The University of Florida has been founded at Torpen Springs.

Congress is very often without a quorum. Even Republicans are disgusted at the miserable farce.

It is pleasing to know that the ceremonials at Richmond threw Boss Shepard into fits and that his recovery is despaired of.

DR. Brown Sequard is not discouraged by the sudden collapse of his life elixir sensation. He is still engaged in manufacturing the elixir and professes boundless faith in it.

The census enumerators themselves will object to some of the questions they will be required to ask, for the reason that they will invite assaults that will sadly disarrange their statistics.

Among those reported by telegraph as having been present at the unveiling of the Lee statue, the following were conspicuous for their absence: G. W. C. Lee, Joseph Wheeler and A. M. Scales.

Mr. Blaine is likely to lose his youngest and prettiest daughter, Miss Hattie, in a few months, one of the young diplomats attached to a foreign legation having captured her heart, it is reported.

A French man-of-war entered St. George's Bay, N. F., Saturday and landed a party of marines who ordered the fishermen to take up all their nets in the bay on penalty of being confiscated and destroyed.

During the ceremonials incident to the unveiling of the Lee statue on the 29th, and the Memorial services of the 30th, Richmond sustained her high character for liberal and whole-souled hospitality.

Electric launches proved so successful at the Edinburgh exhibition, showing that they could travel six knots an hour carrying heavy cargoes, that it is now proposed in London to start an electric ocean steamship.

On Wednesday night, the 28th, Gen'l E. M. Lane, of South Carolina, delivered a very able address before the Southern Historical Society at Richmond. He was introduced by Gen. Ker-shaw in well-timed and patriotic remarks.

The women who were recently elected officers of Edgerton, Kansas, have resigned, owing to the ridicule and criticism to which their official acts have been subjected by certain of the male citizens. A special election for mayor and other offices thus left vacant will be necessary.

The Germans, not satisfied with their achievements in East Africa, are endeavoring to gain a foothold in Morocco, and are conducting quiet negotiations with the Sultan to that end. The news has created much feeling in France and Spain. It is not thought likely that any of the other great powers of Western Europe will consent to the Germans' obtaining any advantage in Moorish territory.

PROF. THOMPSON, who was a teacher in Philadelphia when he made the discoveries which have made him a millionaire, predicts that sooner or later the problem will be solved of getting electrical power from fuel direct without the aid of steam.

In the parade at Richmond, among the marshals who rode at the front, North Carolina was represented by Gen. Robert Ransom, W. P. Roberts, W. R. Cox, and C. A. Battle, all of whom had seats on the speaker's stand during the delivery of Col. Anderson's address.

THERE is a cry of fear in Paris lest dancing may be forced out of fashion. One reason assigned is that women with salons no longer encourage it. Another is that the waltz which has for some years almost monopolized dancing is too boisterous and exhausting. It has disappeared from many Paris salons.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
F. M. SIMMONS—Commissioner's sale, June 1.

Steamer Howard arrived yesterday from Trenton with a full cargo of potatoes and beans.

There were some tired merchants, and clerks in New Berne at the close of business yesterday. Trade was very good all round.

Beginning Monday, June 2d, all the dry goods and clothing stores in the city will close at 7 o'clock every evening, Saturday excepted.

The county commissioners and magistrates meet in joint session tomorrow for the purpose of electing commissioners for another term and for transacting other business of importance.

The memorial services in honor of the late Rev. J. E. Mann, D. D., will be held in the Centenary M. E. Church this afternoon at 4 o'clock. The services will be conducted by Rev. R. A. Willis.

The following Kinston items were received last night: "About 160 shares have been taken in the Knitting Factory so far; the balance of the stock will be made up in a few days. The crops are looking exceedingly well through this section."

Taking the census of the people of the United States commences tomorrow. While the questions are numerous and varied, and far beyond merely enumerating the people, yet, if correctly furnished, a great deal of valuable information will have been gained from a statistical standpoint.

The grass in Cedar Grove Cemetery has been mowed and the appearance of the cemetery much improved. By the way, would it not be a great improvement to the street in front of the cemetery if the city would have sand put there? The deep sand makes it unpleasant walking. Sand put would make a much better road.

It was the good fortune of the writer to be the guest of his friend and comrade, Col. E. L. Hobson, while in attendance upon the ceremonials incident to the unveiling of the Lee Monument. The gallant Colonel was a knightly soldier, and is a gentleman of whose friendship any man may well be proud. His wife is a daughter of Gen. Joseph R. Anderson, and is a noble and beautiful representation of Richmond's best society. Col. Hobson must visit New Berne, for besides being a gentleman of character and distinction, he is a descendant of Baron de Graffenreid, but five generations removed from his illustrious progenitor.

