

# THE DAILY JOURNAL

VOL. IX.--NO. 20.

NEW BERNE, N. C., WEDNESDAY, APRIL 23, 1890.

PRICE 5 CENTS.

## BUSINESS LOCALS.

**LOST**—Sunday afternoon, somewhere between the court house and the Baptist church, a lady's Silk Bow and Sash. Any person leaving it at this office will be suitably rewarded. a23tf

**A FINE** line of **SMALL HAMS**, 5 to 7 pounds at **JOHN DUNN'S**. tf

**FOR RENT**—Two or three rooms, up stairs, on Middle street, opposite Baptist church. ap15tf

**SODA WATER** on draught today at **JOHN DUNN'S**. tf

**FOR SALE**—Appleton's Cyclopaedia of American Biography, in six elegantly bound volumes. Price, \$25.00, cost \$37.50. The work is just from the press. Apply at **JOURNAL OFFICE**. t30tf

**PATENT CLOTHES LINE**—Clothes cannot be blown off. No pins. Sample can be seen at the Cotton Exchange. **D. T. CARRAWAY**, Agent Manufacturer. fcl5tf

**THE Pan-American Conference** closed its labors last Saturday and adjourned sine die.

We notice that Col. Waddell has written a book. We have not seen it, but we know that it must be good.

**THE "fat"** that was fried out of the Philadelphia woolen manufacturers is all in the fire now. It makes a merry blaze.—Boston Post.

**NEARLY** eleven thousand dollars have been turned over to Mrs. Davis from the Davis Land Company, and much more is expected in the future.

**"THE Louisiana Lottery Company** find it so profitable to run their one-sided machine that they actually offer to pay the State of Louisiana \$12,500,000 for the privilege of carrying on its business for a period of twenty-five years. If it is submitted to the people it will be carried."

**Two hundred million dollars** is the modest sum that would be required to carry out the Republican plan for a Government postal building in every place where the post office receipts exceed \$3,000 a year. This is one of the Administration party's ways of preventing the possible recurrence of the evil of a Treasury surplus.

**THE Pan-American Congress**, or Conference of American governments, closed its sessions in Washington yesterday, and Secretary Blaine made the delegates a very happy speech of farewell. That the Conference has been of benefit to the people of all the countries concerned, is a compliment that the work of the delegates has justly earned.—Charlotte Chronicle.

**THE total number of souls** who have professed conversion at the Salvation Army penitent forms for the five months ending with April 1st is 90,000. At the commencement of November the officers of the organization, upon Gen. Booth's recommendations, set about to obtain 100,000 conversions in Great Britain alone during the following six months, and this number has now almost been reached.—Norfolk Virginian.

It is said that this prostitution of a most respectable institution cannot be averted, because the controlling cabal in Tammany has of late so packed the Society with official and personal dependents that protest would be practically unavailing. That is rotten nonsense. There never was yet, and never will be, as long as minds and hearts involuntarily revolt against wrong and injustice, a protest against corruption that went unheeded or unanswered. Possibly not in an instant, but in time the answer comes. Just now is the time for just and brave men in the Tammany Society to speak their minds, to the end that the usefulness of the Order may be preserved and its good name speedily re-established.—New York Star.

## ADVICE TO MOTHERS.

**Mrs. WISLOW'S SOOTHING SYRUP** should always be used for children's coughing. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle, July

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
G. N. IVES—Fine roe shad.

There will be a lecture tonight by the pastor at the Hancock Street Methodist church. All are invited.

We are requested to state that Staff Capt. Wash, of the Salvation Army, from New York, is expected here Friday night.

The next game of base ball between the New Berne teams will take place at the Fair grounds May 24. Admission as formerly.

Please take notice that all the Democratic ward meetings, to nominate candidates for councilmen, will be held tonight at 8:30 o'clock.

In compliance with request of citizens on East Front, the Mayor has caused an electric light to be placed at the corner of East Front and Pollock streets.

There were several crates of strawberries shipped by express over the A. & N. C. railroad yesterday morning by Messrs. J. L. Rhem and E. H. & J. A. Meadows. This is the first shipment of strawberries of the season.

Further examination into the effects of Sunday night's frost shows the damage to be greater than had been supposed, especially with peas. The low lands have fared the worst, and some distance in the country it is much more noticeable than near the city.

Mr. T. C. Diggs, general secretary of the Young Men's Christian Association, will arrive in the city tonight for the purpose of assisting the New Berne Association in getting a new hall. A thorough canvass will be made among the citizens to put the organization on a firm basis and where it is thought it will be self-sustaining in the future.

## Mayor's Court.

The following cases were disposed of yesterday:

Calvin Smith, drunk and disorderly in the city limits; fine \$5 and cost.

Samuel Taylor, col., drunk and disorderly in the city limits; fine \$5 and cost. Appealed to court.

## Parsons.

Mr. E. M. Foscoe, of Jones, was at the Exchange yesterday with a lot of cotton. He obtained the highest figures of the season, 11 1/8 cents.

Mr. James Roberts, who has been in the city several days visiting relatives and friends, returned to Anniston, Ala., yesterday.

