His Highness, the Pope, is critically ill.

Crop reports from all parts of the country are highly encouraging.

The Force bill and the war tariff are hard to bear, but good crops and a salubrious climate afford great reason for gratitude and praise.

The Soldier's Home at Raleigh needs supplies. We trust that every county in the State will honor itself by contributing to this noble cause.

The political aspirant who attempts to array the farmers of North Carolina against Zeb Vance drives a sure nail into his own political coffin.

ON Wednesday eulogies were delivered by several members in respect to the memory of S. S. Cox. No name is more deserving of lofty panegyric.

The life of the Democracy is so much the life of good, pure, honest, just government on these shores that they must live so long as the Government lasts.—Wilmington Messenger.

The Force bill will pass the Senate, prove a curse to the country at large, an instrument of mighty evil to the negroes, and a boomerang to the rascally partisans who fling it at the South.—Wilmington Messenger.

THERE is a feeling of unrest throughout Europe. It is significant that Turkey has sent a new note to England, demanding a fixed date when Egypt will be evacuated by British troops, without the right of again occupying the country.

THE House Committee on elections has decided the two Mississippi contested election cases in favor of seating the Democratic members. This is not to be considered as evidence of returning justice. It only shows that the present Republican majority is sufficient.

THE Republican leaders in Washington are treasuring the hope that the Alliance in Georgia and South Carolina will break up the Democratic party in those States. The Republican leaders in this State were expecting a little diversion on the same line here, but they were somewhat too previous.—Wilmington Star.

THERE are now forty-four States in the Union, but for very nearly a year there will be only forty-three stars upon the United States flag in consequence of this statute: "On the admission of a new State into the Union one star shall be added to the number on the flag; and such addition shall take effect on the fourth day of July then next succeeding such admission."

The Farmers' Alliance in South Carolina is committing a great blunder in nominating a separate farmer's ticket for State officers. They will simply split the solid Democratic party of that State and transfer the State Government into the hands of negroes and

Republicans. We trust the Alliance of Virginia and the other States of the South will not fall into any such error, not to say crime.—Lynchburg Advance, Dem.

IF the Republicans were acting in good faith they would agree on a universal national election law, one that would apply to Maine and Mississippi alike. If they were acting in good faith they would not agree on a Federal election law applicable only in the South, against the protests of the Southern Republican Representatives themselves. But of course they are not acting in good faith; they never do act in good faith.—Washington National Democrat.

WHATEVER influence Southern citizens can exercise to prevent the passage of the election bill, ought to be brought into play at once. After twenty-five years of hard struggles, the South is now peaceful, progressive, and prosperous. She has taken on new life and energy, and is daily becoming a more desirable country for the investment of capital and the establishment of homes. For this current to be interrupted through the selfishness and ignorance of Northern politicians, would be an outrage that ought to be met by the most vigorous protest possible.—Charlotte Chronicle.

LOCAL NEWS.

NEW ADVERTISEMENTS.
FOUND—Watch and chain.
F. ULRICH—Octagon soap, etc.
S. L. DILL—Regatta at M. City.
R. P. WILLIAMS—To the voters of Craven county.

July gave us the cold shoulder yesterday.

Mr. J. F. Taylor has made a shingle yard at the end of the fish market wharf.

Eggs are "way down." Some sold at retail for eight cents per dozen yesterday.

A full representation is requested by the officers of the Y. M. C. A. at the business meeting tonight.

The sidewalk was being considerably improved in front of Mr. S. H. Scott's store on Middle street yesterday.

Mr. A. H. A. Williams, of Oxford, has been nominated for Congress in the convention of the Fifth District Democrats.

Mr. R. P. Williams has a card in this issue announcing himself a "people's candidate" for the office of Sheriff of Craven county.

The electric light polls are being painted, from a point about six feet above the ground down to the ground. An improvement.

The county convention assembles tomorrow at the court house at 12 o'clock, noon. The prospects are that a strong delegation will be present.

There are about four hundred people at the Atlantic Hotel, Morehead, now, and the other hotels are well patronized. Morehead is very popular this season.

The Washington Gazette says: "Mr. D. T. Swindell expects to open a mammoth dry goods store in New Berne this fall. He will make things hum, if he goes, that's a fact."

There will be a special train to Morehead on Sunday for the accommodation of those wishing to attend the regatta on Monday. You may go on the special train and return on the mail Tuesday morning for one dollar.

The Star Baseball Club of Washington passed the following resolution, which we get from the Gazette: "Resolved, That the Star Baseball Club do extend most hearty and grateful thanks to Manager Reizenstein, President Manly, Committeeman, Patterson, and also to the entire ball association of New Berne, and to the citizens generally, for the generous attentions and courtesies shown us while in New Berne, 4th inst."

Speaking of the meeting of the Pharmaceutical Association at Morehead a correspondent of the Raleigh Chronicle says: "Dr. M. F. Arrandell, of Morehead City, in a few appropriate words introduced the Hon. Chas. R. Thomas, jr., of New Berne, who in words well chosen, delivered an exceedingly eloquent and cordial address of welcome. This was responded to by Local Secretary F. W. Hancock in his usual modest, though happy and graceful style."

