PATENT CLOTHES LINE—Clothes cannot be blown off. No pins. Sample can be seen at the Cotton Exchange. D. T. CARRAWAY, Agent Manufacturer. feb 27

THE Daily State Chronicle is to be the same size as that bright and admired newspaper, the Charlotte Chronicle.

"SENATOR QUAY is catching fish in Florida. What he is catching further North is not referred to in political geographies."

THE Astor heirs may thank their stars that the Astor surplus is not at the disposal of the Fifty first Congress.—Courier Journal.

THE bills before the present Congress already call for \$700,000,000 beyond estimated revenue or over a billion of dollars in all. The Rids are fine oppressors and wasters.

BALLOT reform is something which the Republicans preach but do not practice. The secret ballot would rob the Republican party of its principal prop—the almighty dollar.—Cleveland Plain Dealer.

THE increase of the South's foreign commerce for last year over the year before was \$66,958,638, nearly half that of the whole country, a showing which the entire nation should be proud of.—Washington Star.

A FEW Republican newspapers are discussing Presidential candidates. Lincoln, Depew and Alger are all talked about, but not a word is said about Harrison. There is to be no second term for him. Not a sound is heard even from his army of worshipful office holders.—New York World.

We regret to see that some of the companies in the State Guard, are not kept up to their proper strength. North Carolina needs and must have a strong, disciplined State Guard, and the next Legislature should put it upon a permanent basis.—Wilmington Messenger.

DON'T box the children's ears. The London Lancet cites cases where insanity and death have resulted from this cause. There are other portions of children's anatomy where chastisement—if they must have it—is less dangerous.—Boston Globe.

A SHORT while ago a Kansas town had a pitch battle about a railroad station, and now two towns, one of them called Ingalls, are shooting each other all full of holes about the location of a sugar mill. This is a sweet business. If Mr. Ingalls don't hurry home and have the riot act read, Kansas will exterminate herself.—Wilmington Star.

There is a strong growing sentiment in Virginia to let the negroes educate their own children. A Richmond dispatch in N. Y. Times says: "The persistent and blind way in which the negroes of this State have followed the Republican leaders in all political contests has

suggested the propriety of separating the school fund of the State, giving the colored people only what they contribute in taxes."

COL. DUDLEY's attempt to get libel damages for the publication of his "blocks of five" circular without giving testimony as to its genuineness is a failure, the Supreme Court of New York sustaining the lower court in its denial of his application before trial. Dudley can get all the justice he wants in the courts, but he must take the witness stand and "fess up" to do it. Evidently the Colonel does not want justice.—St. Louis Post-Dispatch.

LOCAL NEWS.

NEW ADVERTISEMENTS.

C. E. SLOVER—Corned beef.

F. S. DUFFY—Seed peas for sale.

C. E. NELSON—Spare ribs and ham.

J. A. RICHARDSON—Commissioner's notice.

The regular meeting of the Brotherhood of St. Andrew will be held this evening at 7:30 o'clock.

The M. E. Church Working Society will meet at the residence of Capt. A. B. Powell tonight at 8 o'clock.

Two of Mr. Albert Patterson's fine St. Bernard dogs were found dead yesterday morning. They were poisoned. It is thought.

The ladies of the Missionary Society of the Baptist church are requested to meet at the residence of Mrs. S. J. Dudley this afternoon at the usual hour.

The truck, we learn, is greatly damaged—perhaps to a greater extent than was first thought. Radishes, peas and cabbages are almost ruined. Some of the farmers are planting more.

Miss Gloreanna Smith, so long in the millinery business with Mrs. Dawey, left yesterday on the steamer New Berne for New York. She goes there to work in the millinery rooms, in the interest of Miss Harriette Lane with whom she is now associated as assistant. She will return this spring.

There is some talk of organizing a "first-class" baseball club in New Berne. The interesting game played on the Fair grounds the other day gave some of the boys the "fever." We ought to have a club now. We have good, suitable grounds for practicing and playing, and New Berne could win the State championship if the boys "would only try."

