THERE is little or no probability of the Election bill becoming a law before the fall elections.

OUR esteemed contemporary, the **Atlanta Constitution**, is apparently ambitious to be known as the Mail and Express of the South.

THE river and harbor bill will be taken up in the Senate August 8th and pressed to a determination, the tariff bill being laid aside for the time.

THIS will be a great year for American farmers, provided the McKinley bill does not pass. Good crops in the United States and nearly the whole outside world suffering poor crops.

THE New York Herald's correspondent under date of July 29 says that Hoar's humiliation was complete. He could not get a hearing for the Election bill in the Republican caucus, and the bill was left to die the death of inanition.

THE Sixth Congressional District Convention nominated S. B. Alexander as the successor of Mr. Rowland. W. H. Neal, Esq., was made chairman of the Executive Committee, which means a well planned campaign and energetic work.

A LITTLE more of the "thorough business methods of the House of Representatives, as now constituted and conducted," and this Government would cease to be a Government of the people, by the people, and for the people.—New York Sun.

THE Democratic papers of the State very generally express regret that Mr. Simmons declines to be a candidate for Congress before the nominating convention. If when the convention meets Mr. Simmons is nominated with practical unanimity, he will not and cannot decline the nomination.

THAT fiery patriot, Col. Shepard, warns the South through his paper that if she kicks up any racket over the force bill a million men from the North will swoop down on her and clean things up. In that event it is needless to remark that this valiant warrior at long range would not be among the swoopers.—Wilmington Star.

ALL offices voted for this year are important, but Democrats should especially make sure of the Legislature. Vance, our great leader, has been attacked. His term expires with this Congress, and the Legislature that is to choose his successor is to be elected this summer. Let us be sure that Vance is elected his own successor.

THE Washington Post says: "The Davenport force bill in all probability will never become a law. The industrial system of the South will never become subjected to the strain it would inevitably impose. The gradual settlement of the race question will not be handicapped and set back by such unwise and short-sighted legislation."

AN anonymous circular charges Governor Fowle Judge Clark and Col. Andrews with a disreputable deal. This is intended to injure Judge Clark, and defeat his nomination in the approaching State Convention. We do not propose to champion Judge Clark, but we

despise such a mode of attack, and we trust that the News & Observer or the State Chronicle will take this matter up and present it in its true colors.

MR. HARRISON, with the fate of Hayes before his eyes, does not want to return to a Hoosier farm and look after setting hens like his distinguished predecessor. Instead, he is saving all he can, making as much as he can by speculating in land and using his high office to boom it, and he is pocketing all insults that are tendered him in the shape of Cape May cottages, "tips" for good investment, and anything else that is offered.—Atlanta Journal.

LOCAL NEWS.

August 1.

A hot wave is reported coming this way.

Remember the moonlight sail tonight. Children under 12 years of age 15 cents.

Several passengers from Kingston took the steamer Beaufort for Ocracoke last night.

The State Republican convention has been called to meet in Raleigh August the 28th.

The flour market is excited, say the merchants, and prices are going up. Provisions, generally, are advancing in price.

Do not forget the moonlight excursion by the Baptist Aid Society to night on the steamer Kingston. It will leave at 8:30 o'clock sharp.

Mr. J. B. Holland and **Mr. D. E. Jarvis** have formed a partnership for the purpose of engaging in the dry goods business. We wish them success; they are young men of excellent character, of business capacity, of affable disposition, and deserve success. Tax new firm begins business today. **Mr. O. Marks** loses an excellent clerk. One of the best in New Berne, in the person of **Mr. Jarvis**, but we suppose the place will be filled by a competent man.

The Fire Yesterday Morning.

The fire department was called out about 2 o'clock yesterday morning by an alarm from upper South Front street. The fire was discovered in the grocery store of **Mr. J. B. Roberts**, near the foot of the macadamized road. The flames were quickly extinguished after the firemen arrived. **Mr. Roberts**, however, lost about all of his goods, which loss amounts to about \$200. There was some insurance. The extent of damage to the building, which was a small frame structure belonging to **I. W. Eubank**, has not been learned. Houses on either side were very slightly damaged. The origin of the fire is not known, but it is thought that rats kindled the blaze from loose matches.

