THE ASSOCIATION.

The News and Observer is advocating the formation of an Association for the purpose of "advocating the patronizing of home industries and stimulating enterprises in our midst."

The object of the News and Observer is praiseworthy and it is pleasing to know that so good a cause is so ably championed. That excellent paper says:

"We enlist in this cause for the war. As long as the protective tariff continues we shall advocate extending its protective features to the farmer. And we do not advocate any delusive, deceptive measure, but one that will be to the advantage of the farming community."

There is nothing in this proposition hostile to any section of the country or to any department of industry.

Self preservation is the first law of nature, and we have the authority of the Bible for the declaration that "he who provides not for his own household has denied the faith and is worse than an infidel." It is the imperative duty of publicists to labor to advance the interest of those on whose success the prosperity of the country rests. Ours is an agricultural community. A large proportion of the people of the South are tillers of the soil and laborers in other industrial occupations. Not to stand by them is to be recreant to duty and patriotism.

Many men stumble at protection. The word has become a stench because of its meaning. The protection against which the Democracy and the common people are enlisted, is the protection of the few at the expense of the many—the robbing of the poor to fill the coffers of the rich. Protection is the highest duty of government. There is no man so humble that he can't claim the protection of his Government. The News and Observer is in favor of protecting all classes, and giving to the farmers their rights, privileges and immunities that belong to every belong to every American citizen.

The JOURNAL plants its flag by the honored colors of the News and Observer.

NEW YORK'S LOSS OUR GAIN.

Against the protests of the people the World's Fair of 1892 was made a political question. Fifty-three Democrats and only eighteen Republicans stood by New York in the fight for the Fair. The Administration threw its whole weight against New York.

The New York Star says: "New York elected Harrison. Behold the gratitude of the Republican party to New York. Never another chance for such ingratitude will the treacherous party have." Only eighteen Republican votes from outside New York State! That tells the story. Voters, remember it every day until election day, and be sure you don't forget it then! The World says, "the diversion of the World's Fair from New York means the loss of \$250,000,000 to our business men." Mr. Depew charges the failure of New York to secure

the Fair to Republican Congressmen.

Admitting all this to be true, what will be the result? What will Mr. Depew himself do? What will the business men who lose \$250,000,000 do about it?

Much is promised. They tell us that New York knows how to return the compliment, and New Jersey, Connecticut, Massachusetts and Rhode Island will help her.

Very good. The deliverance of New York from the Republican party will give more honor and bestow more benefits upon her people than the World's Fair could bestow.

The good will not be confined to New York. It will extend to the whole country. It will enter alike the palaces of the rich and the cottages of the poor. Labor will be dignified, and whether in the factory or the farm, it will have its reward, and our whole land will be blessed!

"Yes; and the young feller what she's engaged to don't mind it, either, for it saves him that much money toward going to house-keeping."—Life.

The Verdict Unanimous.

W. D. Suit, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only a half dollar a bottle at R. N. WHAT IS SCROFULA

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps, or swellings, which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or the many other manifestations usually ascribed to "humors;" which, fastening upon the lungs, causes consumption and death. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it.

How Can SCROFULA be CURED

By taking Hood's Sarsaparilla, which, by the remarkable cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. Some of these cures are really wonderful. If you suffer from scrofula, be sure to try Hood's Sarsaparilla. "My daughter Mary was afflicted with scrofulous sore neck from the time she was 22 months old. Till she became six years of age. Lumps formed in her neck, and one of them after growing to the size of a pigeon's egg, became a running sore for over three years. We gave her Hood's Sarsaparilla, when the lump and all indications of scrofula entirely disappeared, and now she seems to be a healthy child." J. S. CHARLES, Nauright, N. J. N. B. Be sure to get only Hood's Sarsaparilla Sold by all druggists, \$1.00 per bottle. Prepared only by C. L. HOOD & CO., Apothecaries, Lowell, Mass.
