EDUCATION has its Genesis at home.

THE single door to the house of Truth is experience.

"LET thy bounty have no winter in it, but like the autumn, grow by the reaping."

"WISE men never sit and wait their loss, but cheerily seek how to redress their harms."

SAVE every thing you can on your farm, and utilize all the products of your fields, orchards and gardens.

SPEAKING of hides, the Republican hide will be hung up to dry in a less than two years, and a 15 per cent tariff will not save.—Kinston (N. Y.) Ledger.

THE tax on cotton seed oil is designed as a blow to the South. The tables may be turned by using cotton seed oil made at our own oil mills from our own seed.

THE feeling of New York concerning the present Administration is well illustrated by the remark of a prominent Republican who recently visited Washington. On his return he was asked by a friend, "Did you see Harrison?" "No," he replied, "I did not take my microscope with me."—Syracuse Courier.

THE Republican schemers who are admitting rotten-borough States with the hope of retaining control of the Senate may be making a mistake. The prospects are that Montana, Wyoming and Idaho, of the new States, will be Democratic, while Illinois, Wisconsin and Rhode Island are preparing to drop out of the Republican column.—Dayton Times.

JEFF WELLBORN, one of the most successful farmers in the South, has this to say about "nevers." "Never burn off if it can be avoided. Never plow deep in warm weather. Never plow trash under in the spring, but leave it on the surface, if not turned under during the fall or winter. Never allow the soil to pack or stand naked during hot weather. If not shaded, stir the surface."

In 1838 the Republicans claimed that they wanted to elect a Congress in order to "revise the tariff." Well, they secured the Congress, and now their idea of revision is to increase the profits of the manufacturer and not the comforts of the consumer. The tariff revision, under Republican control, means to take care of the fellows whom they "fried the fat" out of to secure the election of Harrison.—Cleveland Plain Dealer.

THAT one orthodox Protectionist paper, the Boston Commercial Bulletin, is getting its eyes well open as to the attempted abuses of legislation on the tariff at Washington. It concisely tells the whole story

about the McKinley bill when it says that this bill is "a political measure, and not a business one." It remains for the people of New England to decide whether they shall allow their business to be sacrificed to promote the purposes of politicians. This is the form that the tariff question is to take to a good many business men here the coming Autumn.—Boston Herald.

MANY Lives, Histories, or Biographies of the late Jefferson Davis, purporting to be written by Mrs. Jefferson, are being advertised throughout the country. The only genuine work of the kind written by Mrs. Jefferson Davis is that to be published by Balford Company, 18 22 East 18th Street, New York, entitled "Jefferson Davis, Ex President of the Confederate States: A Memoir, by His Wife." All other works claiming the authorship of Mrs. Jefferson Davis must necessarily be injurious to her personally and pecuniarily. The book is sold by subscription, and territory is being rapidly assigned. The work promises to be one of the most popular ever published, and those desiring to canvass for it should apply at once to the publishers, who will furnish circulars and information.

LOCAL NEWS.

NEW ADVERTISEMENTS.

JOURNAL—Job stock.
JOURNAL—Sea and land.
DAIL—Big lot of chickens.
C. E. SLOVER—Corned beef, etc.
ROGERS—Entertainment tonight.

Dusty, dusty! O, for a street sprinkler.

The globe of the electric light at Cedar Grove cemetery has been broken. It looks as though a small rock or brickbat had been through it. Some mischievous fellow did the work, no doubt.

A large number of country people came to town yesterday to see Jesse Brown hanged. Some of them were greatly disappointed. One old fellow was heard to remark, "Lor, us come to town and now dey sin't eben goin' to hang him."

We attended a debate by members of the Literary Society of the Collegiate Institute last evening. The subject was, "Resolved, That spirituous liquors are more injurious to the human race than war." It was an interesting discussion. Tomorrow we will give a fuller report of it.

