

# THE DAILY JOURNAL

VOL. IX.—NO. 10.

NEW BERNE, N. C., FRIDAY, APRIL 11, 1890.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**SEWING MACHINES REPAIRED.**—John A. Edwards does all kinds of repairing. Send orders to him at house on Pollock street between Berne and Eden. [mch15st.]

**FOR SALE.**—Appleton's Cyclopaedia of American Biography, in six elegantly bound volumes. Price, \$35 00, cost \$27.50. The work is just from the press. Apply at JOURNAL office. [20st]

**PATENT CLOTHES LINE.**—Clothes cannot be blown off. No pins. Sample can be seen at the Cotton Exchange. D. T. CARRAWAY, Agent Manufacturer.

There are three theaters in New York where performances in Hebrew are given nightly.

The czar in closing the Russian universities has given his adhesion to the maxim that a little learning is a dangerous thing.—Philadelphia Times.

The name of Gladstone suggests a felicitous blending of joyousness and stability. His grand and noble career has made it musical to millions.—Troy Press.

With a tariff tax on eggs, the American rooster will crow half an hour earlier than usual, thus giving the honest farmer more time for his day's work.—Louisville Courier-Journal.

TENNYSON says he will never again write poetry. If he would promise never to write anything except poetry he would confer a favor upon the reading public.—Philadelphia Call.

The decree has gone out that no Territory shall be admitted into the Union unless it is Republican. Such is the rule established by the revolutionary and usurping majority in the Congress. Shame! Disgraceful!—Wilmington Messenger.

SUCH are the forms of American law that if you wanted to give away a peanut in a strictly formal legal manner it would require writing enough to cover two pages of legal cap. Then along would come a lawyer and offer to bust the case for \$200.—Detroit Free Press.

A VESSEL with broken machinery and a hole stove in her bottom, and the consequent peril of a thousand lives, is a graphic commentary on the folly of straining engines in the hope of making the trip an hour or so quicker than some other vessel has made it.—Rochester Democrat.

The Legislature of New York seems to be determined to eliminate from its juries such persons as have heretofore injected an occasional bit of common sense into their decisions. It has passed a bill exempting newspaper men, whether editors or reporters, from jury service.—Detroit Free Press.

MISS MARY ANDERSON is now at the Hotel Bellevue, Mentone, under the chaperonage of Mrs. Navarro. No definite date has been set for her marriage, but it will not occur in Florence. Mr. Navarro states that Miss Anderson is not to return to the stage after her marriage.

The Republicans are after the scalps of the Prohibitionists in Iowa, and are flaunting the fact to the breeze. When another campaign comes on the Prohibitionists will unsheathe their dirk-knives and go after the Republicans, just by way of keeping even, and then it will be interesting to the Democrats.—Chicago Mail.

The South is receiving a great deal of attention just now from eminent Northern men like Vice President Morton, ex-Mayor Hewitt and Obanancy M. Dewey, of New York, all of whom have been the recipients by the leading people of Charleston, Atlanta, Chattanooga and Knoxville. They express themselves charmed with the country, delighted with its prospects and grateful for its hospitality, and they pre-empt for it a great future and immense wealth for its industrious, far-seeing and progressive people.—Memphis Commercial.

THIS seems to be another "off year," and Democrats seem to be sweeping things in the great cities of Chicago and Milwaukee. If things go on at this rate, the Democrats will wake up some fine morning and find themselves in possession, not only of Iowa, but of Illinois and Wisconsin; besides there are indications that Minnesota is shaky. If Illinois should fall in with the Democrats, what will all the new States profit the G. O. P. —Louisville Times.

AND now the Republicans propose to railroad another Territory into the Union. Idaho is to come in along with Wyoming. They have not both together as great a population as the Third Congress District of Tennessee contained in 1888, before its dismemberment. To give these sparse populations, scattered over great expanses of territory—Wyoming is 97,000 and Idaho 84,000 square miles in extent—is to add two rotten borough States for partisan advantage, nothing else. To admit them and leave New Mexico out, with more population than both of them is an outrage.—Chattanooga Times.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
ROGERS—Entertainment tonight.  
MISS HARRIETTE LANE—Millinery.

Good oysters are very scarce. The weather has been so warm that the goose is about cooked for the luscious bivalve.

There will be a Rogers exhibition matinee on Saturday afternoon at 2:30 o'clock for school children. Admission five cents.

If the Thursday night prayer meetings were to take in a quarter or half an hour later it would be much more convenient for business men to attend.

The N. B. S. F. E. band discourses beautiful music every night under the electric light at the corner of Pollock and Craven streets, just before the Rogers entertainment begins.

They talked and talked politics on Middle street yesterday. It was ward politics. The ball is open. Each one in the crowd gave his opinion of the situation, proved that his side was right and stuck to it. No conversions either way.

Yesterday Jesse Brown sent for the JOURNAL reporter who visited him the other day. He said he wished to thank those who had so kindly interceded for him and saved his life. He thinks "the people here are the best people he ever saw." Says he "hopes to be a free man some day."

