**MR. INGALLS** has been elected president pro tem of the Senate.

**CHANDLER** is from a very small State, and as a Senator he about fits the State, but he manages to make noise enough for a Senator of folks. Philadelphia Times.

**THE Republicans** having all the States gerrymandered which it is possible to gerrymander now want a law against gerrymandering. Nice people, those Republicans. New York Herald.

**THE West Virginia State Senate**, which is Republican, defeated the Australian ballot reform bill last Tuesday. President Carr, Greenback, voting with the Democrats. The yeas were 7, nays 8.

**THE Washington Star** says that Grover Cleveland has sold his country place, "Oak View," near Washington, to a California syndicate, for \$140,000. Mr. Cleveland is said to have made \$100,000 clear on the transaction.

**THE Empress of Austria** is the best housekeeper among European royals. She employs fifty cooks—25 men and 25 women. She pays strict attention when in Vienna to the details of the huge household, and is a very clever manager.

**THERE is a growing impression** in Washington that the Educational bill will be killed. A coroner's Jury would find enough evidence in the case as it stands to return a verdict of "Talked to death by its author, Mr. Blair." Philadelphia Ledger.

**THREE hundred millions** for coast fortifications, and as many more for new war ships, are among the proposed expenditures of the present Congress. But where is the enemy against whom such tremendous preparations for war are deemed necessary? Philadelphia Record.

**ACCORDING to the New York Tribune**, Speaker Reed is acting strictly in obedience to his conscience. There is no doubt of it. But it is a consequence of such elastic quality that it adapts itself with the utmost ease to every changing majority in the House. Baltimore Record.

**The Government will**, of course, make an exhibit in the Fair and will pay the cost of preparing it. But with the cost of maintaining the Fair it has nothing whatever to do. The Federal Government was instituted for specific purposes, and the giving of exhibitions is not one of those purposes.

**WHEN** the story of the great progress which the South has made since the war, and especially within the past fifteen years, is told it sounds like a romance, and creates surprise, but when the obstacles she had to encounter and overcome in achieving her success are fully understood there is cause for greater surprise. No people under the sun have ever had so much to contend against as the Southern people, and no people under the sun ever met apparently insurmountable obstacles with such patience, perseverance and resolute courage, and triumphed over them so signally as the Southern people have done. Wilmington Star.

### NEW ADVERTISEMENTS.

**BIG ICE**—A letter.  
**J. K. WILLIS**—House for rent.  
**F. B. ELLIS**—Bananas and cocoanuts.  
**SAM. B. WATERS**—Confectioner and tobacconist.

City council meeting tonight. The cotton exchange was a dull place yesterday. No cotton.

Oysters were going at a high price yesterday morning. Good quality sold for one dollar a gallon.

A handsome little summer-house is being built in the yard of the passenger depot of the A. & N. C. railroad.

The wood dealers were smiling yesterday morning. They were busy selling wood at a little advanced price, on account of the cold weather.

At a regular meeting of the Atlantic Fire Company, held last night (March 3d), the following motion was unanimously adopted: "The thanks of this Company be tendered to the 'Pollock Street Gang,' and other ladies, for the beautiful flowers presented by them on the occasion of the last parade."

The engine of the mail train from Morehead City yesterday morning jumped the track just as the brakes were put on at the depot. The train was delayed only a few minutes, however. The engine was soon gotten to the right place. Some people and the mail will fly the track sometimes.

Hon. Charles C. Clark left here Sunday morning in response to a telegram announcing the serious illness of his son, Charles C. Clark, of Knoxville, Tenn. It will be gratifying to the many friends of the family to learn that a telegram was received last evening from Mr. Clark conveying the intelligence that his son is much better.

**The Weather and the Truck**  
Folks who have been wishing for winter weather have it. The coldest of the season arrived on Saturday night, and remained over Sunday and yesterday. There was some of Sunday's snow to be seen in shaded places on the streets late yesterday. The ground froze, and so did some of the truck. Some of the peas were in bloom, and truckers say that the crop is greatly damaged, the blossoms all killed and some of the vines run. Cabbages also got a severe kick on the head. Potatoes are damaged, but little.

