IOWA is believed to be in a fair way to go Democratic in 1892.

The Marine Hospital Bureau is informed that there is a case of yellow fever at Obanoleur quarantine station, Miss.

As a society for the promotion of Agriculture the Alliance is a great success; as a political party it is a failure because it fails to grasp great questions of national policy.

The Emperor of Germany and the Czar of Russia have had a meeting at St. Petersburg which it is believed will tend to the promotion of an amity between the two nations and the peace of Europe.

The price of silver in London on Monday was fifty-four pence, the highest price reached since April 1878. Never did any Government blunder worse than the United States did in demonetizing silver.

NEWSPAPERS of the state are commenting on a published interview with Dr. Grissom. It is of very little importance what he thinks of North Carolina. She repudiated him for just cause, and his ravings are of no consequence.

The admission of New States has greatly re-enforced the Republican column. But for this their defeat would be certain in 1892, and even as it is, perfect organization and thorough discipline on the part of the Democracy will accomplish this result.

WITHIN the last ten days Senator Vance has made several speeches in North Carolina, all of which were well received by the people. It was not necessary for the Senator to come home and "look after his fences," but it was appropriate for one so able to discuss, before the public, the living issues of the day.

THERE seems to be a very general desire for Congress to adjourn. Congressmen themselves are tired out. Never before were there so many members absent. Republicans themselves are divided in opinion as to what is best to be done, and it would not surprise us if neither the tariff nor the force bill was passed.

THE season is near at hand in which it has been said another negro exodus is to be expected. We do not think a large exodus will take place. The present good crops and the rewards of labor incident there to will greatly allay the discontent that has so generally prevailed. Then, too, those who went away have not had their expectations realized.

It is said that even Pennsylvania is getting to be a doubtful state. Pennsylvania ought to be a Democratic state. In the olden time she was the Keystone of the Democratic arch. War measures carried her into the Republican party, and it may be expected that she will

return to the Democratic party as soon as sectionalism sufficiently subsides to permit her people to return to reason.

The singular statement is made that in Guatemala "a proclamation has been issued that all men who were not ready for military duty would be shot." It is bad enough not to be able to serve ones country in the field, but to be shot for not being ready is awful. "Every servant, even those on the coffee plantations, has been drafted into the war, and there are not enough left to supply food."

The House of Representatives made short work of the Anti-Lottery bill Saturday, which was passed without opposition. This bill authorizes postmasters to exclude from the mails lottery tickets, &c., and to exclude also letters addressed to parties known to be acting as agents of lottery companies. Whether it confers upon them the power to hold "suspected" letters we do not know. This was the most objectionable feature of the proposed law, because it put it into the power of a postmaster who might be disposed to abuse his office and annoy or injure those whom he might feel inclined to annoy or injure. To the main purposes of the bill no one not peculiarly interested in lotteries objects, for the Government unquestionably has as much right to exclude frauds of that kind from the mails as it has to exclude obscene literature.

LOCAL NEWS.

NEW ADVERTISEMENTS
LOST—A large English setter.

A number of stockholders passed down to Morehead last night.

The State Convention was not largely attended, and the proceedings were very quiet.

The stockholders' train will pass through the city today about 11 o'clock, leaving Goldsboro at 8.

The annual meeting of the stockholders of the Atlantic and North Carolina railroad will be held at Morehead today.

Peg-Leg Williams went down to Morehead last night. He said he was going fishing. He will probably catch blue fish, trout, etc., on this trip. Later, in the fall, he will probably bait his hook for black fish exclusively.

Annie Latham, colored, died suddenly at her home on Broad street yesterday morning. She fell in the yard, and a few minutes after being carried into the house expired. The cause of death is attributed to heart disease.

Mr. George Green, of Broad creek, while at a "log rolling" about a month ago, received a blow under the arm from a stick that slipped in some way while a heavy log was being moved. The wound was not regarded as serious until a few days ago, when dangerous symptoms developed. Yesterday he was brought to the city for treatment.