The truck fields near the city are looking quite well, with the exception of needed rain. Irish potatoes are about two inches high and of a rich green color, and do not seem to be injured by the recent cool nights. The second planting of peas are growing rapidly and will be in blossom in a few days. The bulk of the cabbage has been shipped and at remunerative prices, though the yield has not been above an average.

The sail yacht Louise Morehead arrived from Harbor Island yesterday having on board Messrs. Thomas and Albert Aisigi, of Boston, and Mr. Walter Homan. The Messrs. Aisigi, who have been in the western part of the State for sometime, have leased the yacht from Mr. Homan and will spend several months in the river and sounds, sporting. The yacht was being fitted up and handsomely furnished yesterday.

Aid for the Y. M. C. A.
The kind letter from General Secretary Diggs (published in yesterday's JOURNAL), offering to visit New Berne and assist in reviving the interest in the Young Men's Christian Association, has been accepted, and in conjunction with some of the members here will call upon the citizens and state the object of this work and the need of its further development.

When viewed from the proper standpoint we believe that the citizens of New Berne will look upon it with the same favor that has been met with in other places. Any Y. M. C. A. deserves, independent of religious considerations, the good will and support of the people in general. Its object is for the promotion and development of the mental, physical, social and spiritual condition of young men, whereby they may become better and more worthy citizens. The hall of our Y. M. C. A. should be so fitted up as to furnish all the comforts, pleasures and welcome of a home.

Personal.
Walter H. Neal, Esq., a New Berne boy, but now a citizen of Laurinburg, will deliver the memorial address at Fayetteville this year.

Mr. W. B. Flanner, who has recently located at Croatan and engaged in farming and merchandising, was in the city yesterday and returned home last night.

Mr. Dave Jarvis returned yesterday from Hyde county.

In answer to a telegram stating that Mrs. H. J. Lovick's father was seriously ill from a stroke of paralysis at his home in Beaufort county, Mr. and Mrs. Lovick left on a visit to him yesterday.

Mrs. M. E. Morris, who has recently made her home in Raleigh, but who has been in the city visiting friends, returned to Raleigh yesterday.

Messrs. Smith and Hathaway, two Brooklyn gentlemen who have been in the city several days, left on the steamer Manteo for their homes yesterday, being much pleased with New Berne.

Mrs. D. S. Willis and child left yesterday for Fayetteville, on a visit to friends. Mr. Willis accompanied them as far as Goldsboro and returned last night.

Negroes Discontented.
The Raleigh correspondent of the Wilmington Messenger, in the issue of yesterday, says:

"In an editorial in yesterday's Messenger it was stated that discontented negroes would have a conference here with some white Democrats, the basis for this being given as this correspondence. It was an error; what was said being that the negroes proposed soon to have a State conference or convention to consider the matter of cutting loose from the white Republicans who they say have so long preyed upon them and used them as tools. No white Democrats, so far as known by me, have anything in the world to do with the movement, which is planned by negroes themselves, of their own motion.

"The negroes are very restless, in a political way. Some of them say openly that they are done with politics and have no confidence in the white Republicans. If a negro gets in a tight place to whom does he go for aid? Why, to a Democrat, nearly every time. Some negroes say they will vote no more as matters now stand, while others favor a division of the vote of their race, and yet others the nomination of negro candidates and the support of no others. No matter which course is pursued, the next election will be sure to present some interesting features."

Shipping News.
The steamer Vesper of the E. C. D. line sailed yesterday with full cargo of general exports. The Annie of this line will arrive today.

The steamer Manteo, of the O. D. line, sailed for Norfolk yesterday with a cargo of general freight and several passengers.

Church Notice.
Hancock Street Methodist Church—Sunday, April 13. Services at 11 a. m. and 8 p. m., conducted by the pastor. Prayer-meeting at 9:15 a. m., S. R. Ball, leader. Sunday-school at 8 p. m., W. R. Barrington, supt. Class-meeting at 4 p. m., J. V. Williams, leader. The public are invited to these services and will receive a cordial welcome.