The main fishing season is about over. Two crews who have been fishing for Mr. Geo. N. Ives disbanded yesterday and returned to their homes in Beaufort. They were the crews commanded by Capt. W. W. Davis and Capt. Ben Congleton. They say the season has been fairly good.

In commuting the sentence of Jesse Brown to life imprisonment, the action of Governor Fowle is fully sanctioned by our most learned jurists who heard the trial and have acquainted themselves with the facts in the case. A petition was gotten up on behalf of the prisoner which was signed by a large number of our citizens and the board of county commissioners; also letters were sent by some of our most prominent attorneys.

New Berne is on no boom, but it is steadily awakening to the demand of the times in taking a position in the line of progress. Her advantages are too numerous to mention. All that is needed is greater unity and determination on the part of the citizens. The Board of Trade should not lose one moment in advising with the management of the O. & W. Railroad and pointing out to them the numerous advantages to be gained by coming here and assuring them of the hearty cooperation of our people.

Walk into any of our grocery stores and in nearly every instance you find staring you in the face elegant canned goods—fruits and vegetables. Where are they put up? The label tells the secret—in the north, every time. Are we forever to be dependent on other sections for goods that can just as easily be manufactured at home? Some one should make the venture and create a new manufacturing industry—a cannery. Let's not continually divide the business of our present small number of enterprises, as we are so prone to do.

## A Triple Runaway.

There was an exciting horse race on South Front street yesterday afternoon. It was a double runaway which was caused by a runaway. Dr. Robert Primrose's horse ran away, starting on Middle street. He ran down Pollock to East Front, down East Front to South Front. Just in front of Mr. Meadows' offices were two drays with horses attached. The runaway horse, with the buggy shafts hanging to him, came dashing round the corner, ran between the drays, and frightened the horses so that they whirled around, one on way and one the other, catching the runaway horse between the wheels and running over him. They then went up the street in a full run. It was a close race. On they went, side by side, persons on the street expecting every moment to see a collision, vehicles smashed in pieces and drivers' necks broken. But not a post nor a tree, nor scarcely the ground (?) was touched. They reached corner of South Front and Middle streets neck and neck, when one turned down Middle and the other struck for Bell's alley, and his stable. The first stopped at the foot of the street, the other in the alley and not a cent's worth of damage was done to either horses, dray or drivers. In the meantime Dr. Primrose's horse picked himself up, sufficiently amused, was caught by a colored boy and taken to the stable. He was hurt slightly. The buggy was badly broken. It was a remarkable runaway. No one was hurt.

A Word to the Board of Trade. It is well known that the W. & O. Railroad is being rapidly constructed in a northerly direction from Wilmington. It is more than probable that it will come to New Berne. But to have every assurance of the fact, would it not be well for the citizens of New Berne to interest themselves in every possible way towards securing it. It is of vital importance to us, and the earlier the move the better. We cannot afford to remain idle. Other places are awake and we will be cut off if the proper effort is not made and we fail to grasp one of the grandest opportunities that has ever been offered this section.

Personal.  
Mr. T. E. Mace, we regret to learn, is quite sick.

Clement Manly, Esq., will deliver the commencement address before the Hookerton Collegiate Institute on the 10th of June. The school is to be congratulated.

Mr. James Redmond left yesterday on a trip to Portsmouth, Va.

Mr. F. B. Lane, who has been at Coimjock for some time looking after the non-resident cystemen, is in the city.

Miss Daisy Rumley, of Beaufort, who has been in the city visiting Miss Annie Davis, returned home last night.

Mr. James Roberts, of Annieston, Ala., is in the city on a visit to relatives and friends.

Mr. W. F. Kornegay, of Goldsboro, is in the city.

Mayor's Court.  
The following case was disposed of yesterday:

John Warren, col., chap. 13, sec. 8, city ordinance, keeping slaughter-pen in the city limits; submitted; taxed with cost.

Shipping News.  
The steamer Manteo, of the O. D. line, will sail this morning at 9 o'clock for Norfolk.

The steamer Deffiance, of the Clyde line, sailed last night for Baltimore with cargo of general merchandise.

The schooner Mattie E. Hiles is on Howard's ways for repairs.

A Tornado—Forty to Fifty Killed.  
ST. LOUIS, Mo., April 8.—Advices received here at 3 o'clock this morning, say the village of Prophetstown, Ill., has been blown from the face of the earth by a tornado. The only definite news obtainable was received from train hands on the stock train which pulled out of Prophetstown just after the disaster.

The town contained about 400 inhabitants, and is located about 40 miles from Burlington, on a small branch of the Chicago, Burlington & Quincy road. The train hands report the railroad depot blown down, and the station agent buried beneath the ruins. A small Presbyterian church on Main street, was blown down, and the steeple carried fully 100 yards.

LATER.—A telegram just received says 40 to 50 people were killed at Prophetstown. The news has been verified by a short message.

The Spring Medicine.  
The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

## NORTH CAROLINA NEWS.

From the State Papers.

