SODA WATER on draught today at JOHN DUNN'S. m274f.

HANLAN easily won over Plaisted in the sculling match at Little Rock.

ENOUGH whiskey is made in Louisville every day to float a steamboat, but it is needless to say it doesn't get a chance to do it.

RECENT heavy floods in Texas have caused great damage to property. There was some loss of life and many horses and cattle were drowned.

HELEN KELLAR, a deaf, dumb and blind girl from Tusculum, Ala., has been taught at Boston, Mass., to speak intelligently within the last six weeks.

FRIEZE REUTER has been called the Dickens of Northern Germany. His works are composed in the idiom of the North, and are very witty character sketches.

FATHER MULLEE, of the Jesuits College, Bangalore, India, claims that he has cured several cases of leprosy by a system of electro-homeopathy at the small cost of 10 rupees in each case.

MR. WILLIAM L. ALDEN, the late consul-general of the United States for Italy, has received from the King of Italy the cross of Cavaliere della Corona d'Italia in recognition of his kindness to Italians.

THE Czar of Russia wears the largest ruby in the world, valued at \$100,000, in his crown, which is made of gold and has on its crest a cross composed of five big diamonds supporting the ruby.

A BULL English clergyman who recently preached a very brilliant sermon on the text "Thou shalt not steal" was charged with having stolen it. He indignantly denied this, asserting that he had paid for it in cash at an agency where lithographed sermons are sold.

BISMARCK is one of the most talked of men of the time, yet few people know how his family came by its name. Bismarck is an ancient castle near Stendal, on the road from Cologne to Berlin, in the centre of the old Mark of Brandenburg. It received its name because it defended the "Marca," or boundary-line formed by the River Biese at that point. Biese-Marca has become Bismarck.

CHRISTIANS living in Canes, Oreo, have held a public meeting and adopted resolutions appealing to the foreign Consuls for protection against the continued outrages perpetrated upon them by the Turks. They also resolved to send a deputation to Chakin Pasha, the Governor of the island, to protest against their treatment. The Christians threaten to close their shops and bring about a general suspension of business unless there is a change for the better in the attitude of the Turks toward them. Kerr Kiam, a large factory owner at Hal

berstadt, has devoted 300,000 marks to the establishment of a fund for aiding merchants in distress.

The largest gun yet manufactured at Krupp's works at Essen is intended for the fortifications of Cronstadt, and is made of the fine quality cast-steel. It weighs 270,000 pounds—about 120 tons—the caliber is 16½ inches and the barrel 44 feet long, the core having been removed in one piece. The greatest diameter is 5½ feet, and the range about 12 miles. It is intended to fire two shots per minute, each estimated to cost \$1,500. At the trial, the projectile, 4 feet long, and weighing 2,600 pounds, was propelled by a charge of 700 pounds of powder, and penetrated 19 inches of armor, going 1,312 yards beyond the target. The gun was carried from Essen to Hamburg on a car specially constructed for the purpose.

LOCAL NEWS.

NEW ADVERTISEMENTS
C. E. SLOVER—Small hams, etc.
BIG IKE—To be given away, etc.
E. C. F. O. G. & I. A.—Adjourned meeting.

The veterans and others who went to Richmond on Wednesday came back last night. They all had a "big" time.

An adjourned meeting of the E. C. F. O. G. and I. A. Association will be held at the rooms of the Y. M. C. A. next Tuesday evening. It is important that every member should be present.

Large numbers of empty flour barrels and sugar barrels are being brought in daily by the steamers to be used in shipping Irish potatoes. One of the E. C. D. steamers brought in about 3,000 the other day.

Hook-and-line fishermen are having a "picnic." Fish never were so hungry in Neuse river before, it seems. A fellow who is the least "lucky" may go out an hour or two and bring in a good string nowadays.

We are requested to announce that Rev. R. A. Willis, P. E., will preach in Centenary Church on Sunday night at 8 o'clock. Also that there will be no service at 11 o'clock, and no Sunday-school. At 4 o'clock Memorial service will be held.

Federal Memorial Day was observed, principally by the colored people. Quite a crowd came from Beaufort on the mail train. There was a large attendance at the cemetery. Bean fields and potato fields couldn't hold them yesterday afternoon.

