A BILL has passed the House of Representatives constituting eight hours a day's work for all laborers employed by the Government.

GEN. PALAYIYA has been appointed Captain General of Cuba. The annexation of Cuba to the United States is again being agitated.

QUAY is said to be against the Force bill because he believes that if it passes Patterson will be elected Governor and Pennsylvania become a Democratic State.

THERE is no necessity for any quarrel between the Alliance and the Democratic party, Self-seeking men, either in or out of the Alliance, who attempt to stir up strife between the two organizations, and not true friends to either.—Monroe Register.

The House Committee on the Library have reported favorably the bill introduced by Representative Barrow appropriating \$50,000 for the erection of a memorial monument Isabella I. of Spain, who pledged her jewels to enable Columbus to prosecute his voyage of discovery.

SHIPMENTS of gold continue very large. On Friday the director of the mint authorized the exchange of one million dollars in gold bars for gold coin at the New York assay office for shipment to Europe. This is in addition to a million dollars shipped the day before.

SENATOR FRYE was interviewed on last Thursday night and said that unless forty-three Republican Senators would pledge themselves to remain on duty night and day, sleeping and eating in the Capitol if necessary, ready to vote to put the election bill through, it would be absurd to take it up at all.

A PARTIAL list of the Senator's who are now and at all times opposed to any attempt to pass the election bill includes Messrs. Ingalls, Plumb, Hale, Peddock, McMullan, Farwell, Washburn, Stockbridge, Quay and Hawley. These Senators say there is no sentiment among their constituents in favor of the passage of a force bill now or at any other time.

TROUBLE subsisted between Salvador and Guatemala. The Ranger and the Theta, now at San Francisco, have been ordered to proceed at once to the west coast of Central America. These vessels will not be expected to interfere in the troubles between the two countries, except so far as may be necessary to the protection of American interests.

In the debate on Silver in the Senate, Mr. Morgan went on to speak of legislation on all important matters being now entirely controlled by conference committees—committees of arbitration, whose proceedings were secret, so that if such a committee were bribed to the extent of \$100,000,000 no Senator would be permitted to find it out.

REPRESENTATIVE WILLIAMS of Ohio has introduced a concurrent

resolution in the House, which was referred to the Committee on Rules, providing that the President of the Senate and the Speaker of the House be authorized to close the present session of the Fifty-first Congress by adjourning their respective Houses on July 31 at 2 P. M.

The Democratic Congressional Convention of the Sixteenth Ohio district met at Orrville on the 10th inst. and nominated Jno. G. Warwick. This is Congressman McKinley's district and is now Democratic by about 2,000 in a total vote of 40,000. McKinley has been elected to Congress six times but always from a Republican district. He is now in a Democratic district and will be defeated.

THERE are remarkable stories from Armenia. One comes by way of Constantinople to the effect that a number of Armenian peasants at Alakilas who failed to pay their taxes were burned alive by Turkish Zaptichs. Another report says that "The authorities of Trebizond have sent 26,000 cases of paraffine to Dersem for the purpose of firing an extensive dense forest which is likely to serve as a refuge for Armenians if pursued by Turkish troops.

AMERICAN freemen are not yet ready for imperialism, however carefully the Radical party has been to promulgate the doctrines of an absolute monarchy. Any measure, as the force bill, calculated to make it impossible to dislodge a party when once in power, and designed to substitute force and fraud for the proper expression of the will of the people at the ballot box is worse than imperialism. White men will never submit to espionage of their ballots and coercion of their privileges.—Richmond Times.

Murdered by the Hatfields.

CHARLESTON, W. Va., July 13.—When the lifeless body of Dave Stratton, one of the famous McCoy gang of outlaws, was found near the railroad track at Brownston, several weeks ago, the public generally supposed that he had been run over by a train and killed. Some persons, however, suspected the Hatfield crowd of murdering him. Among these was J. W. Napier, a detective, better known as "Kentucky Bill," who armed with warrants for the arrest of certain of the Hatfields, started out a few weeks ago with the declaration that he would not return without them. Not a word has been received from him, but yesterday word came that his body, cold in death, with a bullet hole in his heart, had been found near the home of the Hatfields. It was impossible last night to verify the report, but it is believed to be true, as his friends would otherwise have heard from him.

A Youth Hanged.

COLUMBIA, S. C., July 12.—Armistead Jones, colored, was hanged at Orangeburg yesterday. He was one of the youngest persons ever hanged in this State, his age being between 16 and 17 years. His crime was the murder of his step-mother. He and a younger brother quarreled with the step-mother one day last February and the boys agreed to kill her. Armistead shot her in a most brutal manner. Both brothers were sentenced to death, but the sentence of the younger was commuted to imprisonment for ten years.

Attention.

Chapter 3, section 3, of the Ordinances of the city of New Berne: "Every owner of a house on a street which has a cellar door, vault or pavement of wood, stone or brick, shall keep the same in repair. If he shall, after being notified to do so by the mayor, a member of the street committee or by the marshal, fail for the space of five days to repair the same, he shall be fined five dollars. And every day which shall elapse thereafter until the repairs are made shall constitute a distinct offence. If there be several owners of such house it shall be sufficient to give the notice to any one of them; if the owner be a non-resident the notice may be given to his agent or to the occupant of the house.

This Ordinance will be rigidly enforced after five days from this publication.
C. A. BATTLE, Mayor,

Wonderful Discovery!

The German Anti-Rheumatic Ring!

A speedy and permanent cure for Rheumatism, Neuralgia, Sciatica, Lumbago, Gout, and all other diseases where a general warming, quickening, strengthening and equalization of the circulation is required.

It will last for years, gives no shock, and but a mild, soothing sensation on wearing it. No waiting a long time for results. It acts quickly, generally the first week, more frequently the first hour, and sometimes even in the first hour its curative powers are felt.

It is inexpensive, harmless in operation, while simple in application, entailing neither discomfort nor inconvenience. Though marvelous in the results it has achieved, its seeming simplicity has the effect of causing many to doubt its virtues. For further information and price call on

Duffy's Cough Mixture.

A prompt and efficient remedy for Coughs, Colds, Croup, Bronchitis, Sore-throats, Diphtheria, Catarrh, Etc.

I have tried DUFFY'S COUGH MIXTURE and take pleasure in recommending it because I believe it will do all that is claimed for it by Mr. Duffy, the proprietor, who has druggist of long experience and a gentleman of highest integrity. I do not believe he would advertise anything that was not exceptionally good. This Remedy has certainly answered the purpose in my case. I cured a cold, an obstinate cold I had after I had tried a number of the principal cough remedies without benefit.
