**JOHN L. SULLIVAN** has been indicted by the grand jury at Paris, Miss., for prize fighting.

**AMERICAN sugar manufacturers** protest against the passage of the tobacco section of the tariff bill now before the Senate.

**THE census enumerators of Baltimore** have concluded their work in this city. The population is 432,095, against 332,190 in 1880.

**TRIPOLI** is being devastated by locusts. The decomposed bodies of the insects fill the wells, infecting the water and rendering it unfit for use.

**A DISPATCH** from Buenos Ayres via London says that revolutionary agitation has started in Entreosios, a province of the Argentine Republic, and is increasing.

**CENSUS enumerator** to John Wanamaker: "Have you a mortgage?" J. W.: "Yes, sir; for \$400,000 on the Republican party."—Cleveland Plain Dealer.

**CHICAGO** has doubled her population in ten years and now claims the second American city in population. Chicago and Philadelphia are about the same size.

**AN unofficial statement** of the census enumeration places the population of Philadelphia at 1,040,449 an increase of more than 22 per cent. over the figures of 1880.

**CHICAGO** is said to have sent an order to M. Eiffel in Paris for a tower to be 500 feet higher than the one he constructed in his own great city. Chicago is looking up in many ways.—Wilmington Messenger.

**COL. W. J. GREEN** is out in a letter, in reply to a circular letter of Mayor McClammy, in which he announces himself a candidate for Congress and expresses the opinion that he will be nominated and elected.

**A SINGULAR railroad accident** is reported from Alabama. At Calera, on last Sunday, a passenger train was run into by its own engine, which had been detached. A negro nurse was killed and several persons injured more or less.

**ACCORDING to the Fire Insurance Standard,** the total loss by fire throughout the United States during the week ending Friday last was \$1,188,000. The total loss, from Jan. 1 to June 20, was \$35,505,000. The estimated loss for the year is \$67,229,345.

**THE Republicans** will hardly strengthen themselves by the use of bayonets in compelling Southern negroes to vote the Republican ticket. The Southern colored brother is growing weary of the Republican ticket, and, we might add, of the Republican party.—Dayton Times.

**THE Agricultural College bill,** providing for the division of the fund between the colored and white schools of a State has passed the Senate. The appropriation for the

first year is \$15,000, which will be increased \$1,000 yearly for ten years, and after that the appropriation will be \$25,000.

**THERE** is a disagreement between the Senate and House on the general pension appropriation bill which resulted in a conference of the two houses. The conference have reported their inability to agree, and the House insists upon its disagreement to the Senate's amendments.

**NORTH Carolina Commissioners** to the World's Fair at Chicago, have been appointed? We must all go to work and shove our old Commonwealth to the front. This opportunity should be used for all that it is worth. There are great attractions and advantages in North Carolina, and this fact we should impress upon the world.

**IN Macon** the officers of the Board of trade have called a meeting for this afternoon to take action regarding the notoriously defective census. The evidence of the short count is overwhelming, and representative men of all shades of political belief join in denouncing the outrage. There will be plenty of proof forthcoming of the special injustice done the South in the enumeration, pursuant to the Floater Fund conspiracy, revealed at the Quay Belshazzar feast. The most flagrant wrong has, no doubt, been perpetrated by the omission of negroes in rural districts, from which complaints will come slowly. That was the plan of fraud, and the Macon revelations indicate that it has been carried out.—New York Star.

## LOCAL NEWS.

**NEW ADVERTISEMENTS.**  
C. E. SLOVER—English Isl. molasses.

The State papers say this is the hottest June we have had in many years.

The popularity of "the weather" as a subject of conversation increases.

The Washington "Stars" will play the Elm City baseball club on Friday, July 4.

Have you listed your taxes? And have you paid the taxes on that "dorg"?

Mr. Barny Fulcher, of this county, sent us a cotton blossom from his field on June 24.

Mr. Sam! Parsons was putting up a new canvass awning in front of Mr. F. Ulrich's store yesterday. Such things are necessaries these hot days.