Capt. Dave Roberts and H. L. Gibbs, Esq., have returned from business visits to Hyde county.

## First Shipment of Peas.

There was a larger shipment of peas yesterday than was anticipated. Mr. J. F. Clark was not the only shipper. The Old Dominion steamer Newberne took out about twenty boxes, at 12 o'clock and the E. C. D. steamer took out about as many at 4 o'clock. Messrs. S. H. Gray, Watson & Daniels, E. H. & J. A. Meadows and others made shipments. The peas shipped by Mr. Clark were raised at Adams Creek, and Mr. S. W. Willis had six boxes from the same place which he sold on the wharf at five dollars a box. Last year shipments of peas were made five days earlier than this, some being shipped on the 17th of April, 1889.

The Telephone Line from New Berne to Stella.

We learn that Mr. K. E. Terry, of Stella, was the manager of the telephone line, which runs from this city via Pollockville and Maysville to Stella, will establish an office at the telegraph office in this city. The line, which has heretofore been used principally by private parties, will be put in good order and opened to the public. Miss Mary Bryan will be manager at the office here. Poles for the telephone wires were being put up on the streets yesterday from Mr. F. Ulrich's store, where the office has been located, to the telegraph office.

## Address Before the Y. M. C. A.

The address before the Young Men's Christian Association last night by Mr. S. M. Giddings was a charm to the audience. They were first told, interspersed with wit and humor, about what these Associations are doing and can yet do, and then he went on a journey, taking the entire audience along, across the continent to the National Park in Wyoming. Here the description of the Yellow Stone became so grand, so thrilling and so inspiring that you felt as though you were in reality gazing upon the most wonderful of wonder-lands. We will have further remarks on the subject in another issue. To the music, rendered by the M. E. Sunday-school choir, we will only say that it was in keeping with the beautiful address. The hall was completely filled with spectators.

## The "Six Footer" Again Seen

The tall man, now termed the "Six Footer," who for the last four or five weeks has been reported as some strange being prowling the streets at night and frightening the superstitious, has been seen in the country just outside the city.

Mr. Louis Gautier, while coming into the city Tuesday on the Trent road, was stopped about a mile and a quarter from town by a colored woman and asked if any person had been missed from New Berne within the last few days. Mr. Gautier replied "No," and asked her the object of the question, whereupon she related that last Sunday a tall man was seen a short distance back from her house on the outskirts of a thickly wooded piece of ground. She could not tell whether he was white or black and for some time he seemed to be playing in the sand, throwing up his hands and kicking high into the air. She asked a colored man to go and see who he was, but just before his approach, the mysterious object wheeled towards the woods and vanished with lightning rapidity.

"Today he was seen again," she said. My daughter had gone to the spring for water near the place where he was seen Sunday, and suddenly there appeared in the same place a strange looking man going through peculiar motions, swinging his arms and throwing his feet up. When he saw her he held up something that glittered and dazzled in the sun light like a mirror. She ran back home and gave the alarm. A colored man immediately went to the scene only to see the Sunday episode repeated. The lank figure made a few wild gestures and was hidden in his wooded retreat in the twinkling of an eye.

It looks as though an endeavor is being made to get up a genuine sensation.

## The University of North Carolina.

John S. Long, Esq., who has just returned from his pleasant visit to Chapel Hill, speaks in encouraging terms of the University. He says that the best set of boys can be found at that old seat of learning he had ever known there. There are more noble and accomplished women among the families of professors and in the village than control any community in the South of equal size, and these all exert a strong influence on the young men. He is especially pleased with our Eastern boys, and the delegation from New Berne, though small, is a good one when honors are to be won. There are 199 students in the University. These are usually divided between the two Literary Societies in about equal measure. At the present time the Dialectic outnumbered the Philanthropic. It is no discredit to our Eastern boys to say that in the debating contest a few weeks ago, between the societies, Shepard Bryan, a New Berne boy, shared with Batchelor, a Raleigh boy, the honors of that triumph, and that in the last contest within the societies John Thomas, of New Berne, carried off the declaimer's medal in the Phi. from twelve contestants, and Henry Johnson, of Tarboro, the debater's medal. This will do right well for our small patch of ground east of the Wilmington and Weldon Railroad.

## Important to Truck Farmers.

The Hon. Robert P. Porter, Superintendent of the Eleventh Census of the United States, having ordered special investigations of the truck farming interests in this country, Mr. G. H. Hale is making up as rapidly as possible a directory of names and P. O. addresses of truck farmers. He already has a large number of names, yet wants more before he will be ready to send special schedules of inquiry. It is desired that those who are interested in this matter send him the name and address of any and all persons they may know of who are largely in the business of truck farming, remembering that Superintendent Porter has ordered these investigations wholly in their interests, and when the work is completed hopes to be able to furnish much valuable information relating to the culture and marketing of such products as asparagus, rhubarb, melons, celery, cabbage, etc., as are cultivated on an extensive scale. Mr. Hale's address is South Glendonbury.

We would urge upon the truck farmers of this region, and the Board of Trade, the importance of at once forwarding a full list of names from this great truck farming section of country.

