

# THE DAILY JOURNAL

VOL. IX - NO. 4

NEW BERNE, N. C., FRIDAY, APRIL 4, 1890.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**A LIVE, ENERGETIC PERSON** wishing to canvass for the life of Henry W. Grady, may apply at this office. (ap4-5t)

**WANTED**—An old Mahogany Dining Table. Apply to JOHN SUTER, 3t

**SEWING MACHINES REPAIRED.**—John A. Edwards does all kinds of repairing. Send orders to him at house on Pollock street between Berne and Eden. (mob1st)

**FOR SALE.**—Appleton's Cyclopaedia of American Biography, in six elegantly bound volumes. Price, \$35.00; cost \$37.50. The work is just from the press. Apply at JOURNAL office. (20st)

**PATENT CLOTHES LINE.**—Clothes cannot be blown off. No pins. Sample can be seen at the Cotton Exchange. D. T. CARRAWAY, Agent Manufacturer. (fclst)

WHEN that political cyclone comes in 1892, we be to the Republican house built upon the sand. —Richmond Times.

"AN earthquake—or to speak in the language of the dispatch, 'a seismic disturbance'—is predicted for the 14th of April and Chicago is to be one of the cities engulfed. It would be prudent, perhaps, to postpone preparations for the fair until after the date named."

THE Atlanta Constitution boasts that in Georgia "fifteen children in the family are not unusual, and occasionally the record runs as high as twenty." That seems to be one southern infant industry that doesn't languish for protection. —Buffalo Express.

THE battle-ships cost a good deal, but it is much better to expend money for vessels which will be worth something when they are completed than to throw it away on ships which are obsolete, which will be of no use whatever in naval warfare and of very little use for harbor defence. —New York World.

THE Democratic party, unlike the Republican, does not shield its rascals nor even apologize for them—much less reward them. Not one of the delinquent Democratic Treasurers will ever be made Chairman of the Democratic National Committee and United States Senator. —Springfield Register.

WYOMING is to come into the Union under the explicit understanding that it will be a Republican State. Viewing the curious and improper Constitution proposed for this latest addition to the American galaxy, one is forced to conclude that in the eyes of the radical majority in Congress politics, like charity, covers a multitude of sins. —Chicago Times.

DURING Mr. Cleveland's Administration it was not discovered that an Assistant Secretary of War was needed. In fact it was not discovered that the office was in existence. The Republicans quickly discovered the office, the necessity of filling it and raising the salary from \$3,500 to \$4,500. Uncle Sam's army is not very big, but it takes a great many officials to properly look after it. —Houston Post.

SOLOMON was wise beyond his times. It is not in reason to suppose that he had the modern newspaper in his mind when he wrote "There is that hoardeth and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty." The printing press is a modern invention, and the newspaper a modern invention. —Durham Globe.

WE learn from the New York Sun that the Prince of Wales is in Germany, and that Emperor William is "going to be entertained by his British cousin." We were under the impression that Albert Edward, his mother's brother, was his uncle. Of course Queen Victoria is his "cousin," because reigning sovereigns are always "cousins" by courtesy, but she is his grandmother just the same. —Boston Post.

THE fact is the political conventions are not half particular enough in the selection of candidates for office, from the lowest to the highest. The seekers of office are not by any means as a general thing the men of the noblest natures and purest morals. Men seek office mainly because it pays, and gives them some imaginary cheap coat. But it is now as it was in England more than a hundred years ago—"The place of honor is the private station." —Wilmington Messenger.

"If the whole money in circulation was doubled, prices would double. If it was only increased one fourth, prices would rise one-fourth. The very same effect would be produced on prices if we suppose the goods (the use of money) diminished instead of the money increased; and the contrary effect if the goods were increased or the money diminished. So that the value of money—all other things remaining the same—varies inversely as its quantity; every increase in quantity lowering its value and every diminution raising it in a ratio exactly equivalent." —John Stuart Mill.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
W. B. LANE—Delinquent tax list.  
JOURNAL—Live person wanted.  
ROGERS—Entertainment—last week.  
C. C. CLARK—Sale of town property.

