**SODA WATER** on draught today at JOHN DUNN'S.

**THERE** is a general strike among the laboring men of Chicago for an eight-hour day; there are about twenty thousand of them all told.

**DUN & Co.** report the outlook for industries and legitimate trade distinctly favorable; business failures for the week number 211, against 218 for previous week.

If the McKinley bill shall pass and reduce the revenue to the extent claimed, a big deficit instead of a bulky surplus will be the problem confronting our statesmen. Reduction of revenue and gross extravagance of expenditure do not harmonize beautifully.—Troy Press.

**ANY** man who at all keeps up with the news, must have observed that there is a general and well-organized movement all over the thickly populated parts of the world, for shorter hours work per day. The acme of the reform, is to secure 8 hours work at 10 hours pay.—Charlotte Chronicle.

**WHILE** our Republican Congress is interested in providing statutes to commemorate great men it should vote one of solid brass to Quay, the great Republican ringmaster. It should have a fair amplitude of cheek, and all the pockets should be bulging with corruption money.—Jacksonville Times-Union.

**THE** question of the constitutionality of Speaker Reed's counting a quorum may be passed on by the courts when the Dingley-worsted bill comes up for judicial investigation as to its legality. That bill was passed by the House when only 138 members voted for it, the Speaker counting a quorum. The importers, whose interests are affected, propose to test the matter.—News & Observer.

**THE** South has had experience with Republican Returning Boards, and knows what to expect from them. When they were in existence they were notorious for their corrupt acts, and were the cause of bitter feeling among the people, deeds of violence and bloodshed. Senator Pugh was right when he said that the Hoar bill, if passed, would be the destruction of the peace and good order of the country.—Savannah News.

**THE** Benjamin Harrison War Veteran Association of Brooklyn, 700 strong, has formally repudiated the Harrison administration and stricken out the Harrison name and substituted that of Abraham Lincoln. The reason given for this slap at the Harrison administration is that the President has turned his back on the war veterans in Federal appointments. There's work for Halstead.—Philadelphia Times.

**CLARKSON** never spoke more truly than when he noted the turn of the press toward the Democratic party. In the re-assignment upon new issues and under new conditions the Democratic party is found in accord with the better

spirit of the times. It happens, therefore, that the Democratic organization irresistibly attracts all that are not moored by the strongest party chains.—Elmira Gazette.

**BUT** the South is not the only part of the country in which Floater Fund enumerators will be expected to cut down the population, and, consequently, the representation of Democratic localities. Here in New York, where in the local Legislature our citizens are already disfranchised by the swindling apportionment, Mr. McMurray and the political assistants appointed in accordance with his famous secret circular to Republican District Committees may be relied on to shut their eyes just as far as they can to people in Democratic districts.—New York Star.

## LOCAL NEWS.

### NEW ADVERTISEMENTS.

**WANTED**—Agents. SARAH OXLEY—Ice cream. E. W. CARPENTER—S. C. notice. GAS LIGHT CO.—Annual meeting. M. MANLY—To Confederate veterans.

The hardware merchants began yesterday to close their stores at 7 p. m.

There will be a meeting of the Stockholders of the New Berne Gas Light Company this afternoon at 4 o'clock.

G. S. Palmer, of New York, wires the following truck quotations: Cabbage firm at \$2 to \$3 50; peas, \$2 to \$3; asparagus, \$2 to \$3 50; strawberries 10 to 18 cents.

There was a contrast in the appearance of things at the polling places of the first and second wards yesterday. In the second they took it easy and put on a good deal of style—they had marble top tables, bouquets, and only one kind of ballot. In the first there was very little "style," no ease, no bouquets. It was work.

**Shipping News.**  
The steamer *Vesper*, of the E. C. D. line, sailed yesterday with a full cargo, of which was 500 boxes peas. The *Annie*, of this line, will sail at 4 o'clock this afternoon.  
The steamer *Tahoma* sails at 7 o'clock this morning.  
The steamer *Newberne*, of the O. D. line, will sail today at 12 o'clock for Norfolk.  
The steamer *Stout*, of the Clyde line, sailed for Baltimore last night with a cargo of general freight.

**Mayor's Court.**  
The following cases were before the Mayor yesterday:  
Shade A. Edwards, chap. 5, sec. 4, City Ordinance. Riotous and disorderly. Taxed with cost.  
Thos. Bryan, chap. 5, sec. 4, City Ordinance; riotous and disorderly. Taxed with cost.

**Baseball.**  
The third and deciding game of the match between Clark's and Houghton's nines of the Elm City Baseball Club will be played Friday afternoon at 4 o'clock. Both nines will be materially strengthened, and as the result of the game decides the match a hot game may be expected.

It is said that Adams' School nine has sent a letter to the club at Washington, inviting the Washingtonians to New Berne to play a game. Should they come they will be warmly welcomed.