## Shipping News.

The steamer Annie of the E. C. D. line sailed yesterday with general cargo, in which was several boxes of new green peas. The Vesper of this line will arrive tomorrow.

The steamer Newberne, of the O. D. line, sailed for Norfolk yesterday with a cargo of freight, including several crates of peas, and passengers.

## Councilmen at Large and Not Associates.

**EDITOR JOURNAL**—On the eve of a municipal election it would seem to be a fit time to call attention to an error that has crept into the public mind as to the formation of the Board of Councilmen. We hear continually the term *Associates* applied to three members of that body, which is a misnomer that leads to a grave error as to the position of these members. We hear of the *Associates* of the Councilmen of the first ward, second ward, etc., when in fact no such thing as an Associate is granted any member by the charter. The word Associate does not appear in that instrument. The second section of the charter says: That one Councilman shall be elected for each of the five wards of the city by the qualified voters of such wards respectively, and within five days after their election, they shall convene and qualify before the former Mayor or a Justice of the Peace. Immediately after qualifying they shall proceed to elect as follows: Three Councilmen from the people at large. The Councilmen of the second and third wards shall elect one, the Councilmen of the first and fifth shall elect one and the Councilmen of the second and fourth shall elect one.

In this election it is provided that in case of a tie in the vote of the Councilmen of the wards the Councilmen of the first ward shall give the casting vote. These three members are by no means anybody's Associate and occupy the most responsible position of any of the Board by reason of their being the representatives of the people at large, and in that position are to keep a vigilant eye to the interest of the people at large. It is fair to suppose all the members do that, but it is but reasonable to suppose that each member feels his allegiance to the interest of his immediate constituents first and to the people at large next, while the members from the people at large owe their allegiance to the citizens of the city without ward restriction or local interest.

From the habit of calling these members Associates has grown an evil that may increase as time moves on if not corrected. That is that the Associate owes allegiance to his principal, or more plainly to the member who chose him for an Associate, and must in general terms act and vote with him. The charter contemplated no such conditions, and it is a great mistake to thus regard it. These three members are members from the PEOPLE AT LARGE and so let them be called, and a more correct idea of their position in the Board will be fastened upon the public mind.

## UNIVERSITY NOTES.

### UNIVERSITY OF NORTH CAROLINA.

Chapel Hill, April 19, 1890.

The Phi. Society has ceded to the Alumni Association its right to elect the Annual Commencement orator this year. The association, through its committee, has elected Col. W. H. S. Burgwyn, of Henderson. Col. Burgwyn has accepted, and a rare treat is in store for those who hear him. We are gratified to report to the people of North Carolina that their University has adopted a new policy in regard to bestowing its honors on Commencement orators—the recognition of home talent. It has formerly been the custom to go beyond the borders of our own State in search for eloquent speakers. This is a mistake. We have men—numbers of men—right here in our midst who can speak as eloquently as the sons of other States, and who feel a deep interest in the State and all that pertains to its welfare and glory.

Last Tuesday was celebrated as Class Day. The exercises were held in Memorial Hall and were exceedingly interesting. The class orator, Mr. Ralph H. Holland, of Charlotte, spoke on "Southern Chivalry." His speech was received with much applause—especially by the ladies.

In the afternoon the field sports were held. Five medals were awarded. They were won by the following gentlemen:

100 yards dash—P. Dalrymple, Jonesboro.

1 mile run—E. W. Mays, Greenville.

Running high jump—A. J. Edwards, Elk Creek.

Pole vaulting—C. S. Mangum, Chapel Hill.

General excellence—C. S. Mangum, Chapel Hill.

J. S. Thomas beat the race between man and bicycle.

Friday night the societies had their medal contests. In the Phi. the Declaimer's medal was won by Mr. John S. Thomas of your city, who declaimed "Emmett's Vindication." Mr. Thomas, suffice it to say, sustained his high reputation as a declaimer of fire and force. Mr. Henry Johnston, of Tarboro, received the Debater's medal.

In the Di., Mr. V. S. Bryant of Pineville, won the Debater's medal, and Mr. Hubert Hamlin, of Winston, the Declaimer's.

We were glad to see John S. Long, Esq., of your city, "on the hill" Friday. He was one of the judges in the Phi. contest. W. J. Peele, Esq., of Raleigh, and John F. Schenck, Esq., of Durham, were also in town. W.

## The Standard.

"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an alterative and tonic it has never been equalled."

This and impure blood is made rich and healthful by taking Hood's Sarsaparilla. It cures scrofula, salt rheum, all blood disorders.

## Democratic Ward Nominations.

### FIRST WARD.

You are requested to meet at City Hall, Wednesday evening, April 23d, 1890, at 8:30 o'clock, p. m., for the purpose of nominating a candidate for the Council for the ensuing year.

WM. ELLIS, Chm. Com.

### SECOND WARD.

You are hereby notified to assemble at the Court House on Wednesday evening, the 23d inst., at 8:30 o'clock, for the purpose of nominating a candidate for Councilman for the ensuing year.