Two Boats Turned Over.

Yesterday morning Mr. George Pipkin was coming to the city from Baird's creek in a sail boat. When off the mouth of Goose creek the boat capsized. There were about three hundred watermelons in the boat, all of which, except one, were lost. Mr. Pipkin had a pretty hard time of it himself, but fishermen passing picked him up.

Mr. Lewis Rowe was coming down Neuse river and his boat capsized off Foster's Wharf. He also lost a load of watermelons.

Personal.

Mrs. Haas and children, of El Paso, Texas, are visiting Mr. M. Hahn.

Mr. J. H. Baker, of Asheville, is visiting relatives in the city.

Mr. John T. Hollister made a trip to La Grange yesterday. He says the people of that town are in good spirits over the bright prospects for business.

Dr. James B. Hughes and wife and Miss Mabel left yesterday for Hillsboro.

Mr. Willet, of the firm of Hackburn & Willet, left for New York yesterday.

Mr. Hezekiah Davis, of this county, reports crops fine in his section.

Mr. G. H. Roberts returned last night from a trip to Wilmington.

Mr. Fred Perry, the genial proprietor of the New Berne House, Morehead, was in the city yesterday.

Rumored Great Undertaking for Morehead City.

Whisperings of a great scheme for development and improvement at Morehead City reach us now and then, but definite details have not been given out. As far as unfolded it appears to be the project of some great Western railway interests seeking a good ocean outlet on the South Atlantic for invited lines of Northwestern traffic. The first step, it is said, is the organization of a mammoth land and improvement company at Morehead, in which large Western capitalists will enlist to purchase and control large bodies of land about Carolina and Morehead cities, and develop and improve the water fronts and privileges there. The scheme will involve the deepening of the bar at Morehead for the largest classes of foreign ships and the establishment of the greatest shipping port between Norfolk and New Orleans.

Regatta at Morehead City.

On Monday next, July 14th, a regatta will take place at Morehead City. The sharpie fleet there is now the largest and finest in this country, and no better or more skillful boatmen can be found in the world.

It has been several years since a boat race has taken place at Morehead, but Messrs. Foster Bros. will make the annual regatta of sharpies one of the attractions of this delightful summer resort.

A purse of one hundred dollars has been made up by Messrs. Foster Bros. and the guests of the "Atlantic" which amount will be divided into four prizes. The lady guests of the House will also present the winning sharpie with a beautiful champion pennant.

At least ten of the fastest sharpies will start in the race, and an additional attraction will be a race between a half dozen or more fast sailing skiffs.

Parties can enjoy this regatta and a few days rest by taking the regular Saturday night excursion (fare only \$1.50) and returning on Tuesday morning.

The A. & N. C. R. R. Co. will also run a special train Sunday from New Berne.

Some Colored Kickers.

CHARLOTTE, N. C., July 9.—John H. Williams, a leading negro politician at Raleigh, has sent out letters to leading negroes all over this State, agitating a call of a race State convention at Raleigh in August. The letter was sent to a prominent negro here who endorses the scheme and says that many negroes here agree with him. The letter says the appointing power of the national administration has discriminated against our race; the same power has attempted to degrade our prominent men by putting them in menial positions, and the attitude of white Republican leaders towards our race is such as to indicate that they no longer desire our support, except as servile tools.

Gen. Clinton B. Fisk Dead.

NEW YORK, July 9.—General Clinton B. Fisk died at his residence in this city this morning, aged 62, from a second attack of the grip. He was the presidential candidate of the prohibition party at the last election.

To the Tax Payers of Craven County.

Notice is hereby given that the commissioners of Craven county will be in session from July 14th to the 19th inclusive, for the purpose of revising the tax list for 1890 as provided in section 37, machinery act. All persons having complaints are notified to appear and make them to said board during their said session.

J. A. RICHARDSON, Clerk.
July 7, 1890. [1] 8-1w.

"A Reply to Citizen."

MR. EDITOR—I desire to thank the author of the article in your issue of Wednesday signed "Citizen," for the valuable assistance he has given the Electric Light Company in its controversy with the city. The industry of "Citizen" in discovering my report of May 6th last is much to be commended, and I sympathize with him for his inability to have discovered in apt time the ridiculous position in which he has been placed by the use which he attempts to make of it. Without intending to be offensive, Mr. Editor, I desire to remark here, and prove it hereafter, that in "Citizen's" anxiety to prove me to be a liar he has followed the example of one of Shakespeare's notable characters who was just as successful in writing himself down in his true colors as "Citizen" has been on this occasion. Now for the proof. It must be remembered that the Electric Light Company has always insisted publicly and privately that it had contracted with the city of New Berne to furnish what is known in electrical circles as a 1200 candle power arc light. That this is a well understood trade name is proved by the article copied in your paper last week from some scientific journal I believe. The Electric company has insisted both publicly and privately, and is abundantly able to prove it if necessary, that this trade name was fully explained to the Board of Councilmen at the time the contract was made and that parties upon that basis. If any evidence is desired to establish this fact I invite the attention of the public to the garbled extract of my official report which "Citizen" has kindly made public. Here it is: "During the year a contract has been made for lighting the city by electricity, and 24 arc lights commonly called two hundred candle power, but are really about seven hundred, etc." Here the fact is specifically stated that the arc lights which were known as and called 1,200 candle power lights were not so designated from the actual candle power furnished but were so called for the purpose of trade. Now, Mr. Editor, in further proof of the contention by the Electric Light Company that the city knew what it was contracting for, if the industry and zeal of "Citizen" had been properly directed to an examination of all the proceedings of that meeting of the board on May 6th, he would have discovered that the board of councilmen with the Mayor's report staring it in the face, actually authorized the Mayor to make another contract for eight more of the very same kind of lights which had already been furnished, and which the board knew was not called 1,200 candle power lights on account of the actual candle power furnished. And yet the present board refuses also to pay for their eight lights as well as the others.