DO NOT DELAY.

EDITOR JOURNAL—A movement is being made at Charleston, S. C., to build a railroad from that city direct to Norfolk, via Wilmington, N. C., from which point, Wilmington, it is not yet decided whether to strike Harbor or come nearer the coast. Would it not be a good idea for the citizens of New Berne to urge a connection through New Berne by the new road now being built from Wilmington to this city, thence direct to Norfolk. The article of a recent date in the Raleigh Observer stated that this new road would bring Charleston seventy miles nearer Norfolk by the way of Tarboro. It would be much nearer than this by the way of New Berne. Our citizens should move in this matter at once. The Board of Trade, City Council, also a meeting of our citizens should be held to consider this matter.

This direct route would give New Berne a grand trunk line from Florida through to Norfolk and the North, which would give New Berne a boom and make her a great commercial city; also a winter resort, as we could then secure much of the Florida travel. We could give Charleston the benefits of our extensive corn trade, and in return we would receive equal advantages. If our enterprising Mayor and our Board of Trade will move in this matter, and place themselves in communication with the parties in Charleston who have this new route in view, no doubt our wishes will be realized and soon New Berne will be in direct communication and accessible with the outside world, by being located on a grand trunk route. Who will be the first benefactor to move in this important matter.

Don't Feel Well.

And yet you are not sick enough to consult a doctor, or you refrain from so doing for fear you will alarm yourself and friends—we will tell you just what you need. It is Hood's Sarsaparilla, which will lift you out of that uncomfortable, dangerous condition, into a state of good health, confidence and cheerfulness. You've no idea how potent this peculiar medicine is in cases like yours.

NORTH CAROLINA NEWS.

From the State Papers.

The Commissioner of Agriculture is advised that the Sampson county Farmers' Alliance has resolved to boycott the fertilizers made by the company which resists the payment of tax. The Alliance generally puts its foot down very firmly.

WASHINGTON, N. C., April 10.—Miss Jane Carmalt, a well known young lady of this place, met with a fatal accident last night, having been shot with a pistol. The ball passed entirely through her body and was found in the bed. She died this morning. She refused to make any statement about the shooting, and was alone at the time of the accident. Miss Carmalt was about seventeen years of age, and the affair has created a sensation in Washington. The steam saw mill belonging to Wm. Walling & Son was accidentally destroyed by fire about 11 o'clock last night. The loss is estimated at \$3,000; insurance \$1,000.

From Pollockville.

EDITOR JOURNAL—It was with much pleasure we read the letter of fiction written by Mr. B. H. Melton, which appeared in Friday's issue of your valuable paper.

Mr. Melton is an energetic young man. He is always wide awake to anything that concerns his mental improvement, and one who Jones county, especially that part of it in which he was raised, is justly proud of.

He entered Prof. Skinner's school September 1887, and has been a member of it ever since.

We are glad to see our young men coming to the front in educational matters. Go ahead, boys. Remember that if you empty your purses into your heads no one can take it from you. An investment in knowledge always pays the best interest.

Our school continues to flourish; the attendance being about fifty. Why should Pollockville not have as good a school as there is in Eastern North Carolina? Some one please answer.

F. Pollockville, March 31, 1890.

To the Voters of the 2d Ward.
Mr. Ferdinand Ulrich will be a candidate before the nominating convention for Councilman of the 2d Ward. He has made us a faithful representative and an excellent City Treasurer. We cannot select a more worthy representative to serve us.

VOTER.

Farther Levee Troubles Anticipated.
NEW ORLEANS, April 10.—The Picayune's Vicksburg special says: The present rise at this point is threatening the Louisiana levees from Milliken bend south along the fronts of Madison, Tenes and Concordia parishes. President Maxwell says the danger will be from Omega south, but he inclines to the belief that the water will hardly go above 48 feet here. He left yesterday accompanied by assistant engineer Thompson to inspect Belford's levee. The next two weeks will be a supreme crisis for levees south of Omega, and the levee board is fully prepared for its final struggle with the great river.

