Men study a woman as they study the barometer; but they do not understand till the day afterward.

The clouds never grow so dark over the Christian's path but that the sunlight of God's promises can shine through.

WHAT a boy is at fifteen, his mother has largely made him; what a man is at forty, his wife has largely made him.—Dr. Harsha.

The Greensboro Patriot comes to us again after months of suspension. We gladly welcome it, and predict for it honor and usefulness.

LET not him who prays suffer his tongue to outstrip his heart; nor presume to carry a message to the throne of grace while that stays behind.—South.

The true Christian is like the sun, which pursues his noiseless track and everywhere leaves the effect of his beams in blessing upon the world around him.—Luther.

'TIS nothing for a man to hold up his head in a calm; but to maintain his post when all others have quitted their ground, and there to stand upright where other men are beaten down, this is divine and praiseworthy.—Seneca.

The New Berne JOURNAL every day gets in a few lines about the Big Fair that is to begin there on the 24th of February.—Goldsboro Evening Dispatch. Yes, we do! We are trying to give the people some idea of what we are doing. The JOURNAL never gets tired of "blowing" a good thing for Eastern North Carolina.

PERSONS who fail sometimes imagine that they can relieve their failure by scolding and fretting at those who succeed. But the fact ever is that this but makes the case worse. Attention is all the more directed to the failure, and it becomes the more signal. If you do not succeed yourself, do not fret and scold at those who do.

I NEVER saw in any sermon of Christ's anything that looks like strain. There was a splendid case about Him. It came out of Him because it was in Him, and He could not help giving it. His meat and drink was to do the will of Him that sent Him. He rested by doing; He obtained refreshment for His weariness by getting on with His work.—Spurgeon.

The Rev. H. M. Wharton does in his meeting what we never heard of in a meeting before. He spends ten minutes before each sermon in drawing "lessons from the news papers." He does this most happily

and impressively. He regards the news of the day as the "unfolding providence of God." Our fear is that other preachers will try to do the same thing and make themselves ridiculous. Bro. Wharton, however, claims a patent right on it.—Western Recorder.

"ANOTHER student from Andover applied to the Congregational Foreign Mission Board to be sent as a foreign missionary, declaring his mind was not made up as to whether men would have a "new probation" beyond the grave. Whereupon the Board did the only sensible and Christian thing and postponed their decision till the uncertain brother should make up his mind. And behold another full fledged "martyr." Some things in this world make one sick."

LOCAL NEWS.

NEW ADVERTISEMENTS.
D. S. HARMON—Optician, etc.
S. WATERS, AGT.—Candies, etc.
F. E. MORTON—Pianos and organs tuned.

The Teacher's Institute for this county will be held this week.

The price of eggs continues low—eleven cents wholesale.

The county commissioners will meet at the court house tomorrow.

Our truckers are all busy now preparing their lands and putting in spring crops.

Only one marriage license issued by the register of deeds last week. That was to a white couple.

The regular quarterly meeting of the Ladies' Memorial Association will be held on Tuesday, February 4, at 12 o'clock m., at the residence of Mrs. Vaas. All the members are requested to meet.

Mr. John Leary, near Trenton, Jones county, went coon hunting on Thursday night. He caught one coon, two opossums and killed two bears, and it was not a good night for hunting, either. He got the "grip," too—on the game.

A letter received by a member of the New Berne Y. M. C. A. from Shelby states that Evangelist Fife is doing a good work for the cause of Christ there. The first night of the meetings there were thirty-five conversions.

Dr. Harmon has fitted an office on the second floor of Hotel Albert. The Doctor has all of the improved apparatus for optical operation, most of which are inventions of his own. He appears to be a very clever gentleman and thoroughly versed in his profession.

Some of our young ladies propose getting up a shadow pantomime at the George street chapel next Tuesday evening. Those taking part will be children principally, but it will be of such a character as to entertain everybody.

