NOTES BY THE WAY-NO. 1.

By a Through Passenger on a Local Freight.

Your correspondent is acting in a new role. And why not? Good are scarce-opportunities for meurions at somebody's else exrense are rare—besides the linter Fair," must be advertised the dear people must be informed has pleasure and benefits await Be me the last week in February.
So here goes for a brief tour, for the purpose of seeing to the posting of our beautiful bill—in itself a m if they will only come to New tion-talking up the Fair nd encouraging and urging every-ody to feeme with us that we sy do them good,"

To a person who keeps his eyes and ears open, something generally happens, which interests him, and might interest others if they knew it. Being benevolently inclined, we propose to "divide and share" the good things-though we don't also anything very intensely resting or startling.

A BAD START.

We left New Berne on Monday night, the 27th ult., at 7 o'clcock, ntingencies, four hours late. habehis was not "nineteenth at the start—the train was a long the wheels like "Pharoah's was much work to do-so we made haste slowly A But engineer Marpolled no through all right, cologic instance) with conductor shoking as "sunny" as if just from a picnic.

Walking down from the hotel to the train—quite a little distance— we fell in company with a gentle-man from South Carolina who, with a certain resemblance of movement to the 'Treasurer of Gandace," had come to Jerusalem (Goldsboro) to worship (Patti Rosa) and was returning to Mt. A preacher, lately, expatiating on the nature of man, pointed out that one great point of distinction between human beings and the lower animals consisted in the capacity for progress. "Man," exclaimed the preacher, warming in his theme, "is a progressive creature; other beings are stationary. Think, for example, of an ass! Always and everywhere it is the same

WHAT IS

SCROFUL

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which developes ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can C It Be

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplioften when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla.

"My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a rigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely dis-appeared, and now she seems to be a healthy child." J. S. CARRATE, Nauright, N. J.
