilized countries. King Leopold and all the Belgian merchants concerned in African trade favor the scheme. —N. Y. World.

SOME alarm exists in New York lest typhus fever, one of the most fatal and malignant of all diseases, should have been scattered through the land by the passengers of a German emigrant ship which reached port December 5. A few deaths occurred before and after arrival, but the passengers meanwhile scattered over the country. Inquiry after them is now made, so as to put communities on their guard, but it looks now like locking the stable door after the horse has escaped. —Asheville Citizen.

JEFFERSON DAVIS.—The Memorial Volume "How Being prepared by Rev. J. Wm. Jones, with assistance of Mrs. Davis, will be authentic, charmingly written, beautifully illustrated and bound—in every way worthy of the subject. Agents wanted. Complete outfit \$1. BILL HEADS and Statements neatly printed at this office. Call and take your orders with us.

HON. E. K. Wilson has been re-elected U. S. Senator from Maryland.

On Tuesday Hon. Calvin S. Brice was elected U. S. Senator from Ohio. The vote was Brice 76, Foster 66, scattering 2.

It was hard to beat. On last Sunday Mrs. L. E. Page, of Ingersoll, gave birth to four girl babies. A real splendid quartet. Music!

ANOTHER heavy snow in the North and Northwest last Tuesday. A real full grown blizzard swept over Minnesota, Dakota, Montana and Northern Iowa.

A GEORGIA man has applied for a patent on a process of manufacturing a fibre from the pea vine, suitable for making cotton bagging, etc. He says he's got it down fine.

When the gripe filled Senator Ingalls with "pus" it discovered the best use to which he could be converted. A sort of perambulating phylactery. —Wilmington Star.

THE Pennsylvania Railroad Company has been compelled to refuse freight for the Seaboard during the past few days owing to the prevalence of the gripe among its freight crews.

JUDGE McCONNELL has granted the application of Kuns for a new trial, but denied the motion as to the other defendants Coughlin, Barke and O'Sullivan, charged with the murder of Dr. Cronin.

FRIGGING has occurred in Brazil between a portion of the army, which strongly favors the Monarchy and a company of artillery of the Provisional Government; the Monarchists resisted arrest, and about one hundred of them are reported to have been killed.

If the Republicans should crowd any one of the proposed Federal election laws through Congress, and increase or even refuse to reduce, the War tariff, "Waterloo" would prove a term entirely weak and unsatisfactory as descriptive of the Republican defeat in the next Congressional elections. —Arkansas Gazette.

BIRMINGHAM, ALA., is a bustling town and has a right to do some pretty tall bragging on her own account. During the past year 1,500 buildings were erected there, which cost \$2,500,000. She has now 24 iron furnaces with a capacity of 3,000,000 tons of pig iron per day. Five of these were built last year. —Wilmington Star.

The star of Bethlehem will again be visible in this year, being its seventh appearance since the birth of Christ. It comes once in 315 years and is of wondrous brilliance for the space of three weeks; then it wanes and disappears after seven or eight months. It will be a sixth star added to the five fixed stars in the constellation Orion while it remains in sight. —N. Y.

Shipping News.

The steamer Annie of the E. C. D. line will arrive today and sail at 7 o'clock this evening. The Reglet of this line will arrive tomorrow.

The steamer L. A. Cobb will sail at 8 o'clock this morning for Jolly Old Field.

The steamer Manteo, of the O. D. line, will sail for Norfolk today at 12 o'clock.

Well Pleased With Our Country. Capt. Dewar and wife, of New York, are in the city, and are the guests of Capt. Southgate, of the steamer Manteo, having come over with him from Norfolk on Wednesday. Capt. Dewar is superintendent of the Guion line of trans-Atlantic steamships, and is taking a trip for pleasure and recreation. He rode out through the truck farms near the city on Thursday and he has "taken in" our little city. He expresses himself as being highly pleased with our city and the surrounding country. He says he did not expect to find such a country here, but "one must come to a place to find out what it really is."

The Fire Yesterday. About five o'clock the alarm was given from David Speight's oyster saloon, on Middle street. The fire department responded as quickly as any in the United States, or any other country, ever did, and the fire was soon extinguished. It was a very sorry fire, but it gave the small boys an opportunity to split their throats and stretch their legs and caused a little excitement. The fire was caused by an imperfect connection of a stove pipe with the chimney. The pipe from Speight's stove ran through the weather-boarding into a chimney which did not stand square up to the house, and by this imperfect connection the fire was started. It would have no doubt resulted very seriously had it not been discovered so soon. The loss is very little.

