This is the Picnic season, the time of bright faces and happy hearts.

CULTIVATE cheerfulness, very often it gives a silver lining to the darkest cloud.

TALK up your own town, and extol the virtues of your own community, but remember that North Carolina is entitled to the devotion of all her sons.

BELFORD'S Magazine for June is full to the brim with choice literature. The articles relating to Jefferson Davis and Robert E. Lee are peculiarly appropriate.

THERE are few evils that may not be converted into blessings. If the various trusts that have been created and are now being organized develop a spirit of self-reliance in our people, and stimulate home industries, we may well congratulate ourselves and look more hopefully to the future.

In common with the press of the country we cordially invite capital to the South and rejoice in the prosperity of those who come among us, but our bosoms swell with greater pleasure when we see our friends and neighbors rise superior to adverse fortune and become leaders in the grand march of progress.

THE Atlanta Journal makes a fling at Senator Mat Ransom because he wears store clothes and laundried shirts. North Carolinians are pleased with this peculiarity of their Senator, and indulge the hope that at no distant day Georgia Senators will follow the example of the illustrious Carolinian without offence to their constituents.

THE London correspondent of the N. Y. Tribune speaking of Stanley's speech at Guild Hall, London, says: "He reproaches England with her supineness in Africa, preaches annexation, preaches empire, promises unlimited profits, and points to the African enterprises of Germany as both a contrast and a warning to England. The process of lionizing continues with unremitting assiduity."

WE have always urged an addition to our currency and do now. Exactly how much more this country needs is a mere matter of conjecture which each man can fix for himself. We are not afraid of having too much so that it is money and not mere paper like Confederate money at last became and like the green-backs were fast becoming at one time. Our country is so vast in extent, and in many sections the banks are so few that we need more currency relatively than such compact countries as England and France and Germany.—News and Observer.

FOR many years, indeed ever since the discovery of this continent, the Indians have presented the race problem to the serious consideration of Anglo-Saxons. What shall we do with the Indian? has puzzled alike the statesman and the philanthropist. Again and again the experiment has been tried of giving them a local habitation in commonwealths peopled by whites, but they do not seem to

thrive with such environments. North Carolina Indians have had every advantage that could be afforded and yet, Chief Smith thinks they will ultimately go to Indian Territory.

No one will deny the value of natural advantages; something else is required to make a city. The Roanoke Times has a just view of the subject when it says that without men to push them, natural advantages amount to little more than nothing. There are but few towns without them, but a great many are without the men. A good story was told yesterday and it illustrates the truth of the above. "I remember," said a gentleman, "that General Thomas, the Pennsylvania Cræsus, once sought introduction to Dr. H. M. Caldwell, President of the Elyton Land Company. After the encounter, he said, 'Doctor, I was determined to see the man who made Birmingham what she is.' The doctor modestly disclaimed the compliment and added: 'Why, General you know that Birmingham has wonderful natural advantages.' Then General Thomas abruptly, and a little profanely, retorted: 'Oh, d—n natural advantages! It is live men who make towns great. No one questions the natural advantages of Norfolk, and yet they have been distanced in growth by the use of artificial means in the hands of progressive men.—Norfolk Landmark.

Superior Court next week, Judge Whitaker presiding.

"Song Tournament" and "Little Lord Fauntleroy" chorus tonight.

Considerable street improvements are being made. Let the good work on.

Neuse river water is quite "brackish," and they say croakers are "biting" savagely.

There will be a match game of baseball today at 4 o'clock between Elm City nines. Admission free to all.

Miss Mollie Heath's school picniced in the country near the city yesterday. The children had a "splendid" time.

The Sunday School of the Church of Christ will picnic up Trent river today, leaving at 8 o'clock on the steamer Trent. We wish them a very pleasant day.

Mr. T. A. Green received a letter from Dr. Dixon at St. Louis last night, stating that Dr. J. E. Mann was very sick and was threatened with typhoid fever, and was in the hospital in that city.

The convention of the Episcopal Church in the Eastern North Carolina Diocese will be held in 1891 at New Berne on the 20th of May, and of the North Carolina Diocese at Asheville May 13th.

The many friends of Mr. and Mrs. Thomas M. Constable will be pained to learn of the death of their little boy Oliver, which occurred yesterday at their home at West Point, Va., after an illness of but few days.