Prof. Rogers will give a matinee tomorrow afternoon at 3:30 o'clock.

Operations were resumed at Capt. Gray's pulp factory on Wednesday.

The wood market is glutted. It don't require much wood to burn these days.

The Y. M. C. A. choir is requested to meet tonight at the rooms of the Association.

Not much variety of fish in market yesterday—scarcely anything but shad and herrings.

Mr. J. B. Clark has opened a new general merchandise store on Middle street, near the Y. M. C. A. building.

Mrs. B. B. Lane removed her stock of millinery yesterday to the store recently fitted up for her under the Hotel Albert.

There will be a candy-pulling tomorrow afternoon at 3:30 o'clock at Capt. K. R. Jones's instead of at Major Dennison's.

A band of gypsies arrived on the train last night. They brought a number of fortunes which will no doubt be left in this city.

Mr. J. F. Taylor is having piling driven at the south end of the building occupied by D. Bell & Co., at the foot of Middle street. A wharf is to be built and probably a house later on.

The Oxford Ledger says: It is reported that Julian S. Carr, one of the stockholders of the Atlantic Hotel of Morehead City, N. C., has offered a donation of \$20,000 to the State provided that the permanent encampment of the State Guard be moved to that place.

The New Berne Electric Light and Power Company request us to state that they are running their lights somewhat irregularly this week on account of necessary work in adjusting their machinery, but that lights will be furnished with regularity on and after Monday night.

There is considerable talk in the newspapers about canning fruit and vegetables. New Berne has the advantage of any other town in the State in the vegetable business. We ought to have canning factories to consume the surplus. A gentleman said the other day that every large trucker ought to have a factory of his own.

**Medal Awarded.**

Mr. T. O. Manning closed the "second" term of his writing school yesterday. He offered two gold medals, one for best improvement, and the other for best writing. The one for best writing was awarded to M. E. Howard of Collegiate Institute, and the other to Jas. E. Carraway. Mr. Manning will reopen his school next Monday. See advertisement in next issue.

**Persons.**  
Mr. M. Prag, who has been in the city several weeks, returned to Norfolk yesterday.

Mr. Eugene T. Lynch returned to New York yesterday.

Mr. W. E. Barker and sister, Miss Ols, of Stella, are in the city.

Mr. and Mrs. W. T. Hines, of Dover, are visiting Mrs. Capt. Wallace.

## Cyclones.

Last week seems to have been a week of cyclones. The terrible Louisville cyclone was not the only one, by a great deal. There were terrific winds in other States, and in North Carolina there was considerable damage done. The Elizabeth City Economist says that a destructive wind and hail storm swept over the Albemarle sound and did considerable damage to property on the northern side of the Sound, near Edenton, on Tuesday. Stables were blown down, horses killed and boats and fish houses greatly damaged. The Kinston Free Press says: "Mr. W. C. Fields tells us that a cyclone cut a swathe through the forests in Onslow county, between Jacksonville and Catherine Lake, about 200 yards wide, Saturday week, wrenching off or tearing up by the roots the largest trees."

## Engagement Announced.

We find the following paragraph in the Philadelphia News announcing the engagement of a former citizen of Craven county, but now doing business in New York city. Mr. Kinsey is a son of Mr. Joel Kinsey, one of our leading planters:

"The engagement is announced of Miss Emma S. Lawson, of Woodstown, N. J., and Mr. W. S. Kinsey, senior member of the firm of W. S. Kinsey & Co., New York. The marriage will take place in June."

## Shipping News.

The steamer Kinston arrived from upper Neuse last night and will return today.

The steamer Manteo, of the O. D. line, will sail this morning at 9 o'clock for Norfolk.

The steamer Stout, of the Clyde line, arrived last night from Baltimore with a cargo of general merchandise.