The Charlotte people are to have a grand musical festival in June. The citizens have guaranteed by subscription \$1,500 to be used in defraying expenses. The festival will be given by the Philharmonic Society.

Washington Progress: The grading is nearly completed between Greenville and Kinston on the extension of the Scotland Neck and Greenville branch of the W. & W. railroad. They expect to establish a regular schedule by the first of August.

Elizabeth City Economist: The oyster business has recently had a boom in our town, and "oyster plants, oyster canneries, oyster shuckers and oyster packers are household words among us. It has given an impulse to business in our town, and greatly supplemented our short crops.—One mill dies and two others sprout in its place. James Y. Old assigns his old mill property, it goes into new management and before the ink is dry on his assignment, he rears another mill, with renewed energy and increased improvements. One live man, with "never say die" for his motto, is worth more to a town than a dozen dead men.

In Respect to our Deceased Brother, POLLOKVILLE LODGE, No. 175, A. F. & A. M.

Pollockville, N. C., March 13, 1889. Whereas, This Lodge has received the sad announcement of the death of our dearly beloved brother, H. S. Nunn, which occurred at his residence in the city of New Berne, on the 21st day of January, 1889; and whereas it has pleased Almighty God, the Supreme Architect of the Universe, to remove our well beloved brother from the labors, trials and temptations of this terrestrial sphere to the Celestial Lodge above; therefore be it

Resolved, 1st, That in his death our Lodge has lost a worthy member, a kind brother, and a faithful and zealous worker, one whose burning and ardent love for the good of the order never grew cold.

Resolved, 2d, That while we bow in humble submission to the will of Him who doeth all things well, we can but feel that the church militant has lost a devout Christian, and that the church triumphant in Heaven has gained a bright jewel.

Resolved, 3d, That the family has been deprived of a kind and loving father and affectionate husband; one whose amiable traits of character never shone more brightly than in his family circle. We offer our condolence in this sad bereavement, bidding them remember that this is only one more link in the chain that draws them from earth to Heaven.

Resolved, 4th, That the State and town in which he lived have lost a bold defender; and while not possessing the powers of some men, he was ever ready and willing to do his duty in whatever demanded it. He was diligent in the service of his country from early manhood, having served in the late war as a Confederate soldier, and when the cause of the South went down at Appomattox he returned home and commenced to repair his broken fortunes.

Resolved, 5th, That a copy of these resolutions be sent to the bereaved family of our deceased brother, and a copy be spread upon the minutes of our Lodge; and also a copy be sent to the New Berne JOURNAL for publication, with a request that the State papers copy the same.

E. M. KOONCE,  
J. N. FOSQUE,  
CYRUS FOSQUE,  
Committee.

A Kind Letter.

GOLDSBORO, N. C., April 7, 1890. EDITOR JOURNAL:—Dear Sir—I notice that you many times call attention in the JOURNAL to the work and needs of the Young Men's Christian Association of New Berne, and often call upon the business men to sustain it financially. And I judge from your article of yesterday that the Association is in immediate need of assistance to enable it to secure better quarters.

As one officially connected with the work in Eastern Carolina, permit me to thank you for your earnest words in behalf of the Association. And if your request for suggestions does not shut out a young man from this town, let me suggest that a committee be appointed to wait on your business men, to acquaint them with the work, to tell them of the needs, and to give them an opportunity to contribute. This is the duty of personal solicitation and we must ask men, individually, for their support. And to prove my interest for and belief in the work, let me say here and now, that, if desired, I will be one of such committee of three and will come to New Berne at any time agreed upon and give three days to this work.

In an experience of eight years in different States, I have yet to know of a city that let a deserving Association die for lack of money—provided it was properly asked for. Goldsboro gave \$1,500 last year to this work and other towns have done even better. I am convinced that New Berne will do as well if the opportunity is given. I suggest that the opportunity be given and at once—and pressed.

Yours truly,  
T. C. DRIGGS,  
General Secretary Y. M. C. A.,  
Goldsboro, N. C.

U. B. Mutual Aid Society.  
Received on 23d day of March, 1890, one thousand dollars from the U. B. Mutual Aid Society of Pa., on the life of Sarah Wadsworth, which is in full payment of the policy.

I take this method of acknowledging the settlement of this claim so promptly and so satisfactorily, and cheerfully commend this company to the confidence of my friends and the public generally.  
M. H. SULTAN,  
W. B. BOYD, Agent,  
New Berne, N. C. ap11 ds wlt

## Election of Church Officers.

April 7th, 1890.

At a meeting of the congregation of St. Cyprian Parish, held on the above named date, the following vestrymen were elected: A. A. Bryan, I. Harris, Sr., H. P. Kennedy, J. T. York, J. B. Brown, R. R. Green and H. L. Banks. The vestry organized on the same evening and elected the officers for the ensuing year: J. B. Brown, senior warden; J. T. York, junior warden; H. P. Kennedy, secretary; A. A. Bryan, treasurer.

Hood's Sarsaparilla is on the flood tide of popularity, which position it has reached by its own intrinsic, undoubted merit.

## SPRING and SUMMER
