**C**ONGRESS is too busy legislating for the classes to do anything for the masses.

**S**EVEN hundred and fifty thousand Alliance voters are against Ingalls in Kansas.

**C**HEAP lands have been the poor man's protection. He has nearly lost it by Republican profligacy.

**S**ILVER is now the paramount public question before the American people to day.—Washington Star.

**T**HE king of Denmark, has knighted Asger Hamerick, a director of the Peabody conservatory of Baltimore.

**T**HE recent census will show New York to be the third city in population in the world, London being first, Paris second.

**I**n the debate in the House on the Federal election bill Mr. Tillman said: "Every decent white man in South Carolina is a Democrat."

**S**TANBURY the New South Wales oarsman, defeated O'Conner, the Canadian champion, in a sculling match on the Paramatta river.

**A**n old man, James Bowman, who lost one of his limbs when a boy, being attacked by several ruffians in Louisville, unstrapped his wooden leg and whipped the crowd.

**A** WELL dressed stranger swindled many prosperous merchants in Norwalk, Conn., by selling them alleged diamonds at prices ranging from five dollars to fifty dollars. The stones were worthless.

**T**HE Ithaca Democrat says: Mr. Harrison is reported to have said to a friend that he would not be a candidate for renomination. If Mr. Harrison adheres to his resolution he will vindicate his reputation for discretion."

**W**ARRANTS were issued for the arrest of fifteen Hungarians in South Bethlehem, Pa., who refuse to answer census questions. They fear that on giving their names they will have to pay taxes and do military duty.

**"M. QUAD, the humorist and sketch writer of the Detroit Free Press is paid \$125 a week for his work."** Neither the humorist nor the matter of fact man of the JOURNAL is paid so much. Perhaps the new management will pay better.

**J**UDGE JAMES LAWRENSEN died in Baltimore, aged 87 years. He had been in the postal service of the United States continuously for fifty-seven years, and administered the oath of office to every postmaster general since the days of President Jackson.

**T**HE Observer states that last Tuesday there was placed on the records in the court house at Fayetteville, a mortgage made by the Cape Fear and Yadkin Valley Railway Company in favor of the Mercantile Trust and Deposit Company of Baltimore, to secure the sum of \$6,250,000, invested in consolidated bonds of the road.

**W**ITH Hill as the candidate, New York is safe and sure for the Democracy, and there is not a single Democrat who holds any other opinion.—New York Sun. And just there is one of the reasons why we oppose Hill. Every Cleveland Democrat will vote for Hill, if nominated, but there are thousands of Hill Democrats who would not vote for Cleveland. The Cleveland men are the trust and the best, and we are for Cleveland.

**O**LD Fred Douglass, the colored Republican who gets office, has a wife with a white skin. She is socially tabooed in Hayti because of her complexion. This moves the Baltimore Herald to remark that she was socially tabooed in Washington because she married a negro. "Thus we perceive that that all the perfumes of Arabia will not wash out the damned color line."—Wilmington Messenger.

## LOCAL NEWS.

**N**EW ADVERTISEMENTS. C. E. SLOVER—Butter. G. H. ROBERTS—National Bank. J. GOODING—Hair brushes, etc. A. & N. C. R.—The 4th at Morehead.

**W**e noticed several crates of cantaloupes from Graywood farm being shipped by rail yesterday.

**A**t public auction yesterday the JOURNAL was sold for \$2,431.00, E. E. Harper being the purchaser.

**F**armers in the Croatan and Riverdale sections say that it is quite dry. In this immediate section the season has been very good.

**T**he directors of the National Bank of New Berne have declared a semi-annual dividend of five per cent payable on and after July 8.

**I**t is with regret that we learn of the death of Dr. T. M. Jones, President of Greensboro Female College. He was a most estimable gentleman.

**T**he Centenary M. E. Church Society of "Little Helpers" and invited friends had a delightful sail on the steamer Trent down Neuse river yesterday afternoon.

**T**he reporter found a crowd of young men on Middle street yesterday morning very much interested in a small scrap of paper. They said it was found tied around a bird's neck (thought to be an English sparrow). They were trying to read what was written on the paper, and this is about what they read: "The one that finds this bird will please return it to box 123, and will be truly yours." Some tried to make it "return to box 123, N. Y.," but this reading was unsatisfactory; in fact, the last words could not be made out, and the thing is still "shrouded in mystery."

**M**arriage of Bishop Watson.

**T**he Rt. Rev. A. A. Watson, D.D., Bishop of the Diocese of East Carolina, was married Saturday morning at Wilmington at 8:30 o'clock to Miss Mary C. Lord, daughter of the late Mr. F. J. Lord. The ceremony took place at St. James' Church, and was performed by the rector, Rev. Robert Strange. The Bishop and his bride left for a trip to Europe.

**F**ine Watermelons.

**M**essrs. W. A. and N. B. Gaskins, living about two miles from the city on the north side of Neuse river, brought in a cart load of watermelons yesterday, and they met with a ready sale. They were large, ripe and fine, and poor, such as are usually the first of the season. Large quantities of melons are raised in the section where resides Mr. Gaskins, but he informs us that for the last few years there has appeared on the vines an insect that is doing great damage. Cannot the experiment station at Raleigh give some light as to how to get rid of this pest.

**T**oo Much Chloroform.

**M**r. J. M. Allen, of Aurora, died on last Friday night. We learn that he had an attack of the colic. A doctor was sent for and he gave the patient a dose of chloroform, which brought great relief. Some time after he left Mr. Allen grew worse again and sent to the drug store for more chloroform. He took a large dose, and the doctor came sometime later, not knowing what the patient had been taking, gave him another dose of chloroform. It is supposed that too much chloroform caused death.

