## BUSINESS LOCALS.

**SALESMAN.**—An energetic man wanted to push our manufactures on this ground. One of our agents earned \$5,000 in '89. Address P. O. Box 1871, New York. a5 3p

**SEWING MACHINES REPAIRED.**—John A. Edwards does all kinds of repairing. Best orders to him at house on Pollock street, between Berne and Eden. [mch18stf.]

**FOR SALE.**—Appleton's Cyclopaedia of American Biography, in six elegantly bound volumes. Price, \$25 00, cost \$67.50. The work is just from the press. Apply at JOURNAL office. f20tf

**PATENT CLOTHES LINE.**—Clothes cannot be blown off. No plaid. Sample can be seen at the Cotton Exchange. D. T. CARRAWAY, Agent Manufacturer. f61st

**MCKINLEY'S Tariff bill** promises to reduce the Republican majority rather more than it will the revenues.—Phil. Times.

**MONDAY** the Federal court opens at Greensboro and Judge Dick is to enquire into the Kilpatrick case. We are rather curious to see what he will do in the matter.

**THE storm** of protest with which the McKinley Tariff bill has been received may well cause its authors and abettors to halt in their course. They are showing a disposition to retreat already.—Phil. Record.

**AGAIN** a petition has been presented to His Highness, Tom Reed, asking his Mightiness to recognize some one to move the passage of a bill repealing the tax on tobacco. But His Majesty said his Rules were not built that way. They permitted such requests to be made by members of his own party only.—News & Observer.

**THE absolute worthlessness** of the Harrison Administration, and the glaring contrast it presents to that of Mr. Cleveland, has convinced the Western people that they have placed the care of their interests in very incapable and unreliable hands. Hence the unvarying success of the Democratic party in that section at and since the Fall elections.—Albany Argus.

**If every Republican leader** in Congress were pledged to do all in his power to elect a Democratic President in 1892 the outlook for our success in that campaign would not be better. More vigor to you all, agents of the monopolists and surplus grabbers! You are making Democratic votes by the thousand every day in the week.—National Democrat.

**It is said** that the Ozar of Russia has become such a slave of the morphine habit that he now uses from twelve to fifteen grains of the sedative drug daily by injections. From one-half to one grain is the dose daily administered by physicians. According to this the Nihilists will have to hurry up if they want to dynamite Alexander out of the world.—Waterbury American.

**NEARLY every country** of Europe has about perfected arrangements for using only smokeless powder in military operations, and soon all ought to be able to carry on the business of war at the old stands with unexampled facility. What with smokeless powder, dynamite guns, nitro-glycerine bombs, and other modern inventions of war, it may soon come to be a choice between annihilation and no war. We may have to agree to universal peace in order to escape universal destruction.—New York Star.

**In studying the South** I regret I have never been in the South before. I have been looking not so much to its material development as to its people, their sentiments, their methods of life; as to where the differences occur between the Northern and Southern American, if any exist. I am glad to say that observation leads me to the conclusion that in all the elements constituting good citizenship, honest patriotism and intelligence there is no difference.—Channoy Depew at Chattanooga.

**THE executive committee** of the Georgia Farmers' Alliance has agreed upon the questions which all candidates for office from baillif to Congressman, will be required to answer. They demand that the powers of the State Railroad Commission shall be enlarged, and that more control of the railroads be given to the State and Inter State Commissions. They demand that better common school facilities shall be afforded the children of the State, poor and work houses for the indigent, that convicts be better treated and cared for, and that the able-bodied ones be made to work the roads, the lowest possible tariff duties on all articles necessary to the farmers of the country, and that all candidates for office in Georgia shall place themselves squarely with the alliance on this policy.

## LOCAL NEWS.

**NEW ADVERTISEMENTS**  
R SAWYER—Fashionable tailor.  
ROGERS—Entertainment tonight.

Prof. Manning's night writing school will suspend until Wednesday night.

The boys of Vance Academy made a very creditable appearance on drill yesterday.

The members of the Board of Trade are requested to meet tonight at their rooms at eight o'clock.

The regular meeting of the Ladies' Auxiliary of the Y. M. C. A. will be held at the rooms Tuesday afternoon at 4 o'clock, April 8, 1890.

