It may be Cleveland in 1892, or it may not. It will certainly be Democracy.

THE Republicans of the Ninth district have renominated Hamilton G. Ewart for Congress.

THE Farmer's Alliance of Georgia adopted cotton bagging as the Alliance covering for cotton.

THE Virginia State Alliance passed resolutions thoroughly Democratic. We have always said Southern Alliance men are Democrats.

The late State Democratic Convention was in session for a shorter period than usual in such conventions and did its work well. So much for knowing what to do and how to do it.

EVERYBODY has heard that a cat has nine lives. To what family of the feline tribe the Force bill belongs we don't know, but it has been killed half a dozen times and is still kicking.

ADVICES from Paris are to the effect that the Count of Paris will probably abandon his proposed visit to the United States owing to the feeling in France against the McKinley bill.

ON Thursday night the Republican Senatorial caucus appointed a committee to arrange an order of business resolution to take the place of the Quay resolution. It is said it will leave the force bill over till next session.

MONEY is tight in New York. During the week it has been loaned in Wall street at from 20 to 60 per cent. interest and on Friday it went up to ½ per cent per day, or at the rate of 180 per cent. per annum in call loans.

It is claimed that there will be fifty Alliance members in the Fifty-second Congress. We think this is indicative of good. The Southern Alliance men are certainly Democrats, and we trust that Northern Alliance men will draw from the Republican party.

"COD FISH" HOAR, Grand mother Hoar, old Mrs. Hoar, or Senator Hoar as it may please one to call him, does not love the tariff bill less, but he loves the force bill more. He is belligerent and is always ready for a fight provided there is to be no stepping on toes.

SAM JONES will very soon commence a series of meetings in Wilmington, N. C. There are many opinions in regard to him. This writer has heard him with great pleasure and has seen many evidences of his good work. To appreciate Sam Jones one must hear and know him.

THE negroes held a mass meeting at Birmingham, Alabama, and protested against the Force bill as unnecessary and as calculated to not trouble and to defeat the

will of the people at the polls and thereby destroy the fundamental principles of our Republican form of Government." This shows the effect of education.

CARDINAL MANNING in delivering an address on the late Cardinal Newman in London, said that "although it was too soon to measure fully the work of Newman, it was certain that no living man had so changed the religious thought of England. It was the inspiring genius of the tractarian movement that was shaping the Church of England into its present life. But for him rationalism would now reign supreme in the national religion."

The Colored Industrial Stock and Fruit Fair opens Tuesday with a promise of a good attendance. Season tickets will be placed on sale Monday at the drug stores of Messrs. R. J. Gooding and C. S. Bell.

Goldboro has had a big case of poisoning. The family of Mr. Sam. Cohn, consisting of eleven persons, were all prostrated, but the immediate attendance of a physician prevented any fatality. The poisonous substance was supposed to be in the coffee, as it was the only thing on the table of which every member of the family partook.

Would it not be well for the Legislature to pass an act making the Atlantic and North Carolina Railroad the "Atlantic Division of the North Carolina Railroad?" and though the two roads shall practically become one, and the two corporations are merged, yet let the North Carolina Railroad Company issue its certificates for the Atlantic stock to all present holders, as of the "Atlantic Division of the North Carolina Railroad." This would leave all present stockholders in actual possession of their present holdings, without detriment or damage to any one of either corporation.

Alex. Morton Sentenced to be Hanged. The case of Alex. Morton, the colored woman who has for a number of years been going in male attire, terminated at Lenoir court Saturday after a two days' hearing. After a full investigation the jury returned a verdict of guilty and Judge Armfield pronounced the sentence that she be hanged October the 17th. The victim of Alex was a white woman by the name of Julia Morgan, the particulars of which were given in the JOURNAL of last week.

An Honored Call.

Rev. Dr. L. C. Vass, pastor of the Presbyterian Church of New Berne, has received a call as evangelist to take charge of the Fayetteville District, one of the most important in the State. The position was vacated by Rev. Dr. Mack who has been sent to Georgia. We would regret to see Dr. Vass leave. He has been in charge of the church here a number of years, during which time he has identified himself with our citizens and won their esteem. We know of no one better fitted to fill the place than Dr. Vass. Besides an active worker in whatever he undertakes, he is still a close student and one of the best read men in the State.

Hood's Sarsaparilla has a steadily increasing popularity which can only be won by an article of real merit. Give it a trial.

The New Fire Engine Horses.

It having become necessary to buy another pair of horses for the New Berne Steam Fire Engine company, a careful investigation to ascertain the pair best adapted to the city's requirements was made and a pair in Richmond, Va., determined on.

After deciding to take this pair a telegram was sent Thursday night, ordering them. They were shipped quickly as possible, leaving Richmond about 2 o'clock Friday and arriving here at 12 o'clock yesterday. Their color is black and they present a fine appearance.

In the afternoon they were hitched to one of the city wagons and taken out a short distance on the streets. They were weighed on the scales at the Ellis coal yard and found to weigh 1225 and 1285 pounds, a total of 2510 pounds for the pair. Their ages are 7 and 8 years. The cost was \$550 for the pair in Richmond.