## Senatorship.

EDITOR JOURNAL:—We are glad to see your townsmen, Hon. F. M. Simmons, so prominently spoken of for Congress. I hope there will be no foul play in that; and that the Governor will be more charitable than to accuse him with manipulations in this instance. The time will soon be at hand when the Democrats of the 9th Senatorial district, comprising the counties of Onslow, Jones and Carteret, will be called upon to nominate a candidate. The people of Carteret ask the nomination of a candidate to whom they would give their most cordial support, and whose character, public and private, is without stain. A man of recognized ability, by energy and close application to business he has risen to such positions in life in different vocations that few men of his age ever reach in these now isolated parts of North Carolina. His knowledge and success as a farmer all who know him must concede. Sober, industrious, and equalized in all his faculties, and devoted to duty, he has never yet held a position the duties of which he did not perform with ability. He has been chairman of the board of county commissioners of Onslow, and chairman of the Democratic county committee, and his management in these instances has been successful. Now as a body politic in convention assembled, we think it nothing more than right that the entire district should have a voice in naming the man. We refer to E. W. Ward, of Onslow county, as the man on whom Carteret can centre. WILD GOOSE. Sanders' Store, March 23, 1890.

## Opening of the Norfolk and Carolina Railroad.

The schedule over the Norfolk and Carolina railroad went into effect Monday. The regular mail and express train will leave the Portsmouth depot of the Seaboard and Roanoke railroad at 8 a. m. daily, and will arrive at Tarboro at 12:58 p. m. Returning, will leave Tarboro at 2 p. m., and will arrive at Portsmouth at 7 p. m. Passenger trains will connect at Rocky Mount, N. C., with North and South-bound trains over the Atlantic Coast line.

## Sentenced to Die by Electricity.

NEW YORK, April 1.—In the general sessions court this afternoon, Joseph Wood was sentenced by Recorder Smythe to be executed by electricity in the week beginning May 13th next. Wood is the negro acquiescent laborer who was convicted May 23th last of murder in the first degree in killing Charles Ruffin, a fellow laborer.

## Instantly Killed.

LEXINGTON, N. C., April 1.—At about two o'clock yesterday, Lee Craver was shot and instantly killed by Frank E. Broad way, at or near Barber's store about nine miles southwest of Lexington Davidson county. The coroner is now summoning a special jury to inquire into the matter. Reports say Broadway killed Craver because of reports Craver had circulated about Broadway's wife.

## COMMENDABLE.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a purgative and makes no pretensions that every bottle will not substantiate.

## MARRIED.

On Thursday evening, April 3, at the residence of the bride, in this city, Major W. B. Blount, of Fincastle, and Mrs. Sarah Holton. Rev. Dr. L. O. Vase performed the ceremony.

## NORTH CAROLINA NEWS.

### From the State Papers.

Elizabeth City Economist: The oysters that have been offered for sale in this market, at our wharves this season, have been better than we have ever known before. The raccoon-oysters of yesteryear seem to have been played out. The supply has come mostly from Pingleton rocks, Gull rocks and Rollinson's channel, with some few planted oysters that have been "beyond," "Mountain oysters" can't compare.

Chatham Record: Mr. John A. Womack has decided to establish a canning factory at this place. At first, during this year, he will only can tomatoes, and his factory will have a capacity of putting up 2,000 cans a day. He will furnish free tomato seed to any person who wishes to raise tomatoes for sale. By this means many a dollar can be made by the citizens of this place and surrounding country.

Winston Daily: A prominent citizen was heard to remark yesterday evening that he was confident that dirt would be broken within ninety days for the building of Winston's proposed \$100,000 hotel in the western part of the city. —Mr. C. E. McCluel, superintendent of the Southern Telephone Company, is here locating the lines for a system in Winston-Salem. Over fifty subscribers have been secured and the system is now a certainty.

Washington Gazette: The canning factory, we believe, is an assured fact. The terms for the location have been agreed upon, the site surveyed, and we learn that the papers are being drawn up. It seems that there was a difference between the proposed selling price of the land and the buyer's proposition, whereupon our enterprising citizens immediately made up the deficit. The purchasers represent the largest canning establishment in Baltimore, and when the factory is in operation it will give employment, we are told, to six or eight hundred persons. This will be a big boom for the town, especially among the men, women and children wishing employment, and will afford a home market for many products of our waters and fields.

