A HEAVY SNOW fell, in Colorado and Wyoming Friday night, with freezing weather in Colorado.

STANLEY'S book will be translated into French, German, Italian, Czech, Norse and Spanish, and will be published in the several countries simultaneously.

An article on the "Opening of the Baseball Season of 1890," accompanied by twenty-eight portraits of leading players and other illustrations, will form the supplement to Harper's Weekly to be published April 30.

EIGHTEEN hundred farmers in Erie and Crawford counties, Pa., have issued a call for a convention, and propose to have something to say about who shall represent them in the Legislature and in Congress.

The Democratic party is generally friendly to silver. The people want it and the country demands it. One thing is certain, neither the Wisdom bill nor any other measure hostile to silver will be adopted by Congress this year.—Augusta Chronicle.

"A FLASHING sign does not indicate a big business, any more than a wealth of gab indicates brains. But a well displayed advertisement in the columns of a newspaper, indicates that the advertiser is a live business man and is honestly endeavoring to increase his trade.

We see it stated that Public men in Washington are talking of the prospects of a direct vote for President, and think it is not far off. We hope it to be true. We have always believed, that the people ought to elect their own President.—Edenton Fisherman and Farmer.

JUDGE RYLAND of Missouri, in charging the grand jury at Sedalia a few weeks ago instructed them to indict all persons that had participated in a game of "tencher," "high five" or a "church raffle," which resulted in the arrest of a number of the most prominent citizens among whom were several young ladies of the highest society. If all Judges should charge the jury the same way it should not be long before this church and parlor gambling would cease.—Roanoke Beacon.

It is apprehended that in the city of Chicago more than two hundred and fifty thousand workers of both sexes will leave their employments early in May. Everybody hoped that the issue precipitated by the carpenter's strike would be settled in such a way as to avoid a general uprising. But the carpenters' difficulty still remains unadjusted, and Chicagoans fear that no effort of trade leaders will avail to prevent other workmen joining the woodworkers. A strong movement is being organized by influential men to avert universal suspension of industry, and there is yet hope that the attempt may be successful.—New York Star.

LOCAL NEWS.

NEW ADVERTISEMENTS

J. M. HOWARD—James Means' shoes
STEAMER TRENT—Sunday school excursion.

PAPE & DEYO—Produce commission merchants.

About sixty boxes of peas were shipped by express from Morehead City and Croatan yesterday.

There will be a lecture tonight by the pastor at the Hancock Street Methodist church. All are invited.

The "Old District School" tonight at Stanley Hall at 8:30. A genuine school building has been erected and the primitive days of fifty years ago will be revived.

Mr. John Dunn did us the kindness to call at the office last night and furnish us a telegram from Pope & Deyo, of New York, stating that peas are in good demand at \$5 to \$5.50.

We are pleased to learn that the Memorial exercises of the 10th of May promise to be of unusual interest. The music will be excellent, and those who know Mr. Cahoon assure us that he will acquit himself, as orator, most handsomely. General Battle, Chief Marshal, will be assisted by Capt. K. R. Jones.

Mr. J. B. Clark received a letter yesterday from a friend in Beaufort county in which the writer said a severe hail storm passed over the Pantego section on Sunday afternoon, the large hail stones smashing window panes and doing considerable damage. The top was torn off a barn belonging to Mr. Wilkinson, near Pantego.

The oyster season is about over. The weather is getting too warm, and the "festive" bivalve seeks quiet places of settlement in the sounds and lower rivers, to recuperate and brace himself for the next season. His vacant place in the market house will hardly be noticed, though, for green peas and blushing strawberries must have their day now.

The Messrs. Blades are having the capacity of their saw mill on the south side of Trent river increased. New engines and boilers will be put in, and the capacity for making lumber will be twice as great as it is at present. The lumber industry is probably the most prosperous business New Berne has, and, like other manufactures, it is a very great help to the community.

In this day, if a town wants to keep up in the march of progress, it has to blow its horn, and keep on blowing. And if a town is a little in the rear of the procession it must blow its own horn mighty loud in order to be heard. And should a town have several horns, they should be in tune, for discord is unpleasant and strangers will not hear it if they can help it.