Mayor's Court.

The following cases were before the Mayor yesterday:

Henry Marshall, charged with violating chap. 5, sec. 4, city ordinance; dismissed.

John Bryan, col., charged with violating chap. 5, sec. 4, city ordinance; dismissed.

John Bess, col., charged with larceny; continued until Saturday.

Shipping News.

The steamer Annie, of the E. C. D. line, will sail at 4 o'clock this afternoon. The Eaglet of this line will arrive tomorrow.

The steamer Newberne, of the O. D. line, sailed for Norfolk yesterday with passengers and a cargo of general exports. The steamer Manteo, of this line, arrived last night and will sail for Norfolk on Friday morning at 9 o'clock.

A Kind Letter.

We publish with pleasure the following letter from Marion Butler, Esq., editor of the Clinton Caucasian. Mr. Butler is one of the most progressive men in the State. To him more than any one else was due the great success of the Sampson County Fair last fall. He went in person to Virginia and secured the attendance of Governor Lee. We regret that he was unable to attend the New Berne Fair:

CLINTON, March 4, 1890.

TO THE EDITOR NEW BERNE JOURNAL:

Dear Sir—Allow me to congratulate you upon the great success, which I am pleased to learn, your Fair has been. I had hoped very much to be present; business here at court last week deprived me of that pleasure and profit. The success, I take it, is another magnificent tribute to printer's ink. The excellent services you have rendered through your columns not only served to draw a large attendance, but also to arouse your people to greater exertions to make the exhibit do credit to your historic and delightful old town.

With best of wishes, and hoping that your Fair may ever continue and never be a less success.

I am, very truly,

MARION BUTLER.

Hood's Sarsaparilla possesses curative powers exclusively its own, and which make it "peculiar to itself." Be sure to get Hood's.

How About It?

It seems that there is some "exodusting" going on among the white people, too. About fifteen persons, principally women and children, left here yesterday for Kinston, where they were to meet an emigration agent who had arranged to take them to some place in Texas (the city of Waco, we believe), where they will be employed in factories. It is said that quite a number will leave Kinston and that the agent will try to get others from here to go.

We might take the above paragraph as a text and write a long article on manufactures—how important such industries are, how essential to the growth and prosperity of a town, how greatly in need of them New-Berne is, how admirably situated we are for such industries, how great are our resources and how easily our people could be given employment and kept at home. They are going all the way to Texas to find employment. They go to a manufacturing town, because there they will be very sure to find work and meat and bread. New Berne needs manufactures, which will use the raw material and develop the resources of this section.

With all of our truck, vegetables and fruit we ought to have extensive packing or canning establishments. With all of the natural advantages we have, we ought to have a large cotton factory. With our forests of valuable woods we ought to have wood works—furniture factory, spoke and handle factory, tubs, buckets, etc. These and other manufactures we ought to have. Can we do without them and prosper?

Proceedings of Board of County Commissioners.

The board of commissioners of Craven county met at the court house on Monday, March 3d, 1890, at 11 o'clock a.m. Present: J. A. Bryan, E. W. Smallwood and D. Lane.

It was ordered that D. H. Williams, of No. 8 township, be released from jail tax for 1890, he being over fifty years of age.

The chairman presented to the board Craven county bonds amounting to \$2,000, which had been purchased for the credit of the sinking fund. Commissioners Smallwood and Lane were appointed a committee to cancel and destroy said bonds, which they did by burning the same in presence of the board and register of deeds.

Ordered, that a voucher for \$4 25 be issued to Dr. W. R. Wood, superintendent Insane Asylum, for conveying R. L. Hanft to Craven county.

That the voucher issued to Mrs. Julia White, for support of Emily Daugherty, be hereafter issued to E. Z. R. Davis.

The report of J. T. Winfield upon the bridge recently built across Swift Creek was accepted and filed and voucher for \$3.00 was allowed for his services.