Spirits on a Boom in Savannah.
The News of April 9th says: Turpentine appears to be on a boom, much like cleaned rice was last week. There was a sharp advance of a cent a barrel yesterday. One buyer was unable to buy fifty barrels yesterday, although he made the rounds of the Bay. The best he could do was to buy twenty barrels at 38 cents, and last night a Morning News reporter was present when the gentleman engaged thirty barrels to arrive this morning at 39 cents, a figure which it is believed spirits will reach today. The scarcity of turpentine is said to account for the rise.

Car Works at Decatur Destroyed by Fire—Loss \$200,000.
BIRMINGHAM, April 10.—Later dispatches from Decatur say that the fire in the U. S. Rolling Stock Car Works was discovered in the forging department of the car works. The machine shop, blacksmith shop, belting room and engine room, with all their contents, including a three-hundred horse power engine, were destroyed. The loss is \$200,000, which is supposed to be fully covered by insurance. The fire was accidental. These are the car works which were removed from Urbana, Ohio, two years ago, and were the largest, in the South. The main building, where the wood work is done, is uninjured.

A Further Deficit Discovered in Treasurer Archer's Accounts.
BALTIMORE, April 10.—The Legislative Committee continued its investigation of State Treasurer Archer's accounts today. An additional misdeed of \$50,800 in registered bonds was discovered. The facts will be laid before Governor Jackson this afternoon, and it is expected that Mr. Archer will be immediately removed.

Swept by a Tornado.
CHEYENNE, W. T., April 10.—The fiercest tornado ever seen in this section swept across the southern part of the Territory yesterday. The storm stopped all rail road traffic and caused a total suspension of business in towns near this city and Ogden.

Cave In of a Mine.
CARBONDALE, Pa., April 10.—Two houses in Mayville were swallowed up yesterday by a cave in of one of the mines under the village. It is feared that the cave in will spread and do great damage in the place.

Every tissue of the body, every bone, muscle and organ, is made stronger and more healthful by the use of Hood's Sarsaparilla.

U. B. Mutual Aid Society.
Received on 23d day of March, 1890, one thousand dollars from the U. B. Mutual Aid Society of Pa., on the life of Sarah Wadsworth, which is in full payment of the policy.

I like this method of acknowledging the settlement of this claim so promptly and so satisfactorily, and cheerfully commend this company to the confidence of my friends and the public generally. M. H. FULTAN, W. B. BOYD, Agent, New Berne, N. C. ap11 d3wlt

COMMENDABLE.

All claims not consistent with the high character of Syrup of Figs are purposely avoided by the Cal. Fig Syrup Company. It acts gently on the kidneys, liver and bowels, cleansing the system effectually, but it is not a cure-all and makes no pretensions that every bottle will not substantiate.

SPRING and SUMMER Millinery Goods.

NOTHING SUCCEEDS LIKE SUCCESS.

The reason RADAM'S MICROBE KILLER is the most wonderful medicine, is because it has never failed in any instance, no matter what the disease, from LEPROSY to the simplest disease known to the human system. The scientific men of today claim and prove that every disease is CAUSED BY MICROBES, —AND—
Radam's Microbe Killer
Exterminates the Microbes and drives them out of the system, and when that is done you cannot have an ache or pain. No matter what the disease, whether a simple case of Malaria Fever or a combination of diseases, we cure them all at the same time, as we treat all diseases constitutionally.

Asthma, Consumption, Catarrh, Bronchitis, Rheumatism, Kidney and Liver Disease, Chills and Fever, Female Troubles in all its forms, and, in fact, every Disease known to the Human System.

Beware of Fraudulent Imitations!
See that our trade-mark (same as above) appears on each jug.
Send for book "History of the Microbe Killer," given away by
