

# THE DAILY JOURNAL

VOL. VIII.—NO. 293

NEW BERNE, N. C., FRIDAY, MARCH 14, 1890.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**PIANOS.** Rent and Pipe Organs tuned, regulated, repaired and re-modeled. Workmanship guaranteed. Material only the best. Old pianos taken in exchange for new ones. Leave orders at Hotel Albert or at the carpenter shop of E. M. Pavia.

FRANK E. MORRIS.

**DUNN'S BLENDS** of Roasted Coffee are simply delightful. **FOR SALE**—Appleton's Cyclopaedia of American Biography, in six elegantly bound volumes. Price, \$35 00; cost \$57.50. The work is just from the press. Apply at JOURNAL OFFICE, 201st

**PATENT CLOTHES LINE**—Clothes cannot be blown off. No pins. Sample can be seen at the Cotton Exchange, D. N. CARRAWAY, Agent, 115 N. Main street.

**IF you have not tried my Fresh Roasted Coffee**, do so at once. Every body delighted. J. D. DUNN.

**A PETITION** from Florida has been presented in the senate asking a duty of one dollar per box on foreign oranges.

**THE latest reports** from the Mississippi river floods represent that some of the crevasses have been closed and that there is reasonable hope that no great damage will be done.

**STATE Treasurer Bain** reports that \$11,000,000 of the old debt of North Carolina has been founded into new four per cents, leaving only \$1,600,000 of the old debt out standing.—Wilmington Star.

**WASHINGTON ladies**, including the wife of the President, are talking of erecting a tribute to the memory of Mrs. Lucy Webb Hayes by the establishment of a desecrated home. Mrs. Senator Teller will receive contributions.

**In all the talk of Presidential nominations** in 1892 the name of B. Harrison is never mentioned. He and Ruthie Hayes will play the "Two Orphans" when Benny's present unfortunate engagement expires.—Sioux City Tribune.

**It is a pity** there are not more Democratic Governors to be inaugurated this year, so that there might be more recommendations for Ballot Reform. Thus far Gov. Hill, of New York, marks the only break in the record, and even he is ready to apologize.—Dallas News.

**Iowa, since going Democratic** last Fall, seems to have become very much pleased with that sort of thing, and at the first opportunity she went Democratic again. The municipal elections in that State furnish cold comfort for the President and Col. Quay. Keep it up, Iowa.—Savannah News.

**In the first year of his Administration** President Harrison has made or sanctioned over 34,000 changes in postmasters for political reasons. This is the same Elder Harrison who said in his letter of acceptance that "fitness and not party service should be the discriminating test, and fidelity and efficiency the only sure tenure of office."—New York World.

**THE Washington Post** speaking of the ex-Congressman lately killed by Mr. Kincaid, the representative of the Louisville Times says: William Preston Taulbee was thirty-nine years old, of tall figure, with a frame sinewy and strong. His appearance was that of an intelligent and good natured gentleman, and he had many friends. He studied for the ministry from 1875 to 1878, and for the law from 1878 to 1881, when he drifted into politics, and was elected to the Forty-ninth Congress from the Tenth Kentucky district. He was re-elected to the Fifty-first Congress, and was one of the most speakers of the House. He was not a candidate for re-nomination.

**It is understood** that one of the measures recommended by the Pan-American Congress is the construction of a continuous railroad through the respective nations re-

presented in the Congress, to extend as far or farther south than Rio Janeiro, and to tap the chief cities of the Central and South American countries, a grand trunk with branches running to the commercial centres. It is proposed to construct it on the plan of the Pacific railroads, by land grants, subsidies, &c., each country through which it runs adopting such measures as it may deem best to aid the work. It is a grand scheme, and as a promoter of commerce between this country and those, throws the ship subsidy business, with all the subsidy boomers claim for it, clear into the shade. A scheme of this magnitude will, of course, take time, but in these days of engineering achievements, pluck and immense capital, it will not be many years before it is an accomplished fact.—Wilmington Star.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
J. F. TAYLOR—Flour, sugar, etc.