Work on the new Y. M. C. A. hall is being rapidly pushed forward, and when it is completed it will be a delightful place of recreation for young men and the boys. It will be a great improvement over the former hall. Besides a library and reading-room there will be a large parlor in which various games will be placed, and two other tastefully fitted up committee rooms. The gymnasium will be in the main hall and will be much better arranged than the former one on account of its being in the same building with the other departments.

The steamer Annie sailed yesterday with cargo of lumber from South Creek to Philadelphia, being in command of Capt. Davis, of the Eaglet, whom it is thought on his arrival at Wilmington, Del., will be assigned to the new steamer now building for the E. C. D. line, and remain with her until she is ready to come south. Chief Engineer Savin, of the Vesper, also went on, having been appointed chief engineer of the new boat. We are reliably informed that the new vessel will be called the Neuse, and trust that Bro. Creevy will not take the failure to name it the Wm. Gaston too much to heart.

WITH Ely's Cream Balm a child can be treated without pain or dread and with perfect safety. Try this remedy. It cures catarrh, hay fever and colds in the head. It is easily applied into the nostrils and gives relief with the first application. Price 50c.

Quay Denounced as a Traitor by the South-Haters.

WASHINGTON, August 18.—The advocates of the force bill continue to denounce Senator Quay as a "traitor" because he proposes to side-track that infamous measure that is becoming almost as unpopular in the North as in the South, but the Pennsylvania keeps right ahead, and it is said that either tomorrow or in the near future he will press his resolution to wind up the session next month without including the election bill as one of the measures that shall be pressed to passage. Mr. Quay has an important point to work. He is chairman of the National Republican Committee, and if he lives is going to hold on to the place until after the meeting of the next national convention of his party. He expects to be pretty thick with the man who will receive the Republican nomination for the presidency in 1892, and even if the nominee is not a millionaire he will need the money of the millionaires to put him through, and Quay would rather have a big campaign fund than to have the uncertain advantage that the hot-heads claim the party would enjoy were the force bill to be passed and put in operation. Mr. Quay realizes that the rich men on whom he will have to rely are more anxious to have the tariff passed than a dozen force bills, and Quay is of the opinion that the moneyed Republicans want this strife and contention to cease, the tariff bill to be put through, and the radicals squelched, so that the development of the country regardless of section can go ahead.

Mr. Quay thinks that it would be bad politics to press the force bill, and he seems determined to kill the measure, and he will do it, according to present indications.

Yellow Jack.

WASHINGTON, August 18.—The Marine Hospital Bureau is informed that there is a case of yellow-fever on board the bark Castillo, from Cienfuegos via Pascagoula, now detained at Chandeleur quarantine station, Mississippi.

PROGRESS.

It is very important in this age of vast material progress that a remedy be pressing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

REPUBLICAN MASS MEETING.

HELD AT THE COURT HOUSE IN NEW BERNE TUESDAY, AUG 19.

Committee on resolutions reported the following:

Whereas, The Republican County Convention held at the Court House in New Bern on the 31st day of July, 1890, ignored all principles of right and justice, abrogated the great principle upon which the Republican party was founded, as well as the very essence of Constitutional liberty, denied by their action that all powers are derived from the people, and that the will of the majority whenever lawfully expressed shall govern, therefore

Resolved, That the action of said Convention in seating Messrs. Richardson, Lawrence and Foy, as the legal delegates to represent the Republicans of the 4th ward of the city of New Bern, after it had been clearly shown that at the ward primary to elect such delegates they received but 51 votes against 65 votes cast, for Messrs. Crawford, Smith and Johnson, who were unlawfully rejected, was a gross fraud, and a usurpation of the rights of the majority not to be tolerated or submitted to, and we hereby enter our solemn protest against such actions.

Resolved, That the action of said Convention in seating Messrs. Fisher and Merrick who received but 13 votes, as shown by the official statement of disinterested witnesses against 75 votes cast for Messrs. Williams and Bryant as the legal delegates to said Convention chosen at the Republican primary meeting held at St. Phillips precinct, 5th ward of the city, was the carrying out of a most nefarious scheme concocted by the office-holder at the Custom House, detrimental to the interests and well-being of the Republican party, and as such deserves and should receive our unqualified disapproval.

