CHOLERA is on the increase in Spain.

The Progressive Farmer has taken position against Senator Vance.

The town of Fargo, in North Dakota, has been swept away by a cyclone.

The Governor of Louisiana has returned the lottery bill to the Legislature without his approval.

MISS WINNIE DAVIS, daughter of Hon. Jefferson Davis, reached New York on last Sunday from her European tour.

WITH a radical returning Board in the South no Democrat would ever be elected. They would simply count them all out.

ALLIANCE organs say the order was never more prosperous than today. It is embracing all States and increasing in thoroughness and effectiveness.

It is stated that Henry M. Stanley is a believer in the policy of colonizing the upper Congo Valley of Africa with colored immigrants from the United States.

ONE hundred and twenty-five thousand school children in the State of New York have voted for a national flower. The golden rod wins by 26,120 votes.

THE University of the City of New York has decided to admit women to the classes of the law department upon the same terms as men. Hurrah, for the girls!

It is our deliberate opinion that the Federal Election bill will not pass the Senate before December, if it passes at all. Before that time a congressional election will take place which may change the situation and give the Democrats a majority in Congress.

AS a part of the grand World exposition in 1892, there is to be a rendezvous in Hampton Roads and review of the navies of the world in New York harbor. It is said that by that time the United States navy will be in condition to compete for the highest honors.

SAM JONES evoked criticism at Norfolk, as he always does. The Virginian charged him with indulging in vulgarity. When Mr. Jones said from the pulpit in reply, "I don't indulge in vulgarity in the pulpit; I never have, and whoever says I have is a foul mouthed liar," he virtually entered a plea of guilty.

THE Progressive Farmer says the farmers pay Senator Vance \$8,000 a year. "It is his business to work for them whether the measure are constitutional or not." How is this? The pay of a Senator is \$5,000. If the farmers or any body else has a private job for which they pay the Senator \$8,000 we would like to know it.

MR. JONES may have used the many objectionable expressions attributed to him in a connection that robs them of much of the offensiveness they partake of when otherwise read, but viewing them in the most charitable light permitted by the high standard of the Saviour and His Apostles, they are objectionable and in no way tend to inspire respect for the minister or confidence in his sincerity.—Norfolk Virginian.

THE Sun calls the Federal Election bill "the shadow of the man on horseback," and that is about what it is. Let this bill pass and the greatest safeguard to free institutions will have been removed.—Savannah News.

THE Oxford Day says: "Senator Vance's stand in reference to the Sub-Treasury Bills meets with the approval of conservative men of the State. No one doubts the sincerity of his interest in the farmers, and his desire to promote the welfare of the entire North Carolina people. Our Zeb is a brick."

MR. CUMMINGS, of New York, the successor of "Sunset" Cox, in speaking on the National Election Law said: "The whole machinery of this bill is unrepresentative, unfair, partizan, and centralizing to the last degree. A State would not tolerate such a law even if enacted by its own legislature. The great mass of the officers who carry it out are not required to reside in the counties where they perform their duties. Not one of them is elected by the people or responsible to them. The number of circuit judges is greatly increased in order that a Republican President may pack these courts with Republicans. As the judges hold office for life, they are entirely independent of the people. The returning boards and chief supervisors are appointed by the courts. Like the judges who appoint them, they, too, are given life offices to perpetuate their power and shackle the people."

Another refreshing rain last night. The colored people are having excursions on the rivers almost daily.

There is to be a grand regatta at Morehead City next Monday. Probably forty sharpies will enter the race.

The Spring Garden Sunday-school will picnic on Friday. They will come to New Berne on the steamer Kinston.

Robert W. Winston, of Granville county, was nominated for Judge of the fifth district, and E. S. Parker, of Alamance, for Solicitor.

Bell's alley will be attended to immediately, and the city marshal hopes there will be no more "grumbling" about it. Second the motion.

The fire yesterday morning was on New South Front street. A small dwelling, house occupied by Rhody Winsfield, colored, and owned by R. G. Moseley, was burned.

