**NEVER** live in hope or expectation while your arms are folded. God helps those that help themselves. Providence smiles on those who put their shoulders to the wheel that propels to wealth and happiness.—Tillotson.

The basis of the prosperity of the State rests upon the prosperity of the counties, and the counties cannot prosper if the homes of the people residing in it are not self-sustaining.—The Bulletin.

The Democratic party is gaining at the North and at the West. In the South we will hold our own, despite all the reconstruction measures Reed's malice can conceive and his Congress enact.—Louisville Times.

**COUNT VON MOLTKE** is still of opinion that Germany should have a strong military system. The old Field Marshal looks at the European situation with the eyes of a soldier, and in his plain and blunt fashion of speaking probably expresses very nearly the real feelings of the young Emperor.—Philadelphia Record.

The colored Republicans of the Eight Congressional District of Virginia in Convention in Alexandria yesterday neglected to indorse the administration, not so much on the ground that the administration is organically defective, as that it has failed to fully recognize the colored contingent in the apportionment of the emoluments of partisan patriotism, as Mr. Clarkson may say.—Washington Star.

The millers of Southern Illinois and Eastern Missouri met in St. Louis last Saturday to form a trust and operate the sixteen mills as one, thus controlling the price of flour in the South and Southwest. We don't know how it is in other States, but North Carolina can easily become independent of all such combinations. She can not only produce enough flour to feed her own people, but also furnish large supplies to surrounding States.

It has been supposed that Mr. Wanamaker gave evidence of fitness for a cabinet position in the success that had attended him as a merchant. Unfortunately for the country Mr. Wanamaker seems to have held this idea to the detriment of the country. A merchant works in his own interest; a public official should be concerned for the public good. Mr. Wanamaker has acquired the habits of the merchant and can't break off from them, and is a disgrace to the Administration of which he is a member—provided the Administration has any standing before the country.

The lines drawn are rather sectional, the fight for silver being made by Western men led by the Senators from the silver-producing States, backed by others from other Western and Southern States, against the East mainly, whose Representatives, while they are willing to take some silver, insist on keeping the volume so small that it must always be subordinate to gold, which is their standard of money. Standing side by side in advocacy of the free coinage of silver are Republicans of the West of undoubted type, and Democrats of the West and South whose Democracy is as straight as a ramrod. Not being a party measure it is debated upon its merits and every Senator who has anything to say upon it, who can throw any light upon it and cares to ventilate his views, is given all the opportunity he desires.—Wilmington Star.

### NEW ADVERTISEMENTS.

O. MARKS—Matting, etc.

Large shipments of truck yesterday—a big day for Irish potatoes.

Judge Armfield, and not Judge Whitaker, as before stated, will hold court here next week.

The Charlotte Chronicle says that "New Berne was an easy winner" in the quick steaming contest.

W. H. Starkey, Superintendent of Clinton Chapel A. M. E. Z. Sunday School, says it was his school and not the Bethel school that went to Rock spring on Wednesday.

Mr. T. A. Green received no answer to his telegram of yesterday morning concerning the condition of Dr. Mann. He wired again last night to Bishop Granbery and expects an answer from him today.

On her outward trip yesterday the steamer Manteo, of the O. D. line had aboard an unusually large freight, among which were more than a thousand barrels of potatoes and several hundred boxes of beans.

The baseball game yesterday was poorly attended and the players seemed to be in poor trim. The game was called at the fifth inning in order that the club might meet the victorious fireman, on their return from Charlotte.

A telegram last night from G. S. Palmer, New York, gives the following quotations on truck: "Potatoes in large supply; choice, \$3 to \$3.50; seconds, \$2. Beans, 40c to 75c; peas, 30c to 50c. Strawberries, 12c to 15c. Hold back potatoes."

The Atlantic Fire Company returned last night from Charlotte. The New Berne Company and a large number of citizens were at the depot at 6 o'clock to meet them, but the train "turned up" about two hours behind time. An accident to the engine caused the delay. The "victors" were warmly received when they did get here. The Atlantic Company had a great time in Charlotte.

Wanted.—A good appetite. You can have it easy enough by taking Hood's Sarsaparilla. It tones the digestion and cures sick headaches.