**Serious Cutting.**  
Frank Carter, a white man formerly from Virginia, but recently engaged at the Broadus lumber mill about six miles across Neuse river, was seriously cut last Sunday by George Williams, colored. From the best information we could get, Mr. Broadus had previously told Williams to keep away from the mill and on his return there Sunday he was ordered away by Carter. On his refusal to leave Carter undertook to force him, which led to the use of the knife. Some dangerous wounds were inflicted, but the attending physician, Dr. Frank Hughes, of this city, says they are not necessarily fatal, though dangerous.

**Shipping News.**  
The steamer Regiet, of the E. C. D. line, sailed yesterday with cargo of general exports. The Annie of this line will sail tomorrow afternoon at 4 o'clock.  
The steamer Taboma will sail at 7 o'clock this morning.  
The steamer Stone, of the Clyde line, will arrive from Baltimore tonight.  
The steamer Kingston arrived from Kingston yesterday afternoon with cargo of lumber, shingles, etc. Will sail for Kingston at 12 o'clock today.  
The steamer Newberne, of the O. D. line, will sail at 9 o'clock this morning for Norfolk.  
The schooner Melvin, caps. S. Howell, arrived yesterday from the West Indies with fruit consigned to Mrs. E. B. Ellis.

**What Shall We Do With It?**  
Mr. W. E. Snelling, secretary of the New Berne Board of Trade, has received the following letter, which explains itself:  
PHILADELPHIA Pa., Feb. 25, 1890.  
DEAR SIR:—I have a cotton and a woolen mill, machinery modern and in good order, which I will put in a stock company and remove to your town if sufficient inducements are offered. Will you kindly advise me what inducements you offer, and what proportion of the stock you will take? Same will oblige. Yours truly, J. P. JONES.

Business men, citizens, of New Berne, what shall we do with the above proposition? Is it worthy of your consideration? No doubt some of you know of J. P. Jones. He is a capitalist, and we notice on his letter head these words: "Locating manufacturing plants in the South a specialty." He gives satisfactory references, we suppose, when he refers by permission to Mr. George Philler, president First National bank, Philadelphia, John S. Davis, president petroleum and stock exchange, and other prominent business men.

Yes, it is worthy of consideration. New Berne ought to have a cotton factory. Don't you think so? "Yes!" says everybody. Yes, but we will never have it until somebody (and that don't mean two or three men) goes to work, invests money and offers inducements to capitalists and manufacturers to locate here. When the people of New Berne "set their heads" on a thing they can, and generally do, get it. Efforts have been put forth here in the past to establish more manufacturing industries—among them a cotton factory—which have been fruitless. The people were not determined to succeed; they did not do their duty. This is the reason those efforts were fruitless—they were feeble efforts.

It has been demonstrated more than once during the past few years that our people can accomplish an object when they make up their minds to do it.

Mr. Snelling is corresponding with Mr. Jones and will hear further from him. We hope the business men will look into the matter, and if there is anything in it for New Berne, let's have it.

**Personal.**  
Miss Fannie Burkhead, of Goldsboro, who has been visiting Miss Emma Henderson, returned home yesterday.  
Miss Eva Kinsey, who had charge of the beautiful art work exhibited at the Fair by the pupils of the art department of Kinsey Seminary, returned to La Grange yesterday.  
Prof. Rodgers, of the "Baby Elephant Combination," went down to Beaufort last night to make arrangements to give exhibitions there.  
Mr. C. L. Gaskill, piano tuner, went to Beaufort last night.

Miss Blanche Fulcher, of Beaufort, who has been visiting the family of Mr. J. C. Green, returned home last night. Miss Daisy Green accompanied her.  
H. L. Gibbs, Esq., is at Beaufort on professional business.

Miss Etta Manson, who has been visiting friends in the city, returned to Beaufort last night.  
Miss Lina Davis, of Beaufort, who has been in the city visiting her sister Mrs. J. E. Thomas, jr., has returned home.  
Mrs. Eugene B. Wiggins, of Wilmington, who has been visiting Mrs. Dr. Chas. Duffy, returned home yesterday.