Let Her Have It.

"**Miss Annie Rooney**, of Delaware, has applied for a pension. She ought to have it, if unremitting public service counts for anything. For months we have had no relief from 'Little Annie Rooney.' If she will only get a pension now and retire, we shall be glad."—Raleigh Chronicle.

We advise somebody (whoever business it is) to give "**Annie**" a pension, and to "hurry up" about it, if that will persuade her to retire to private life. If she don't retire soon, a great many people will need the assistance of public charity. The asylum is full now.

Republican County Convention.

The Republican Convention of Craven county met in the court house yesterday and organized by the election of **Frederick Douglas**, president, **Ham**, secretary, and **John B. Willis**, assistant secretary. The convention was full, every precinct being fully represented.

A committee on resolutions was appointed and reported, in substance: The endorsement of the National Republican party; opposition to County Government and the State Election Law.

Geo. H. White was endorsed for Solicitor, and **H. P. Cheatham** for Congress.

The following nominations were made: For Senator, **Edward Ball**; for Representative, **John S. Chapman**; for Clerk Superior Court, **E. W. Carpenter**; for Sheriff, **R. P. Williams**; for Register of Deeds, **George Green, Jr.**; for Coroner, **A. G. Oden**; and for Surveyor, **Henry J. Lovick**.

The event of the day was the nomination

of **Mr. Williams** for sheriff and his acceptance of the nomination. Nominations for sheriff being in order, **Joseph Hahn** and **R. P. Williams** were placed in nomination. It was proposed that the nomination be suspended until **Mr. Williams** could be heard from. The suggestion was opposed and a committee appointed to wait on **Mr. Williams**. After a little time the committee returned and reported that they had performed the duties imposed upon them and that **Mr. Williams** was in the house.

Loud calls were made for **Williams**, and, in response, he rose and spoke substantially as follows: "Mr. President and Gentlemen: Inasmuch as I have been treated so well by you and so badly by the Democratic party, they having gone to Alabama for a mayor and having received **Lon Moore** into the party, I sever all connection with them and accept your nomination."

The remarks of **Mr. Williams** were received with loud applause and his nomination was made unanimous.

It is but fair to say that the convention was harmonious and its business conducted with promptness and decorum.

One of the Many Who Regret It.

In noticing the withdrawal of **Hon. F. M. Simmons** from the Congressional race, the **Twin City Daily** says:

"We see from the New Berne Journal that ex-Congressman **F. M. Simmons** had withdrawn his name as a candidate for the nomination for Congress from the second district. We very much regretted to see this. **Mr. Simmons** is one of the ablest, most patriotic and fearless men in the district. His term in Congress two years ago showed the kind of metal out of which he was made. He did more for this district than has been done by any other representative since the war."

He made a bitter fight against the jingo bagging trust in the interest of farmers while in Congress, and these men in turn when he was re-nominated, used their money and influence to aid in accomplishing his defeat, and now we learn the farmers for whom he labored so hard are the men who, through the Alliance, are forcing him to withdraw from the nomination. It is another sad comment upon the ingratitude of people. They will now no doubt turn to a man who knows more about politics than he does about patriotism—more about pandering to prejudice than he does following the convictions of an honest heart."

Personal.

Hon. T. J. Jarvis, who has been at Morehead for a month, passed up the road yesterday morning.

There was quite an exodus of New Bernians to Black Mountain yesterday. Following are the names of those who composed the party: **Mr. and Mrs. C. E. Slover**, **Mr. and Mrs. Geo. N. Ives**, **Miss Lullie Ives**, **Mrs. E. B. Ellis** and **Miss** daughter **Lizzie**, **Miss Emma Katie Jones**, **Mrs. E. H. Ellis**, **Miss I. H. Ellis**, **Miss Aurora Mace**.