The regular monthly business meeting of the Y. M. C. A. will be held tonight at eight o'clock. Every member, both active and associate, should be present and hear the reports from the various committees.

The Rogers exhibition for the benefit of the N. S. F. E. band last night was much enjoyed by the audience, which was fairly large. Prof. Cook's comic songs were especially good. Music was furnished by the band just before the performance began. Will be repeated tonight.

The "egg hunt" was engaged in by a large number of children at the residence of Miss Emma Disoway, yesterday afternoon. The participants enjoyed the hunt very much, it seemed. Miss Maude Koonce found the prize egg and was awarded the prize, a handsome bottle of cologne and a darning egg.

Hon. W. T. Cahoon will deliver the annual address before the Ladies Memorial Association the 10th of May, and Gen. C. A. Battle has been made chief marshal. Both of the selections are good, and we feel sure that the Association will have cause to congratulate itself.

### Shipping News.

The schooner Mattie E. Hiles arrived at Beaufort on Saturday from the West Indies. She has a cargo of molasses consigned to Roberts & Bro. of this city.

The steamer Newberne, of the O. D. line, will sail this morning at 9 o'clock for Norfolk.

The steamer Kinston arrived yesterday from upper Nause and will return today at 12 o'clock.

### Personal.

Mr. F. C. Bryan returned to Norfolk yesterday after a short visit to his old home.

Miss Bettie Fordham, of Kinston, is visiting Mrs. A. J. Scarborough.

Mr. G. F. M. Dail has returned from Greene county court.

Messrs. C. R. Thomas, jr., Clement Mosier, and H. L. Gibbs went down to Beaufort on professional business last night.

### Mayor's Court.

The following cases were disposed of yesterday:

Dr. Fox, drunk and down in the city limits; fined \$5 and cost or 15 days on the streets.

Violet Wiggins, col., riotous and disorderly in city limits; fined \$5 and cost or 15 days on the streets.

Louisa Harper, col., riotous and disorderly in the city limits; fined \$5 and cost or 15 days on the streets.

Pernia White, James White and Martilla White, charged with violating chap. 5, sec. 4, city ordinance; discharged.

Violet Wiggins, assault and battery with deadly weapon; bound over to court.

Louisa Harper, assault and battery with deadly weapon; bound over to court.

In advanced age the declining powers are wonderfully refreshed by Hood's Sarsaparilla. It really does "make the weak strong."

### Death of Mr. Daniel Stimson.

One of the best and most highly esteemed citizens of this community is taken from us in the death of Mr. Daniel Stimson. For many weeks he had been declining in health until on Saturday night all hope of his recovery fled from the hearts of the friends who watched by his bedside, and at 3:15 o'clock a. m. Sunday, April 6, 1890, on Easter morning, his soul passed into eternity.

Mr. Stimson was born in Limerick, Maine, on March 26, 1823, and was consequently a little over sixty-seven years of age. He came to Beaufort, N. C., in February, 1864, and engaged in the saw mill business. In 1870 he came to New Berne, where he continued to live until the time of his death. For sometime he was in copartnership with Mr. D. Congdon, but sold his interest in the business to Mr. Congdon and built a mill for himself at the foot of King street. This mill was destroyed by fire in 1873 and he built another on the site where the smaller mill now stands. This mill he continued to run and built a larger one near it a few years ago, then running both until the disastrous fire in 1889 which swept both plants from existence. With great energy and determination he began to clear away the ruins of his former large and valuable plants and to erect new mills. One of these was completed and has been in operation for several months. The other is yet unfinished.

Mr. Stimson's political life, if we may say he had such, was, we believe, pure. He was no politician, nor desired to be, we think. His canvass for the office of sheriff and his official life the people of Craven county are familiar with.

Mr. Stimson's personal character is well known. He was a true man, we believe. He was honest, charitable, generous, conscientious, a Christian. The poor found in him a friend. With a liberal hand he ministered to the wants of the needy who sought assistance from him. Withal, he was energetic, a business man. Few men have done so much for the laboring class of the community as he did.

