Memorial Day.  
Don't forget the flowers this afternoon.

Thirty-nine bales of cotton were sold at the exchange yesterday at 11 20.

Baseball at 10:30 today between the Collegiate Institute nine and the Elm City Club.

It was a busy scene in Mr. Rhem's pea field yesterday. There were, we think, four hundred hands picking.

Business men, if possible, close your doors today from 4 to 6 o'clock p. m. and allow yourself and your employees to attend the memorial exercises.

The new board of city councilmen met last night and completed the organization, except the election of tax collector, which was deferred to the regular meeting in June.

Maj. W. A. Hearne is preparing the matter of the East Carolina department of the State Trade and Industrial issue of the Wilmington Messenger, with office at Watson & Street's.

Prof. Lowry's vocal and musical concert will take place in Davis School assembly hall, La Grange, on May 16. There will be round trip tickets over the A. & N. C. Railroad for sale at reduced rates.

Mayor Battle tried his first case yesterday morning. From the manner in which he conducted the court it is evident that he needs very little training at this line. His long experience at the bar, his thorough knowledge of parliamentary law, his dignity and firmness, qualify him for the position.

Mrs. Susan Price, who lives on the east side of Neuse river, a few miles from the city, brought to the JOURNAL office yesterday some Irish potatoes that are the finest we have seen this season. They are of the early Holden variety. Mrs. Price says she has been eating potatoes from her garden for a week.

We have received a journal of the fourteenth annual gathering of the Young Men's Christian Associations of North Carolina, held at Goldsboro, March 13, to 16, 1890. It is a neat pamphlet of ninety six pages, giving full proceedings, list of the officers, etc.; printed in the Argus job printing establishment, Goldsboro. The New Berne Association has received several copies and members of the Association may call at the room and get one.

**Baseball Yeste-day.**

The third game between Clark's nine and Houghton's nine of the Elm City club was played yesterday and it decided the championship in favor of Clark's nine. The score was 13 to 13.

The game was interesting and the nearly two hundred spectators seemed to enjoy it, but the playing was not as good all round as it was in the game a week ago. In the latter part of the game the players did not exhibit that spirit of animation and rivalry which adds so much to the interest of a game. The battery on both sides was a great deal better than the fielding, especially the inner fielding. However, there were some excellent plays by both sides.

## CITY COUNCIL PROCEEDINGS.

May 6th, 1890.

A regular meeting of the board of city council was held this evening at 8 o'clock. Mayor Williams presiding.

Present: Councilmen Burrus, Ulrich, Lane, Crawford, Ellis, Bishop, Willis and Kennedy.

A petition from Messrs. McIntosh and Willis for permission to erect a foundry on the Cuthbert lot, on Craven street, was received, and, on motion of Councilman Ulrich, was granted.

Mayor Williams also asked permission to repair his buildings on Craven street, which was granted.

Mr. J. F. Taylor was given permission to extend his wharf at the foot of Middle street.

Councilman Ulrich stated that the Mechanics Hook and Ladder Company was without a janitor, and moved that the company be allowed the sum of two dollars per month as fees for a janitor.

A communication from Thomas Canady was read, and a motion of Councilman Kennedy that the bill be allowed was lost by the following vote: Ayes, Crawford and Kennedy; nays, Burrus, Lane, Ulrich, Ellis, Bishop and Willis.

The Marshal's report was read and adopted:

**MARSHAL'S REPORT.**

The Hon. Mayor and Board of City Council:

Gentlemen—Below please find my annual report for years 1889-90: We have made during the year: State cases, 179; city cases, 425.

Fines collected ..... \$273 05  
Cost collected ..... 557.50

Total ..... \$830.55

One-half the above cost, \$378 75, was deducted from my fees. The difference in my report and the Mayor's as to amounts of fines and costs collected is caused by the convicts working out sentences on streets and in cemeteries and appealing to superior court. There should be money in hands of the clerk of the Superior Court belonging to the city.

Respectfully submitted,

JAS. T. LEWIS, C. M.

We have carefully examined Marshal's stubs and books, and find above correct in accordance with this report and approve same.

