THE House has passed the silver bill.

THE tariff bill is making rapid progress in the Senate.

ONLY be true to yourself and you need never despair.

ON Saturday the Senate passed one hundred and twenty private pension bills.

THE people of Louisiana will be called to vote upon the lottery question as an amendment to the constitution.

WHEN the Republican party is asked by the census enumerator: "Who holds the mortgage on you?" of course it will answer: "Quay."

WE commend the action of old confederates in contributing to the Grant monument. It should be national in character and the work of all patriotic citizens.

SAN FRANCISCO steamship lines are at war and rates of ocean travel are very low, and trans-Pacific rates, on through business to the Atlantic seaboard much reduced.

It is stated that Governor Campbell attracted more attention at Cleveland on Friday than did President Harrison. The latter appears to be a conspicuous failure.

AFRICAN affairs continue to grow in interest. It is becoming more and more apparent that the great struggle for territory will be between Germany and England. A serious complication can hardly be avoided.

THERE has just been unveiled at Otham, England, a statue to Gen. Gordon, the hero of the Soudan. The subject is represented on the back of a camel. The work is decidedly unique, but is declared a success.

THE Charlotte Chronicle says: "Yes, there are some who doubt that the Charlotte June Musical Festival will amount to much, or as represented." To all such the Chronicle says "come, hear; you will certainly listen to the grandest chorus and solo singing that ever delighted your ears."

THE Raleigh correspondent to the Wilmington Messenger says: "The name of the office seeker by all accounts will be legion this year. * * Positively there are such a number of candidates that old politicians express astonishment therewith. There is a great deal of talk about this matter, particularly by country voters."

THE McKinley bill occupies 156 pages, but discussion was peremptorily choked off by its sponsor after the forty-second page had been reached. By such methods did this infamous measure receive the sanction of the House. Many prominent Republican journals frankly inform the Senate that unless it modifies its more objectionable features the party responsible for it might as well buy property and prepare to locate permanently at the head of Salt River—Houston Post.

THE Rev. Thomas Dixon, Jr., a Baptist clergyman of New York, denounced Col. Shepard's comic organ, the Snail in Distress, as a national curse and a disgrace to Christianity, adding: "Hear this

quodam editor shriek for an army of a million men to march on to Richmond! For what? To rob the dying of the memory of the dead. Such men are neither brute nor human—they are ghoul. Twenty-five years have rolled away since those awful days of the war. Peace and prosperity onward flow over mountain, plain and sea. And now in the midst of all these things, this little tin soldier wakes up suddenly and wears the ears of Heaven and earth with his little tin horn. Keep such papers from your homes as you would a pest. If you want vicious literature use the bald vulgarity of Swift or the naked realism of Zola. It will be less dangerous than the hatred and bigotry and malice and falsehood of such a sheet wrapped up in a scripture text."

LOCAL NEWS.

NEW ADVERTISEMENTS.
 J. C. HARRISON—Notice.
 C. C. CLARK—Sale of fertilizer.
 J. C. TAYLOR—General merchandise.
 C. E. SLOVER—Eng. Island molasses.

There will be a lecture tonight by the pastor at the Hancock street Methodist church.

A large lot of fertilizer will be sold at public vendue next Saturday at the railroad warehouse.

No freight will be received after three o'clock for today's Eastern Carolina Dispatch boat.

St. John's Lodge, No. 3, A. F. and A. M. will meet tonight at 8:30 o'clock for the election of officers.

Mr. J. V. Williams has been licensed to preach by the Quarterly Conference of the Hancock street M. E. Church.

Passengers and truck shippers will please note that steamer Manteo will sail on her regular schedule, Friday, 2 p. m., June 18th, 1890.

In urging the establishment of an electric light at the corner of Craven and New streets, it is not our intention that it should be done at the expense of leaving other important points in darkness, but to get a light at this place. If the city council does not see fit to put in an additional light, then they should draw on some place where one is least needed.