Words From a Neighbor. Bro. Creecy, of the Elizabeth City Economist, never loses an opportunity to say a kind word for New Berne, and he is right when he says:

"NEW BERNE, PAST, PRESENT AND FUTURE.—The past of New Berne is secure. Its past history is a priceless heritage of North Carolina. Its present is not so replete with renown, but it is rising from its lethargy and there is promise of a bright future. It has recently authorized a subscription of \$50,000 to the road from Wilmington to New Berne via Onslow. Its Agricultural and Fish Fair has thus far been the most successful Fair ever established in the State and its two exhibitions have been a complete success financially and otherwise. The next annual Fair will be held February 24th and the indications are that it will excel either of the others. Gen. Bob Ransom is chief marshal and is selecting assistants in other parts of the State. All looks promising for it. We hope our part of Eastern North Carolina will be represented by a full attendance."

Thanks, brother. Be sure to come over to our next Fair.

A Bad Case of Grip. The following paragraph was handed to us by Mr. B. E. Davenport, Mrs. Davenport having received it from Miss Goodale, of New Jersey, who was here last spring. Many of our readers will no doubt remember Dr. Byram. He was here in company with Dr. J. D. King, and at the same time the Misses Goodale were here:

DOVER, N. J., Jan. 11.—Dr. John Byram, a well-known physician of this town, committed suicide this morning. About a week ago he got influenza, which resulted in pneumonia. Last night his actions indicated that he was delirious. Dr. J. G. Ryerson determined to stay with him during the night. After midnight Dr. Ryerson lay down to rest, leaving Dr. Byram's mother to take care of him. About 9 o'clock Dr. Byram induced his mother to go down stairs for something. In her absence, although greatly embarrassed, he arose from his bed and went to another room, where he obtained a revolver, which he placed at his right temple and discharged. The bullet lodged in his brain and killed him instantly. He was about 38 years old. He was a well-known sportsman as well as physician, and possessed as much woodcraft and water-craft as any man in this part of New Jersey.

Judge Gilmer Resigns. The Raleigh correspondent of the Wilmington Messenger says: "Judge John A. Gilmer, of the Fifth Judicial district, has resigned. His successor has not yet been appointed. Among those who are prominently mentioned in connection with the appointment are: Thos. B. Womack, Robt. W. Winston, James L. Morehead, John A. Barringer and E. S. Parker." The News and Observer says his private business and the condition of his health have combined to determine his resignation. He still suffers from the effects of wounds received on the battlefield.

The next term begins Wednesday, Jan. 23d.

LATEST NEWS.

PERISHING IN THE SNOW.

CHEYENNE, Wyo., Jan. 14.—Twelve to eighteen inches of snow have fallen in the western end of the Territory. The snow has crusted, and, with the freezing of the water, cattle, sheep and horses are perishing all over the range. An owner yesterday received word from his ranch in that section that scarcely an animal that could not be fed would survive.

Horses have worn their hoofs to the quick trying to beat through the crusted snow. Cattle and sheep are helpless; game has been driven from the mountains, and antelope have been killed within the city limits of Evanston, while the stock has drifted to the railway. Saturday and Sunday were intensely cold, and two men were frozen to death.

A TRAIN WITH A TAIL LIKE A METEOR. ST. LOUIS, Mo., Jan. 14.—While a cotton-laden train was running from Perry & Harrison's station, on the Houston and Texas Central railroad, in Texas, yesterday, the cotton took fire and the train rushed into the latter station with a long and furious stream of flame following it. The depot caught fire, and it and several cars and about two hundred bales of cotton were consumed.

CARNIVAL WEEK AT AUGUSTA. AUGUSTA, Ga., Jan. 14.—Carnival week opened in Augusta today with the turning over of the keys of the city by the Mayor to King Cotton. WALKER BLAINE DEAD. WASHINGTON, D. C., Jan. 16.—Walker Blaine, eldest son of the Secretary of State, died last night at 8:30 o'clock at his father's residence, on Lafayette Square, after a brief illness of pneumonia, without even premonition to those who had watched at his bedside. He can be recorded as a victim of the prevailing epidemic, the gripe, for, although the physician says that pneumonia was the direct cause of death, the one follows upon the other to such fatal ends in so many cases that they may be accounted together parts of one disease. Walker Blaine was thirty-five years of age and unmarried. He was born in Augusta, Me., May 8, 1855, and graduated at Yale College and Columbia law school.