The Wilmington Messenger says: "The Wilmington, Onslow and East Carolina Railroad Company having completed ten miles of track has demanded \$25,000 of the bonds voted by the city towards the building of that road. It is understood that the city authorities decline to issue the bonds and that the Courts will have to settle the matter."

Church Notice.
Hancock Street Methodist Church—Sunday, June 1st. Communion services at 11 a. m. and regular services at 8 p. m., conducted by the pastor. Prayer-meeting at 9:15 a. m. No Sunday-school session will be held, to afford all an opportunity to participate in the Memorial Services for the late J. E. Mann, D. D. All are invited to these services and will receive a cordial welcome.

Personal.
Mr. B. S. Royster, of Oxford, is in the city in the interest of the Oxford Land, Improvement and Manufacturing Co. We are glad to know that Oxford is one of the live and progressive places in North Carolina.

Judge Armfield left for his home, in Statesville, yesterday morning.

Mr. E. G. Angell, who has been in the city for three or four months, first superintending the establishment of the electric light plant and afterwards filling the position of manager, left yesterday morning for Roanoke, Va., where an electric light plant will be put up.

Miss Bertha Outler returned last night from Greensboro Female College. Mayor Battle returned from Richmond last night and resumes the reins again this morning.

The Standard.
"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won the position by its undoubted merit and by the many remarkable cures it has effected. For an alterative and tonic it has never been equaled."

A Red-Letter Day.

Yesterday was the biggest day for shipping truck New Berne has ever had. There was a continual stream of carts, wagons loaded with potatoes and beans pouring down Craven street to the wharves from early morning till the sailing hour of the last steamer. Three steamers loaded to their full capacity, cleared yesterday, and the A. & N. C. railroad truck train carried out a large shipment.

The Old Dominion steamer Manteo took out a cargo of about 3,000 barrels of potatoes and 2,000 boxes of beans, besides other freight and passengers. This was the largest cargo of truck ever taken from New Berne.

The steamer Annie, of the E. C. D. line, took out 2,600 barrels of potatoes and 300 boxes of beans. The Eaglet, of this line, took out 1,800 barrels of potatoes and 2,100 boxes of beans.

The truck train carried off from along the line of the railroad between 3,000 and 4,000 packages of beans and potatoes.

It is safe to say that 14,500 packages of truck, beans and potatoes, left this section, the greater part of it from the farms surrounding New Berne, yesterday.

No small amount of money must have been distributed in the community. It must have cost at least \$3,000 to pick the beans and potatoes, and the expenditure for boxes, for hauling the truck to the depots, and for getting it aboard the boats and trains, must have amounted to about as much more. So there was (making a rough estimate) between \$6,000 and \$7,000 distributed among about 3,000 people, mostly colored, in this community yesterday, by the truck farmers.

The laborers made a "good thing" out of it, the transportation companies were in clover, and we hope the shippers will strike the market right.

Shipping News.
The steamers Annie and Eaglet, of the E. C. D. line, sailed yesterday with over six thousand packages of truck. The Vesper of this line will arrive today and sail this afternoon at 6 o'clock.

The steamer Kinston arrived yesterday morning from Neuse river landings with about 700 barrels of potatoes and 100 boxes of beans, and sailed for Neuse river landings and Kinston at 3 p. m. She will return tonight and sail Monday at daybreak for Neuse river landings.

Rev. L. W. Crawford.

We hope the above named gentleman will receive the appointment to the Chair of History at the State University recently vacated by the death of Dr. Mangum. We know of no minister better fitted for the place, and who, if appointed, would give more satisfaction. He is a man of decided culture, genial disposition, dignified bearing, and would wear the honor well in being useful to the institution.

A Native of North Carolina.

Mr. C. P. E. Burgwin, who superintended the erection of the Lee monument, is a native of this State and his parents lived in New Berne. In reference to him we find the following in the Wilmington Messenger:

"The engineer selected by the Lee Monument Association to execute the engineering necessary for the erection of the equestrian statue of Gen. R. E. Lee, which was unveiled in Richmond last Thursday the 29th, is Mr. C. P. E. Burgwin, who is a native of North Carolina, and by the way, has several relatives residing in Wilmington. A Richmond special states that he has accomplished the work to the entire satisfaction of the Association, and that though a comparatively young man he was chosen because he had heretofore demonstrated his ability in some previous works of considerable magnitude.