PERSONAL.
Mrs. J. P. Brogden, of Trenton, is in the city visiting Mrs. J. M. Howard.
Mr. R. H. Barry, who has been on a business trip to South Carolina, is at home for a day or two.

Last night we had the pleasure of a call from Mr. H. A. Foote, editor of the Warrenton Gazette. He is a sterling Democrat, and his paper is doing good service in the cause of the people.

Clement Manly, Esq.
The Raleigh Chronicle says: "Mr. Clement Manly, of New Berne, arrived in the city yesterday. He is prominently spoken of in connection with the Judgeship of the Second Judicial district."

The JOURNAL knows of no man in the district who would fill the position more acceptably to the people. With his talent and legal attainments, Mr. Manly would make an able Judge and would be an ornament to the bench. Let it be "Judge Manly."

Base-ball—The Elm City Club Will Play Thursday Afternoon.
At 4 o'clock Thursday afternoon there will be a game of baseball between the teams of the Elm City club at the Fair grounds. The club will have the assistance of Mr. Yeates, an excellent catcher and a good all around player.

A decided improvement has been shown in the practice games, and good ball playing may be expected. A new catcher's outfit has been received from Keefe & Beaman, and that position will be bomb-proof hereafter.

The admission to ball ground will be as follows: general admission, ten cents; boys ten years and under, five cents; no charge for ladies. Carriages free.

A large attendance will inspire the boys to give a good exhibition of baseball, and we hope the friends of athletic sports will turn out in great numbers.

Another Opportunity.
P. H. Pelletier, Esq., has received a letter from a Philadelphia firm, inquiring as to what inducements New Berne will offer to secure the establishment of a knitting mill, which would employ about one hundred hands. Mr. Pelletier has replied, stating the standing offer which New Berne makes to any manufacturing enterprise that will locate here.

This is another opportunity the business men of the city have to secure a manufacturing industry. But one thing is sure—the men who are looking for locations for manufacturing plants are not going to force themselves upon us. They will seldom locate in a town where, judging from the actions (or inaction) of the business men, they are little wanted. There must be manifested some desire for these new industries. Capitalists, manufacturing companies, or owners of manufacturing plants, must know that we want them to locate here. A lively interest in manufacturing enterprises must be shown. Now, there is no good citizen of New Berne but who desires to see new industries established here, manufacturing enterprises inaugurated, and successfully conducted, for all agree that they will benefit all of our people.

We desire to urge upon the Board of Trade and all the business men the importance of giving attention to letters of the character of the one mentioned above. Let a number of you, gentlemen, write to the firm who have made inquiries of Mr. Pelletier, showing your interest in the matter and your desire to secure the location of a knitting mill here. Tarboro has a knitting mill, which, we understand, is a paying industry. New Berne has all the natural advantages to be asked for the establishment of such an enterprise.

Mr. Pelletier will furnish the address to those who wish to write.

U. S. Court.
The court convened at 10 o'clock yesterday morning. The officers were all present, District Attorney Cook, Assistant Attorney Devereux and Marshal Hill having arrived on Monday night. The grand jury was drawn and Mr. Geo. N. Ives appointed foreman. His Honor's charge to the jury was brief, but clear and explicit. No cases were taken up during the morning session.

Court met at 3 p. m., and the case of United States vs. J. T. Respass, for illicit distilling, was called. This case consumed the entire afternoon. The government was represented by District Attorneys Cook and Devereux, and the defence by Messrs. J. H. Small, of Washington, and L. J. Moore. The jury returned a verdict of not guilty.

The case of Weeks S. Armstrong, colored, the defaulting postmaster at Rocky Mount, will probably come up today.

Basket Party at Pollockville.

The ladies of Pollockville will give a "Basket Party" at the Academy on Friday night, the 9th day of May, 1890, for benefit of the Baptist church. All are cordially invited by the committee to attend.

Special Meeting of the Board of City Council.

A special meeting of the board of City Council was held today at 12:30 p. m. Mayor Williams presiding. Present: Councilmen Burrus, Ulrich, Lane, Crawford and Kennedy.

A petition from Messrs. Moore & Brady for permission to erect a frame building on South Front street was received and on motion of Councilman Burrus granted.

Also a petition from Mr. J. F. Taylor for permission to erect a building outside of his present building at the foot of Middle street, was on motion of Councilman Crawford granted.

