HUMAN fortitude must be equal to human calamity.—R. E. Lee.

On Friday there was a severe earthquake shock at Billings, Mont., and the surrounding section.

At the Diocesan Council of the Protestant Episcopal Church of Alabama last Friday John S. Lindsey, of Boston, was elected assistant bishop.

The discussion in the House on the River and Harbor Bill shows that the Democrats in Congress are sustaining their character as friends and defenders of the constitution.

The general impression is that the McKinley bill when it gets through the picking in the Senate will look something like a chicken interviewed by a cyclone.—Wilmington Star.

Now that Carlisle is in the Senate, who is the Democratic leader in the House? The honor seems divided between Mills of Texas, Crisp of Georgia and Breckinridge of Kentucky.

The skinning of the American farmer and the protection of the foreign agriculturalist will go on until the Republican farmers themselves protest with their votes and join with the Democrats in placing Democratic tariff reformers in office.—Buffalo Times.

GOVERNOR FOWLE was telegraphed on Saturday requesting him to make the address upon laying the corner stone of the new Clio Hall, at Princeton College, New Jersey, on the 10th of June, but was not able to accept on account of business engagements.

The Republican management deliberately put itself on record as preferring to reduce the tax on tobacco rather than on the necessities of life. This action will embarrass the organs which have been denying that the g. o. p. had a more tender consideration for whiskey and tobacco than for food and clothing.

The Richmond States newspaper leads off in Confederate decorations in honor of Gen. Lee. Its building is covered from top to bottom with Confederate colors, and battle flags wave from every window. None but Confederate colors are displayed. The only legend that appears on the facade of the building is this: "B. E. Lee—America's Greatest Man."

A BUFFALO Dispatch of the 23rd inst says: The General Assembly of the United Presbyterian Church will convene in this city next Wednesday evening. The use of tobacco will form an interesting question for action by the Assembly. The overture on the subject—proposing to debar tobacco users from ordination as elders, and also to disqualify divinity students addicted to the weed—was negated by a small majority of churches, but the Assembly will have to legislate on it in some form. The Assembly will be in session a week or ten days.

The Republican majority in Congress disgraced itself and the country by the partisan action it took in voting censure upon Congressman Bynum for defending himself from the brutal blackguardism of the Pennsylvania ruffian Bayne. In any fair, deliberative body Bayne is the one who would have been censured.—Springfield Register.

The Philadelphia Record finds its vocabulary of the English language utterly inadequate to express its feelings regarding the new Tariff bill. Accordingly it coins a word, and speaks of tin plate as being "mackinleyed." The new word is very pertinent, and that it may become incorporated in the vernacular is quite within the range of possibility.

"SCHOUER'S History of the United States" has reached its fourth volume. It is unique in plan, and begins with the formation of the Constitution. The last published volume takes the reader to the close of Polk's Administration. It is not written with friendly hands so far as some of the Southern Presidents are concerned. The North is making the histories of our country. Bancroft, Hildreth, Schouler, Adams, Ridpath, McMaster are all Northern. Bancroft and Ridpath are the most friendly and fair to the South. And so with the smaller histories—they are nearly all Northern.—Wilmington Messenger.

O. D. S. Co.—Change of schedule.
A. & N. C. R. R.—Change of schedule

The daily truck train is carrying off a large amount of truck.

There has been a slight change in the schedule of the O. D. S. line.

There will be a lecture tonight by the pastor at the Hancock Street Methodist Church.

His Honor Judge Arnfield begins work at 9 a. m. He gives full measure of work as well as justice.

Rev. R. A. Willis will conduct the memorial services in honor of the late Rev. Dr. Mann at the Centenary Church, this city, next Sunday.

Mayor Battle leaves this morning to be present at the unveiling of the Lee monument in Richmond next Thursday. In his absence Councilman John Dunn will act as Mayor.

In addition to the regular Friday trip this week the Eastern Carolina Dispatch line will send out a boat next Saturday afternoon at 6 o'clock to especially accommodate truck shippers.

The young men's prayer meeting of the Baptist church will be held this evening at 8 o'clock in the church. A cordial invitation is extended to all persons to unite with them in these services.

A colored man fell down the steps at the court house yesterday and hurt his leg. From the noise he made over the wound, one would have thought that his leg was broken in a dozen pieces. But on being placed on a dray and taken to Dr. Chas. Duffy it was found that he was not badly hurt. He was carried into the doctor's office by four men, but after the doctor examined him he walked out of the office without assistance. He "whined" and moaned as if he was almost dead. It was soon seen that he was very drunk.

The Festival Last Night.
The attendance at the festival and entertainment at Stanley Hall last night was very good. The hall was appropriately and tastefully decorated with flags, etc., the music was very sweet, the refreshments elegant, and the whole affair was very pleasant. The drawing for the watch created considerable interest.