The board took a recess and met again at 3 p.m. Present: Commissioners Bryan, Lane, Meadows and Smallwood.

It was ordered that the voucher heretofore given to Cesar Becton, for support of Ephraim Becton, be given hereafter to R. A. White.

That the tax charged to Patsy A. Gwaltney on 125 acres land in No. 1 township, valued at \$250, be remitted, the same having been listed and tax paid by J. F. Kilburn, agent for Mary Gwaltney.

That the voucher issued to Betsy Westbrook be discontinued.

That the clerk advertise for sealed proposals from parties competent to list taxes in the various townships of the county for 1890, and submit the same to the Board at April meeting, for approval or rejection.

That the lot listed by Dr. F. W. Hughes for Jennie Kneating, in No. 8 township, at \$500 be reduced to \$200, on account of error.

That the lot listed to W. E. Soelling, in New Berne, corner Pollock and George streets, valued at \$500, be released, as said lot does not belong to him.

That Elijah Piver be exempted from paying poll tax on account of infirmity.

That the voucher issued to M. Hahn for Dan McCray be discontinued.

Board adjourned.

Persons.

Mrs. T. M. Constable, of Norfolk, is in the city visiting her father, Mr. W. H. Oliver.

Miss Leah Jones is at home on a visit from the Female Seminary at Staunton, Va.

The Standard.

"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an alternative and tonic it has never been equalled."

NORTH CAROLINA NEWS.

From the State Papers.

Governor Fowle celebrated his fifty-ninth birthday on Monday.

The Boyle case will come up the last week in this month in Wake Superior court.

Dr. Tyre York, the well known politician, is seriously ill at his home in Forsyth county.

Wilmington Daily: We are informed that the fines and costs collected by the policemen of this town for the past year amounted to over \$5,000, while the cost of the entire force was only about \$3,300. This leaves a profit of \$1,800 to the town for their services.

Wilmington Messenger: Mr. W. K. Vanderbilt, of New York, and his party passed through Wilmington last night in a special vestibule train going North from Florida. When the train reached this city, the millionaire gladdened the hearts of his train's crew by making each of them a cash present, beginning with the conductor and going down to the porter.

Goldboro Argus: There were many sombre countenances among the truck farmers of this vicinity yesterday over the blighted condition the heavy freeze of Sunday night brought upon the more advanced pea crops throughout this section. Many think the injured stuff will not recuperate, while it is too late in the season to replant. The less advanced peas are not thought to be injured to any considerable extent, if at all.

New Lighthouse on Hatteras Shoals—Feasibility of the Project.

Building a lighthouse on Hatteras shoals does not seem to be such a mighty task after all, in view of what has been accomplished in other parts of the world. Mr. Edward Paschou, German Imperial Consul at this port, showed a reporter a day or two ago a descriptive pamphlet, photographs and drawings of the Rotherand Lighthouse, off the mouth of the river Weser, in the North Sea, some sixty miles from land, where the conditions as regards difficulties to be encountered were much the same as will be met at Hatteras. The Rotherand lighthouse stands in water thirty feet deep at low tide. It was built at a cost of \$58,000 marks, (something over \$200,000)—its construction was begun in 1882 and the work was completed in 1885. The details of its building are interesting, the engineers having encountered many difficulties, which were, however, happily surmounted. An immense iron caisson was sunk in the sand to the depth of thirty feet to form the foundation, and this was filled in with solid masonry built up to low water mark.

The total cost of the lighthouse which it is proposed to erect on the Diamond shoals at Hatteras, is limited by Congress to \$500,000. The locality is one of the most exposed on the coast. At low tide the reef is covered by about 24 feet of water, the rise and fall of the tide at the site being about one and a half feet, and the current velocity is estimated to be about four knots per hour after rough weather. The surface of the shoal in the vicinity of the proposed site is composed of fine gray sand and broken shells.

