WILSON will have a cattle show on May 15th.

LARGE Democratic gains are reported throughout the West.

A RUPTURE between Serbia and Bulgaria is imminent. The trouble is said to have been fomented by Russia.

SMALL industries are starting up all over the State. New Berne intends to have several of them on foot very soon.

THE North Carolina Medical Society will hold its thirty-seventh annual meeting in Oxford, May 27th and 29th.

MR. JAMES I. MORAN, late associate editor of Raleigh News and Observer, has accepted a position on the staff of the Richmond Dispatch.

THE number of patents, designs, trade marks, labels, and reissues which has been favorably reported for issue on April 15 is 624, the largest in the history of the Patent Office.

NORTH CAROLINA gave \$30,000 to crippled veterans of the Confederacy last year, and its contribution to the pension fund for Federal soldiers was \$3,000,000.—Norfolk Virginian.

How timely are the words of Thomas Jefferson and how well worthy of study! "I have never," said the founder of the Democracy, "suffered a political to become a personal difference."

EMIN PASHA is not going to Europe to exploit himself. He has accepted service under the German Government and will return shortly to the Victoria Nyanza at the head of a strong expedition. Unless he fortifies himself pretty thoroughly the English "philanthropists" will send up and rescue him again.—New York World.

SOME time ago a woman's club, said to be the first of the kind in this country, was organized in New York, and now one has been organized in Philadelphia. It is composed of some of the most aristocratic women of that city, and classes in reading, musical instruction, sewing and cooking will be formed. At a few of the entertainments a limited number of gentlemen will be admitted.—Exchange.

SULLIVAN and Jackson will not fight near Norfolk under any supposed authority conferred by the charter referred to, and half of Richmond will have to be content with less exciting sport if they should come. There is plenty of fine sand down here, but no prize fights, nor duels, nor Spanish bull contests. There are splendid hotels and fishing clubs, and sea bathing, and shooting and dancing and flirting, and apollonians and lemonade, etc., etc., etc., but, though the breath of a great boom is in every breeze, we are in Virginia, not in Mexico—nor New York.—Norfolk Landmark.

A SOUND of wailing and gnashing of teeth goes up from the Massachusetts Congressmen, who say

they will fight the McKinley bill till its hide is taken off, and from the Massachusetts boot and shoe manufacturers, who find themselves unexpectedly, and, as they think, unreasonably attacked in the house of their friends. Threats that Massachusetts will go Democratic are heard on all sides. Even the Boston Advertiser gloomily remarks: "If Chairman McKinley and his Republican associates wanted to take the course most likely to secure the transfer of Massachusetts from the Republican to the Democratic column of States at the next election, they could not have hit upon a plan more shrewdly adapted to that end."—New York Sun.

LOCAL NEWS.

NEW ADVERTISEMENTS
BELL THE JEWELER—Silverware.

Easter.
The steamer Tahoma was on Howard's ways yesterday for slight repairs.

Truckers think that if frost does not fall before Wednesday the crops will be all right.

Prof. Rogers will continue his exhibition this week for the benefit of the New Berne band.

All the young men of New Berne are invited to be present at the Y. M. C. A. meeting this afternoon at 5.30 o'clock.

Mr. Wm. Colligan has completed his store near the depot and will resume business on Monday. He has a neat building.

The marriage of Miss Shinnie Oliver is to take place at Christ Church on Wednesday morning, April 16, at a quarter to eight o'clock.

The word "Easter" occurs once in the New Testament (King James version) in Acts 12:4. In the late revised version the word "Pasover" is used.

The proceedings of the Board of City Council, which met on Friday night, are on hand but owing to length and late hour of reception could not be published in this issue.

All persons taking part in the "Song Tournament," are earnestly requested to meet at Mrs. Frederick Jones', corner Pollock and Eden streets, Monday evening promptly at eight o'clock.

By order of the executive committee the regular monthly business meeting of the Y. M. C. A. will be held Tuesday instead of Wednesday evening. A full meeting is desired to hear the reports and other business that will arise.

A gentleman in the city has a hen that lays Easter eggs. For three successive days she has laid eggs of various colors—the first day a dark colored one with light spots, second day a striped one, and third day one of olive-brown color. Smart hen that.