W. P. BURRUS,  
H. P. KENNEDY,  
Finance Committee.

The Mayor's report was read and adopted:

**MAYOR'S REPORT.**

To the Board of Councilmen of the City of New Berne:

Gentlemen—I have the honor to submit the following report in reference to the various departments of the city government for the fiscal year ending May 1st, 1890. Before entering upon the details, I desire to congratulate the board upon the efficient manner in which the duties devolved upon it have been discharged, and to refer to it with just pride to the marked improvement and material advancement which have been made in the various departments of the city government. When the board entered upon its duties, at the beginning of the fiscal year, you were without funds, except sufficient to defray the current and other expenses, which had been incurred by the preceding board, and yet as will appear from my report upon the financial condition of the city, you have now in the hands of the treasurer the sum of about \$1,000, after defraying all the current expenses for the fiscal year. Your city is today, by reason of your commendable public spirit and your fearless determination to advance the city's interest, nearer in line with the progressive cities of the State than it has ever been before. You need no longer fear the criticism of the stranger in your midst, whether he traverse your streets with the sun at his meridian, or at night when the darkness is dispelled by the brilliancy of your electric lights. You may assure yourselves that although you may have been subjected to harsh and unjust criticism and censure, you will live to hear this criticism and censure changed to approbation and applause, and whatever may happen, your acts will remain to testify to your wise, economical and judicious administration of the city's affairs.

**SANITARY.**

The sanitary condition of the city has been excellent the entire year. Your city is free from all infectious and contagious diseases, and the death rate has been remarkably small. The citizens have co-operated with the officers in properly cleaning their premises, and on account of the manner in which the ditches have been cleaned and opened, the drainage of the city has been excellent.

**FINANCE.**

The financial condition of the city is excellent. All the current expenses have been promptly paid, and in addition about \$1,200 have been paid upon indebtedness contracted by former boards, \$933.80 upon judgment debt, and seven hundred dollars for repairs to New Berne steam fire engine, five hundred dollars for a brick building and lot purchased by the city from the Atlantic fire company, for a horse carriage house, and the Treasurer will have on hand, after defraying current expenses for the month, a balance of about ninety dollars.

**STREETS AND PUMPS.**

The streets are in good condition, but should have either oyster shells or shell rock put upon them where they have been worn by use. This work should have been done during the year, but I have been unable to obtain the material. During the year twelve new pumps have been put in at various points in

the city, and repairs to the amount of two hundred dollars have been put upon them in the city.

**FIRE DEPARTMENT.**

This department has been kept up to its usual efficient condition. During the year a new boiler and repairs, at an expense of about seven hundred dollars has been furnished the New Berne steam fire engine. One of the pumps of the Atlantic engine was injured by being used in pumping out the fire wells, and has been sent to the Silsby Manufacturing Company for repairs, which will cost about forty dollars.

The department needs about one thousand feet of new hose, which should be purchased at once. I recommend that a building be erected on the lot in the rear of the city buildings for the use of the Rough and Ready, and Mechanics Hook and Ladder companies, which would save the city in rents, etc., about two hundred and fifty dollars a year.

**POLICE.**

The city marshal and policemen have been active in the discharge of their duties, and have been zealous in enforcing the law without fear or favor. No complaint has been made against any of the policemen except in the case of Officer J. E. Gaskill whom the board summarily removed at a special meeting held on April 30th. I desire to take this opportunity to commend the marshal and his officers for their sobriety and attention to their duties. They have made 694 arrests during the year, distributed as follows: Marshal Lewis, 55; Officer Wilson, 166; Officer Roberts, 111, and Officer Gaskill 93.

The amount of fines imposed has been \$253, and the amount of costs \$806.59. The marked improvement in the efficiency of this department can be readily seen by comparing its work during the present year with its work last year, when there were but 229 arrests made, \$52.85 fines imposed, and \$402.60 costs. Of the arrests made during the present year 425 were for violations of the city ordinances.

