A SMILE is said to be a whisper of a laugh.

It is reported that Mahone, of Virginia, is to be Con.-Gen. at Paris.

GEN. FRANCIS H. SMITH, for fifty years superintendent of the Virginia military Institute died in Lexington last Friday.

A COLORED pastor of a Baptist church in Richmond has been ousted by his congregation because it was alleged that he voted the Democratic ticket.

It may now be regarded as settled that Trinity College will go to Durham and the Baptist Female University be at Raleigh. The JOURNAL wishes the largest measure of success for both institutions.

PRESS despatches reported Senator Ransom as being opposed to the Blair bill. He was in favor of the bill, but was paired with Mr. Casey who was opposed to the bill. We regret to learn that the Senator is now at his home quite sick.

MANY believe that the use of tobacco is injurious. It is said that Alphonse Daudet and Prince Bismarck have smoked more tobacco than any other two men in Europe. Just think what they might have been if they had only let tobacco alone!

WHEN the Government controls the elections of Representatives, as contemplated by the Lodge Federal Election bill, the people may as well give up participation in National politics altogether. The party in power will attend to the business through Federal officials. —St. Louis Post Dispatch.

THE new tariff schedule, we do not hesitate about predicting will, if passed, prove a severe disappointment. It fails to afford the desired relief to either farmer or manufacturer; and not only totally ignores anti-election promises, but is sadly out of tune with the will and changing opinions of the people. —N. Y. Commercial Bulletin.

THE outlook of the South is colored, by influences that are independent of Congress. The brightness of its future,—or present, either, for that matter,—cannot be dimmed by the action of the majority in Congress. The South is all right, no matter which party is on top. Furthermore no section can be in entire gloom when Senator Vance lives in it. —Charlotte Chronicle.

THE steady drift of the Republican party in its management toward the centralization of power furnishes another explanation of the rapid increase of Democratic strength. It is necessary only for Democrats to be true to themselves, to stand firmly by Democratic doctrines and usage, and to continue pressing forward. The country is already Democratic on the popular vote, and victory is certain in the near future. —Little Rock Gazette.

BUT in order to enable a syndicate of mining speculators in Dakota to get rich rapidly and to build up one more ring of manufacturers in Pennsylvania who "make large fortunes every year when the times are good," the Protectionists in Congress propose to more than double the tax on tin plates. Go ahead. There will be elections in November. —New York World.

THE Senate has appointed a commission, composed, we believe, of members of the Inter State Commerce Commission, to investigate the causes of the agricultural condition of the country, and the part which freight rates play in that matter. The first result is a suggestion that corn cannot be profitably grown in Ohio or to the east of that State. —News & Observer.

SEVERAL cheap books have just been slung together with scissors and paste and put on the market as authorized and authentic histories of Stanley's expedition to relieve Emin Pasha. The fact that the compilers of these books have not a particle of information that the public has not seen in the newspapers does not deter them from making the most fraudulent pretensions. One book, which purports to be not only the story of Stanley's expedition, but also a history of African exploration, is a particularly barefaced attempt to swindle the public. In a circular describing its contents the compiler crowds in more lies to the square inch than are often seen in print. —New York Sun.

LOCAL NEWS.

NEW ADVERTISEMENTS.
JOURNAL—Organ for sale.
J. F. TAYLOR—Pork, flour, etc.
ROGERS—Entertainment tonight.

Several New Bern lawyers are attending Jones county court.

The truckers are putting in beans in haste. Fine weather for it.

Remember the meeting of the stockholders of the Fair Association tonight at the rooms of the Y. M. C. A.

The Rogers entertainment was fairly attended last night, the music was better than on Saturday night, and the audience seemed to enjoy the entire performance.

Miss Fannie Taylor and Mrs. Col. J. V. Jordan have each adopted an orphan child from the Oxford asylum. Miss Ida Gillespie will live with Miss Taylor and Miss Lillie Williams with Mrs. Jordan.

Mr. Bryan Gardner has handed us a copy of the "Newbernian," a newspaper published in New Bern in 1849, by Wm. H. Mayhew. With the exception of the discoloration by time, it compares favorably with the newspapers of today.

Mr. James Redmond, who encourages all home enterprises of worthy character, whether they be for sport or of a business character, handed Treasurer Roberts a five dollar bill yesterday for the benefit of the Elm City Baseball Club.

The trial of Mordecai Hudson for the killing of Capt. Westcott takes place at Trenton this week. Hudson was taken to Trenton yesterday by Policemen Ghahill and Roberts, on the steamer Howard. Four brothers of Capt. Westcott passed through the city yesterday morning en route for Trenton, to attend the trial. They all belong to the life-saving service and are stationed on our coast.