"Mr. Burgwin is also an author and at 17 received first prize for an original poem written in Latin, in the Saphic and Adonic meter. At 14 he constructed a model of Cæsar's bridge across the Rhine, having thus at an early age evinced the talent which is now distinguishing him. He is now principal of the Mechanical Institute and is assistant chief engineer of the James River Improvement Company. It will be remembered that he was sent as commissioner to Paris to inspect the equestrian statue prior to its shipment to this country."

Memorial Services,
Centenary Church, Sunday Afternoon at Four o'clock.

Rev. R. A. Willis, P. E., New Berne District, will conduct the Memorial Exercises of Rev. Jas. E. Mann, D. D., our late pastor, who died in St. Louis, Mo., May 23d, 1890. The pastors of the other churches in the city are requested to be present and participate in these exercises. The various congregations are respectfully requested to attend.

T. A. GREEN,
Ch'n Board of Stewards.

A PLEASING SENSE
Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

Bayboro Items.

Crops in this vicinity are looking well, but it is little too rainy to keep general green under.

Mr. J. B. Turner and Charles M. Babbitt attended the unveiling of the Lee monument at Richmond.

W. W. Hooker, who has been quite sick is fast improving, and we may expect to see him out again soon, we are glad to hear.

Irish potatoes are beginning to be shipped. Some are right fine ones, there is a great demand for barrels to ship them in. There is considerable complaint about the scower Tahoma being off; she has returned, however, and will make regular tri-weekly trips.

O. H. Guion, Esq., of your city will deliver the address before the Pamlico Male and Female Institute at this place at the closing exercises of the school on the 18th of June. Big preparations are being made for the closing entertainment, which will, we understand, consist in an examination of the school, salutatory address by Miss Mamie Baxter, and the annual address of Mr. Guion on the 18th, closing with a musical-entertainment by the music class, some recitations, and the valedictory address by Miss May Caho at night on the 18th. A big time is expected.

The Farmers' Alliance in the New Ditch section are booming Branch for Congress. Caho for Solicitor and Brinson for the Legislature. We had just as soon see Caho go to Congress as any other man in this district. We think with Caho from the first district and Simmons from the second district that we might expect some good work put in for our section. Both are good men, able, competent and energetic, and would work hard for their constituency.

We do not find any fault with the Alliance suggestions, however, as Caho will fill either place acceptably to our people, while Branch and Brinson would no doubt look out for the interest of their constituents faithfully.

The Last Sad Rites over the Remains of Rev. Dr. Jas. E. Mann.
(Winston Daily.)

This morning at 12:30 o'clock the remains of the late Rev. James E. Mann, D. D., arrived from St. Louis, Mo. It was a sad moment when people gathered about the coffin eager to see the face of their former pastor and friend. The body was borne to the residence of Mr. Geo. W. Hinshaw, the casket opened and the genial face once so bright in life was viewed by loving eyes. Though having been dead five days he lay as if asleep.

In charge of Mr. Reid the body arrived here last night. At the depot to meet the remains were delegations from the Knights Templars and Centenary Church, as well as a large crowd of friends.

At Greensboro the body was met by representatives of the New Berne, Raleigh, Greensboro and Goldsboro churches, who accompanied it up to Winston. From New Berne, the home of the deceased, were: Mr. and Mrs. T. A. Green, Mrs. J. A. Meadows, Prof. G. T. Adams, Capt. D. L. Roberts and Mr. J. K. Willis. From Goldsboro were Presiding Elder R. A. Willis and Rev. B. R. Hall. From Greensboro were Rev. E. L. Stamey, Mrs. W. H. Dodson, Mrs. Wm. Baisley, Mrs. W. H. Thacker, Mrs. W. A. Scott, Rev. L. W. Crawford, Messrs. J. A. Odell, J. F. Sharpe, M. S. Sherwood, C. H. Dorsett and Rev. G. W. Callahan. Representing the Knights Templars of that city were: George Lampman, J. J. Thornton, H. H. Cartland, S. A. Kerr, B. P. Ketchum and C. H. Ireland. Other friends of the deceased were: Rev. P. L. Groom, of Farmington; Rev. W. C. Wilson, of Thomasville; and Dr. D. Reid Parker, of Trinity College.

