RALEIGH is preparing for the celebration of the 4th of July on a grand scale. Let all our towns celebrate the Fourth.

The best representation of a regular "Kilkenny cat fight" now before the public is presented by Ingalls and the Kansas farmers. Ingalls is doing most of the catering but the farmers are making the fur fly.

Of Rev. Thomas Dixon, Jr., the Boston Home Journal says: "He is all alive, soul and body; and he communicates his life to his hearers. They hear him gladly. He has that gift of the power of holding the attention of an audience. The gladdened hearer says to the impulsive speaker, 'Go on.'"

The Atlanta Constitution says: "It is thought that Mr. Benjamin Harrison will finally be compelled by the exigencies of the political situation, to write a card endorsing Quay." Not at all necessary. Mr. Harrison has written his endorsement on Quay's back, and he passes current in Republican official circles, but he will go to protest when he gets before the people.

The Chair of History at the North Carolina University was established none too soon. No effort should be spared to teach the youth of the South the truth and the whole truth about the history of the South. It is easy for the meaning and significance of an event to be distorted through ignorance, superficial information, prejudice or wilful misrepresentation. Against all these the South must protect itself.—Charlotte Chronicle.

The Richmond Dispatch in writing of "Advertising Richmond," in part, says: "Now, how are we to draw capital and population here? There is but one way—by offering inducements greater than those of our competitors. Our historic renown, our beautiful climate, our vast water power, our extensive system of railroads, all these indeed, amount to much; but more is needed. We should offer special inducements. In other words push Richmond just as a thorough merchant pushes his own business."

No fair minded man believes in the gag rule in deliberative, representative assemblies. All honest, fair-minded men condemned the gag rule when it was introduced in the 51st Congress in pursuance of the conspiracy by the majority to deprive the minority of its rights. But every one of these Republicans who so vehemently protested against its application to them when the tariff bill was under consideration, and last Saturday when the Silver bill was debated—if the courtesy of language may be so strained as to say that a bill forced through with the rapidity that it was, was debated—supported this gag rule trick for the purpose of silencing and rendering powerless the Democratic minority.—Wilmington Star.

The question of work on Sunday is agitating Europe to a considerable extent. In Germany, Austria,

Hungary and Italy the subject has been under legislative consideration during the past month, and the propriety of some official action is talked of in France. There is nothing in this movement however, to give encouragement to those who desire a stricter religious observance of the day. The movement is secular rather than religious. It has arisen from a belief that men and women need one day in the week for relaxation from toil. The custom of working on Sunday as well as on other days in the week is proving too exacting even for Europeans. The new reform is for one day of rest and recreation, and the Continental Sunday, devoted to general amusement will be thereby more than ever a feature of European life.—New York Star.

LOCAL NEWS.

NEW ADVERTISEMENTS.
C. E. SLOVER—Oat flakes, etc.
E. C. D. LINE—Change of schedule.

The question is, are you going on the "stag" fishing excursion tomorrow afternoon?

An elegant parlor car will be run with the mail train over the Atlantic and North Carolina road from Goldsboro to Morehead City during the summer. The first trip was made yesterday.

Fishing with hook and line was never better in Neuse river than at this time. A gentleman told us yesterday that he had been down to Fort Point and had caught a number of grey trout and blue fish, and just "lots" of croakers.

The Eastern Dispatch line will not send out a boat on Saturday of this week. Commencing next Monday, 16th inst., the regular schedule of three trips per week will be in operation on this line; boats leaving every Monday, Wednesday and Friday afternoon only, at 4 o'clock. See advertisement.

The fishing party that is going down the river tomorrow evening on the steamer Kinston is for gentlemen only. The grounds to be visited are spoken of as very fine at this time, and if much success is met with another party of both ladies and gentlemen will be made up for a second trip. If the fishing continues as has been reported there is sport ahead.

Shipping News.
The steamer Eslet, of the E. C. D. line, sailed yesterday with cargo of truck, lumber and general exports. The Vesper of this line will arrive today and sail tomorrow afternoon at 4 o'clock.
The steamer Stout, of the Clyde line, sailed for Baltimore last night with full cargo of general freight.

Personal.
Hon. F. M. Simmons left for Washington City yesterday.
Mr. Frank Hancock is in the city.
Miss Carrie Claypoole returned last night from Statesville.
Miss Ida Gillespie, who has been living with Miss Fannie Taylor, and Miss Lillie Williams, who has been with Mrs. J. V. Jordan, returned to Oxford Orphan Asylum yesterday.

Police Court.

Martha Leary and Penina Taylor, affray. Dismissed on payment of cost.
Deleie Williams and Hetty Jeffrey, disorderly conduct. Fined \$5 and cost.
Levi Cohen, Numa Nunn, Willie Powell, Thos. Carraway, Ben. Churchill, Rudolph Walker, Whit Gaskins, Jack Neal and Thos. Waters. All found guilty and let off on payment of cost, except Waters, who not being identified, was dismissed. The charge was disorderly conduct.

A Deserved Promotion.
Mr. R. J. Short, formerly first mate of the steamer Defiance, of the Clyde line, has just been promoted to the position of Captain of the steamer Stout, of the same line. "Shorty," as he is familiarly called by his friends, is an excellent fellow and by hard work and by reason of his real worth and ability has steadily climbed his way from the bottom round to the top. His friends congratulated him and know that in this promotion real merit has been recognized.

J. C. WHITTY,
JOHN DUNN, Ch'm.

June 6th, 1890.

The report was on motion received and adopted.

Mr. Lynch, representing the New Berne Electric Light and Power Company, made a statement as to the power of the lights now in use in the city.