What might have been quite an accident occurred yesterday afternoon at the E. C. D. wharf. A party of ladies, gentlemen and children were getting on a small boat when the craft, being overloaded, or from some other cause, came near capsizing. One lady was considerably wet and all greatly frightened. A baby on board did not cease, for some time, to give full force to his emotions, even after all the danger was over and the party safely on the wharf. A wag said the party had started chucking and came near getting there.

Get Your Season Tickets.
Season tickets for the Fair will be on sale, Monday, at one dollar each. The city will be canvassed, and it is especially desirable that there be no delay in the purchase of tickets. The Fair will be immense, and it is highly important that everything be done in order. Now is the time to buy season tickets. One ticket admits to the exhibition at any time during the Fair. Buy your ticket Monday, or as soon as possible. It will save time and annoyance to all parties.

Denmark vs. The A. & N. C. R.
The case "has elicited as much interest as any civil cause tried in this court for several years," says the Goldsboro Argus. "At six o'clock Friday evening the jury came into the court and rendered their verdict, fixing the plaintiff's damages at \$5,000. The defendants lodged a motion for a new trial, which will be argued this morning." Messrs. Clark & Clark learned by letter last night that the argument for a new trial was heard and the motion was overruled. Defendants took an appeal.

The Argus speaks very highly of the speeches of the lawyers on both sides, and especially does it praise that of Hon. C. C. Clark, who appeared for the defendant.

FAIR NOTES.

A visit to the grounds yesterday afternoon was sufficient to convince us that the managers are hustling to get everything in good shape for the exposition. Things will be in good shape, too; no doubt about that. Several deer parks, and chicken coops, hog pens, dog kennels, etc., have been made. The buildings are all in excellent condition.

A man was at the ground's yesterday making arrangements with the managers for a position on the grounds for a theatrical performance during the Fair.

An effort is being made to get the football teams of Trinity College and Chapel Hill to play a match game some day in the week.

Another feature will be a pony race. A number of the boys will enter their ponies and some interesting racing is expected.

Among other attractions at the Fair, will be a department for the exhibition of Antiques and Curios. If our own residents will only respond, and those of adjoining counties, and send up their old relics, freaks of nature, things queer, curious, antiquated, the ladies will be enabled to render this department one of the most interesting and entertaining features.

The Ground Hog Again.
On the second day of February, being ground hog day, the JOURNAL has frequently reminded its readers of the importance of this animal's movements today.

If he sees his shadow today when he emerges from his winter quarters, he hastens back for another period of retirement because he knows the winter is not broken. If there is not sun light enough to produce a shadow, he remains out and begins his spring operations, as winter is over. Just what may be the effect of this exceedingly mild winter upon his hogship is not known, but it is fair to presume that he will be quite as able to understand the phenomenon as the rest of us.

Personal.
We are glad to see Will Rountree out from his attack of the "grippe."

Mr. John R. Dixon, who has been auditing the accounts of the Atlantic & N. C. R. R. for the past two years, has resigned to accept a situation as chief clerk in the manager's office of the North Carolina Car service, associated at Raleigh. Mr. W. K. Styron succeeds Mr. Dixon at the A. & N. C. R. R. office, and Mr. R. C. West, of Kinston, succeeds Mr. Styron as book keeper at Mr. J. W. Stewart's livery stable.

Mr. Frank E. Morton is still in the city and reports business prosperous.

Professor E. A. Alderman, of Raleigh, arrived in the city last night and is stopping at the Hotel Albert.

Mayor's Court.
The following cases were disposed of yesterday:
Winnie Attmore and Wm. Whitford, both col., charged with violating chap. 5, sec. 4, city ordinance; dismissed.

Stonewall Items.

Farmers are beginning to make preparations for this year's crops, and are having a propitious time for their work. S. F. McCotter had quite a serious accident to occur at his place on last Saturday, 25th instant. His mill boiler exploded, racking his gin and mill house seriously, but no lives were lost.