Hon. F. M. Simmons leaves for Washington today in the interest of our \$75,000 public building for which he so faithfully worked in securing the appropriation while in Congress. Mr. Simmons must be returned. The interests of Eastern North Carolina demand it. Send him back to Washington and he will open a determined fight for what is conceded to be one of the grandest opportunities that this section could be blessed with—the opening of one of the inlets on our coast whereby our commercial relations can be wonderfully developed through an outlet to the sea.

Appointment Filled.
 Mr. T. A. Green received a telegram yesterday evening, stating that the Rev. R. A. Willis had been appointed by Bishop Hargrove to the charge of Centenary M. E. Church of this city recently vacated through the death of Rev. J. E. Mann. Mr. Willis will immediately enter upon the discharge of his duties and preach next Sunday. The selection is a good one and the congregation here will no doubt be pleased with their new minister.

A Fishing Frolic.
 If you will take twenty-five cents and go down to the steamer Kinston's wharf at 2 o'clock next Friday afternoon you will be in time to go on a fishing frolic. The steamer will take the party down to Johnston's Point or Slocumb's Creek, where they say the fish are very hungry indeed and anxious to get caught. Lines and bait will be furnished for the quarter above mentioned. It will no doubt be a very enjoyable trip.

Ran Into the Lighthouse.
 The steamer Eaglet, of the E. C. D. line, on the way from Elizabeth City to New Berne, Monday afternoon, ran into Longshore lighthouse in Pamlico sound. No lives were lost and no very great damage was done. One side of the steamer's hull was almost torn off and the damage to the lighthouse amounts to twenty-five or thirty dollars, it is estimated. There was a very strong tide at the time and the steamer went into the lighthouse despite the efforts of the pilot to keep her off.

"A stitch in time saves nine," and if you take Hood's Sarsaparilla now it may save months of future possible weakness.

Highway Robbery.

Last evening about 7 o'clock as Mrs. W. L. Palmer was walking up Pollock street, about Mr. F. C. Roberts' residence, she was followed by two little colored boys. She was carrying her spectacles, in the case, in her hand. The boys made a dash, snatched the case out of her hand and ran. The spectacles were gold ones and in a peculiar case. This was a bold piece of rascality. The police were notified but the thieves have not yet been captured.

Personal.

Mr. H. W. Steinhilper is in the city. Mrs. Clement Manly has returned from a visit to Richmond.

Mrs. Graham Daves left yesterday morning for Wilmington.

Miss Daves, of Baltimore, who has been visiting Maj. Graham Daves, left yesterday morning for Hillsboro.

Miss Jennie Battle left yesterday for Charlotte to attend the Music Festival.

Mr. Frank Morton went to Morehead City last night.

Fair Association Meeting.

A special meeting of the Fair Association was held last night to discuss the advisability of putting in a race track for the next season. A good number of representative men were present who were of opinion that with the addition of a good track and a grand stand new interest would be developed and the Fair much larger attended. While the previous had been very successful, it was thought important to have some new feature every year. An excellent plot of ground, adjoining the present grounds, can be obtained and with the improvements anticipated the next fair will far surpass any yet held. A large subscription was raised toward meeting whatever necessary expense might be incurred.

Before and After.

EDITOR JOURNAL:—I see from the proceedings of the city council, published by you yesterday, that at the election by the board of a tax collector, Mr. Silas Fulcher did not receive a single vote, Mr. S. H. Lane received three votes, Mr. Havens one vote, Merrick one vote, and one vote was cast blank. I am informed that Mr. J. C. Whitty voted the blank ballot.

Some time before the day of the last city election it was currently rumored that he would refuse to re-elect Mr. Silas Fulcher and would justify their action upon the ground that Mr. Fulcher was not eligible to the office. On the day of the election Mr. S. H. Lane challenged Mr. Fulcher when he voted, upon the ground that he (Fulcher) was not a resident of the city. As this was the very ground upon which the current rumor had declared that Mr. Fulcher was to be refused a re-election as tax collector, I immediately issued and circulated the following circular:

"To the Voters of the First Ward:
 Will Silas Fulcher be elected tax collector if John C. Whitty is elected councilman from the first ward? In pursuance, and as a part of the plan to defeat him, Mr. S. H. Lane, one of Mr. Whitty's warmest and closest supporters, challenged Mr. Fulcher's right to vote at the polls today, upon the ground that he was not entitled to vote and was not eligible to the office of tax collector."
 "R. P. WILLIAMS."