There was no extra care bestowed upon these horses previous to the purchase for the sake of causing them to make an attractive appearance, but they were taken from actual hard service on the streets of Richmond. They were worked clear up to the day of shipment. They appear strong, active and well trained, ready for whatever duty is required of them and we believe that in their purchase the city has made a valuable acquisition.

TWO DOOMED CROATANS

UNDER SENTENCE OF DEATH IN THE LAND OF THE LOWREYS—CONFEDERATE PENSIONS.

RALEIGH, N. C., August 22.—Governor Fowle today paid \$200 reward for Steve Jacobs, the Croatian Indian outlaw, who was recaptured in Georgia this week, and who was yesterday lodged in jail at Lumberton. Jacobs is closely guarded to prevent his again escaping. He is under sentence of death for the brutal murder of Mrs. Earp, an aged white woman. His uncle, Purdie Jacobs, is in the same jail under sentence of death for the same crime.

TO THE ROCKIES.

The Governor today received a telegram stating that the delegates to the national congress of farmers which meets at Council Bluffs on the 26th instant will be given a complimentary excursion over the Union Pacific road to Denver and the Rocky Mountains.

THE COLLEGE SOLID.

Upon inquiry at the Department of Agriculture today it was learned that everything had been satisfactorily arranged in regard to the carrying on of the Agricultural College, and that January 1st nearly \$4,000 from the land-scrip fund will be available. The trustees of the college will soon meet and establish an industrial institution for the colored race. This will be done under the provisions of the new Morrill bill, which gives \$15,000 annually to the two races for this purpose.

NO JUTE BAGGING.

The State Farmer's business agent of the Alliance reports today that he is doing an immense business in furnishing supplies of cotton bagging to the Alliance. He is using for this sugar sacks and sacking, which he purchases in New York. The bagging made of pine straw could not be furnished here in sufficient quantities. The Alliance will use no jute bagging.

CONFEDERATE PENSIONS.

Auditor Sanderlin is examining the applications of disabled soldiers and soldiers' widows for pensions. Over 3,000 applications have come in from the county boards of pensions, or about a thousand less than the number to whom pensions were paid last year. After the Auditor examines the applications they will be submitted to the State Board of Pensions, composed of the Governor, Auditor and Attorney-General, and payments will be made early in November.

The N. C. and the A. & N. C. Railroads.

EDITOR JOURNAL.—The postponement of the annual meeting of the A. & N. C. R. R. will not bring it too late to consider of the best, most practicable disposition of the road.

Let action be taken, asking the Legislature for the necessary legislation enabling the North Carolina Railroad Company to buy the stock, State and private, of the A. & N. C. R. R.

In the case of the State stock, an actual purchase may not be necessary; the State could transfer her A. & N. C. stock to the North Carolina Railroad Company, under some equitable arrangement of the Legislature.

As to the private and county stock, the North Carolina Company could buy outright, or issue certificates under the transfer, entitling holders to rights of participation in such portions of the net earnings of the A. & N. C. Division as subsequent events should disclose as actually belonging to them.

But of matters of detail, more hereafter.

One thing is certain, that so long as the A. & N. C. R. R. remains a fragmentary system, cut off from the other great systems of the State, it can never amount to anything, as a developing force through the sections of country it belongs to.

The State's interest of three millions subscription, now four millions in actual property value, in the North Carolina Railroad, impels her to protect that interest. Her greatest protection will be found in her possession of an independent outlet to the sea over the A. & N. C. R. R.

No one is so blind as not to see that, in the multiplication of railroads through and across the State, the North Carolina Railroad will be left in a defenceless and helpless position, at the termination of the present lease, if that road shall remain as at present, a mere intermediate link between Charlotte and Goldsboro.

Every interest of the North Carolina Road, and the impotency of our own, demands a close union of the two.

Two Hundred Criminal Indictments. CINCINNATI, August 22.—A Hazard, Ky., special reporter that Judge Lilly's court, held in a tent guarded by soldiers, has resulted in 200 indictments already, many of them for murder and kindred acts of violence, and the sheriff with a military posse is making arrests in the mountains.

IN MEMORIAM.

For some time past the home of one of our most esteemed citizens has been the house of sorrow. A few years past a daughter, then in the prime of life, was chosen by the Angel of Death as a victim. She died leaving two small children, one of whom soon followed her. A few months past another daughter, and only a few weeks intervening another daughter, and now the wife and mother is added to the sad list. If the sympathy of an entire community can assuage the sorrow of the bereaved family they have it to an extent seldom equaled.

Sacred to the memory of Mrs. Elizabeth Slover, wife of Charles Slover, Esq., died August 19th, 1890, in the 73th year of her age.

In the death of Mrs. Slover Newbern loses one of her most esteemed citizens, and although her death was not unexpected, she having long since arrived at three score and ten, the allotted age, yet that did not lessen the feelings of sorrow which pervaded our community.

For a half a century she was an exemplary member of the Presbyterian Church, and faithful in the performance of her duties therein.

On Wednesday afternoon the funeral services were held at the home of Mr. Slover, the Rev. Dr. Vass officiating. Newbern, N. C.