**STREET LIGHTS.**

During the year a contract has been made for lighting the city by electricity, and 24 arc lights, commonly called twelve hundred candle power, but are really about seven hundred, located at the following points on streets of the city: South Front and Craven streets, South Front and Middle, South Front and George, George and Pollock, Jones and New South Front, Queen and Pollock, Queen and Broad, Queen and Berne, New and George, Pine and West, George and Cypress, Pine and Stanley, Queen and Johnson, Metcalf and Broad, Hancock and Pollock, Middle and Broad, Hancock and New, Queen and Craven, Middle and Craven, Johnson and Craven, Union and East Front, East Front and Short, Craven and Broad, Craven and Pollock, and thirteen incandescent lights in city building. This light is, in my opinion the best arc light in the State, and has been contracted for at a lower rate than is paid by any city within my knowledge, except where water power is used. I recommend to the board that it place eight additional lights upon the streets at the following points: Corners Johnson and Middle streets, Berne and Broad, on Pollock and Moonshine Alley, Muddy and South Front, Broad and Hancock, South Front and East Front, Pollock and East Front, Pollock and Middle. With these additional lights your city will be one of the best, if not the best, lighted cities in the State.

**CEMETERIES.**

The cemeteries under the efficient and economical supervision of Councilman B. B. Lane, and the control of the sextons, David Stallings and Robert Williams, are in better condition than they have been for years. The committees, after defraying the current expenses, now have on hand, to be turned over to the new board recently elected, the sum of \$896.69.

Again congratulating the board upon the success of its administration of the city during the fiscal year just ended, I have the honor to be your obedient servant,

R. P. WILLIAMS,  
Mayor.

The following resolution was offered by Councilman Kennedy:

Resolved, That the Mayor be authorized, instructed and empowered to make a contract with the New Berne Electric Light and Power Company for eight additional arc lights, to be located at the points designated in the Mayor's recommendation, for a term of five years.

Adopted; ayes, Burrus, Ulrich, Lane, Crawford, Ellis, Bishop and Kennedy; nays, Willis.

Mr. Chas. H. Blank asked permission of the board for the Atlantic Fire Company to take their horses and engine to the celebration at Charlotte. The request was granted.

Councilman Ellis moved that the sum of one hundred dollars be appropriated to pay the damages to meeting room by being used for city purposes, and that a voucher be issued by the clerk.

The motion prevailed. Ayes, Burrus, Ulrich, Lane, Crawford, Ellis and Kennedy; nays, Bishop and Willis.

The following bills were allowed:

Councilman Kennedy moved that the board take a recess till half past eight o'clock Thursday night.

The motion was carried and the recess taken.

R. P. WILLIAMS, Mayor.

SILAS FULCHER, Clerk.

**Attention Should Be Given Surplus Truck.**

The season for canning oysters is about over. We always regret to see Messrs. Moore & Brady shut down their factory when the oyster season is over because they give employment to such a large number of laborers. We are in hopes that those enterprising gentlemen may yet see fit to handle other articles besides oysters and keep the factory going the year round. Other places of much less importance than New Berne have vegetable and fruit canneries and we have yet to hear of the first instance where they have not proven successful. A vegetable cannery is now being constructed at the little place of Carthage, Moore county, that is to have a daily capacity of 5 000 three pound cans. If Carthage can see its way clear in establishing a vegetable cannery, what ought we to do, located in the very heart of the North Carolina trucking region?

We must have these enterprises. Reason demands it. Our climate and soil is naturally suited for growing truck, and there is an abundance of cheap labor. With the establishment of canneries, all surplus stock which it would not pay to ship in times of a glutted market, could be canned and thus doubly made profitable. Besides the acreage would be much increased because there would be an assurance of the products being utilized.

**Baseball Today.**

There will be a match game between the Collegiate Institute nine and the Elm City Club today at 10:30 o'clock. Admission same as to previous game.

**A Card.**

EDITOR JOURNAL:—I take this method of vindicating myself. I was approached by one Dr. Bagby on the night of May 8 and he insinuated that I had voted people that belonged to Maryland and I told him that he was a damn liar or his author was. I was arrested and fined \$7.90 by his Hon. Mayor Battle. From his decision I took an appeal to the Superior court.

You've no idea how potent this peculiar medicine is in cases like yours.