Mr. Stimson died of chronic liver complaint. He was buried yesterday afternoon at 4:30 o'clock, the funeral taking place from his residence on East Front street. A large number of friends followed his remains to the grave, and there was a long line of colored employees who attended the burial ceremonies. He was buried in Cedar Grove cemetery.

### Easter Sunday.

It was a beautiful, sunny day. Earth seemed lit up by a smile from the risen Lord. In the churches appropriate services were held, which were largely attended. Though flowers are scarce this season some of the churches were beautifully decorated with them. The day was probably more generally observed than on former Easter Sundays.

At Christ Church the floral display was superior to any of former like occasions. The chancel was literally banked with geraniums, lilies and various rare flowers and plants and each memorial window was embowered in the choicest varieties. The congregation was unusually large and the services fully up to the standard of this congregation, which is always of the best on this grand festival of the Church. The music was beautifully rendered, sweet and appropriate, the sermon an impressive one, and the number of communicants at the celebration of the Holy Eucharist very large. Of the offering we have heard no account but it was doubtless liberal in amount.

At 5 o'clock the Sunday School celebration took place which was, while much in the order of former ones, highly interesting and delightful. The classes march in singing as professional "Onward Christian Soldiers," and each with its banner took position in the pew assigned to it; when the printed program of services was admirably carried out. At the call of the superintendent each class presented a golden bar which was wrought into an elegant golden gate upon which appeared in large letters, "He is Risen." An offering was also made by classes. The services were intoned by the Rector and choir, a practice which we think might be well observed more frequently, as the beauty of it depends much upon whether the congregation is accustomed to it or not.

One of the most pleasing events of the day was the appearance of an elegant Litany Desk of polished brass placed in the church by Mr. and Mrs. Samuel B. Waters in loving remembrance of their deceased daughter, May Louise. It is a superb piece of workmanship of beautiful design, and a fitting memorial to one so pure and lovely.

The Methodist Church was tastefully decorated and the services were attended by a large congregation.

At the Catholic Church the usual impressive services were held. The music was excellent and the church elegantly decorated with flowers.

## CITY COUNCIL PROCEEDINGS.

April 1, 1890.

A regular meeting of the board of city council was held this evening at half-past seven o'clock, Mayor Williams presiding. Present: Councilmen Burrus and Kennedy.

For want of a quorum the meeting adjourned to Wednesday night at half-past seven o'clock.

SILAS FULCHER, Clerk.

April 2, 1890.

An adjourned meeting of the board of city council was held this evening at half-past seven o'clock, Mayor Williams in the chair. Present: Councilmen Lane and Ellis—no quorum—and the meeting adjourned to meet Friday night at eight o'clock.

SILAS FULCHER, Clerk.

April 4, 1890.

An adjourned meeting of the board of city council was held this evening at eight o'clock, Mayor Williams presiding. Present: Councilmen Ulrich, Lane, Crawford, Ellis, Willis and Kennedy.

The Marshal's report was read and on motion received and adopted.

### MARSHAL'S REPORT.

We have made 24 arrests during the month of March; 9 were dismissed and 15 convicted. Fines collected, \$10 30, cost, \$32 90; total, \$43 20.

One half the above cost, \$21.60, was deducted for my fees.

JAS. T. LEWIS, C. M.

The Mayor read the following report, which was on motion received and adopted.

### MAYOR'S REPORT.

I beg leave to submit the following report:

The work has been done on the Atlantic engine by Mr. Edwards, and the pump forwarded to the Silsby Company to be repaired. I expect a bill for harness, and ask that the clerk be instructed to issue a voucher for the sum of \$55.00.

Sanitary condition of the city is good. Police have made 24 arrests, 9 of which were dismissed; 15 convicted. Fines imposed, \$32 00; cost, \$43 00; total, \$75 00.

The streets are in fair condition. We need some shells to keep them up; think it advisable to try shell rock, as it would prove to be a great deal cheaper and better, as we could buy a small tract of land on Trent river and have the rock blasted to suit the purpose.

Respy, R. P. WILLIAMS.

The Mayor stated that he had a deed from the Atlantic Engine Co. for the property purchased by the city, which was read and received.