Shipping News.
The steamer Eaglet, of the E. O. D. line, will sail at 4 o'clock this afternoon.

The steamer Tahoma will sail this morning at 9 o'clock.

The steamer L. A. Cobb will sail at 7 o'clock this morning.

The steamer Newberne, of the O. D. line, will sail for Norfolk today at 9 o'clock.

Mayor's Court.
The following cases were disposed of yesterday:

Sylvester Gauthier, chap. 5, sec. 3, drunk and disorderly in the city limits; fined \$5 and cost.

Annual Meeting |
Tonight is the regular annual meeting of the stockholders of the East Carolina Fish, Oyster, Game and Industrial Association. It will be held at the rooms of the Young Men's Christian Association at 7:30 o'clock, and it is very important that every member should be present.

The third exhibition of the Fair closed only a few weeks ago, each surpassing the preceding one, both in magnitude and merit. It is now an established and permanent institution, and one in which our citizens are united in making it an honor to this section. The rivalry produced in exhibits has a tendency to improve all classes of industries in bringing together the resources of land and water, where they are shown in contrast. The holding of expositions is of incalculable benefit to any community. The results are indirect as well as direct, and they are a means of bringing together the people from different sections in an interchange of ideas and seeing the various products of the sea and soil. Every year marks greater strides in the line of progress, but our highest achievements are yet to be reached. There is yet room for improvements and new developments, which will be brought out as judgment dictates and the means will justify.

At a recent meeting of the directors of the Fair the officers were authorized to place on sale one hundred life membership tickets. We believe the plan to be the most admirable one and should be met with a hearty response. It will be the adding of strength to confidence and will place the New Bern Fair in front ranks with the strongest organizations in North Carolina. Every member of the Association should be at the annual meeting tonight and assist in the organization for entering upon a new year. Following, we give a list of the stockholders and every one should make a special effort to be present because there is an interest at stake:

Hon. F. M. Simmons for Congress.

It is with great pleasure that we transfer to our columns, from the Windsor Ledger, the following deserved tribute to our distinguished fellow-citizen, Hon. F. M. Simmons. The excellent Ledger may dismiss all apprehensions of over confidence because of the exodus. Mr. Simmons fully appreciates the situation, and will leave nothing undone to secure the triumph of our party in this district at the next election. The Ledger says:
"It is rather early in the year to speak of candidates for Congress in the coming campaign, but we cannot help speaking a few words to the convention, in advance of its sitting, on the claims of Hon. F. M. Simmons.
"We have every reason to believe that Mr. Simmons is the strongest possible candidate that could be brought out by the Democrats of the second district for a seat in the next Congress. He has represented this district ably in the 48-50th Congress, and is conversant with the duties of the position. Moreover, he is quick and eager to look after the interests of his constituents. There is no possible candidate who could show such strength at the polls as Mr. Simmons. He is a young man and is therefore a claimant upon the young Democracy of this district for their support.
"It should not be thought by the convention that because of the exodus from portions of this district that enough negroes have left to make sure a Democratic victory. Put forward the strongest candidate, work with a will, be united in voting, and victory will perch upon our banner. Mr. Simmons will be elected if nominated, and the Democrats of the district do their duty. Remember that 'eternal vigilance is the price of liberty.'
"The Ledger will cheerfully support any candidate that the convention may, in its wisdom, select as their standard bearer, but it cannot refrain from saying that in its humble judgment the claims of Mr. Simmons are in advance of all others. Nominate Hon. F. M. Simmons and the second district will be redeemed."

Don't Go Off Before You Are Ready. Particularly on a long journey. Be fully prepared. You cannot be permitted to say unless you are accompanied with the traveler's and tourist's vade mecum, Hostetter's Stomach Bitters, most genial of appetizers, acclimatizers and promoters of digestion. Against sea sickness, malaria, cramps and colic, and all other ailments, no medicine is so effective as Hostetter's Stomach Bitters, increased by travel, chronic biliousness and constipation, the Bitters is a sovereign preventive. It imparts a relish for food not altogether to your taste, and prevents it from disagreeing with you. Never was there such a capital thing for the unfortunate dyspeptic who stands in dread of the best cooked meal. Stomachic trouble caused by ill prepared viands aboard ship, on steamboats, and railroads, is soon remedied by the Bitters, which gives a quietus also to rheumatism, kidney troubles and insomnia.

New York Market Review.