In a short while after this circular was issued the following circular was issued by Mr. Whitty:

"DENIAL.
 'I will support Mr. Silas Fulcher for city tax collector. His vote being challenged was not authorized nor sanctioned by me."
 "J. C. WHITTY."

This was intended and understood to be an unconditional pledge by Mr. Whitty to support Mr. Fulcher for tax collector without any reservation whatever. Mr. Whitty has not supported Silas Fulcher for tax collector. Has Mr. Whitty redeemed his pledge? This question can be answered by the public to whom the pledge was made. It will not do for Mr. Whitty to say at this late day that he did not know that Mr. Fulcher was not eligible to the office. Mr. Fulcher called his attention directly and explicitly to the fact that that would be a part of the plan to defeat Mr. Fulcher, and with that warning he made the unconditional pledge to support him. A promise before an election and its performance after are two very different things it seems.

The public may infer, Mr. Editor, from the fact that the present board pretends to justify its failure to re-elect Mr. Fulcher tax collector upon the ground that the city attorney advised that he was ineligible to the office, that the board, over which I presided as Mayor, violated its obligations by electing Mr. Fulcher, who was not eligible as tax collector. I desire to state that at the time of Mr. Fulcher's election in 1889, the question as to his eligibility was submitted to the city attorneys, Messrs. Clark & Clark, and that they, after a thorough investigation, advised that in their opinion that there was no doubt about Fulcher's eligibility under the charter.

I have written this communication chiefly, Mr. Editor, to let office seekers know that the people do not forget promises before an election as early as the aforesaid office seeker.

R. P. WILLIAMS.

Steamer Manteo will sail from Old Dominion wharf, Friday, June 18th, 2 p. m.

CITY COUNCIL PROCEEDINGS.

June 3d, 1890.

The cemetery committee made a report as follows:
CEMETERY COMMITTEE'S REPORT.
 Gentlemen:—Your committee on cemeteries would report that they have visited the city cemetery and carefully inspected the same and find them in good condition and both sections render faithful service.

We find the residence of the sexton of Cedar Grove cemetery (which is the property included in the estate of Mrs. Elizabeth Gooding) in want of considerable repairs, and should by all means be repainted. We also find that considerable improvements can be made and are much needed in Cedar Grove cemetery, and would recommend that the board of council pass the following resolution:

Resolved, That the board of council of the city of New Berne, N. C., realizing the necessity for the following improvements in Cedar Grove cemetery and to the dwelling house occupied by the sexton. Do authorize and earnestly request Mr. A. Edward Woodruff, trustee of the estate of Mrs. Elizabeth Gooding, from that estate to appropriate and remit to Alex. Miller, chairman cemetery committee, for the following purposes, eight hundred dollars:

For repairs to sexton's house, fence, etc. \$40.00
 Painting house..... 35.00
 \$ 75.00

For extending shell rock wall on the west side of Cedar Grove cemetery 100 yards..... \$600.00
 For graveling and extending the walks and avenues..... 50.00
 For wells in new portion of the cemetery..... 75.00
 \$800.00

That the Mayor of the city do furnish the chairman of the cemetery committee with an official copy of this resolution to forward to Mr. A. Edward Woodruff, trustee of said estate, under the seal of the city.

Respectfully submitted,
 ALEX. MILLER,
 M. P. HOLLY,
 Cemetery Committee.

The report was read and on motion adopted.

On motion, Mr. B. B. Lane, chairman of the cemetery committee, was authorized to turn over all funds and property of the committee to Mr. Alex. Miller, chairman of the present committee.

Mr. Miller moved to strike out sections 19 and 20, chapter 10, of the ordinances, which was carried.

