Hunting Comrades.

If you see two old hunters going out for game in company, you will observe that they never interfere with one another.

New men, those who are just serving their apprenticeship, are usually anxious to be ahead. They want the credit of being the first to see the game.

They want also, perhaps, the first shot. They do not consider that if two heads come in sight over a ridge, the chances that they will be observed are just twice as great as if only one appears.

They seem to think, too, that Providence is looking out for them in some especial way, and that game will be deaf and blind to their blunders, though fully alive to those of others.

Old hunters act very differently. It is understood by them that the man who is ahead is to do the hunting. The one behind, while keenly scanning the country to see anything that may present itself, and which may have escaped the eye of his companion, never interferes with him, but awaits his direction. He is ready at a sign to creep up beside his leader and shoot, or he is equally prepared to lie down where he is, and to wait there for an indefinite time, or he will make a long round to start the game by giving it his wind or showing himself to it, so as to drive it in some desired direction.

For the time being the man who is in the lead is commander, and if the two have hunted in company often enough to understand each other, they work together with most perfect system. Another thing that you will notice about two old hunters is that they never try to shoot together at game. One or the other takes the shot, and if it fails, then they do the best they can. They know very well that it is almost impossible for two men to shoot at the same time without each being a little thrown off his balance, and they conclude rightly that, the two being both fair shots, there is more likelihood that one ball from a deliberately aimed rifle will kill, than that two, each of which will be more or less hastily delivered, will reach the mark they are aimed at.—Forest and Stream.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to prescribe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

Life is to be measured by action, not by time; a man may die old at thirty, and young at eighty; may the other perished before he died. There is a power a hundred times more powerful than that of bayonets; it is the power of ideas.

Ruby's Letter.

A letter from Mr. J. W. Ruby, Union City, Ind., says: "I have used your Clarke's Extract of Flax (Papillon) Cough Cure and find it a complete cure for deep seated cold. It has done more than two of our most skillful physicians. My children had the whooping cough, and with the aid of your Cough Cure they had it very light compared with neighbors' children who did not take it. I believe it to be the best cough cure in the market." So it is. A large bottle only \$1.00.

Clarke's Flax Soap for the Skin. It leads them all. Price 25 cents. Cough Cure and Soap for sale by F. S. Duffy, druggist.

God's promises were never intended to be thrown aside as waste paper. He intended they should be used.

IS CONSUMPTION INEVITABLE? Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to overtake the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at R. N. Duffy's Wholesale and Retail Drug Store, New Berne, N. C. \$8 per dozen, wholesale.

INHERITED BLOOD POISON.

How many people there are whose distress from sores, aches, pains and eruptive tendencies are due to inherited blood poison. Bad blood passes from parent to child, and it therefore is the duty of husband and wife to keep their blood pure. This is easily accomplished by a timely use of B. B. B. (Botanic Blood Balm). Send to Blood Balm Co., Atlanta, for book of most convincing proof.

James Hill, Atlanta, Ga., writes: "My two sons were afflicted with blood poison, which doctors said was hereditary. They both broke out in sores and eruptions which B. B. B. promptly controlled and finally cured completely." Mrs. S. M. Williams, Sandy, Texas, writes: "My three poor afflicted children, who inherited blood poison, have improved rapidly after a use of B. B. B. It is a Godsend."

J. R. Wilson, Glen Alpine Station, N. C., Feb. 13, writes: "Bone and blood poison forced me to have my leg amputated, and on the stump there came a large ulcer, which grew worse every day and doctors gave me up to die. I only weighed 120 pounds when I began to take B. B. B., and 12 bottles increased my weight to 180 pounds and made me sound and well. I never knew what good health was before."

FLOUR-CORN.

I have a small lot of this REMARKABLE CORN for sale at W. R. BARRINGTON'S in New Berne, and also at W. H. SAWYER'S in Bayboro. It makes as good and as palatable flour as ordinary wheat, and will on rich land make a larger yield than common corn, as it succors abundantly and they bear well. One grain to the hill. It yields more fodder than the common corn. If it doesn't do what is said of it, the purchase money will be refunded, if put on good land. It will be on exhibition at the New Berne Fair.