## The Song Tournament Last Night.

A fairly large audience attended the theatre last night. The singing was as good if not better than on last Friday night, the costumes striking, the stage beautifully decorated, and the orchestra accompaniment very good indeed. The "Little Lord Fauntleroy" chorus was much enjoyed. It was a valuable addition to the program. The evening was delightfully spent by all who attended.

## Attention.

The Mayor requests us to call the attention of all, and of parents especially, to section 16, chapter 3, of the Ordinances of the City of New Berne:

"All games of every description, the throwing of stones, shot or missiles on the streets and sidewalks of New Berne are forbidden, and every person offending against this section shall be fined two dollars for each and every offence."

## Picnicing Up the Trent.

The Sunday-school of the Church of Christ made their first annual picnic yesterday. They went on the steamer Trent, numbering, with their friends, about two hundred. The day was perfect, the company good-natured and appreciative, and everything passed off in the most agreeable and delightful manner.

At Pollockville the beautiful yard and grounds of Mr. Haywood White were placed at our service, and upon the level and close-cut lawn, under the magnificent elms and maples, the company—divided into little groups—passed the time pleasantly in conversation, swinging, jumping the rope, playing ball or croquet and other amusements, till we were called to the elegant and beautiful dinner. After dinner two or three hours were passed in the same agreeable manner. If the outward passage was enjoyable the return in the exhilarating breeze, amid the beautiful and ever-changing scenery, as the sun was slowly sinking in the west, was especially fine, and so without accident, or unpleasant feature to mar the pleasure of the occasion, each added another to the list of days worthy to be remembered.

## "Public Sentiment."

EDITOR JOURNAL.—Public sentiment has waited until forbearance ceases to be a virtue. Public sentiment thinks that at the very first opportunity another should be placed as the peoples' Clerk of the Court.

## Big Hall Storm in Ohio.

WOOSTER, Ohio, May 19.—A terrific cyclonic wave, rain and hail storm passed over parts of Congress, Canaan, Chester Milton and Chippewa townships, this county, on Sunday afternoon, doing a tremendous amount of damage. The storm swept a section three miles in width and eighteen in length. The most serious damage was done in and near the villages of Congress and Rawsburg. In Congress every pane of glass facing north and west, unprotected by blinds, was broken by the hailstones, which ranged in size from a pea to a hen's egg, and fell to the depth of eight inches. Entire orchards and strips of oak timber were blown down. Many houses, barns and outbuildings were unroofed or blown down.

The hailstones were so large and fell with such force as to drive through roofs covered with oak shingles. At Rawsburg hail fell to the depth of eight to twelve inches. Hundreds of sheep were killed.

## NORTH CAROLINA NEWS.

### From the State Papers.

Kinston Free Press: Gen. Ransom's small U. S. government steamer "Gen. Wright" was in town on Sunday. The force had been putting up mile posts on the river between New Berne and here, and is now putting them up above here. It is 50 miles from New Berne to about 100 yards above Parrott's bridge.

Scotland Neck Democrat: On last Friday afternoon during a hail storm the Griffin farm on Roanoke river two negro women were killed by lightning. They had come in from the field and were standing near the fire to dry themselves, when they were instantly killed. There were others in the house but no one else was injured. The colored people declared that they saw the lightning come down the chimney.

Charlotte Chronicle: The next annual tournament of the North Carolina State Firemen's Association will be held in Durham. At the final meeting of the Association held yesterday afternoon, immediately after the championship race, Durham was selected as the next place. Officers of the Association were elected as follows: President, H. E. Heatt, chief of the Durham fire department; Secretary, Dr. J. W. Griffith, of Greensboro; Treasurer, C. G. Bradley, chief of the Tarboro fire department; Statistician, T. W. Blake, of Raleigh.

## The Selma Knitting Factory.

SELMA, N. C., May 19.—Selma is falling in line with the other progressive towns of the State and is turning its attention to manufactures. Messrs. Tom Winston and P. H. Joyner, two young men brimful of push and enterprise have started or are in the act of starting a knitting factory at Selma, as I think under very favorable conditions. This town is admirably situated for such an enterprise, being on two direct lines of railroad communication between the Northern markets and almost every market of importance in the South. And, besides, these young men have had practical experience in this business and produce goods equal in point of perfection to any of the products of the larger factories North. Under such conditions and with the spirit of pride that prompts our Southern jobbers to patronize home industries, we are not surprised to learn that they begin from the very first to make their goods on orders already on file.