**M**erit wins, as the marvelous success of Hood's Sarsaparilla shows. It possesses true medicinal merit. Sold by all druggists.

## TO THE READERS OF THE JOURNAL.

**H**aving become sole proprietor of the JOURNAL, we take occasion to state that the paper will continue publication in New Berne. As to its future policy we know of no better course to pursue than that mapped out by the late editor and my esteemed partner, H. S. Nunn.

**I**n the editorial department we will be assisted by General C. A. Battle, whose fluent and facile pen has formerly adorned the columns of the JOURNAL.

**T**he local department will be looked after by Mr. Roseoe Nunn, a young man of excellent habits and not without experience in this line of work.

**A**ll contracts with the JOURNAL for advertising and all subscriptions prepaid will be fully executed while all indebtedness to the office is payable to us.

**T**o the patrons of the paper our thanks are extended for past patronage and a continuation of the same is solicited. Asking the co-operation of the citizens of New Berne, and the public in general, we will endeavor to make the JOURNAL as interesting and helpful to the community in which it circulates as its resources will justify. E. E. HARPER.

## Death of a Promising Young Man.

**M**r. Z. E. Harris, a student at Vance Academy last term, died yesterday afternoon at 3:30 o'clock of typhoid fever, aged nineteen years. He had been sick about three weeks, and though he received the best of care from skilled physicians and attentive nurses, the clutches of death were too strong to be overcome.

**M**r. Harris lived in Hyde county, and though he had only been a pupil at the Academy one term, he had become a favorite among the boys. He was quiet and unassuming in manner, and apt and studious. He was President of the Jefferson Literary Society.

**W**hen first taken sick his uncle, Capt. G. E. Caffee, came to him and remained at his bed-side until the spirit took its flight. His father, Mr. D. E. Harris, arrived only a short while before his death. The remains will be taken to Hyde county today for burial.

## Personal.

**M**r. Walter Willis has been licensed to preach by the Quarterly Conference of Centenary M. E. Church, South.

**M**iss Carrie May Cox, of Kinston, who has been visiting Miss Mariah Cox, returned home yesterday.

**C**apt. E. W. Hoskins, of Virginia, who was for sometime captain of the steamer Cutler and lately held a position with the Tide Water Land and Lumber Company, returned to Virginia yesterday.

## The Heated Term—Large Number of Deaths.

**C**HICAGO, June 30.—The day opened with the temperature at 74 degrees, and gradually rose to 80 at 10:30. It was very sultry early this morning with the promise of another scorching day, but the effect of the heat has been mitigated somewhat by a breeze which sprung up half an hour ago. Only one case of sunstroke was reported to the police today.

**C**HICAGO, June 29.—A cool breeze beginning late in the afternoon, ended the heated term temporarily. The breeze did not put in an appearance until the excessive heat made a record of eight fatal cases of prostration since daylight. A large number of other persons succumbed, but no other deaths are apprehended. The preceding twenty-four hours marked the culmination of an almost unprecedented period of warmth. According to one authority there were eighteen deaths from sunstroke, and one hundred and seventeen cases of heat prostration, fully a dozen of which are pronounced critical.

## Serious Charge.

**G**ALVESTON, Tex., June 29.—Sampson and Isaac Heidenheimer, two of Galveston's well known and wealthy Hebrew citizens, were arrested yesterday charged with arson, in burning the oil mill last April of the Texas Standard Oil Co., of which Sampson Heidenheimer was president, and the largest stockholder. The estimated value of the plant was about \$200,000, and was insured nearly up to this amount. The mill was in the oil trust and was not doing a profitable business. The insurance companies, suspecting that all was not as it should have been, instituted an investigation, resulting in the securing of affidavits from several of the operators of the mill to the effect that they saw Sampson inside the mill just before the fire; and Isaac Heidenheimer, over an affidavit, says Sampson was seen to apply the torch. Upon these affidavits the arrests were made. Each has given \$5,000 bonds.

## The Fatal Kerosene.

**A**IRN, S. C., June 28.—Mrs. John W. Lupo, the young wife of a prominent merchant here, met a horrible death today. About 10 o'clock this morning she went into the kitchen to preserve some fruit. In the attempt to kindle a fire in the stove she used a two-gallon can of kerosene. There happened to be some smoldering coals in the grate, which blazed up like a flash when touched by the oil. The flames entered the can and it exploded with a tremendous noise. The burning oil flew all over the clothing of Mrs. Lupo, and in less than a second her body was completely enveloped in flames. She lived only a few hours.

## Terrible Storm.

**S**HEFFIELD, Ala., June 30.—This place was yesterday visited by a terrible storm, accompanied by almost incessant lightning and very heavy clouds. The fall of rain was the severest ever known here. During the storm the Alabama Straw Works building was partially destroyed and stock damaged by the rain fall to the extent of \$3,500.

**A**t the Lady Easley furnace reservoir the supply pipe was struck by lightning and so broken that the furnace had to be banked.

## 7500 Dock Laborers Strike.

**C**HICAGO, June 30.—The dock laborers have struck for five cents per hour advance on their present rate of twenty cents an hour and the river is tied up. Fully 7500 men have quit work. Many vessels are lying idle at the docks with cargoes to unload or take on. Several vessels cleared without cargoes today.

## Fatal Explosion.

**L**OUISVILLE, June 30.—By an explosion at the Standard Oil Refinery fire this morning, three persons were instantly killed and thirty-five wounded.

## "Just as Good."

**S**ay some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is Peculiar to itself.