Any one wishing to spend this evening pleasantly cannot find a more desirable place than at the theatre. The "Song Tournament" and a "Little Lord Fauntleroy" chorus" will probably be the best musical entertainment of the season.

Philip Wiggins came over from James City yesterday and reported that a mad dog had created considerable excitement in that town, but that he had shot the dog and quieted the sensation. "He was a real mad dog," said Wiggins, "for he came down the street turning somersaults, and his eyes were green and his tongue was hanging out."

## Census Enumerators.

The following is a list of the census enumerators for Craven county. The list is taken from the Elizabeth City Carolinian: "William P. Williams, Henry J. Green, Herman S. Wooten, Jesse P. Godett, jr., Edward D. Russell, Philip J. Lee, Alexander F. Moore, Lewis W. Hancock, Rev. Edward Bull, Samuel D. Pope, William J. Rountree."

## Shipping News.

The steamer Manteo, of the O. D. line, will sail for Norfolk today at 12 o'clock.

The steamer Vesper, of the E. C. D. line, arrived yesterday and will sail at 4 o'clock this afternoon.

The steamer Howard arrived from Pollockville yesterday with 509 barrels of Irish potatoes.

## Jarman Ice Factory.

We are pleased to know that Mr. Jarman has arranged to begin the manufacture of ice again. Operations at his factory, at the foot of Hancock street, began yesterday. Mr. Jarman has recently invented new machinery, which makes an improvement over the old process for making ice, and we have no doubt the machine will become popular throughout the country. A patent has been applied for and arrangements have been made to have the machine manufactured by a Pennsylvania manufacturing company.

We hope Mr. Jarman will receive sufficient patronage to fully justify him in the prosecution of the enterprise. All manufacturing industries should be encouraged, if they are calculated to benefit any community.

Mr. Jarman will retail ice at one cent a pound. The capacity of the works will be about five tons a day.

## Craven County Alumni of the University.

A number of the Alumni of the University of the State met at the Court House in New Berne, May 22nd, and organized the Craven County Branch Association of the Alumni of the University of North Carolina.

A constitution was adopted, and the following officers were elected:

John S. Long, Esq., President.  
Dr. James B. Hughes, Vice President.  
Mr. James Thomas, Sec'y and Treas.

According to the constitution "The object of this Association shall be to foster good fellowship among its members and keep alive their attachment for the University; to aid in the distribution of documents, papers and circulars giving information of its conduct, work and purposes; and in every proper way to further the interests and increase the usefulness of their Alma Mater."

The President appointed Henry R. Bryan, Esq., and Chas. R. Thomas, Jr., Esq., as delegates to represent the Association at the re-union of the general body of the Alumni during the approaching Commencement.

The Association adjourned subject to the call of the President.

Morehead Would Make an Excellent Place for the Encampment.

The State Encampment should be held at Morehead or at some point on the coast near there. Nature has made this a place for health and comfort and the splendid breeze on that coast would give delight and refreshment to many who attend these encampments. We learn that perhaps the first Regiment may go to Morehead this summer. We hope that this may be accomplished, and we feel that His Excellency, Gov. Fowle will do all he can to aid in this movement if the matter is properly presented to him. We call the attention of the Atlantic Hotel authorities and the people of Morehead to this matter. They should see to it at once. Gov. Fowle has ever shown a great interest in Eastern North Carolina and has done much to encourage and aid her industries and general progress, and if he can aid our people in this matter they may rest assured he will do so. Let a committee from Morehead see the soldiery and get communications from them to the Governor. Gov. Fowle has always shown a great love for our people and a proper regard for their wishes and if the Encampment of the soldiers at Morehead is practicable he will aid our people as far as possible.

Says the Wilson Mirror: "That brave soldier and distinguished patriot, the gallant and knightly Gen. Cullen A. Battle, has been elected Mayor of the city of New Berne. This is a deserved compliment to one who is not by any means in the arena of politics as well as to the good judgment of the people of New Berne. Gen. Battle is the father of Rev. H. W. Battle, pastor of the Baptist church, to whom the people of Wilson are so warmly attached."

Hood's Sarsaparilla possesses curative powers exclusively its own, and which make it "peculiar to itself." Be sure to get Hood's.