**Persons.**  
Judge Seymour left yesterday morning for Wilmington, where he will hold the district court.  
Mr. L. D. Gaskill, who is now in the employ of the Mobile and Ohio Railroad Company, arrived in the city from Humboldt, Tenn., last night on a visit to relatives.  
Mr. Rudolph Walker, is in the city, from Henderson, on a visit home.  
Messrs. A. E. Parsons and O. R. F. Edwards left yesterday for Baltimore on business.  
Mr. E. F. Roe, who has been in Baltimore for several months, returned here yesterday.  
Col. A. F. Leftwich, of Greensboro, is in the city.

**Meeting of Board of Trade.**  
There will be a monthly meeting of the Board of Trade this p. m. at eight o'clock. All members are requested to be present.  
W. E. SNEELINGS, Sec'y.

**The Standard.**  
"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well-known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an alternative and tonic it has never been equalled."

## The City Election.

There was more interest manifested in the election yesterday than there has been in a city election for years. The campaign in the first and fourth wards had been unusually warm and thorough. In the second, third and fifth wards there was a great deal more interest in the primary meetings than in the election, for there was only one candidate after the primary meetings, and the nominees in these wards were all elected by a "large majority."

There was some hard work done in the first ward, where the interest seemed to centre. The friends of both candidates were as busy as bees. Men from all over the city came down to the first ward to watch the progress of the election. There was guessing on all sides. As many thought Williams would be elected as thought Whitty would be the successful candidate, and both sides felt doubtful. At 6.50 o'clock, when the polls were closed, every voter in the ward who could be induced to do so had cast his ballot. R. P. Williams received 80 votes and J. C. Whitty received 82.

In the fourth ward M. P. Holly was elected by 28 majority, V. A. Crawford receiving 73 votes and Holly 100. The new board of councilmen will be as follows:  
First Ward—J. C. Whitty.  
Second Ward—Dr. George Slover.  
Third Ward—H. J. Lovick.  
Fourth Ward—M. P. Holly.  
Fifth Ward—H. P. Kennedy.

**The Teachers' Assembly.**  
Maj. Eugene Harrell, Secretary of the North Carolina Teachers' Assembly, passed through the city yesterday morning en route from Morehead City to Raleigh. He has been at Morehead City for the purpose of getting things in readiness for the Assembly in June. Assembly Hall is being repaired and put in order. The attendance this year will no doubt be larger than ever before, especially from other States than North Carolina.

The "Modern Country School" which will be held each day will be presided over by Miss Nannie Burke, of Taylorsville, and Miss Mary V. Marsh, of Raleigh, and the students will be Morehead City boys and girls. The room will be furnished with new and improved school furniture, manufactured by Bartlett, Hayward & Co., of Baltimore.

Sunday afternoon, June 23d, there will be a contest for the "Demorest's Medal" by two classes—one of boys and one of girls. Every section of the State will be represented in this contest. "And we would be glad," said Maj. Harrell, "to have at least one boy and one girl from New Berne."

Rev. Dr. J. L. M. Curry, of Richmond, Va., will be present during nearly the entire session.  
A full program will be out in a few days. It will be the most attractive and practicable yet gotten up.  
The indications are that the Educational Exposition will be a great success. The room for exhibits has all been taken. South Carolina, Georgia, Tennessee and Virginia are taking special interest in the meeting of the Southern Educational Association and Exposition, and have already reported and engaged rooms.

The Southern Association meets on July 1, the day following the adjournment of the Teachers' Assembly.

**A Stanley Book Worthy of the Name.**  
One of the most entertaining books published for many a day is "Heroes of the Dark Continent" and "Complete Pictorial Africa, embracing the history of Africa and its people for more than one thousand years, illustrated with 500 scenes, colored plates, and numerous maps. Also, including the complete life of Henry M. Stanley and all his famous explorations and discoveries, including his last and grandest expedition for the relief of Emin Pasha. The entire work is issued in one large and beautiful volume of 576 quarto pages, equal to 1,200 octavo pages, at the low price of only \$3.00. The book is having an enormous circulation, over 300,000 copies having been sold the first seven weeks. It appears to be making a profound impression upon the Christian world, judging by the hearty concurrences bestowed upon it by the editor of the *Canada Methodist*, and other distinguished leaders. The publishers are responsible and well-reported by the Commercial Agencies of Dun and Bradstreet. This is evidently an unusually favorable opportunity for persons desiring a rapidly paying agency. See advertisement in another column.

### Kinston Items.

Mr. J. B. Watson shipped 11 boxes of peas Monday.  
The town election passed off quietly, there being no opposition to the Democrats.  
We regret to learn of the death of Mrs. J. D. Sutton, which occurred at 1 p. m. today.  
"That tired feeling" is entirely overcome by Hood's Sarsaparilla, which gives a feeling of buoyancy and strength to the whole system.

## SAM JONES AT CHARLOTTE.

Extracts from His Sermons.

### SKEMPTICISM.

I'm sorry for the preacher so lost to his calling as to go around defending Christianity. I never did that. I always start at the point that Christianity is true. I don't argue, but I say this, every time I've had a chance to put the Gospel to the test, I've found it true. I don't blame you for doubting, but for sinning, and if you want to stop doubting, stop sinning.