Miss Mamie Richardson, of Selma, is in the city and is the guest of Mr. W. F. Rountree and family.  
Mr. Joseph Marks, of Charleston, S. C., is visiting his brother, Mr. O. Marks.

Mr. H. J. McGrath and family and Mr. O. F. Chase and family, of Baltimore, are at the Hotel Albert. Mr. McGrath and Mr. Chase are extensively engaged in oyster and fruit packing in Baltimore.

**Mayor's Court.**  
The following cases were before the Mayor yesterday:  
Robert Bryan, colored, chap. 5, sec. 4, riotous and disorderly. Fined \$5 and cost.  
Casey Blount, colored, larceny of one coat from Hill Humphrey. Sent to jail in default of bail.  
A. Ross, white, gambling. Property confiscated and he recognized for his appearance at court.

**THEIR BUSINESS BOOMING.**  
Probably no one thing has caused such a general revival of trade at N. N. Duffy's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Whooping Cough, and all throat and lung diseases quickly cured. You can't get it before trying by getting a trial bottle free, large size \$7 every bottle warranted. For sale by E. N. Duffy, Wholesale and Retail Druggist, Wholesale price, \$3 per dozen.

## NORTH CAROLINA NEWS.

### From the State Papers.

**Charlotte Democrat:** The tabernacle for the Rev. Sam Jones is progressing favorably, and when completed will seat five thousand people.

**The dry kilns**, and a large amount of lumber belonging to E. M. Short, Washington, N. C., were burned Tuesday. Mr. Short estimates his loss at \$30,000; insurance \$6,000.

**Winston Daily:** We learn from a reliable source that a new and handsome hotel for Winston during this year, is one of the asserted facts. It will cost between \$75,000 and \$100,000 and will likely be built in the western portion of our town.

**Chatham Record:** There is a negro man in Hickory Mountain township who is the champion runner of the State. He is a great rabbit hunter and hunts without dogs or gun, and can catch more rabbits by outrunning them than anybody else can with dogs.

**At half past eight o'clock Thursday morning**, Oxford was somewhat alarmed by heavy, dull yellow clouds, apparently not much higher than the house tops. The atmosphere was oppressive. Darkness enveloped the city, and it was impossible to distinguish a person across the length of an ordinary room, says the Oxford Day. This lasted about ten minutes, and was succeeded by lightning, and a little deluge of rain. No damage done.

**Speaker Reed Declines the Invitation**—He Is Sarcastic.

WASHINGTON, March 1.—Just before the shooting at the Capitol yesterday, Speaker Reed wrote a letter declining the invitation of the Blue Grass Club, a Louisville organization, to a dinner.

Representative Stewart, of Missouri, pressed in to the Speaker, and was shown the letter, with the remark that it was apropos the shooting. Mr. Stewart made a copy of the letter, which today was given to the press. The letter is written to Representative Caruth, of Kentucky, and is as follows:

OFFICE SERGEANT-AT-ARMS,  
HOUSE OF REPRESENTATIVES,  
WASHINGTON, D. C., Feb. 28.

DEAR MR. CARUTH:  
I shall not accept the invitation presented me by the Blue Grass Club. The reason is very simple. I notice that Jay F. Durham is president. Now, J. F. Durham assured me during the late disturbances, that if he had me in Kentucky they would kill me. Knowing said Durham to be a journalist, his declarations to me import absolute verity. I do not wish to be killed, especially in Kentucky, where such an event is too common to attract attention. For a good man to die anywhere is, of course, gain, but I think I can make more by dying later and elsewhere.

Very truly,  
T. B. REED.

**ITS EXCELLENT QUALITIES**

For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

## White Caps at Rockingham—The Dam of the Roberdell Factory Swept Away.

CHARLOTTE, N. C., March 1.—A special to the Chronicle says that on Thursday night a party of White Caps surrounded a boarding house, two miles from Rockingham, and severely whipped three women—two colored and one white, also one white man and one negro.

Another special to the same paper from Rockingham, sixty miles east of Charlotte, says the stone dam of the Roberdell mills was torn out from bank to bank, last night, by the stream being swollen from a two days spring freshet.