Miss Sadie Hollister left yesterday for Morganton.

Miss Lucy Taylor, who has been spending sometime with friends in the city, left yesterday for Mt. Olive.

Misses Ada and Jennie Burrus and **Miss Sophie Jones**, who have been visiting in Hyde county for several weeks, have returned home.

Capt. Thos. Gates has returned from Fort Barnwell.

Gen. Robert Ransom, who made a trip through a part of Lenoir and Pitt counties yesterday, says that the crops are still very fine. There has not been too much rain.

Among the passengers on str. Beaufort last night for Ocracoke were **Moesta H. W. Wahab**, **Roscoe Nunn**, **Lieut. F. Winslow**, **Mrs. W. M. Watson**, **Mrs. B. B. Davenport** and two children, **Mrs. H. L. Gibbs** and **Mr. and Mrs. Parrott**. We learn there are now about two hundred visitors at this pleasant seaside resort.

Three Children Killed by a Train on a Bridge.

PATERSON, N. J., July 29.—A slaughter occurred on the Erie Railroad bridge over the Passaic river this evening. Five children, returning from a blackberry expedition with well filled baskets, started to cross the bridge. When the children were nearly across the bridge, which is without rail or foot-path, the children saw the train approaching on the west-bound track, and stepped upon the east-bound track, but the fast passenger train came rushing towards them. The children were paralyzed with fear, and crowded together directly before the approaching train. The engineer saw them, but dared not apply the brakes suddenly as that course might have sent the train through the bridge. It was an awful moment. People on the bank of the river shouted to the children to get between their cries were useless, for the locomotive struck the group of little ones and hurled three of them upon the other track dead. The engineer was overcome at the appalling sight. He had strength left, however, to stick to his post and stop the train as soon as it had crossed the trestle.

The declining powers of old age may be wonderfully recuperated and sustained by the daily use of **Hood's Sarsaparilla**.

NORTH CAROLINA NEWS.

Scotland Neck Democrat: Scotland Neck had only 482 inhabitants in 1880. We have not heard the returns for this year, but suppose it must be near a thousand.

A stock company was organized at Greensboro Saturday, with \$100,000 capital, which will at once erect large rolling mills, land having already been purchased for the purpose. Several hundred hands will be employed.

Washington Progress: Elizabeth City shows a population of between 2200 and 3300. The Carolinian claims that for partisan purposes the lines of the town have been drawn in so as to cut off 1,000 people living in the suburbs. We do not know how this is, but doubt if that had anything to do with the failure to extend the city limits.

Goldboro Dispatch: A second ward neighborhood was aroused last night by the screams and cries for help of a colored woman who lives alone. When the neighborhood reached the house, she was found in a very excited condition in a neighboring yard. Her story is that an unknown colored man entered her house while she was asleep, and without notice began beating her with a big stick. When she screamed he ran, and she is at a loss to account for his conduct.

A Grave Charge.

WASHINGTON, July 29.—**Mr. Oates**, of Alabama, offered in the house today a resolution reciting the charge made by the Farmer's Alliance that millions had been spent in lobbying the Silver bill through Congress, and calling for an investigation. The resolution was withdrawn temporarily.

WENT OFF TO MAKE FORTUNES

AND TWELVE HUNDRED RETURN HOME IN A DESTITUTE CONDITION.

LONDON, July 30.—A steamer has arrived at Marseilles from Buenos Ayres with twelve hundred returning emigrants on board. These people, who were induced to leave France, Italy and Germany for the Argentine Republic, on account of the report of facilities and prosperity of that country, return in a destitute and despairing condition. They declare that it was impossible for them to find employment and that the land is all taken up or held at high price, except in remote districts where it is as yet valueless. They would have starved if they had remained longer in the country.