Councilman Ellis stated that complaint had been made concerning the house occupied by Mr. Trenwith as a blacksmith shop as being a nuisance, and moved as chairman of fire district committee that the matter be left with the Mayor and city attorneys with power to act.

Councilman Kennedy asked about the deed for Aaron Jones' property on German street which the city bought from Mr. Ulrich. The Mayor stated that Mr. Ulrich had been paid for the property since last year, and that it was his place to deed it to the city, which should have been done long since and then the city to Jones.

Councilman Kennedy moved that the matter of making a deed be left with the city attorneys, and that the Mayor and clerk be instructed to make a deed to Aaron Jones. Adopted.

Councilman Kennedy suggested that the committee on streets and pumps place the pump on South Front and Muddy streets soon as possible.

The following persons were appointed registrars and judges of election, to be held the first Monday in May, 1890: First ward, T. C. Howard registrar, A. E. Parsons and Aaron Bell judges, election to be held at the station house; second ward, J. K. Willis registrar, W. F. Rountree and Jeremiah Abbott judges, polls to be held at J. K. Willis' shop; third ward, Thomas Stanley registrar, James W. Scott and W. H. Smith, polls to be held at Phillips' shop; fourth ward, K. R. Jones registrar, David Stallings and Sam'l T. Bryan judges, polls to be held at Laine's shop; fifth ward, W. H. Hooten registrar, A. W. Edwards and M. F. Orum judges, polls to be held at Five Points' market.

The Mayor suggested that the name of Nouse street be changed back to its original name—New street. On motion of Councilman Crawford the suggestion was adopted.

The Mayor requested Councilman Ulrich to take the chair while he made the following statement: The Mayor stated that a report had been circulated that he was short in his account as treasurer in 1888-'89; that the report was incorrect and untrue; that he had never owed the city a dollar, but that the city had always owed him and is in his debt today; that he had on hand, as appeared from examination of the finance committee, \$778.93 of the funds of the city; that he turned over to Mr. Ulrich, his successor in office, \$325.07; that after the examination of the finance committee, and before his suc-

cessor qualified, he paid out on vouchers and orders about \$400, which vouchers are in the hands of the finance committee and have been in the possession of the clerk since last May; that on the examination of his account count as treasurer by the finance committee last year they found that the auditing committee had only allowed him for forty eight weeks when they should have allowed him for fifty-two weeks, and agreed to investigate for orders paid street hands and engine drivers; that the account was examined by Mr. B. B. Lane and F. Ulrich. The vouchers were turned over by him to the finance committee and by them placed in the hands of Mr. Ulrich to be turned over the auditing committee; that he was ready and anxious for a settlement and was awaiting the action of the auditing committee; that E. K. Bishop was appointed a committee in August last to get the books and vouchers from the auditing committee so that a settlement could be had; that he now asked some member of the board to make a motion requesting the auditing committee to meet at the earliest day possible in order that he might have a settlement in vindication of himself and Mr. B. B. Lane from any blame which might be attached to Mr. Lane.

Councilman Crawford moved that the auditing committee be requested to meet with the finance committee Monday, April 7th, and settle with Mr. Williams, the treasurer in 1888-'89. The motion was carried.

The Mayor suggested that the matter of the market house insurance be left with the finance committee to examine, with power to act.

The Mayor stated that Mr. E. M. Pavie had an account against the city for work on engine houses, rent, etc., and asked that the clerk be allowed to take it in payment of Mr. Pavie's taxes.

Councilman Kennedy moved that the matter be referred to the finance committee with power to act.

The following bills were allowed:  
R. P. Williams, mayor, \$33.33; F. Ulrich, treasurer, \$16.66; Jas. T. Lewis, marshal, \$25; J. E. Gaskill, police, \$30; M. T. Roberts, police, \$30; Thomas Wilson, police, \$30; J. L. ## NOTHING SUCCEEDS LIKE SUCCESS.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest disease known to the human system. The scientific men of today claim and prove that every disease is CAUSED BY MICROBES, AND—

**Radam's Microbe Killer** exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases constitutionally.

**Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles** in all its forms, and, in fact, every Disease known to the Human System.

Beware of Fraudulent Imitations! See that our Trade-Mark (same as above) appears on each jug. Send for book "History of the Microbe Killer," given away by