Mr. A. H. Whitcomb, of Stonewall, and Miss Maud Quick, of this city, were married yesterday at the residence of Mr. Cicero Duncan, Rev. Mr. Joyner, of Stonewall, officiating.

The convention of the sixth judicial district was held at Kinston yesterday. It was largely attended. E. T. Boykin, for Judge and O. H. Allen for Solicitor, were nominated by acclamation. P. M. Pearson, Esq., of Jones, was made permanent chairman.

We are under many obligations to those who furnish us with items of news, both from the country and the city. It is by these means that we get hold of some happenings that we would otherwise miss. Reporters, like other human beings, cannot be in more than one place at a time; hence, favors of this kind are much appreciated, but under all circumstances it is with us as to whether it shall be given to the public.

Three bales of cotton were sold at the Exchange Wednesday by Mr. A. J. Hurst of Brown Sound, Onslow county. It was purchased by Mr. G. F. M. Dail at 11c cents. This cotton was hauled fifty miles by wagon. That sounds like before the war times when railroading was in its infancy. Is not this strong evidence of the importance of the Onslow railroad being extended on to New Berne?

A Greensboro special to the News and Observer says: "The board of directors of Greensboro Female College last night elected Rev. B. F. Dixon to succeed the late Dr. T. M. Jones as President of the college. Dr. Dixon has been in charge of the Oxford Orphan Asylum for the past six or eight years and has been signally successful in the administration of that institution. He is about forty-three years of age, of strikingly fine physique, is a local Methodist preacher and is well calculated to fill the responsible position to which he is now called."

Another Fire at Washington. A special of July 8 to the Raleigh Chronicle says: "Last night at twelve o'clock the fire alarm was sounded. Farrow's ship railway and Stewart's machine shops were found on fire. Both places were entirely consumed. Loss about eight thousand dollars. At one time it was thought the entire town would be burned, a high wind from the southwest blowing the entire heat on the adjacent buildings."

Long Communications Must be Paid For if Expected to be Published. Sometimes publishers are overrun with long communications: In some instances we have known them to be of sufficient length to almost fill a paper the size of the Daily JOURNAL, and because they were refused space the writer thought a great wrong had been imposed upon him. Right recently there has been a tirade of these extended documents sent us, but luckily we have a great big waste basket conveniently located.

All articles of sufficient public interest and not more than a half column of this paper will be cheerfully published, otherwise they must be paid for.

Boy Drowned. Yesterday morning, while a number of colored boys, about a dozen, were bathing in Neuse river, above Congdon's mill, Eugene Butler, sixteen years of age, was drowned. It is said that the whole crowd swam out into deep water together. All returned but Butler, who was missed when the crowd reached shallow water. Looking back they saw him drowning. He was dead before assistance could be rendered.

The body was soon recovered by divers. Coroner Oden viewed it and deemed an inquest unnecessary.

Personal. Mr. Josephus Peede, of Beaufort county, informs us that not only is his crop finer than for years, but the expense of cultivation has not been more than half what it has usually been.

Mrs. J. A. Bryan and Miss Roulhao left yesterday for Western North Carolina.

Miss Bettie Fordham, of Kinston, who has been in the city several months, returned home yesterday.

Mrs. W. S. Willett left yesterday for New Jersey, to visit friends.

Clement Manly, Esq., has gone to Baltimore and New York, on professional business.

Mr. J. C. B. Koonce and his mother, of Florida, who have been visiting Mrs. H. S. Nunn and family, went to Kinston yesterday.

Miss Lucy Taylor, of LaGrange, is visiting friends in the city.

Mr. Benjamin Hahn has returned from a trip North.

Raleigh Correspondent to the Wilmington Messenger says: "In this correspondence, some week or ten days ago, it was stated that Hon. F. M. Simmons had written a letter in which he rather took ground against the sub-treasury bill. Your correspondent had not seen the letter, but was so informed. It appears that Mr. Simmons expresses himself as favoring that or any other practicable measure which would relieve the farmers. It was stated, and is a fact that the farmers have no friend more devoted than Mr. Simmons to their best interests. His public life has shown that. The letter referred to was written by Mr. Simmons to Mr. Y. T. Ormond, secretary of the Greene county Alliance, and is a manly and able document."