GOV. LEE AND THE BOYCOTT

He Doesn't Like It

NEW YORK, July 30.—**Ex-Governor Fitzhugh Lee**, of Virginia, who is in this city, said in an interview yesterday that he was opposed to a boycott in retaliation for the so-called force bill, and he believed Virginians generally were. In his opinion, however, the bill would promote strife and unsettle values in the South, and it was therefore opposed to both Southern and Northern interests.

A MAGNIFICENT TRAIN.

THE FINEST ONE IN THE WORLD TO RUN ON THE B. & O. ROAD.

WASHINGTON, D. C., July 30.—The Baltimore and Ohio Railroad Company received from the Pullman shops today what is claimed to be the handsomest train of passenger coaches in the world. The cars are enamelled in a rich, glossy dark blue. The train is to be known as the "The Royal Blue" and is to run on the fast service between Washington and New York. The interior of the cars represent the latest devices for lighting, heating, etc., and the upholstery and draperies are magnificent, harmonizing in every detail to a nicety. The train has been on exhibition at the B. & O. station this afternoon.

Lumber Yards Burned.

CHICAGO, July 30.—A disastrous conflagration broke out tonight on the Lake front, at the foot of Michigan street. It began on the Fitzsimmons & Connell, contractors, and quickly spread to the lumber yards of **Ayer & Co.**, and **Whitcomb & Co.** A wilderness of slips and wharves rendered the place almost inaccessible for fire engines, but the fire boats, provided by the city for just such an emergency, remedied the difficulty in a measure.

Ten acres of lumber was consumed, together with forty freight cars. The direction of the wind alone saved the shipping and warehouses in the vicinity. The loss will not exceed \$800,000.

A Million Dollars Worth of Property Destroyed.

SENOGA FALLS, N. Y., July 30.—A fire broke out here late last night, before the flames were gotten under control at noon today, destroyed about a million dollars worth of property in the business part of the town. Fifteen acres of ground were burned over.

Another Alliance Nominee for Congress.

ATLANTA, Ga., July 30.—The Democrats of the fourth congressional district today nominated **C. L. Moses**, an Alliance man, to succeed Representative **Grimes**.

A Duel Feared.

FREDERICKSBURG, Va., July 30.—**Daniel Lee**, nephew of **Gen. Fitzhugh Lee** and **Frank Hume**, rival candidates for the Congressional nomination in Stafford county, have exchanged bitter threats in the newspapers, and a duel is feared.

TWO MEN DROWNED.

ALEXANDRIA, Va., July 30.—This afternoon a boat on the Occoquan river containing four intoxicated men upset. **Joseph Tavenner** and **J. M. Feros** were drowned. Their bodies have been recovered.

Brooklyn's Population.

WASHINGTON, D. C., July 29.—The rough count of the population of Brooklyn, N. Y., has been completed by the census office. It shows that the population is 804,337, an increase since 1880 of 237,714 or 41.95 per cent.

Peace on Earth

Awaits that countless army of martyrs, whose ranks are constantly recruited from the victims of nervousness and nervous diseases. The price of the boon is a systematic course of Hostetter's Stomach Bitters, the finest and most genuine of tonic nervines, pursued with reasonable persistence. Easier, pleasanter and safer than to wash the victim's department with pseudo-tonics, alcoholic or the reverse, beef extracts, nerve foods, narcotics, sedatives and poisons in disguise. "Tired Nature's sweet restorer, balmy sleep," is the providential recuperant of weak nerves, and this glorious franchise being usually the consequences of sound digestion and increased vigor, the great stomachic which insures both is productive also of repose at the required time. Not unrefreshed awakens the individual who uses it, but vigorous, clear headed and tranquil. Use the Bitters also in fever and ague, rheumatism, kidney troubles, constipation and biliousness.

Hood's Sarsaparilla has a steadily increasing popularity which can only be won by an article of real merit. Give it a trial.

WHAT IS A COLD IN THE HEAD? Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, &c. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a catarrhal condition—for catarrh is essentially a "cold" which nature is no longer able to "resolve" or throw off. Ely's Cream Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.