Mr. Miller offered the following ordinance which was adopted:

SEC. 32. That the city marshal be required to open a book and keep an account of all tools and implements, the property of the city, coming into his possession, and quarterly render an inventory of the same, with an inventory of all tools condemned during said quarter, to the board of council; and at the expiration of his term of office, be required to turn over all tools, implements, books and other property of the city, in his possession, to his successor, as soon as qualified to receive the same.

The marshal made a report in the case of Geo. M. Brown, and on motion the matter was referred to the committee on streets and pumps, to report at the next meeting.

Mr. Miller moved that the license taxes be referred to the committee on ordinances and licenses, for a report to next meeting.

Mr. Whitty brought up the matter of taxes on steamers.

Mr. Holly also brought up the taxes on undertakers.

Mr. Miller moved that a tax levy of sixty cents on the \$100 valuation of property and \$1.80 on the poll be made for the ensuing year, and it was adopted.

Mr. Lovick spoke of the condition of the engine horses as such as to need immediate attention, as one was unfit for use.

The marshal asked leave to hire a horse, which, on motion of Mr. Whitty, was referred to the Mayor and the marshal for their action.

Mr. Miller brought up the matter of the Rough and Ready hook and ladder company and moved a reconsideration of the action taken on their petition, which was carried.

The chief of the fire department, E. M. Pavie, appeared before the board and stated that neither of the hook and ladder companies were doing service.

The matter was referred to the committee on fire department.

On motion of Mr. Lovick the paying of rent for both companies was discontinued and the marshal directed to take the property of the city connected with them in possession.

The tax collector's bond was tendered and on motion accepted.

The treasurer presented a note and mortgage for \$2,000 to be given for money to be borrowed, which was read, approved and signed by all the members present.

The auditing committee, Messrs. Roberts and Redmond, brought a number of cancelled vouchers and papers to be turned over to the board. The committee asked for a book in which to record vouchers in the future. On motion, the committee was authorized to procure one.

Mr. Whitty moved that the vouchers and papers brought in by the auditing committee be referred to the finance committee for disposition of such as should be preserved, with directions to destroy the vouchers that were cancelled.

Mr. Dunn moved that the treasurer be instructed to procure a cancelling stamp, and to cancel all vouchers as soon as paid by him, which was carried.

Mr. Dunn moved that the salaries of the officers of the board be the same as those of the last year, which was adopted.

The marshal asked for a lamp to be

lighted on Church Alley, and he was on motion, empowered to have it placed there.

The late collector stated that he had some cancelled vouchers and about \$4 in money in his hands left by a former treasurer. It was ordered that the vouchers be turned over to the finance committee and the money to the treasurer.

On motion, the tax collector was authorized to procure such books and stationery as were needed in his department.

The minutes were read and adopted, and the meeting adjourned.

Interesting Case Before Mayor Battle.

Nine young men and boys, all white, were before the Mayor's court yesterday on a charge of disorderly conduct. As appears in the court proceedings, eight were convicted and one dismissed.

The particulars in the case are as follows: Tuesday night, about 10 o'clock, while Prof. W. R. Skinner was practicing songs at his school building preparatory for Commencement exercises, a party of young men and boys assembled near his school and sang various songs including "Hang Old Skinner on a sour apple tree." Mr. Skinner took exceptions at such serenading and made complaint at the police; station whereupon warrants were issued for Jack Neal, Benj. Hattel, Thos. Carraway, Willie Powell, Levi Cohen, Whit Gaskins, Numa Nunn, Benj. Churchill, Thos. Waters, Geo. Dail and Rudolph Walker. Nine of them appeared at the station house yesterday afternoon at four o'clock and, with the exception of Mr. Waters, who could not be identified as one of the number, all were convicted.

Messrs. J. W. Waters and P. H. Pelletier appeared for the defendants and W. W. Clark for the State. A large number of witnesses were introduced on both sides, and, while the evidence was conflicting, it was admitted by witnesses for both plaintiff and defendants that the young men did halo and sing "Hang old Skinner on a sour apple tree."

Counsel for and against made a strong fight and the decision of the court was awaited with much interest. Mayor Battle addressed the young men in a few touching remarks, and while he held them guilty to the full extent of the penalty, he would only impose cost upon them which would amount to \$5.60 each.

The young men connected with the case are from the best families in New Berne, and it is to be regretted that they should have allowed themselves to act in a disorderly manner toward one of our citizens.

Hood's Sarsaparilla is on the flood tide of popularity, which position it has reached by its own intrinsic, undoubted merit.

W. O. & E. C. Railroad.

Ten miles of the Wilmington, Onslow and East Carolina Railroad have been completed, and, according to contract, Wilmington has delivered to the company her first instalment in bonds, amounting to \$25,000. The Star further says:

"It was learned at the office of the company that Mr. Thos. A. McIntyre, the financial agent of the road and manager of the construction company building it, has been informed by telegram of the delivery of the bonds, and that Mr. W. B. Goodwin, the contractor for laying the iron, has been instructed to move his force to Scott's Hill this morning, from which point the work will be pushed vigorously."

We are glad to know that the work is being rapidly pushed forward, and New Berne stands ready with extended hands to aid in every possible way of getting it here at the earliest moment. The vast territory of fine farming country and timber lands lying east and west of New Berne have too long been idle for the want of proper transportation. Another large industry in the rich county of Onslow that has remained dwarfed, from no other reason than the lack of sufficient shipping facilities, is the fish and oyster interest. We want the railroad here and we want it just as soon as it can be gotten.

When New Berne is tapped by this cross railroad our annual Fair, which is second to none in the State, will have received another source of reaching the people in large numbers, besides furnishing them with means of transporting their products of exhibit, and let the outside world see what has been hidden in one of the finest sections of North Carolina.

Duffy's Cough Mixture.

A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This Remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cold I had, after I had tried a number of the principal cough remedies without benefit.