## Personal.

Messrs. J. B. Holland, J. A. Patterson and Major A. R. Dennison have returned from Charlotte.

Mr. F. E. Morton returned from Newton last night.

Hon. C. C. Clark returned from Raleigh last night.

## The E. C. B. Association Festival.

The Festival and Promenade Concert of the Elm City Baseball Association promises to be a great success. Many tickets have been sold and the interest increases.

The ladies of New Berne who are housekeepers are requested to assist in providing refreshments for the entertainment. The offer of ices, cakes, salads, etc., will be gladly accepted for the Association by Mr. M. Manly or J. Albert Patterson.

The watch which will be given away to one of the ticket-holders at the Festival is a beauty, and is approved by the best jewelers.

## Hurrah for the New Berne Boys!

Private telegrams received in the city yesterday brought the news that the Atlantic were "ahead of all." The Charlotte Chronicle, speaking of the parade, says this of the Atlantic company:

"After the soldiers came the firemen, with able-bodied men, prancing horses, and shining machines.

"The Atlantic Company, of New Berne, 24 men, with their engine 'Elijah Ellis' and one reel, were at the head of the line of fire companies; C. H. Blank, foreman, and W. D. Barrington, assistant foreman; Wm. Ellis, chief of the department. Chief Engineer Newman, of the Wilmington, and Chief Engineer McNeil, of Fayetteville, went with the New Berne company in the parade."

Mr. J. W. Moore learned by telegraph yesterday that the Atlantic had won the prize of \$50 for quick steaming by a large majority, the time being 3.37 seconds. Hurrah for our firemen! They get there every time.

## NORTH CAROLINA NEWS.

### From the State Papers.

Goldboro Argus: The order for the knitting mill machinery has been sent forward. The thing is now a settled fact, and as soon as the machinery can be made and shipped here the work of placing it will begin, and manufacturing follow thereafter. We go forward.

Wilmington Messenger: The Raleigh Chronicle mentions a report, probably well grounded, that President Battle, of the University, will resign the presidency and take the chair of history. He has unquestioned and excellent qualifications for that chair. The Chronicle says the institution is to have no president, but to make one of the faculty act as chairman, as is the case at the University of Virginia.

Goldboro Dispatch: In the early part of last night it became noised about that some ten or fifteen boys and young men from this city and vicinity, had suddenly and without notice to their parents, left for parts unknown. George Stith and Gabe Royall are two of the missing boys reported to us. It is said that a man from the State of Georgia has been staying around here several days and it is thought that he has hired and induced the boys to leave their homes and parents and go south to work for themselves.

## Col. W. E. Anderson, of Raleigh, Dead.

There was much interest manifested by our citizens as soon as it was learned that Col. Anderson had suffered a stroke that would probably prove fatal, and heartfelt sympathy and anxious solicitude were expressed by all. From 1 o'clock, the hour when his heart failed to act and he lay unconscious, until 4:45, when he died, the sole inquiry of friends was concerning his condition. Those who felt privileged to do so called at the bank to inquire, and some were admitted. He never regained consciousness. When he expired, besides the officers of the bank there were present the ladies of his connection, with Mrs. Anderson, and also several gentlemen. The remains were removed to his residence late in the evening. His death is felt to be a great loss to the city. The sad event was announced to the citizens by the tolling of the city bell, he being a commissioner of the sinking fund of the city.—News and Observer.

## Prize Fights in Virginia.

NEW YORK, May 21.—Colonel J. M. Bailey, of the Virginia Athletic Club, held a consultation with John L. Sullivan in the Astor this morning. The result of the conference was that Sullivan agrees to fight John McAuliff for \$10,000 in July and Jackson for \$25,000 in August. Each battle will be fought in Virginia under the auspices of the Athletic Club.

## Everybody Knows

That at this season the blood is filled with impurities, the accumulation of months of close confinement in poorly ventilated stores, workshops and tenements. All these impurities and every trace of scrofula, salt rheum, or other disease may be expelled by taking Hood's Sarsaparilla, the best blood purifier ever produced. It is the only medicine of which "100 doses one dollar" is true.

## Duffy's Cough Mixture.

A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is a druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This Remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cough I had, after I had tried a number of the principal cough remedies without benefit.

R. N. DUFFY,  
Proprietor.