From an early hour this morning persons have been viewing the remains of the deceased. Loving hands have plucked beautiful flowers, and in crowns, crosses and numerous other representations decorated the coffin and the room. Marked "Our Beloved Pastor" was a beautiful bed of white flowers sent from the New Berne church as the last token from a loving congregation. Another beautiful bed, well preserved, with the inscription in flowers of purple, "Our Brother," was sent by the General Conference of the M. E. Church South. Also the New Berne Sunday-school had a floral tribute.

This afternoon at 3:30 o'clock one of the largest congregations that has ever been seen at a funeral in this city crowded into the Centenary Church, which was tastefully draped in mourning, to pay the last respect to their former pastor. Rev. R. A. Willis, presiding elder of the New Berne district, presided over the meeting, assisted by the members of the North Carolina Conference who also acted as pall-bearers: Rev. T. H. Peagram, F. L. Reid, P. L. Groom, W. C. Norman, B. R. Hall, E. L. Stamey, Ira Erwin, W. C. Wilson and Geo. R. Callahan. After the beautiful and impressive voluntary, "Some Sweet Day," the scripture lessons were read by Rev. T. H. Peagram and Rev. P. L. Groom.

Rev. E. A. Willis then announced the hymn, "Servant of God Well Done" which was sung and followed by prayer by Rev. W. C. Norman, Rev. Ira Erwin then read the hymn, "Asleep in Jesus," after the rendering of which Rev. F. L. Reid read a memoir of the deceased adding many warm words concerning his noble life. Remarks were made by Revs. E. A. Willis, B. R. Hall, W. C. Norman, L. W. Crawford and Mr. T. A. Green. After the singing of "Home Sweet Home" which was announced by Rev. E. L. Stamey, the body was borne to the cemetery where Rev. W. C. Wilson and Rev. G. R. Callahan read the burial services, after which the Knights Templars consigned the remains to the earth.

"Why doesn't he take Hood's Sarsaparilla?" is the general inquiry of friends when a person suffers from and disease of the blood.

In Respect of our Deceased Pastor.

Whereas it hath pleased our Heavenly Father in His infinite wisdom, and the dispensation of His providence, to remove our beloved pastor and dear brother, Rev. James E. Mann, D. D., from the care of our church which he had so lately and faithfully served; therefore

Resolved, 1st. That we acknowledge with grateful hearts to the Great Head of the church, that his ministry from the pulpit with us, though short, was with great power, and faith and unction of the Holy Spirit, and left a deep impress upon the eternal truth of God's word both upon the faithful and the erring; that his matured experience had consecrated service were developing the interests of his charge, and the spiritual strength of the church, that promised much good in the minds of those who shared his pastoral work, and his sweet Christian disposition in all his associations and labors of love.

Resolved, 2d. That we realize with keen sorrow the sad affliction that has suddenly come upon us as a church, and the great loss we have sustained by the death of our dear pastor, but we would yield submissive obedience to the sovereign will of Him who does all things right, and with chastened hearts would implore the Supreme Head of the church to supply the place and efficient labors of him whom we all so much loved.

Resolved, 3d. That we extend our most sincere and heartfelt sympathies to the sorrow-stricken family of our deceased brother in this their hour of bereavement and sore trial, and invoke God's sure blessings upon them, while they patiently wait to meet him who has gone before.

Resolved, 4th. That a copy of these resolutions be furnished to the family of our departed friend and brother; that a copy be sent to the New Berne JOURNAL, Raleigh Christian Advocate and Twin City Daily for publication; and that a copy be placed upon the records of the church.

GEO. W. NEAL,
T. A. GREEN,
J. J. WOLFENDEN,
FERDINAND ULRICH,
G. T. ADAMS,
Committee.

Raleigh Christian Advocate and Twin-City Daily please copy.

One Herring's Patent

And Ferrill Make Iron Safe, No. 7, cost \$125 at factory; two very fine office Desks and Chairs; one Copying Press; one American Button Attaching Machine for store; one very handsome Show Case, all to be given away by BIG IKE at very low figures. m31d4f

E. C. F. O. G. & I. A.

An adjourned meeting of the Stockholders of the E. C. F. O. G. & I. A. Association will be held on Tuesday Evening next, June 3d, at the Y. M. C. A. Rooms, at 8:30 p. m., to consider the advisability of adding a Race Track to our Grounds.

A full attendance is requested. By order of the President.