Back from Richmond.

Messrs. Wm. Ellis, J. W. Moore, F. Ulrich and Gen. Robert Ransom, the last of the Richmond visitors, returned home last night. The unanimous opinion of those who attended is that Richmond is a very hospitable city and that the celebration was the grandest affair the South has had in many a day. Messrs. Moore and Ellis brought a beautiful bouquet home, which was presented to them in Petersburg. They went over to Petersburg on Friday morning. The Washington Artillery Company of New Orleans stopped in the city an hour or two and were met by leading citizens and a banquet given in their honor. Messrs. Ellis and Moore were present and were presented with the bouquet.

Dr. G. K. Bagby also returned and requests us to say that he will be at his office Monday morning.

Oxford Land, Improvement and Manufacturing Company.

The above company, at Oxford, has been duly incorporated under the laws of North Carolina. An advertisement, giving full particulars, appears on our fourth page. The citizens of Oxford are in earnest and are willing to work in common good for their thrifty town which has doubled its population within the last three years. They are thoroughly organized and are not afraid to spend a little money in developing new enterprises. They do not claim to be on any great boom, but are going forward on a steady, solid basis that cannot, under ordinary circumstances, react.

The M. E. Conferences—The Division Line.

Hon. Donald W. Bain, who has recently returned from the M. E. General Conference, gives the following division lines for the conferences in North Carolina:

The six counties lying northeast of the Chowan river remain in the Virginia conference. The counties of Northampton, Hertford and Bertie are given to the N. C. Conference. The division line in the State begins at the Virginia line, runs south along the eastern boundaries of Rockingham, Guilford and Randolph counties, then west on the southern boundary of Randolph and Davidson counties to the Yadkin river, and down the Yadkin to the South Carolina line.

All the territory east of this line is the North Carolina conference, and the territory in the west is the Western N. C. conference.

The membership in each is nearly equal, there being about 53,000 communicants in the N. C. conference and about 52,000 in the Western conference. The N. C. conference will meet this year by appointment at Wilson, but the last conference made a provision that in case there should be a division, the Presiding Elders of the new conference should appoint a time and place for its first meeting.

It is expected that Bishop Keener will preside over both conferences this year.—Raleigh Chronicle.

Stonewall Items.

Crop prospect is good; stand of corn and cotton is good, and if no unforeseen disaster happens the output is proportionate.

I have been credibly informed that our clever mill man, A. H. Whitcomb, and Miss Maud Quirk, both of this place, will be joined in the bonds of matrimony on or by the 14th July prox; and Madam Rumor hath the report circulated that Dr. F. P. Gates and Miss Bettie Hooker of Bayboro are on the same road and will reach the terminus ere many moons.

The Tahoma reached this place Monday night, and if she should accidentally stay a few trips and don't break down or go off on an excursion, there will be a fine lot of excellent potatoes shipped from this county. The report of the yield from all parts of the county is excellent; there never was a finer crop raised, and the beauty of it is that Pamlico furnished her own seed, and I do not suppose that there was imported into the county fifty barrels, but one or two hundred barrels were exported for seed.

Dyspepsia's victims are numbered by thousands. So are those who have been restored to health by Hood's Sarsaparilla.

## Pollockville Items.

Prof. R. G. Maxwell lectured at the Academy last Thursday night, on Phrenology. After the lecture he phrenologized three of our young men's heads, all of different quality and quantity, and any one could see that there is a difference in heads and something in phrenology.

We anticipate a grand time at the Pollockville High School exercises, to come off June 13th and 14th. On Thursday there will be an address by Hon. C. B. Aycock of Goldsboro, at 11 a. m. Chief Marshal: W. A. Ebanks, Mayaville; Assistant Marshals: W. D. Burne, W. A. Hewitt, S. S. Harriett, Joseph Whitty, Pollockville, C. D. Koonce, Richlands. Managers: Miss Mamie White, Pollockville, chief; Miss Ida White, Miss Julia Scott, Miss Bettie Pearce, Pollockville; Miss Katie Russell, Swansboro. Prof. E. M. Koonce is Principal of the school, and has made the best we ever had, and we hope the good people of this place will try and secure him for the next year. Look out for this, good people, and get you a good teacher. Come one and all to the commencement.

Gleanings From Cove.

Our little town has a saw mill, grist mill, two stores and a postoffice. Two new residences have been erected recently and three others are nearing completion.