The specifications require the lighthouse tower to be an enclosed structure which must stand vertically and be 150 feet high from the low water mark to the focal plane of the lantern. The foundations are required to be solid and massive to withstand the impact of the waves. The first floor of the structure must be thirty feet above high mark and large enough to contain thirty tons of coal, six cords of wood, eight thousand gallons of fresh water and three lifeboats. The whole structure must be fireproof and the stairways so arranged that should fire break out on one floor it could not be communicated by them to any other floor.

After the lighthouse shall have been completed the contractor will be required to maintain the station in strict accordance with the regulations of the service for one year. At the expiration of that period, if all the agreements between the contractor and the government have been carried out satisfactorily, the light station will be accepted and paid for.—Wilmington Star.

Messrs. W. Duke, Sons & Co's Factory Sold.

The Durham Sun says: It is now an established fact—the great tobacco manufacturing concern of Messrs. W. Duke, Sons & Co., has sold the plant—as in fact have all other large cigarette factories in the country—to the American Tobacco Company, which has a capital of \$5,000,000, to continue the same business.

The Durham factory will be continued under the old management, which will be retained, and will be a branch of the American Company. The name of the firm, which has become world-wide, will also be retained. A formal announcement of this big sale will be made in a few days.

The Sun takes great pride in pointing to the fact that a Durham boy is the President of this great company. Mr. J. B. Duke, son of Mr. Washington Duke, is the gentleman.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

For a disordered liver try Beecham's Pills.

List of Letters

Remaining in the postoffice at New Berne, Craven county, March 1st, 1890.

J. Asher, Dr. Attick, P. W. Bearson, Bryant Conegey, Dean Davis, Miss Sallie Finton, W. S. Fleming, Wm. S. Fleming, Wm. Fleming, Miss Nellie Foy, Daniel Green, John B. Green, Owen H. Green, Mrs. Maria Gibbs, Capt. H. M. Griffith, Mrs. Ida Harris, Wm. J. Hill, Harry Hill, Eliza Holston, Mrs. Mary Heins, Mrs. Martha Humbolt, Jos. H. Harks, Mrs. Cora Jones, Miss Sallie Jones, Lulu Lathan, Hathaville McKlevain, Leary Midgett, B. Oliver, Capt. P. Parker, Mr. Geo. Roberts, Fannie Samson, C. B. Shephard, Mahaley Simmons, Floyd Stevens, A. D. Wade, R. G. West, J. H. White, Mattie Whitford, W. Whitaker, Miss Annie Washington, Annie Wilk, Daniel Wilson.

Persons calling for above letters, will say advertised, and give date of list. The regulations now require that one cent shall be collected on the delivery of each letter advertised.

WM. E. CLARKE, P. M.

ITS EXCELLENT QUALITIES

Command to public approval the California liquid fruit remedy Syrup of Figs. It is pleasing to the eye, and to the taste, and by gently acting on the kidneys, liver and bowels, it cleanses the system effectually, thereby promoting the health and comfort of all who use it.

Notice.

COMMISSIONERS' OFFICE, CRAVEN CO., New Berne, March 5, 1890.

Sealed proposals for listing the taxes for the present year in the various townships of Craven county will be received at this office until the first Monday in April next.

The Commissioners reserve to themselves the right to reject any and all bids.

By order of the Board of Comm'rs. JOHN A. RICHARDSON, Reg. of Deeds and ex-officio Clerk of Board.

An Open Letter.

FLOUR-CORN.

I have a small lot of this REMARKABLE CORN for sale at W. R. BARRINGTON'S in New Berne, and also at W. H. SAWYER'S in Bayboro. It makes as good and as palatable flour as ordinary wheat, and will on rich land make a larger yield than common corn, as it succors abundantly and they bear well. One grain to the hill. It yields more fodder than the common corn. If it doesn't do what is said of it, the purchase money will be refunded, if put on good land. It will be on exhibition at the New Berne Fair.