In these days a skeptic means a fool talking. They've been convicting every great discoverer as the world's greatest heretic.—Galileo, Harvey who discovered the circulation of the blood, Fulton who discovered the use of steam, Morse who discovered the telegraph. But now, everybody agrees with Galileo, and Harvey, and Morse.

Yet, after all the triumphs of Christianity, there are more skeptics today than ever before. How do you account for it? A man can believe in steam and drink all he wants to. He can believe in the telegraph and lie and steal all he wants to. But when he believes in Christ, he's got to quit all that. I've never had any trouble with a man who was willing to quit his meanness.

### CHRISTIANITY.

There are no grander problems than Christianity goes through every day. Christianity is the only soil that has ever developed a grand man. Christianity introduces men into the realm where you see somebody and something. It's worth something to see a grand man. I saw one once, and I've been praying to be a man ever since. I saw a grand woman once, and thanked God that my mother was a woman.

I saw one of these little fellows, and said if that's a man, I don't want to be a man. Then I saw a little giggling, dancing girl. If I had a thousand of them to make a woman out of, I'd be mighty economical with my dirt until the woman was done.

I adore Christianity because it has showed me the grandest men and women I ever saw. Christianity is the grandest plane a man ever walked upon.

### DOWN ON DUBBS.

Mr. Jones said some young men in Durham got mad with him and said they were going to whip him. "I said just come ahead. I'll spit on you and drown you. Whenever you spit on one of these little ball-room bucks, if he can't swim he don't stand much chance. It's no harm to kill a dude. Murder is the unlawful killing of a human being.  
Little ball-room dude, walking around with a pistol in his hip pocket. It's a wonder the thing don't go off and blow his brains out.

### MR. JONES DEMANDS LIBERALITY.

My idea of a circus crowd is a one-eyed nigger, the town sot, and a country dog. I sorter wish this was a circus crowd, you'd be more liberal. Oh, you say, Sam Jones is doing all he does for money. The devil'll get him after all. Well, if he gets me he'll get you, too, you old stingy hound, you. The only difference between us is a difference in quantity.

### EXAMPLES OF LIBERALITY.

Mr. Jones has often held up as examples of liberal men, Jule S. Carr, of Durham, and John P. Pettyjohn, of Lynchburg, Va. He spoke of the liberality of George Mews, of Atlanta, and alluded again to Mr. Pettyjohn as being worth \$40,000 and giving yearly \$18,000 to the church. You haven't got a liberal church member in Charlotte. My medicine is taking effect, one rich old Methodist in this city has said let's have a permanent tabernacle, and put me down for it \$2,000.

He said it rained so hard on the roof of a tabernacle he was preaching in once that he had to stop. I said to one brother, how much is your Y. M. C. A. in debt? "\$8,000." "Get me eight of your richest church members in the corner over yonder." Well he did, and it wasn't long before I had the whole \$8,000 made up.

A man may say when I ask him to take a dose of calomel, "Oh, it's nothing but chalk," but if I can ever get ten grains of it into him, I'll make the sun rise for him about two hours before daybreak. I'll go anywhere and preach ten days or three weeks for nothing, but I won't go back any more. Did you hear my horn blow? You get the idea in your noggin, don't you?

### FACTS AND FIGURES.

Mr. Jones said he would like to get down to facts and figures. How much does the First Presbyterian church give for church purposes? An answer: "\$12,000." How much does the Second Presbyterian church give? Answer: "\$11,000." Brethren, be careful. They'll make you stick to what you say. (Turning to Mr. McManaway, of the Baptist church). How much does your church give, Brother? The reply was, "About \$3,000." Mr. Jones after a short pause remarked, "It don't cost as much to ship by water as it does by land," alluding great laughter. Dr. Pool said his church gave about five or six thousand dollars. Mr. Jones said all the churches of the city combined only give a little more than John P. Pettyjohn in a year.

The most any man in the Methodist church gives to the pastor, I'm told, is \$125. You stingy church members get up and sing "Oh, come angel band, bear me away on your snowy wings." Wouldn't you look nice, riding an angel into glory. The preacher said he could get more by lecturing at \$300 a night than by preaching. If you'll pay my debts, I'll sell out to you for \$30,000. I don't know anything about the relative wealth in your churches, but if the Presbyterian church gives \$11,000 a year it's a good showing compared with the rest of you. I wish I could be the preaching elder in this district a year. Here Rev. P. J. Carraway, P. E., murmured, "I wish so, too."

### THE INVITATION TO RECONCERN.

Mr. Jones invited all who would consecrate themselves to God anew, to give him their hand. Don't you Charlotte people hang around the back seats and

let the country people come in and be saved first. You rich women, who says Mr. Jones is preaching to the illiterate; I'm preaching to you. You are made out of the same dirt as the rest.

### ABOUT TALKING IN CHARLOTTE.

I know it's been whispered around here that Sam Jones will not talk in Charlotte as he has talked elsewhere. Be careful, old fellow, your Uncle Jones has been around Charlotte. What is Charlotte? I could put it in my vest pocket, and wouldn't know it was there except when I felt for my toothpick.