**The dynamos** for the electric light plant arrived yesterday. The engines are on the way.

**The boys** are flying kites a great many of which have alighted in the trees and adorns (?) them very much.

**Herrings** are running better. The fish dealers were "riling" them yesterday and barreling them for shipment.

**A large shipment** of marble and tombstones was made to Harlowe and Batters yesterday by Mr. J. K. Willis of this city.

**There were several passengers** on the steamer Manteo yesterday morning, who took the train for Morehead City last night and will spend the season there.

**The cabbage fields** are improving so fast since the cold spell that they seem scarcely to have been hurt at all. With a good rain they will appear as well as ever.

**John S. Long, E. q.**, has been invited by the Phi. Society of the University to act as one of the judges of a contest for debaters' and declaimers' medals to take place there on Friday, April 19.

**There was a match game** of baseball played at the Academy Green yesterday afternoon at half past three o'clock between the "King of the Stars," Capt. Fred Richardson and the "Buttons," Capt. Willie Schieler. The score was 18 to 9 in favor of the "King of the Stars."

**The Goldboro Argus** of yesterday says: "The names of 240 delegates have been received for the Convention, Y. M. C. A., that convenes here today, and there are still two or three places to be filled from it. It will be the largest Convention ever known south of Virginia."

**How many farmers** can say this, which we extract from a letter from Mr. D. E. Sandlin, one of Onslow's best citizens and an experienced farmer? Read: "I was raised a farmer's boy; have been farming on my hook over forty years—aged 67—never bought a bushel of corn or a pound of meat for use on my farm—invariably have those articles for sale; never signed a mortgage; no man holds my note; am out of debt."

**We have received the following letter** from a friend in Onslow county. It will be interesting and valuable, no doubt, to those who have meat to save:

**ERROR JOURNAL.**—As the present winter has been very warm, and I see and hear of so much meat spoiling, (in the very heat I have saved mine though of large size), I deem it a duty I owe to my brother farmers to give them my plan of curing and preserving meat. So here goes:

**If possible, kill** when the wind is northwest, sky clear. Let meat hang on the gallows all night, unless too cold. If freezing, store under shelter in bulk. Next day cut out, salt well, and pack in bulk on the ground. Should it continue cold, tough not; but in case it turns off warm, on the first cold change, break bulk, air well, re-salt, pack back as before, and let lie from four to seven weeks, according to size. Then wash clean, hang up and smoke. About the first of April take down the joints, immerse them in boiling water, apply a good coat of wood ashes on each side; then lay back on same sticks, flesh side up. The sides you need not touch.

**My work I pack** on the same day with both barrels and pork edge up, course salt salt between each layer. I haven't had a skinner in my meat house in ten years.

**COMMEMORABLE.**  
All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

**Personal.**  
Mrs. Dr. John Manning, of Durham, who has been visiting her parents, Mr. and Mrs. John A. Richardson, returned home yesterday.

**Miss Mamie Richardson**, who has been visiting the family of Mr. W. F. Bountree, returned to her home in Selma yesterday.

**Mr. H. B. Duffy** left for New York yesterday.

**Mrs. Hendren and children**, who has been visiting Miss Carrie Mayhew, left for Winston yesterday.

**Rev. H. W. Battle** is attending the Y. M. C. A. State Convention at Goldboro.

**Mrs. Rosa Cuthbert** left yesterday for Winston, her future home. She will engage in the millinery business there.

**Mr. B. B. Davenport** has returned from a trip through Pamlico county. He found the farmers very busy. Wheat was looking well.

**Mr. D. Bell**, of Morehead City, was in the city yesterday.

**Mr. G. F. Scott**, of New York, is in the city on a visit to his wife, who is visiting Mr. J. F. Taylor and family. Mrs. Scott, we regret to learn, has been quite sick.

**Hon. F. M. Simmons** returned from Henderson last night.

**Mr. J. W. Grainger**, of Kinston, is in the city.

**Mr. Milton Hollowell**, who has been at Kinston, with Oettinger Bros., has returned home and will accept a situation in the racket store here.

**Capt. J. M. White**, of Kinston, is in the city.

**Shipping News.**  
The steamer Annie, of the E. C. D. line, arrived yesterday and will sail at 4 o'clock this afternoon. The Eaglet will arrive tomorrow.