For Richmond.
What an immense crowd of people will be at Richmond on Thursday! New Berne will be well represented. A party left yesterday morning. They started early, in order to "avoid the rush." Here are their names: Capt. K. R. Jones, Capt. Alex. Miller, Messrs. E. M. Pavis, J. W. Moore, S. W. Willis, F. Ulrich, Theo. Bowden, M. H. Sultan, J. W. Stewart, Wm. Ellis, Chas. Swart and L. Stark. John Wright, driver of the New Berne fire engine, went along as the party's valet.

Episcopal Visitation.

We are requested to state that the Rt. Rev. A. A. Watson, Bishop of the Diocese, will visit the Parish of Christ Church in this city on Sunday next. The rite of confirmation will be administered during his stay.

Personal.

Mr. John Ives returned last night from Wilmington.

Among the passengers on the steamer Newberne yesterday were Mr. Mrs. and Miss Riding, of New York, who have been visiting Mrs. Isaac Patterson, returning home.

Funeral of Rev. Dr. Mann.

Mr. T. A. Green and wife, Mrs. J. A. Meadows and Mr. G. T. Adams and Capt. D. L. Roberts left yesterday morning for Winston. Mr. J. K. Willis, who left Monday, will join them at Raleigh and the party will attend the funeral of Dr. Mann in a body, representing the Centenary Church of New Berne.

The funeral takes place today at 3:30 o'clock.

Shipping News.

The steamer Newberne of the O. D. S. line cleared yesterday with 1,000 barrels of potatoes and 400 boxes of beans, besides other freights.

The steamer Vesper, of the E. C. D. line, sailed yesterday with a thousand barrels of potatoes and several boxes of beans. The Annie, of this line, will arrive tomorrow.

Superior Court Proceedings.

The court convened yesterday morning at 9 o'clock. The following cases were disposed of:

State vs. Sherman Barnes, colored, larceny; bill of indictment changed to "forcible trespass"; defendant pleaded guilty; judgment suspended on payment of cost.

State vs. Robert Smith and Hannah Smith, colored, removing crop; verdict guilty; verdict set aside and case continued.

State vs. Sidney French, injuring another person's fence; not guilty.

State vs. S. S. Fisher, selling liquor on Sunday; verdict, not guilty.

J. M. Spencer; A. and B.; defendant pleaded guilty, and judgment was suspended on payment of cost.

John Garret; selling liquor to a minor; nol proa.

H. Jackson Jones; A. and B.; guilty; ordered to be confined in county jail six months, with leave for commissioners to hire out.

The Court took a recess until 9 o'clock this morning.

Action Withdrawn.

Among the most interesting cases to be tried in our court at this session was the case of Henry Simmons against R. A. Williams, commonly known as "Peg Leg" Williams, the action being for an alleged taking of a boy, the son of Henry Simmons, some time last January in the negro exodus movement.

After an examination of all the facts connected with the matter by the plaintiff's attorneys, it was found that Mr. Williams was in no way connected with carrying off the boy, and the action was withdrawn.

Mr. Williams came to New Berne Monday, accompanied by Mr. Charles M. Busbee, of Raleigh, who with Messrs. Manly & Guion represented Mr. Williams, and the entire matter was adjusted yesterday.

"Peg-Leg" in the City.

Mr. R. A. Williams, better known as "Peg-Leg Williams," was in the city yesterday. In conversation with him we are informed that the colored exodus movement will be renewed in the early fall, and that the demand will be as great for the next few years as it has been in the past. He says that the number of negroes taken from North Carolina within the last twelve months has been (men, women and children) between thirty-five and forty thousand—much larger than from any other State. The majority of them have been taken to Mississippi and Arkansas, but large numbers had also been taken to Louisiana and Texas. They are wanted principally for clearing up the new cotton lands that are being rapidly drained and developed. He says that they are receiving good wages and are satisfied. "Those from cities and towns are not wanted," says Mr. Williams. "They don't want to work and we won't have them."

From here Mr. Williams will go down to Morehead, where he will take descriptive views of the mammoth Atlantic Hotel and surroundings for the Railway Guide published at Atlanta. "It is my intention," said he, "of spending this summer at Morehead with my family. I hear of a good many people going there this season from Memphis and Little Rock and other points west."

Rev. L. W. Crawford.

We see that Rev. L. W. Crawford has been nominated to fill the vacancy in the faculty of the University of North Carolina, caused by the death of Dr. Mangum. We think a large majority of the citizens of New Berne would favor Mr. Crawford for this position. We agree with the Greensboro Workman that he is peculiarly fitted by nature as well as by education and experience for such a work. His influence over young men is remarkable. As an instructor, we have rarely seen his equal. Should he be elected, we are confident that the chair of History would be filled by Mr. Crawford with satisfaction to students, faculty and trustees. The Workman says:

"Even at this early day the necessities of the situation have made it in order to suggest a successor to the lamented Dr. Mangum in the faculty of the State University, and as the selection is likely to come from the names thus brought forward, the Daily Workman begs leave to name for the vacancy in question, Rev. L. W. Crawford, of West Market Street Church in this city. Having had special training in the line embraced in the vacancy to be filled, at the University of Virginia, and being noted also for his influence upon the minds of young men, together with a cultured and accurate style as writer, speaker and conversationalist, Mr. Crawford will naturally command attention as an available man, and though we do not know that he would accept such a position, we feel satisfied that he would give it due consideration."