On motion of Councilman Burrus, the Marshal was instructed to drop all trash taken from the streets, that is not detrimental to the public health, at the foot of East Front street.

The minutes were read and adopted and the board adjourned.
SILAS FOLGER, Clerk.

Col. Polk's Argument.
Col. L. L. Polk, president of the National Farmers' Alliance, read a long argument Wednesday, before the Senate Committee on Agriculture and Forestry in favor of Senator Vance's bill to provide for a system of warehouses for farm produce throughout the country, to be operated by the government, which is to issue its notes upon deposit of grain therein.

He sketched the decline in agricultural values in the face of marvelous progress and development of other industries and interests during the past two decades and insisted that something should be done for the farmer. He charged the fault upon the financial system of the government, which had resulted in high priced money and low priced products. The remedy Colonel Polk suggested was threefold:

1. Restore silver to its dignity and place as a money metal, with all the rights of coinage and all the qualities of legal tender which gold possesses.
2. Issue sufficient amount of currency direct to the people, at a low rate of interest to meet the legitimate demands of the business of the country, and which shall be legal tender for all debt, public and private.
3. Secure to such issue equal dignity with the money metals, by basing it on real, tangible, substantial values.

Jones County Items.

Farmers' wives complain that the hawks are plentiful.

We are inclined to believe that the hog crop is above the average now.

We learn that Mr. C. Askew lost a fine mule a few days ago with lockjaw.

Trent river is getting extremely low, nearly suspending the operations of the timber men.

The mill at Trenton is making some very good meal, much to the accommodation of the citizens.

Sheriff F. H. Foy's barn was set on fire on Wednesday last by children playing with matches, and burned, together with all its contents. The close proximity of the barn to the dwelling caused hard work to save the dwelling.

Tuesday during the past week a house occupied by Harriet Willis, colored, and the property of Mr. C. Askew, near the Trenton bridge, caught on fire and was burned down, together with all the furniture and clothing of Harriet and her children. The fire was accidental.

REGISTRATION NOTICES.

The registration books of the first ward will be open at the police station on Thursday, Friday and Saturday, May 1, 2 and 3.

The registration books of the second ward will be open at the office of J. K. Willis, on Thursday, Friday and Saturday, May 1st, 2d and 3d, for the purpose of registering voters in the city election on May 5th.

Registration books for the third ward will be open at W. S. Phillips' shop, on Thursday, Friday and Saturday, the 1st, 2d and 3d days of May.

Registration books will be open in the fourth ward at John Lane's shop, Thursday, Friday and Saturday, May 1, 2 and 3.

Registration books of the fifth ward (St. Phillips Precinct) will be open Thursday, Friday, and Saturday, May 1st, 2d and 3d at Colligans old stand West St. W. H. Hooten, Registrar.

A PLEASING SENSE
Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constive or bilious. For sale in 50c. and \$1.00 bottles by all leading druggists.

DEATH OF ELANOR DARE.
[AN ECHO FROM CROATAN]
Take the child, dear husband, I will rest.

I never more will take her on my breast And scan the sea for coming of the sails That never come. Alas! my poor heart quails

Sadly over this, our little one! Two weary years I've looked for father's ships

With straining eyes, and sadly parching lips— The struggle's o'er, my precious father lies

Beneath the treacherous sea. In dreams I see his eyes

Wild staring—as if he saw our fate! We came to this fair land a hours to make,

Its very sunshine mocks me! For thy sake I left on England's soil all that was dear

Except thyself. My faith is failing, fear For the future is more than I can bear.

My precious babe—thy mother's life Is lost to thee; she sinks before the strife The future has in store; the end Is come. That God will raise a friend

The Picnic Season Opened.

The Steamer Trent

Will take the Sunday School of the Hancock Street Methodist Church on an excursion "Down the Neuse" to Smith's Creek, on Friday May 21.

The steamer will leave the Clyde wharf promptly at 7 a. m. A pleasing feature of the occasion will be the meeting at a delightful grove of this school and the Oriental School of Smith's Creek, which will come in holiday attire, with smiling faces and happy hearts, to welcome the excursionists.

An enjoyable time is anticipated. Round trip, dinner included 50c.
