condition, and our players are ready to meet all comers.

Reform for the Alliance.

EDITOR JOURNAL:-The next Legislature will undoubtedly be under the dominant influence of the Farmers' Alhance, and many reforms are demandes and promised.

Among others the Alliance calls for entarged jurisdiction of justices of the peace. In effecting that, let the reform go to the extent of abolishing all fees of the county magistrates in State cases. No greater evils ever grew out of any saw at Blade's mill yesterday. He fell system of administeriog the law than from a stage and struck the saw. The bave fastened themselves upon the people of North Carolina under the practice of allowing justices of the peace to Hollowell & Petersons' excursion tax the county for their fees by committing insolvent defendants, in trivial of Kemmler, the murderer, and so cases, to jail to insure their costs.

Go to ninety-eight counties in the State, and you will find as many magistrates' drag-nets set for fees or costs, There was a lively fight at the fish and no defendant will escape, if there-The defendant will go to jail, at the

The cities and incorporated towns have mayors, salaried, and fully able There are to be several picnics in this to hear and try all offences committed within their jurisdictions, and there is no need of towns full of paid magis trates besides. In the country the justices of the peace can well afford to attend to the business that comes before them, for the welfare of their communuy, and the position of prominence the office gives them.

Go back to the system before the war. where men were glad to serve their neighborhoods as justices of the peace, coupy the position of magistrates of their counties, without fee or reward. Aboiish the feet of justices of the

peace in State cases, and you will adopt could be hit upon.

The Effort.

EDITOR JOURNAL:-The managers of the Foir are meeting with the most are in danger. Men may be sacri- full information in regard to this col- but to travel through the towns and country, if he would know the interest that is being taken in this enterprise. Carolina must be true to the Demo. The catalogue of students shows an In the incipiency of this effort many enrollment of 206 during the year. This were the discouraging observations is the largest number of students that made, but no such observations are being made now; and so propitious are the indications of success that cheering congratulations are wrung from the most precarious, and our sanguine brothers are almost zealots. Our agents are doing effective work, and with their exhibits, will bring immense the company regretted very much to crowds. Our premium list is out and part with the faithful old anims's, so liberal are the proffered premiums that even the garrulous gold eaters do not murmur. Like Wednesday..... all great inventions, it is a simple one. Monday..... It is a patent door bell and alarm combined. In ordinary use it is a door bell, but the turning of a knob sets it as an alarm which rings the moment and when such men as Thomas Ruffin the door is opened. It is said to be a and George E. Badger felt honored to splendid trick. An Atlanta firm offered Mr. Ritch \$65,000 for the right for three States, but he refused the offer. He has already sold \$16,000 worth of State rights. The inventor is a brother to lotte News.

Wind and Hail Storm.

MASON CITY, Iowa, Arg. 5.- A de structive wind and hail storm, much worse than at first reported, swept over Licens, Osceola, Dickinson, Emmet and Winnebago counties Sunday, destroy ing nearly everything in its pathway Many horses and cattle killed and men, who were out, were badly cut by the hail and several are reported seriously injured. The track of the storm was about 14 miles wide following eastward the South Minnesota State line. Hail stones as large as hen eggs fell to a depth of six inches. Flax which was heavy crop was entirely runined. Wheat and oats in shocks were so badly damaged as not to be worth threshing Several houses were blown down and it would take thousands of dollars to cover the damage to farmers alone.