Lizzie Banks, colored, an insane woman, was taken from the county jail yesterday and taken to Goldsboro by David Barham, where she was placed in the asylum.

A party of about fifty New Bernians went to Morehead on the special train yesterday. They spent a delightful day by the sea and returned last night, all glad that they went.

Saturday afternoon there was declamation and singing in the assembly hall at Morehead City. Three children spoke for a Demorest medal. It was won by Miss Mary Bell of Morehead.

The Raleigh News and Observer says: "We have had the pleasure of a brief sojourn at Morehead. We found the railroad from Goldsboro in excellent running order, the accommodations all that could be desired, and we are under special obligations to the officers of that road as well as of the Richmond and Danville road for unusual courtesies."

We learn that the Seven Springs hotel, which has been enlarged and improved, is open for the season, and is filling up with boarders for the summer. The Seven Springs water is pronounced by many persons who have used it to be an excellent remedy for kidney diseases, indigestion, etc. Chemists pronounce it equal to any other mineral water in the country as a remedy for these troubles.

Juvenile clerk (on Middle street), as he enters a neighbor's store—"Have you a magnifying glass?" Storekeeper—"No; what do you want with it?" Juvenile clerk—"The boss told me to borrow one from somewhere. Reason he wants to hunt up his customers." [This is, of course, a hot weather joke: The merchants of New Berne are doing as good business at this time as those of any other town in the State.]

**Three Men Drowned Near Morehead City.**

It is with much regret that we learn of the drowning of Messrs. Ed. Ward and L. W. Hargett, jr., of Onslow county, and a Mr. Fulcher of Morehead City (or Beaufort), whose given name we could not learn. They were drowned in the sound about eight miles from Morehead City, on Tuesday afternoon. Messrs. Ward and Hargett were young men, who had many friends in Onslow county, and their stricken parents and families have the sympathy of them all. We could not get more definite particulars of the drowning than are given in the telegrams below, and the following gathered from inquiry: It seems that Mr. Fulcher was the boatman who was to take Messrs. Ward and Hargett from Morehead City to Swansboro. They left Morehead City Tuesday morning and went up Bogue sound. A squall came up (which also passed over this section), during which the boat was struck by lightning and the occupants were drowned. The bodies of Fulcher and Ward were recovered yesterday morning, and as will be seen from the following telegrams, which Mr. Humphrey kindly allowed us to use, Mr. Hargett's body was also found later: MOREHEAD CITY, June 25, 1890. To HILL HUMPHREY: L. W. Hargett, jr., left here with Ward yesterday. Ward was brought back today, drowned, and another man supposed to be Fulcher. Please notify Hargett's friends, as he is supposed to be drowned. W. L. ARENDELL. MOREHEAD CITY, June 25. HILL HUMPHREY: We have instituted search for Hargett's body. The boat was struck by lightning. E. M. KOONCE, E. G. HARBELL.

Mr. Humphrey left on the mail train last night for Morehead City to look after the remains of Mr. Hargett. A half hour after he left the following telegram was received here: "Mr. Hargett's body has been found eight miles up the sound from Morehead City. It will be taken to Morehead."

**Street Improvements.**  
Improvements being made on the streets and sidewalks in New Berne at present are of a thorough and workmanlike order.

On Johnston street there has been an unsightly and grown up elevation for years, but it has been cut away and graded and presents a very attractive appearance. The force of hands are paying more attention to doing well what territory they go over rather than hurrying along with a little work here and there.

Few things contribute more effectively to the progress of a city than good streets and sidewalks. They are among the first attractions to catch the eye of a stranger or visitor, and the impression is lasting. Did you ever walk down the streets of a city or town just after a big rain and step in holes of water or be compelled to pick your way out in the street? If so you were certain to put the authorities of that place down as very negligent of their duties or unprogressive and not worthy of the trust they had accepted.

To a great extent the future prosperity and development of our city is in the hands of her Mayor and Councilmen and we do not believe that they are men who will allow her interests to suffer. Let the public stand ready to assist in any enterprise they may bring forward whereby new life will be infused and greater prosperity thrown around us. There is no better beginning than putting the streets and sidewalks in first class order.