The Colored Fair. EDITOR JOURNAL.—The good citizens of the town were not tardy in turning out last Tuesday evening to hear the speeches in the interest of the Fair. The occasion was indeed a lively one; and if beaming eyes and attentive listening are any indication of interest, we may safely conclude that the people are interested. Hons. O'Hara, White and Hussey, as well as the active and peerless Moore, addressed the pressing numbers, and by appealing to their interest and to their welfare chained them to the spot for night three hours. Mr. Hussey, with his wonted enthusiasm, clearly demonstrated to his hearers the unindividuality of the undertaking. The inimitable and matchless Moore, with splendid eloquence and graceful style, showed to the people the beneficent results which the institution of Fairs bring to a country or a locality, while Messrs. White and O'Hara urged respectively the obliteration of sectionalism, a unanimity of thought and a unanimity of action. Mr. O'Hara knows no such word as "fail." He saw success depicted in the countenance of his hearers. He felt it in the very air he breathed.

It is the purpose of this Fair to exhibit the material development of the eastern Negro, to illustrate his agricultural status, and to give some evidence of his mechanical skill. Fancy needlework and art decorations will be valuable additions to the exhibitor's stand. We must work together with one common aim—the success of the Fair. Other counties have been heard from, and they answer us that if they can be factors to our success, success to that extent is already secured. We solicit the material encouragement of those who are interested in Negro endeavor, and who can appreciate the worth of the development of Negro industry. W. H. DAVENPORT.

The Big Dolags of a Geyser in Wyoming. WASHINGTON, July 8.—Secretary Noble late this afternoon received the following dispatch from Superintendent Routelle at the Mammoth Hot Springs, Wyoming, which seems to indicate the outbreak of a volcano in that region. The following dispatch, just received from Morris' Basin:

"At 4:15 p. m. there was a severe earthquake, followed by a terrible roar and upon investigation it was proved that the geyser called New Crater had an eruption. It is throwing up a stream of steam, stones and water about two hundred feet in circumference, and to the height of about one hundred and twenty-five feet, and shaking the whole basin around the vicinity."

Sam Jones on Public Men. MOUNDSVILLE, W. Va., July 6.—Rev. Sam Jones addressed an immense audience at the prohibition camp-grounds today, touching up quite a number of National characters in the course of his remarks. Of United States Senator Matthew Stanley Quay, of Pennsylvania, he said: "Talk about wickedness. Look at Matt Quay. There you find it personified. Unless he repents he'll go where the fire dieth not."

Turning his attention to President Harrison Mr. Jones said: "He's small. I saw a picture of him under his grandfather's hat a few days ago. They might have put the whole Harrison family under the hat and still have had lots of room."

The Rev. Mr. Jones eulogized ex-President Grover Cleveland in picturesque language, saying at one time: "There's a man with a backbone as big as that pillar there. If he hadn't so much spine he might have been President still."

About Winston. WINSTON, July 8.—A movement is on foot here to remove large lithographic works from New York City to this place. The company will push an extensive business throughout the South. The first dirt was thrown today for the erection of the Davis Military School buildings which are to be very handsome.

Why It is Popular. Because it has proven its absolute merit over and over again, because it has an unequalled record of cures, because its business is conducted in a thoroughly honest manner, and because it combines economy and strength, being the only medicine of which "100 Doses for one Dollar" is true—these strong points have made Hood's Sarsaparilla the most successful medicine of the day.

For Rent. The Office on Pollock street, formerly occupied by Major John Hughes. Apply to W. M. WATSON, 1041w Sec. & Treas. Newbern Acad.

Duffy's Cough Mixture. A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is a druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This Remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cold I had, after I had tried a number of the principal cough remedies without benefit. W. G. BRINSON.