And now, after this statement of the facts and the evidence, some of the strongest of which "Citizen" has kindly furnished me, let us see wherein lies the inconsistency between my report of May 6th and my statement in your Sunday's issue, which "Citizen" has evidently proved to his own satisfaction and great gratification in an argument about six lines long. Here is my statement of Sunday: "Permit me to add that the Electric Light Company knows that it has complied with its contract and will be abundantly able to establish the fact," etc. Is anything said here about the candle power furnished? Not one syllable. It is simply the statement of the fact that the Electric Light Company has complied with its contract. Does the board of councilmen or "Citizen" pretend to say that the Electric Light Company is not furnishing an arc light commonly called a 1,200 candle power light, but are really about 700? If it is furnishing that kind of light, why of course the company knows that it has complied with its contract. Instead, therefore, of having established my inconsistency by an argument six lines long, "Citizen" has furnished conclusive evidence of my absolute consistency, and the justice of the Electric Light Company's claims. This is certainly a remarkable accomplishment in logic, and should not have been marred by "Citizen's" mistake as to the legitimate conclusion and his unfortunate adoption of the wrong one.

I know, Mr. Editor, although "Citizen's" communication is headed like a civil action that no lawyer was guilty of writing, because the mental discipline and discrimination of the average lawyer would never have made so egregious an error as to have adopted a conclusion which was absolutely inconsistent with his very able argument.

I would not trouble you, Mr. Editor, but as this is a matter of interest both to the city and the Electric Light Company, I know that you will cheerfully permit all the light, which can, to be turned on.

"Citizen" states that I am an employee of the Electric Light Company. This is a mistake. I am not, and never have been, an employee of that Company. I am simply striving to have justice done to foreign capital, which has been invested in our community largely through my efforts.

R. P. WILLIAMS.

Y. M. C. A. Business Meeting.

Members of the Young Men's Christian Association:

GENTLEMEN—You are hereby notified to be present at the business meeting tonight at 8:30 o'clock. There will be important business to transact in which the entire Association will be interested. All committees are expected to have written reports.

By order of the President,
ROSCOE NUNN, Sec'y.

ADVICE TO MOTHERS.

MRS. WIRBLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain; cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. July

Duffy's Cough Mixture.

A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who is a druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This Remedy has certainly answered the purpose in my case. It cured a cold, an obstinate cold I had, after I had tried a number of the principal cough remedies without benefit.

W. G. BRINBON,
May 17th, '90.

B. N. DUFFY,
Proprietor.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO., 106 Wall st. N. Y. [unreadable]

Ocracoke.

SUMMER SCHEDULE

OF

Steamer "Beaufort."

For the benefit of those who desire to visit Ocracoke during the season, the BEAUFORT will run the following Schedule:

Leave Washington every Saturday 11 p.m.

" " " Monday 6 a.m.

" " " Wednesday 9 a.m.

Close connections with the steamers from Greenville and Tarboro, and the train from Jamesville that connects with the Wilmington and Weldon Railroad.

On intermediate days the BEAUFORT will touch at New Berne, leaving there 4 a.m. Tuesdays and 11 p.m. Thursdays, connecting with Atlantic Railroad.

FARE

From Washington to Ocracoke and return, \$2.50.

From New Berne to Ocracoke and return, \$2.50.

Single trip tickets, \$1.50.

From Washington to New Berne, \$2.50.

From New Berne to Washington, \$2.50.

AMPLE ACCOMMODATION.

SPENCER BROS.,
Managers.

The steamer BEAUFORT has been rebuilt and made larger, and is now a comfortable and seaworthy boat, and has a permit to carry 250 passengers. j510dw2m

Wonderful Discovery!

The German Anti-Rheumatic Ring!

A speedy and permanent cure for Rheumatism, Neuralgia, Sciatica, Lumbago, Gout, and all other diseases where a general warming, quickening, strengthening and equalization of the circulation is required.

It will last for years, gives no shock, and but a mild, soothing sensation on wearing it. No waiting a long time for results. It acts quickly, generally the first week, more frequently the first day, and sometimes even in the first hour its curative powers are felt.

It is inexpensive, harmless in operation, while simple in application, entailing neither discomfort nor inconvenience. Though marvelous in the results it has achieved, its seeming simplicity has the effect of causing many to doubt its virtues. For further information and price call on