Benj. Thompson comes to the front with the biggest hog of the season. He dressed 853 pounds. C. H. Fowler's dressed 519. Mr. Fowler's was no sardine of a pig, but Ben got the oak.

I learn from those who were there that the tournament at Aurora on last Friday was a jolly affair. Quite an agreeable time was had, and Lee Thompson crowned Miss Trimena Wilkins, of Washington, Queen of Love and Beauty; Will Thompson crowned Miss Fannie Edwards, first Maid of Honor; Hunter Buck crowned Miss Nina Colbert, second Maid of Honor, and Charles Midyett crowned Miss Annie Crawford, third Maid of Honor. At 8 o'clock the coronation took place, and then the ball. All passed off pleasantly and agreeably to all.

One of Many.
Dear Sir—I take pleasure in informing you that my sister has very greatly improved in seeing, and has been entirely relieved of pain in temples since using your eye glasses. Before securing the glasses she had almost given up reading and the practice of music on account of blurs coming before the eyes and great pain in the eyes and in the temples. Having now used the glasses made by Dr. D. S. Harmon for two weeks she feels almost entirely cured. With much respect, I am, Yours very truly,

W. D. POLLOCK.
North Carolina—Lenoir County.

I, the undersigned, do certify that I am personally acquainted with W. D. Pollock, who signed the foregoing letter, and that his signature therewith is genuine. I do further certify that he is now County Superintendent of Public Instruction for Lenoir county.

Witness my hand and official seal, this 5th day of Dec., 1889.

WM. E. CLARKE, P. M.

After diphtheria, scarlet fever, or pneumonia, Hood's Sarsaparilla will give strength to the system, and expel all poison from the blood.

Notice to White Public School Teachers of Craven County.
Professor Alderman, by authority of the school laws of the State, will hold an Institute for white teachers at the Academy, in this city, beginning Monday, February 3d, 1890. This Institute will continue one week. There will be public addresses delivered on Friday of that week. Public school teachers of the white race are required to attend. They will be compelled to suspend their schools during the continuance of the Institute. I hope they will all be promptly on hand.

Respectfully,
J. H. LONG.

MAKE NO MISTAKE.—If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion and preparation, curative power superior to any other article of the kind before the people. For all affections arising from impure blood or low state of the system it is unequalled. Be sure to get Hood's.

BOISE CITY, IDAHO.
The undersigned, old residents of Boise City, cheerfully add their testimony to the professional skill of Dr. S. Harmon, the oculist. He has demonstrated beyond dispute and to the entire satisfaction of all that he is an oculist of the highest order. During his stay here of two months he treated many cases of diseased eyes and success crowned his efforts in every instance. Several of these cases were of long standing and of a most aggravated nature, and their cure is regarded as remarkable. The statements in the press of our city, giving names of a number of his patients, and a few of the particulars in each case, are strictly true. Success is the only criterion by which to judge of skill. Dr. Harmon succeeded in his practice in this city where pretended oculists who preceded him met with signal failure. This testimonial is voluntarily presented unasked, to one whom we firmly believe well deserves it.

WM. JAUMAN,
Member Boise City Council,
A. J. BOYARIN,
Editor Idaho Democrat.

Secretary's office, Boise City, Idaho, Jan. 17th, 1887.

I, Edward S. Curtis, Secretary of Idaho, do hereby certify to the correctness of the above statement as to Dr. Harmon's high standing and skill as an oculist and gentleman.

FLOUR-CORN.

I have a small lot of this REMARKABLE CORN for sale at W. R. BARRINGTON'S in New Berne, and also at W. H. SAWYER'S in Bayboro. I makes as good and as palatable flour as ordinary wheat, and will on rich land make a larger yield than common corn, as it succors abundantly and they bear well. One grain to the hill. It yields more fodder than the common corn. If it doesn't do what is said of it, the purchase money will be refunded, if put on good land. It will be on exhibition at the New Berne Fair.