**The steamer Tahoma** sails at 7 o'clock this morning.

**The steamer Kinston** arrived yesterday from Kinston with a cargo of lumber, shingles, etc. Will sail for Kinston today at 12 o'clock.

**Stop It.**  
The throwing of missiles in the streets has been prohibited by statute, we think, for years, and yet it is engaged in with seeming impunity by a set of boys of both colors on our streets. Only yesterday a rock or shell was thrown by a lad across Craven street at another boy and came near hitting a passer by. This was in a few feet of police headquarters and come near breaking one of the windows in the Atlantic engine house. Let it be stopped.

**THE MISSISSIPPI FLOOD.**  
The Water Still Rising—A Disastrous Flood Threatened.

**NEW ORLEANS, La., March 13.**—The Times-Democrat's Helena, Ark., special says: The river has crawled up two inches during the last twenty-four hours and it now marks forty-three feet and five inches on the gauge. The water is now four feet six inches below high water. The rise during the present week will be gradual. Beginning next week it will be more rapid, and the highest water will reach here Sunday.

**NEW ORLEANS, March 12.**—The Pioneyre's Greenville, Miss., special says the river stood here last evening forty-seven and a half feet, and rising. Reports from the levees along the Mississippi side, up to 8 p. m., say the principal levees were still in flood shape, but the strain against them is increasing every hour. Continuous accompanied by heavy winds prevailed, and some disaster seemed not improbable before morning. It had been raining very hard since 3 o'clock, and it was still coming down in torrents with no indications of any change soon.

**All railroads** in the vicinity of Fort Smith are suffering from serious wash-outs or lost bridges, and trains are abandoned temporarily. At Arkansas City, on the Mississippi, water from the Sappington Hook crevasse has inundated the rear part of the town, and lands in the back country are being flooded. It is not thought, however, that any great damage will result from the break, as bayous and interior streams are capable of carrying the water away rapidly. All the available boats of the government fleet have been put into levee service.

**A report prevailed** that the levee at Alvesta, La., twenty miles south of Lake Providence, had broken, but this has not been verified.

**BALVILLE, Ark., March 12.**—White river rose eighteen feet here yesterday, and is now rising a foot an hour.

**St. Louis, March 12.**—Flood news from various points along the Mississippi river and other streams this morning is that the White and Black rivers in Arkansas are on the rampage. Both are out of their banks and overflowing the country on each side for miles. Heavy rains have fallen and continue to fall along these streams, and a general inundation is looked for. The Black is a tributary of the White, and the White empties into the Arkansas just above the point where the latter pours its flood into the Mississippi. At Fort Smith, on the Arkansas, a rise of over eighteen feet took place in twenty-four hours, and at last accounts the swell was proceeding at a rapid rate. This great rise, added to the minor floods pouring out of all the small tributaries, will greatly add to the volume of water in the Mississippi below the mouth of the Arkansas, and increase the peril of the lower country.

**Regular Monthly Business Meeting of the Y. M. C. A.**

The regular business meeting of the Young Men's Christian Association was held at their rooms on Middle street, Tuesday night, March 11th. The interest shown to stimulate and more fully develop the usefulness of this organization was so marked that we shall endeavor to give more space to its work in the future, believing that the public will become more closely related and responsive to this cause.

The reports of the committees are not extended, hence we give them in full: **EXECUTIVE COMMITTEE.**  
NEW BERNE, March 11, 1890.

**To the Members of the Young Men's Christian Association:**  
Gentlemen—We, the undersigned, beg to submit the following report:

There has been nothing of special interest to record since our last meeting, save that we rejoice to know that our devotional meetings still manifest much interest. One of the principal causes we attribute to this success, is the endeavor that has been made to improve the singing. Arrangements were made to have one or two specially prepared songs for each Sunday, and while this has been only partially carried out (we regret to say), we believe the result has been good.

The janitor has gotten two of our signs from Mr. Berry and placed them in the hands of Mr. E. H. Dewey, who says he will repaint them and have them ready the latter part of this week. Mr. Berry would not give up the street sign, saying that he had commenced work on it and would finish it as soon as he could.