For the present they manufacture a very desirable line of half hose, fit for the nicest trade, and cheap enough for any. One of our Raleigh merchants, who knows what a bargain is, says it is the most desirable goods for the price that he has yet seen. Just as soon as push and vim will do it, these young men will add other lines equally as desirable. They start out from the first with a capacity of from fifty to seventy-five dozen half hose per day, and will, we predict, go forward with a steady increase until Selma is classed with the most progressive of the small towns of the State.—State Chronicle.

## Episcopal Council at Greenville.

The council of the East Diocese of North Carolina, which met in St. Paul's church, Greenville, last week, was one of the most pleasant assemblies that ever came together in our town, and it will long be pleasantly remembered not only by our Episcopal friends but by all who were so fortunate as to be present at the meetings. There were about seventy delegates present, including sixteen ministers from the different churches of the Diocese, besides quite a number of visitors. The citizens of Greenville entertained them handsomely, and the delegates were charmed with their visit here. The Council was composed of an intelligent body of men, and a number of interesting topics were discussed and acted upon during its deliberations. Bishop A. A. Watson presided over the body, and Rev. Nat. Harding, of Washington, was Secretary. Before the Council adjourned the following resolution was offered by Col. J. W. Atkinson, of Wilmington, and adopted:

Resolved, That the thanks of this Council are due, and are hereby gratefully tendered to the Rector, Warder, Vestry and congregation of St. Paul's church, Greenville, for their thoughtful and kindly consideration for the comfort and convenience of the Council while in session; also to Mrs. J. B. Cherry and the choir under her charge for the acceptable music furnished during the religious services; and to the citizens generally for the unbounded hospitality which has been accorded to the members of this Council during our sojourn among them.

The Council adjourned at the close of the morning service Friday, and at 5 p. m. the delegates left on special train for Tarboro to join with the other Diocese in session here in celebrating the Centennial Convention. The East Diocese will meet next year at New Berne.—Eastern Reflector.

## The Lee Statue—Arrangements for the Unveiling Ceremonies.

RICHMOND, Va., May 20.—Besides uniformed troops from many Southern States who have signified their intention of being present at the unveiling of the equestrian statue of General Lee, many veteran organizations will be in line from Maryland, West Virginia, Virginia, North Carolina, South Carolina, Florida, Alabama, Mississippi, Louisiana and Texas.

While orders in regard to the parade and programme of exercises have not yet been issued, it is understood that uniformed troops and veterans will be given a position in line in the order in which the States seceded. This will put South Carolina first. Uniformed troops will be under the command of Brigadier General C. J. Anderson, of Virginia. It has been determined to have vocal and instrumental music at the unveiling of the statue. The hymn,

"How Firm a Foundation," will be sung by the vast assemblage, with a full brass band accompaniment.

A private telegram received here from New York announces the arrival in that city from Europe of Miss Mary Lee, the eldest daughter of the late General R. E. Lee.

G. A. R. Men and Confederate Veterans do the "Shake" Act.

WINCHESTER, Va., May 22.—Capt. Colwell Post No. 301 G. A. R. of Carlisle, Pa., accompanied by a band and a number of ladies, arrived here this morning. The visitors were received by Mulligan Post 30, G. A. R., and a committee from Winchester Camp Confederate Veterans, both of this city, and escorted to the court house hall. Commandant E. H. Boyd, of the Confederate Veterans, welcomed them, and Capt. J. B. Daudis replied. Capt. J. G. Vail presented Winchester Camp with a handsome check. The rendition of the Star Spangled Banner and Dixie by the band, and patriotic speeches created much enthusiasm, after which a bountiful lunch was tendered the visitors by the Confederate Camp. Silk badges (souvenirs of the day) were then placed on each Confederate by a committee of Colwell Post. The day was spent in visiting the National and Confederate cemeteries and other places of interest.

## The Standard.

"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an alterative and tonic it has never been equalled."

## Duffy's Cough Mixture.

A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is a druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cold I had, after I had tried a number of the principal cough remedies without benefit.