The following quotations for truck, eggs, etc., is reported by G. S. Palmer, New York:

Market for the week closes very firm on vegetables; receipts are very light, with the exception of cabbage, which are in good demand, and North Carolina and South Carolina selling at \$3 to \$4; asparagus readily saleable at \$1.25 to \$1.50 per bunch for prime. Strawberries from 20 to 40 cents a quart. A few peas arriving, but frosted, selling at \$3; prime bring \$6. Market has further advanced on dried fruits owing to the increased export demand; evaporated apples \$ to 11 cents; sundried \$ to 5; huckleberries, 10 to 11; cherries, 8 to 12; plums, 6; peaches, peeled, 8 to 11. Eggs in liberal supply; market active, selling at 14 to 14 1/2 S. Sweet potatoes, \$2.50 to \$3.

Collegiate Institute—Roll of Honor.
The following names appear on the honor roll of the New Bern Collegiate Institute for March:

Misses Alberta Ulrich, Jennie Burrus, Chattie Credle, Mamie Daniels, Lizzie Royal, Agnes Foy, Lottie Hubbs, E. K. Jones, Hattie Lane, Katie Mathews; Messrs. Harry Marks, Ed. Mann; Misses Etta Nunn, Sadie Vass, Julia Wetherington; Masters Johnnie Meadows, Johnnie Suter.

The German Chancellorship.

LONDON, March 23.—At no capital in Europe has the change in the German chancellorship caused so much alarm as at Constantinople, where the Sultan and his advisers view with misgiving and apprehension the retirement of Prince Bismarck and the appointment of Arthur Dadian Pascha, under Secretary of State for foreign affairs, commenting today on the situation, said:
"We are approaching something in the shape of a denouement in Eastern affairs, and Germany, which up to a few years ago, exhibited comparatively little interest in the Eastern question, is about to play an important, if not a principal part in it."
The Hamburg Nachrichten declares that Bismarck was deeply affected, and expected to the last that the Emperor would ask him to reconsider his resignation.

Chancellor von Caprivi has addressed a note to the German ambassadors abroad, in which he intimates that he will continue the policy of Prince Bismarck.

The Ohio River Again Rising.

CINCINNATI, March 22.—The Ohio river is apparently about to reach a greater height than at the last flood, when it barely reached fifty-seven feet. Here it is already forty-eight feet six inches, and is rising at the rate of two inches an hour. At Portsmouth it is rising three inches an hour. The Big Sandy rose ten feet in an hour at Louisa, Ky., last night. The Licking river at Falmouth and Cynthiana is rising very rapidly, and rain is still falling.

There has been no rain here scarcely since daylight and the temperature is growing slightly colder, but no fall of temperature probable at this time of the year can prevent a very high river here within the next few days.
CHARLESTON, W. Va., March 22.—There were heavy rains all night and all the forenoon. It is feared that the Kanawha river will reach fully 50 feet at this place. If so the greater part of the city will be under water. The residents of the lower part of the city are making preparations to remove their effects. At Kanawha Falls the river is twelve feet high, and rising rapidly. Elk river is rising at the rate of one foot an hour.

The "Bald Knobbers"

SPRINGFIELD, Mo., March 23.—The "Bald Knobbers" have not been subdued by the execution of three of their number and the life imprisonment of several others. They have reorganized in Douglas county. John Dalton and Joseph Plumb, of Wall's Township, that county, were visited by an armed band of Bald Knobbers on the 15th instant, and were served with notice to leave the county by the 19th or suffer the vengeance of the Bald Knobbers. Dalton and Plumb were not to be bullied, and they armed themselves, lay in a stock of ammunition, and still await the coming of the regulators.

Hon. Oliver H. Dockery.

Hon. Oliver H. Dockery, of North Carolina, consul to Rio Janeiro, will not return home in April, as was expected, on account of the ill health of Minister Adams, whose duties Mr. Dockery has been instructed to assume. Secretary Blaine has telegraphed him to take charge of the legation in the Minister's absence. His accession to the duties of the position will increase his pay \$300 per month. His wife is to sail for Brazil in May.

Cyclone at Edgemore, S. C.

CHARLOTTE, N. C., March 23.—A special to the Chronicle from Chester, S. C., says a destructive cyclone passed over the village of Edgemore, near Chester, this afternoon. Fourteen houses were blown down. A negro named James Mills was killed, and several persons were seriously injured. The roof of the Georgia, Carolina and Northern railroad depot was blown half a mile away. Robinson & Bid's establishment and Dickey's drug store were totally demolished. Edgemore's new church was also destroyed.

The Standard.

"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an remarkable and tonic it has never been equaled."