The majority of the committees have done good work during the past month. The Association is still on a firm basis, with the exception of the same old story—necessary running expenses difficult to get hold of.

Respectfully submitted,  
**EXECUTIVE COMMITTEE.**

**DEVOTIONAL COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

The Devotional Committee begs leave to report as follows:

Devotional services have been held every Sunday afternoon at five o'clock, during the month.

On the first Sunday, Rev. Edward Bull led the meeting. He had no stated subject, but, having recently visited Wilmington and Charlotte, he talked of the Associations at those places. He was followed by Prof. Adams and W. P. M. Bryan. The attendance was 27.

On the second Sunday, Mr. W. P. Jones led the meeting. Subject, "The King's Business Demands Haste." Talks were made by a visiting gentleman (a stranger), and Messrs. Wm. Oglesby, Roscoe Nunn, R. O. E. Lodge and J. A. Thomas. Attendance, 21.

Third Sunday—Prof. G. T. Adams, leader. Subject: "The strong must bear the infirmities of the weak." Talks by T. C. Hancock, J. B. Holland, R. O. E. Lodge and Wm. Oglesby. Attendance 25.

Fourth Sunday—J. E. Patrick, leader. Subject, "Bearing the yoke in youth." (Bible reading). Talks by Rev. Edward Bull, Prof. Adams, Wm. Oglesby and W. E. Barrington. Attendance 34.

Respectfully submitted,  
**DEVOTIONAL COMMITTEE.**

**VISITING AND INVITATION COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

Gentlemen—Your committee has no special announcement to make this month. The invitation cards furnished us by the Association have been exhausted, which leaves us with but little material to work upon. We solicit a new supply of these cards, because we believe their use to be beneficial. Also we prefer a slight change of form, so that the location of the hall will be given. There has been no sickness of a serious nature among the members.

Respectfully submitted,  
**V. AND I. COMMITTEE.**

**ENTERTAINMENT AND EDUCATIONAL COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

Gentlemen—Your committee has been unable to get up any entertainment during the past month. Prof. W. R. Skinner, who was delayed by the Fair with his concert, is now at work and will, in a few weeks, be ready to come to our rescue. We anticipate something appreciable and ask the members to help in seeing that a good audience is present. On account of inability to get teachers, we have no educational classes.

Very respectfully,  
**E. AND E. COMMITTEE.**

**MEMBERSHIP COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

Gentlemen—The chairman of the Membership Committee not being present, we had no meeting as is generally the rule. There being none of the gentlemen of that committee present with new names but myself, I make the following report: The names of Mr. U. C. Holton and Stanly Oaksmith are presented, and according to the Constitution and By-laws will have to be laid over until the next meeting.

O. B. BACON,  
One of the Committee.

**LIBRARY COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

Gentlemen—Your Library Committee beg leave to make the following report for the month ending March 11, 1890: No new publications have been added during the month. The books and papers are in good condition, and the publications recently subscribed come regularly. The attendance at the reading-room is encouraging to the commit-

tee. The young men and boys seem to derive a great deal of pleasure from their reading, and we feel sure that they are benefited.

Respectfully submitted,  
**LIBRARY COMMITTEE.**

**GYMNASIUM COMMITTEE.**  
**To the Officers and Members of the Young Men's Christian Association:**

Gentlemen—The Gymnasium Committee beg leave to make the following report:

The gymnasium is still in the condition as stated in last month's report. The broken apparatus has not been replaced yet on account of the finances of the Association being very low. This department is still unpracticed to a certain extent. Hope in the future to produce a more interesting report on this department of the Association.

W. M. ROUNTREE, Chairman.

**What It Costs**  
Must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the great middle classes, because it combines positive economy with great medicinal power. It is the only medicine of which can truly be said "100 Does One Dollar," and a bottle taken according to directions will average to last a month.

**Tobacco, Pure Mountain**

**Flour, Corn Whisky.**

**Sugar.**

**Molasses,**

**Lard,**

**At Butter,**

**J. F. TAYLOR'S, Coffee,**

**Foot Middle St. Cheese.**