The following was then read, adopted and ordered to be added to chapter 10 of the ordinances:

SEC. 24. The cemetery committee shall be the custodians of the cemetery funds and other property of the committee, and control the finances of the same. They are required to keep a book of Dr. and Cr. accounts with each cemetery, disbursing the receipts of Cedar Grove cemetery in Cedar Grove, and the receipts of Greenwood in Greenwood Cemetery. They are also required to keep a registration book, in which to register all cemetery lots sold, giving date of deed, the description and price of lot and to whom sold, and credit all lots sold, to their respective cemeteries.

SEC. 25. All persons desiring to purchase lots in the cemeteries must apply to the chairman of the cemetery committee, whose duty it shall be to lay off all lots, and receive cash payment therefor, according to the valuation arranged by the cemetery committee, and shall, on receipt of the same, execute deed for said lot, signed by each member of the board of city council and the mayor, under the seal of the city.

SEC. 27. The chairman of the cemetery committee shall be the treasurer of the cemetery funds and other property of the cemeteries, and at the expiration of his term shall be required to turn over all books, charts, funds and all other property of the cemeteries to the newly appointed chairman of the cemetery committee, as soon as he is properly bonded and qualified, and on order of the mayor of the city.

SEC. 26. The chairman of cemetery committee as treasurer of said cemetery trust funds, shall give bond in the sum of \$500 with two securities, who shall be free holders of the city, and who shall justify before a justice of the peace in double the amount of the bond, to be approved by the mayor and board of city council, conditional, for the faithful discharge of the duties of the treasurer of cemetery trust funds.

SEC. 28. The cemetery committee shall direct all work in the cemeteries and are empowered to purchase tools and implements, and employ help necessary to the good keeping of said cemeteries, and have full control of the cemeteries, but in all improvements, contracts exceeding fifty dollars shall be submitted to the board of city council for approval before awarding said contracts.

SEC. 29. It shall be the duty of the cemetery committee, to make itemized report of their work, to the board of city council quarterly and whenever required to do so by the mayor or board of city council.

SEC. 30. That the chairman of cemetery committee, in consideration of the duties required of him, shall be entitled to a commission of 10 per cent. on all collections during his term as treasurer of said trust fund.

SEC. 19. No dogs allowed in the cemeteries. If this provision be violated the owners of such dogs shall pay a fine of one dollar for each offence.

The marshal called the attention of the board to the aqueduct on George

street; also of West street and foot of Queen street.

On motion, the aqueduct on George street was referred to the Mayor and city attorney.

Mr. Whitty brought the matter of a fire well needed on East Front street before the board, and the condition of Craven street, the piling required at the cannery at the foot of South Front street; also piling needed at the market dock. On motion, the matter was referred to the committee on wharves and docks.

Councilman Whitty offered the following resolution, which was on motion adopted:
 Resolved, That as there is satisfactory reasons to this board to doubt that the city is being supplied with 1,200 candle power arc lights, as agreed in the contract between the New Berne Electric Light and Power Company and the city of New Berne, we therefore withhold further payment to said Electric Light and Power Company until they furnish satisfactory evidence to this board that the contract is being faithfully complied with; and we would recommend that the said Electric Light and Power Company be invited to come before this board at such time as may be mutually agreed upon and make such statements as they may desire, and if upon investigation we find that said arc lights are not 1,200 candle power then we will pay in proportion only for what the city is actually receiving.

The bill of J. W. Stewart was referred back for correction.

The Mayor made a statement of the sending away a woman to Baltimore who was in the city in a destitute and insane condition and paid her board and fare, amounting to \$7.00, which on motion allowed him.

Mr. John Dunn was elected to act as Mayor in the absence of the Mayor.

Mr. Silas Fulcher presented his bill for services as clerk and collector for the past month. Mr. Kennedy moved that it be allowed, which was amended by a motion referring to the finance committee which prevailed. Ayes, Miller, Slover, Whitty, Dunn and Lovick; nays, Kennedy and Holly.

On motion, the meeting adjourned to meet Friday night at 8:30 o'clock.

C. A. BATTLE, Mayor.
 SILAS FULCHER, Clerk.

Shipping News.