**Personal.**  
Mr. John H. Bell and children, of Washington City, are in the city visiting relatives and friends.  
Dr. John F. Crowell passed down to Morehead City last night.  
Rev. R. A. Willis, Rev. T. P. Ricard and wife and Mr. T. A. Green left yesterday for the District Conference of the M. E. Church which convenes at Mt. Olive today.

The Goldsboro Headlight says: "Mr. E. Dannenberg who for several years conducted a large dry goods business in this city and Smithfield has moved to New Berne where he bought out an extensive bottling works. His family will follow him shortly. We regret very much to lose such an excellent citizen as Mr. Dannenberg, but hope that at some future day Goldsboro will offer him sufficient inducements to locate in her midst once more." New Berne wants all the good citizens she can get. We congratulate ourselves upon having secured Mr. Dannenberg and family, and we shall endeavor to keep them here—thus exhibiting the same spirit which actuates our good neighbor Goldsboro.

Every tissue of the body, every nerve, bone and muscle is made stronger and more healthy by taking Hood's Sarsaparilla.

**Chicago's Population.**  
CHICAGO, June 23.—Superintendent of Census Gilbert, in an interview, says that the returns already in show that the population of Chicago exceeds one million. How much beyond the million point the total will run Mr. Gilbert would not venture to say, except that it would be considerable. The city, he added, had certainly doubled its population in a decade and it was a question between Chicago and Philadelphia for second place on the list of American cities.

**"Teachers' Unity."**  
The Second Annual Picnic of the Teachers' Unity was celebrated Tuesday, June 24th, by having a pleasant sail on the waters of the Neuse. The President, Isaac H. Smith, was orator for the occasion. The Teachers' Unity, together with its distinguished guest, picniced at Fowler's Ferry.  
A. F. MOORE, Reporter.

**Kemmler Must be Electrocutted—Final Decision.**  
SARATOGA, N. Y., June 24.—The court of appeals has affirmed the original judgment in the Kemmler case. Kemmler must be executed by warden Durston.

**You Take No Risk.**  
In buying Hood's Sarsaparilla, for it is everywhere recognized as the standard building-up medicine and blood purifier. It has won its way to the front by its own intrinsic merit, and has the largest sale of any preparation of its kind. Any honest druggist will confirm this statement. If you decide to take Hood's Sarsaparilla do not be induced to buy anything else instead. Be sure to get Hood's.

**Fire at Washington.**

The JOURNAL spoke of the burning of the E. C. D. S. S. Co.'s warehouse at Washington a day or two ago. The fire was a disastrous one, says the Progress. It took place on Sunday night. The Progress says: "The fire originated in an old warehouse adjacent to the E. C. D. warehouse, in which several hundred bales of hay were stored. The fire soon spread to the E. C. D. warehouse, which was also consumed with a large collection of merchandise that it contained. The fire then spread to the brick warehouse of the Wiswall property, which was filled with hay, all of which were burned, and thence to a long wooden warehouse in which many hogheads of molasses were stored, a greater portion of which was lost. The hay in the first warehouse was owned by J. & R. B. Havens, and that in the other and the molasses was owned by S. B. Fowle & Son. Several of our merchants are heavy losers by having goods in the E. C. Dispatch warehouse, which came on the last steamer of that line and had not been removed. Among them are Geo. Phillips, E. K. Willis, E. W. Ayers, W. B. Morton & Co., and others. But for the good work of the fire departments, all the wooden residences on Main street would undoubtedly have been consumed, as pieces of burning shingles and other fire brands were falling thick and fast everywhere on very dry roofs. The fire is supposed to have originated by spontaneous combustion."

**Shipping News.**  
The steamer Vesper, of the E. C. D. line, sailed yesterday with full cargo. The outlet of this line will arrive today.  
The steamer Tahoma will sail this morning at 7 o'clock, sharp.