A Little Off.
The State Chronicle, which generally strikes the nail on the head, says:

"The electric light was turned on in Greenville Wednesday. Miss Beattie Williams, the little daughter of the Mayor, held the honor of starting it. The JOURNAL says there are twenty-five lights."

Our brother was striking at New Berne and its new electric lights. The JOURNAL said there were twenty-five or thirty lights. There's nothing the matter with 'em either.

Personal.
Miss Laverna Dixon, of Greene county, is visiting Rev. I. L. Chestnut and family.

Dr. G. K. Bagby went to Kingston yesterday and will return Monday night.

Miss Hattie Buxton, of New York, is visiting Miss Louise Donnan.

Mr. Alonso Stowe, the leading merchant of Hatteras, was in the city yesterday.

Messrs. M. DeW. Stevenson, F. M. Simmons and Clement Manly have returned from Onslow county court.

Judge Graves came from Jacksonville, Onslow county, where court convened during the past week, and took the train yesterday morning for Mt. Airy, his home.

It is with much regret that we learn that Mr. Daniel Simmon, who has been in poor health for sometime, does not improve but rather continues to decline.

Miss Susan Collier, of Goldsboro, is visiting the Misses Oliver.

Mrs. Margaret Nelson, Miss Donnell and Miss Bonham returned last night from a trip to Florida.

This and impure blood is made rich and healthful by taking Hood's Sarsaparilla. It cures scrofula, salt rheum, all blood disorders.

Should Have a Better Hall.

The Y. M. C. A. of New Berne has been in operation about five years, during which time it has been located in the Bishop building on Middle street. The location is good and the rooms are as neat and tidy as probably any in the State, but they are not large enough for the accomplishment of the work within the bounds of the Association. The membership has remained at about one hundred for sometime and to increase it has been found quite difficult, through, it is thought, the inability to meet the demands for a larger and better equipped hall. It is to the interest of the citizens of New Berne to offer any assistance they can to this body of young men. They are endeavoring to furnish a place where young men can assemble for the development of their social, mental, physical and spiritual conditions and it behooves any community to aid in such work.

Is there not some person in New Berne who will give the matter a little thought, make suggestions, offer a building or site? In this great day of philanthropy will New Berne remain silent?

Are We Keeping Up?

While we prefer seeing the establishment of more industries in this immediate vicinity, it is a pleasure also to note the prosperity of other sections of North Carolina. The latest is the building of an oyster cannery at Washington. In connection with it, fruits and vegetables will be handled later. The business men of Selma are determined on having a knitting factory, and the one that has been running so successfully at Tarboro is to be enlarged right away.

Are we keeping up in the race? If not, where lies the fault? If so, should we be satisfied and contented? By no means, we will make answer for the last query, and so will every other man who has the least spark of public enterprise and love for his home. Gentlemen, let's do something more. We owe it to our children and the coming generation. Whenever you hear of families moving away and young men seeking new fields of labor, mark it, there is some good cause. Trace it back, and we honestly believe that in nine cases out of ten the trouble may be safely attributed to the lack of forethought or timidity on the part of the business and moneyed men of that place, failing to provide sufficient employment for them.

Increase your population and you increase the demand for and consumption of all resources, and the classes that receive the greatest benefits are the business men and property owners.

Assistance for Mr. Collins.

It is proposed to purchase an artificial leg for Mr. John Collins, who was so unfortunate as to break his only leg sometime since. Contributions for the purpose will be received by W. E. Snellings at his store on Pollock street, Alex. Miller at his store on Broad street, and R. J. Gooding, corner Pollock and Middle streets.

Three New Alarms.

Several towns in Illinois were visited by a tornado Thursday evening, which caused great fright among the people. A number of buildings were unroofed, and fences and trees blown, but no lives were lost and no one injured.

The saloons of Wichita, Kansas, were raided by temperance people Thursday, and all intoxicants dumped into the streets.

Arkansas City was swept by a violent rain storm, Thursday night, which greatly alarmed the inhabitants. A number of buildings were flooded and swept from their foundations. The rivers are reported to be falling, and hopes are entertained that the overflowed district will soon be relieved so that planting can begin.

Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other disease may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.
