

O. MARKS

BOOMING WITH THE BOOM.

We gave no option, but bought outright a Superb Stock of Spring Dry Goods. Every department is loaded down with the latest productions. We have everything which Fashion demands for the season, and we will guarantee our prices

To be as low, and very many instances lower than New York Figures.

We promise reliable goods, honorable dealings, and our prices we will guarantee against the American World.

Facts Worth Remembering:

That O. MARKS is the most reliable, as well as the Cheapest House in the city, for all kinds of Goods. He sells both Retail and Wholesale.

That O. MARKS carries the largest, most complete and comprehensive Stock of Dry Goods, Shoes and Notions in this State.

That O. MARKS is always the first to reduce prices, and sells only the most reliable and honest goods.

That O. MARKS invites the closest scrutiny and comparison of prices and values with those of other houses who imitate his method and try to copy his prices.

That O. MARKS will meet any cut prices made by any reputable house, provided the cut is made in good faith and not as a bait to obtain business, and that he defies competition.

Is this what the women want?

Here's news for every woman who goes about with broken corset bones. There's a material that'll neither break nor roll up, and it's guaranteed. A year is not too short a time to wear out that warranty. If it does, here's your money without a word—but it won't.

The material is Kabo.

And more. It's stitched in, double-stitched in, top and bottom, and it can't be worked out with any ordinary wear.

The Kabo corset is more than a common blessing to the average woman. There's no wearing out of corset laces by the sharp edge of the eyelet; there's nothing to rust, no eyelet visible through a thin dress; never a breaking of a corset lace with those loop eyelets.

We take the risk in selling the Kabo corset. We buy and sell under this guarantee:

"If for any reason whatever the corset is unsatisfactory to the wearer it may be returned to us, and the money paid will be cheerfully refunded without question. No matter what condition it may be in, provided it hasn't been worn over three weeks; and if the Kabo with which the corset is bonded ever breaks, we will as cheerfully refund the money."

Just Received—Another lot of those beautiful 15c. French Finish Satin.

TO THE WHOLESALE TRADE

I will offer special inducements. My stock is much larger than ever before, and all bought for spot cash, and I give the Trade the benefit of my discounts. Therefore I can sell you Goods as cheap as Northern markets. You will save money and time by calling on

THE JOURNAL.

Light-Houses.
Do you know the use of a light-house? I wonder if you were ever out at sea on a dark night, the wind whistling in the rigging, and the waves dashing against the side of the ship, and you not able to see the way one bit. If you have, you will remember as you sat there and felt the ship speeding through the water, how eagerly the sailors looked out for the light-houses.

All along the coast at different points there are dangerous places, strips of sand jutting out, or hidden rocks; the sailors cannot see them in the dark, and the ship would certainly strike on some of them were it not for the friendly light-house, which sends its gleam across the water, and warns the sailor not to come too near. How glad the sailor is to see the light, and how carefully he keeps away from the dangerous spot!

Now God gives us light-houses. Over and over again in His Word, He warns us of some hidden danger; His word is a lamp, and it shines out through the darkness of this world, and warns those that will look at it of dangers that they may avoid. Sometimes it is a rock on one side; sometimes a rock on the other side; sometimes a strip of hidden sand, where we should make shipwreck if we ventured on it; and sometimes a dangerous current.

But the light-house is always a friendly light, it shows us the dangers that we may avoid them, and so get safely to the end of the voyage.

Dear ones, who are just beginning the voyage, look carefully for the light-houses, and when they warn you to keep from danger, then keep from it. I will tell you of one light-house, the rest you must look out for yourselves.

"Enter not into the path of the wicked, and go not the way of evil. Avoid it, pass not by it, turn from it and pass away." The evil may look very fair outwardly, and you may see no danger, but there is danger, and the friendly light-house shines out, "This is no safe harbor for you; avoid it, and pass on." And if you are wise you will at once sail on, and leave the dangerous place. But if you neglect the warning you will come to shipwreck, and none but yourself will be to blame. Oh, be wise, dear readers; believe God's Word, and you shall yet come safely to the haven of rest.—Words of Life.

"The church in the world," says a recent writer, "is like a ship on the ocean. The ship is safe enough in the ocean, so long as the ocean is not in the ship. The church is safe in the world, so long as the world is not in the church."

The Universal Verdict of the People who have used Clarke's Extract of Flax (Papillon) Skin Cure award it the first and highest place as a remedial agent in all cases of Skin Diseases. Erysipelas, Eczema, Pimples, unsightly blotches, humiliating eruptions, boils, carbuncles, tetter, etc., all yield to this wonderful preparation at once. Price \$1.00 for a large bottle at F. S. Duffy's drug store.

Clarke's Flax Soap is good for the Skin. Try it. Price 25 cents.

Closed lips strangle spats and quarrels before they are born.

The Clangor of an Alarm Bell
Close by, in the stillness of the night, could scarcely startle the ordinary individual more than do trifling noises the nervous invalid. But once the nerves are braced and the system invigorated with Hostetter's Stomach Bitters, this abnormal sensitiveness is succeeded by a tranquility not to be disturbed by trivial causes. Impaired digestion is a fertile cause of nerve weakness and unnatural mental gloom, and a vigorous renewal of the action of the stomach is one of the surest means of invigorating and quieting the nerves. Insomnia, or sleeplessness, a form of nervous disease, is unquestionably benefited by sedatives, when it is prolonged, or of frequent occurrence, but its permanent removal is more effectually achieved with the Bitters. This medicine is also signally efficacious for malaria, rheumatism, constipation, liver complaint, and torpidity of the kidneys and bladder.