## Distinguished New Yorkers in Atlanta.

ATLANTA, Ga., April 1.—Chauncey M. Depew, Abram S. Hewitt, John M. Inman, John C. Calhoun and other New Yorkers arrived at Atlanta today and have been entertained by Atlanta friends. The party was given a public reception and were afterwards entertained by the Capital City Club at luncheon. Messrs. Depew and Hewitt, Governor Gordon and others made short speeches.

## The Czar and Bismarck.

LONDON, April 1.—The Czar and Prince Bismarck have exchanged friendly letters. The latter expressed himself that in his opinion recent events would not affect the peaceful relations existing between the two empires.

## Four News Items.

In consequence of the discovery of a conspiracy among the students, several of the Russian Universities have been closed.

While six boys of R. H. Byseville and K. P. Womack, ranging in age from 11 to 19 years, were playing in a sand cave, Tuesday, near Vernon, Tex., the bank caved in on them and all were killed.

An explosion occurred Monday in a mine shaft at Nanticoke, Pa., by which five men were killed and seven seriously burned.

The treasurer of Palaski county, Va., and president of a bank, was brutally murdered near his home Tuesday morning. Two white men, suspected of the crime, have been arrested, and it is thought they will be hanged.

## The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

## Boyle to Enter a Monastery.

RALPHON, N. C., April 2.—Father Charles, pastor of the Catholic Church here, authorizes the statement tonight that he believes that ex-priest Boyle has gone to Scotland for the purpose of entering a Trappist monastery there. He says he advised Boyle to go there and he thinks that he has done so.

as cheap as can be bought in the city. Satisfaction guaranteed. ap21w2m

## Commissioner's Sale.

Pursuant to a judgment of the Superior Court of Craven county, rendered at its February Term, 1890, in an action in which F. W. Baker was plaintiff and Major Dixon and others were defendants, under which said judgment I was duly appointed a commissioner of said court, and licensed thereby to sell the hereinafter described land, I will therefore sell at Public Auction for cash to the highest bidder, at the Court House door in the city of New Berne, at 1 o'clock, p. m., on Monday the 5th day of May, 1890, the following land, to wit: Lying and being in the State of North Carolina, county of Craven, on the south side of Neuse river and south side of Dover road, beginning at a stake at the south side of Dover road, in the northernmost line of a tract of land conveyed to John S. Heath by William H. Washington, running thence with and up said Dover road, 65 poles to a point on the south side of said road, and east edge of the Bryan road as it has been altered and laid out on the east side of John S. Filber's house, etc., as fully described in the complaint filed in the above entitled action, to which reference is hereby made for a full and definite description thereof. O. H. GUION, Commissioner. April 3d, 1890. 30d

## Commissioner's Sale.

Pursuant to a judgment of the Superior Court of Craven county, rendered at its Fall term, 1889 of said court, in an action in which J. H. Hackburn is plaintiff and A. W. Avery and others are defendants, under which said judgment I was appointed a commissioner to sell the hereinafter described land: I will sell at Public Auction for cash to the highest bidder, at the Court House door in the city of New Berne, on Monday the 5th day of May, at 12 M., the following described land, to wit: All the undivided interest of A. W. Avery in the lands of Wiley Avery, deceased, lying on the south side of Neuse river adjoining the lands of William Arnold, the Great Branch, the lands formerly owned by J. S. Lane, W. W. Prescott and others; as fully set out and described in the complaint filed in the above entitled action, reference to which is hereby made for a full and perfect description thereof. O. H. GUION, Commissioner. March 23, 1890. ap33st

## NOTHING SUCCEEDS LIKE SUCCESS.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest disease known to the human system. The scientific men of today claim and prove that every disease is

## CAUSED BY MICROBES,

## Radam's Microbe Killer

Exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases constitutionally.

## Asthma, Consumption, Catarrh,

Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles in all its forms, and, in fact, every Disease known to the Human System.

## Beware of Fraudulent Imitations!