**NORTH CAROLINA NEWS.**

Raleigh News and Observer. Mr. W. W. McDiarmid, Mr. Joseph Daniels and Mr. J. B. Sherrill have gone to Boston to attend the National Press Convention.

Wilmington Messenger. Messrs. H. Weil & Bros., Goldsboro's leading and most public-spirited merchants, have donated a valuable tract of land to Goldsboro, in the suburbs of that thriving and pleasant little city, for a public park, to be known as "Herman Park" in memory of the lamented Mr. Herman Weil.

Charlotte Chronicle. Mrs. Minerva Caldwell, the widow of the late Gov. Todd R. Caldwell, died in Morganton Saturday afternoon, at the home of her daughter, Mrs. M. R. Collett.

WINSTON, June 23.—A severe electrical storm passed over this section of country at 3 p. m. Lightning struck the residence of Mr. James Orfith, near Mt. Pleasant church, killing him and two of his grandchildren. His daughter, Mrs. Shafer, is lying very low, from the effects of the lightning.

**Three Persons Drowned.**  
FORT MONROE, Va., June 23.—J. W. Delaplaine, of Hampton, with his son, daughter and nephew, went out sailing this afternoon near the Soldiers' Home. Their boat collided with a sailing vessel containing Dr. Parramore and J. B. Lake, also of Hampton. Mr. Delaplaine's son was knocked overboard and the father jumped to his rescue, the nephew following, and all three were drowned. Mr. Lake went overboard to try and save them, but failed and succeeded in reaching shore. The daughter remained in the boat and was saved. Mr. Delaplaine's former home was in Laurel, Del.

**Chicago's Population.**

**PAIN AND DREAD** attend the use of most ointment remedies. Liquids and snuffs are unpleasant as well as dangerous. Rly's Cream Balm is safe, pleasant, easily applied into the nostrils, and a sure cure. It cleanses the nasal passages and heals the inflamed membrane, giving relief at once. Price 50 cents.

## BLESSED ARE THEY THAT MOURN.

Oh, deem not they are blest alone  
Whose lives a peaceful tenor keep:  
The power who pities man has shown  
A blessing for the eyes that weep.

The light of smiles shall fill again  
The lids that overflow with tears;  
And weary hours of woe and pain  
Are promises of happier years.

There is a day of sunny rest  
For every dark and troubled night.  
And grief may bide, an evening guest,  
But joy shall come with early light.

And thou who o'er thy friends low bier  
Sheddest the bitter drops like rain,  
Hope that a brighter, happier sphere  
Will give him to thy arms again.

Nor let the good man's trust depart  
Though life its common gifts deny.  
Thought with a pierced and broken heart  
And spurned of men, he goes to die.

For God has marked each sorrowing day,  
And numbered ev'ry secret tear  
And heaven's long age of bliss shall pay  
For all his children suffer here.

## BUSINESS CHANGE!

NEW BERNE, N. C., June 17th, 1890.

TO MY CUSTOMERS AND THE PUBLIC.

I have disposed of my entire Bottling Business and Works to Mr. E. Dannenberg, who will continue in that line at my old stand, on Crayon Street, next door to the Cotton and Grain Exchange, New Berne, N. C. Appreciating the long, continued and liberal patronage of my friends, I cordially commend to them Mr. Dannenberg, and ask that they favor him with their custom.

## Wholesale Liquor Trade.

I have retained my Wholesale Liquor Business and have moved to the Building two doors East of the Gaston House, on South Front Street, where I invite old friends and customers to call and see me.

Having been in the wholesale trade for the past dozen years I refer with pleasure to my business relations during that time, and confidently solicit the public patronage, and the continuance of my old customers.

Very respectfully,  
JAMES REDMOND.

## New Berne Bottling Works.

Having purchased the Bottling Works of Mr. James Redmond I shall continue the same in all its branches at his old and well known stand, and respectfully ask the continued patronage of his old customers and friends, promising to give the public the satisfaction that has always characterized the well known house of Mr. Redmond.

Very respectfully,  
J. E. DANNENBERG.