Resolved, That we protest against the Federal patronage being used in the city and county for the purpose of corrupting the party, and calling the Hon. William Windom, Secretary of the U. S. Treasury, to demand of the Custom employees at this place their resignation, or the summary dismissal from the office they so flagrant neglect and disgrace, as evidenced by the charges and specifications to be presented him from this meeting.

Resolved, That the purest of votes, corrupting the members of the Convention, and the business transacted by the now Clerk and ex-officio Clerk of the Superior Court for the county of Craven deserve and receive our contempt and indignant disapproval, and we call upon the Representatives of the county and all persons in favor of honest government to reject their indignity and insult at the polls.

Resolved, That as Republicans, having at heart the success of the Republican party, and place it upon the highest, as indicated by Lincoln, Wade, Sumner, Morton and others.

Resolved, That a committee of three be appointed to wait upon Hon. Wm. Windom, and to carry into effect the object of the foregoing resolution. The chair appointed Hon. J. E. O'Leary, Hon. E. R. Dudley, and V. A. Crawford, Esq.

Resolved, That the action of the late so-called Republican Convention be denounced.

Resolved, That a Republican be appointed by the chair from each voting precinct in the county, whose duty shall be to carry out the objects of this meeting.

Committee—Isaac H. Smith, W. H. Thompson, H. B. Johnson, Isaac Webb, J. T. York, Paul Williams, A. Gaston, C. R. Robbins.

NORTH CAROLINA NEWS.

Carthage Blade: The meanest man in the world is he who will run down his town paper when he does not give one cent towards its support.

Winston Daily: Mr. Vanderbilt made the contractor for the Baltimore railroad from Asheville's give bond to pay him \$100 per day for every day after the limit that he delayed the finishing of the road. The contractor made Mr. Vanderbilt give bond to pay him \$200 for every day he gained on the contract. Mr. Vanderbilt was compelled to forfeit \$3,400 to the Southern contractor, he having finished it 34 days before the time expired.

Another Enterprise for Goldsboro.

On last Saturday there was incorporated in Goldsboro the latest outcome of the progressiveness of her citizens in the line of manufacturing enterprises. We refer to "The Argus Knitting Mills," and as we think of this, the legal completion of a very important business move, our mind naturally runs back to compare the present of our city's condition with the past.

When the Argus, nearly six years ago, entered the field as a worker for Goldsboro's good, there were but three manufacturing enterprises in the city, now there are more than a score of them. This is not the result of a boom, but is a healthy growth, and is indicative of the substantial condition of business interests.—Goldsboro Argus.

EMPEROR AND CZAR.

THEY GREET EACH OTHER ON RUSSIAN SOIL, AND ARE LOUDLY CHEERED.

ST. PETERSBURG, August 18.—When the Emperor of Germany arrived at Narva last evening, he was attired in the uniform of the Viborg Regiment, Order of St. Andrew. The Czar was in uniform of the Alexander Regiment, and on his breast was the decoration of the Order of the Black Eagle. The Czar's wife, Gen. Von Sacken, Russian ambassador to Germany, and a number of other prominent persons accompanied the Czar and received his majesty at the railway station. After the members of the Emperor and Emperor's suites had been presented to each other, the Czar and Emperor were driven to the Pollowitsee Palace, where the Czarina extended a hearty welcome to the imperial guest. A large crowd lined the route from the station and cheered the Czar and Emperor and Chancellor Von Caprivi.

TO FORCE THE FORCE BILL.

A REMARKABLE STEP TAKEN BY REPUBLICAN CONGRESSMEN.

WASHINGTON, Aug. 19.—A paper was circulated on the floor of the House today, addressed by the Republican members to the Committee on Rules, pointing the necessity for final action by Congress upon the national election law, and expressing the willingness of the signers to continue the present session until such action is had. Mr. Kennedy, of Ohio, circulated the paper, and it was reported that more than fifty Republican signatures had been attached to it before the House met at noon. The Southern Republicans, who have been protesting most strongly against the force resolution, have so far refrained from any united action, and it is said that the counsel of leading spirits to avoid a sectional movement and to cast their lot with the majority of the party, will prevail.