"In suggesting the name of Mr. Crawford for this position we are risking the displeasure of his congregation in this city, to whom he has but recently come as their pastor for a second term, but we must do our duty even at a sacrifice, and this is one of the times."

A Terrible Lynching near Selma.

RALEIGH, N. C., May 20.—John Starling, living near Selma, in Johnson county, was surrounded by a party of masked men while on his way home last Saturday night, tied to a tree and shot to death, twenty bullets being put into his body. He had made some threats against a peaceful citizen and was returning home from a magistrate's trial, where he had been to answer to a summons of a peace warrant. His wife was in the wagon with him. The mob threw a rope over his head, dragged him out, and carried him far enough into the woods to prevent her from being an eye-witness to his fate.

Some time ago a lady named Cenia Brown and her grandson were murdered in Johnson county. Mrs. Brown was Starling's mother-in-law, and there was a well-founded suspicion that Starling murdered her that he might get possession of her property through his wife. He was tried on the charge of murder, but Starling had so terrorized the people that it was impossible to get any one to testify against him, and he was acquitted for want of sufficient evidence to convict. Later on the houses of two people who made themselves conspicuous in the trial against him were burned. People of the community thought this was Starling's work of vengeance. They determined to submit to his terrorization no longer, and on Saturday night they banded together, took him from his wagon, and left his lifeless body tied to a tree.

Change of Schedule.

It will be to the interest of truck shippers, passengers and the merchants generally to note the change of schedule for the Old Dominion steamers, which appears in this issue. The steamer Manteo runs direct from Norfolk to Newbern and from Newbern to Norfolk. Order your goods shipped direct from Baltimore and New York, Tuesdays and Saturdays.

Ben Myers, catcher of a colored baseball club, while playing at Montgomery, Ala., a few days ago, was struck in the mouth by a ball thrown by the pitcher and instantly killed.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health giving, blood purifying and appetite restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.

Earthquake Shock.

UTICA, N. Y., May 25.—Shortly after 7 o'clock this morning Mohawk Valley was disturbed by a slight shock of earthquake, accompanied by lightning and heavy winds. The shock in this vicinity was very slight, but increased in intensity to Montgomery county, where, at Fort Hunter, it was quite severe. At Little Falls dishes were rattled and a rumbling as of distant thunder was heard. At Fort Hunter buildings were shaken, and beds moved so that the occupants were awakened. In Utica dishes were rattled and some of the people report a slight vibration, but the shocks were hardly perceptible. No damage was done in any quarter. This is the first seismic phenomena of note here since 1886.

CHATTANOOGA, Tenn., May 24, 1890.

Ground was broken to-day at KIMBALL, the new town in Marion County, on the banks of the Tennessee. Notwithstanding the fact that the starting of new towns in the South is now of frequent occurrence, yet the unusual importance of this occasion induced Governor Taylor, the State Officials of Tennessee, and many distinguished citizens of this and other States to assemble in its honor.

Major Thomas, President of the Nashville, Chattanooga and St. Louis R. R., brought in his private car a party composed of some of the fairest daughters of Tennessee, one of whom drew the flag to the top of the stately liberty pole that had been planted on the summit of a symmetrical Indian mound which is one of the interesting features of this lovely locality. Prof. Edward Hull, director of the Geological survey of Ireland, threw the first spadeful of earth, and Prof. J. M. Safford, State Geologist of Tennessee, the next.

Addresses were made by Gov. Taylor and other distinguished men. The central event of the day was the brief inaugural address of Hon. H. I. Kimball, Chief Executive manager of this enterprise. In his epigrammatic style he showed that this event was the Key to unlock the immense treasures of the whole Sequatchee Valley, and he portrayed in glowing terms the vast industrial development that would result in the establishment of a manufacturing center at this point that would rival the most noted places of the kind in Great Britain and Germany.

It is well known in this section that Mr. Kimball invariably accomplishes far more than he promises; therefore his brief address has had a most magical effect, and it is the universal opinion here that the christening sale of city lots at KIMBALL, June 10th and 11th, will be, in all respects, the most successful of any yet held, and that the purchasers will chiefly be genuine settlers who have absolute faith in the enterprise.

"A stitch in time saves nine," and if you take Hood's Sarsaparilla now it may save months of future possible sickness.

NOTICE TO

Truck Shippers & Passengers

Truck! Truck! Truck!

On and after Tuesday, May 27, 1890, until further notice, the steamers of the Old Dominion Steamship Company will sail at TWO P. M., for Norfolk, instead of noon as now advertised. First class passenger accommodations. Shippers are earnestly requested to bring forward their shipments as rapidly as possible, as we shall be compelled to close the gates half hour prior to sailing hour.