Miss Bernice Daugherty, a charming young lady from Lenoir, who has been visiting Misses Ida and Debbie Hawkins, returned home yesterday, accompanied by Miss Debbie.

Died suddenly at his residence near Cove on the 16th, Mr. Martin Jones, 87 years. He was a very consistent member of the Methodist church.

Our truckers have finished shipping their peas to the Northern market, and are wearing rather long faces in consequence of the short crops and still shorter prices. They commenced shipping potatoes on the 30th, which is about ten days earlier than last year—crop about an average.

Corn is looking fairly well, though much complaint is heard about the ravages of insects on bottom lands. The cotton crop is exceptionally promising, and the dry weather has been quite favorable in enabling the farmer to work it and thus get ahead of the grass. The peach crop is a failure, while the apple crop will give us a half yield.

A deer, being hard pressed by the hounds, sought refuge in a pool of water in Mr. Wm. Daugherty's field, which was quickly dispatched by an axe in the hands of his little daughter, Misses Carrie and Penny.

There are no cases of sickness to report, and by the way we think we can claim the healthiest section in Eastern North Carolina.

Forty Thousand Visitors Addressed by Gov. Fowle and Gen. Fitzhugh Lee.

RICHMOND, May 30.—It is estimated that forty thousand people visited Hollywood Cemetery today, where the memorial exercises were held and the graves of Confederates covered with flowers. From the Confederate and the Pickett monuments and many mounds, Confederate battle-flags waved all day long. Many of the old Southern officers who came here to attend the Gen. Lee ceremonies were present. Gov. McKinnon presided, and addresses were made by Gov. Fowle, of North Carolina, and Gen. Fitzhugh Lee. Thousands have visited the Lee monument today and hundreds of old soldiers and scores of citizens called on Gen. Longstreet to pay their respects.

Dedication of a Monument in Cleveland, Ohio, to J. A. Garfield.

CLEVELAND, O., May 30.—The Garfield memorial, in Lake View Cemetery, was dedicated today with imposing ceremonies, in the presence of the President of the United States, members of his Cabinet and distinguished men from all parts of the country. The memorial is a colossal structure towering 165 feet above the eminence in the cemetery which overlooks the city and surrounding country. The edifice cost \$150,000, of which amount one half was contributed by the people of Cleveland, the remainder coming from every State and Territory in the Union and from many foreign lands.

Desperate Jail-Birds.

PHILADELPHIA, May 30.—Thomas and Jackson, two negroes who escaped from the Trenton jail after sand-bagging Keeper Parker, were discovered by Officer Barber in the northeastern section of the city. They opened fire on Barber, who attempted to arrest them, and seriously wound the officer, who may die. A detail of mounted police immediately started upon their track, and one of the fugitive convicts (Jackson) was shot dead, while the other escaped for a time, but was subsequently caught near Holmesburg.

Thirty Persons Killed.

SAN FRANCISCO, May 30.—The Oakland Narrow Gauge local train ran into an open draw on Webster Street bridge this afternoon. The engine, tender and first car was crowded with passengers and went through. It is now estimated that thirty persons were drowned. Thirteen bodies have already been recovered.

Memorial Services, Centenary Church, Sunday Afternoon at Four o'clock.

Rev. R. A. Willis, P. E., New Berne District, will conduct the Memorial Exercises of Rev. Jas. E. Mann, D. D., our late pastor, who died in St. Louis, Mo., May 23d, 1890. The pastors of the other churches in the city are requested to be present and participate in these exercises. The various congregations are respectfully requested to attend.  
T. A. GREEN,  
Ch'n Board of Stewards.

## Defied Arrest.

ASHEVILLE, N. C., May 30.—Deputy Sheriff Penland and two assistants named Brooks and Taylor attempted to execute a warrant of arrest on W. R. Smith in this county yesterday. Smith defied arrest and began shooting from his doors and windows. Penland was shot three times and Taylor once. Both are dangerously hurt. Smith is still at large.

The Horse that Fitz Lee Rode.

The fine iron gray horse that Gen. Fitzhugh Lee rode at the head of the procession at the unveiling of the Lee monument, belonged to Mrs. Geo. D. Bennett, of Goldsboro, N. C.

When ex-Gov. Lee saw the horse, he said: "If I hunted the State of Virginia over with a fine tooth comb I could not have found a finer animal."

The Best Result.

Every ingredient employed in producing Hood's Sarsaparilla is strictly pure, and is the best of its kind it is possible to buy. All the roots and herbs are carefully selected, personally examined, and only the best retained. So that from the time of purchase until Hood's Sarsaparilla is prepared, everything is carefully watched with a view of attaining the best result? Why don't you try it?
