**OPENED TO DAY.** Churchill & Parker open with a fine selected stock of choice Family Groceries, and desire their many friends and the public to give them a trial. Broad street, first store East of Railroad. aug23 1w.

**LOST**—Large English Setter, white and liver colored. Liberal reward offered for his return. R. HANCOCK. aug21-1w.]

**10 GROSS MATCHES** will be run off at starting prices within the next few days. R. N. DUFFY, Druggist. au20 1w

**A FINE** line of SMALL HAMS, 5 to 7 pounds at JOHN BUNN'S. tf.

**FOR RENT**—Two large airy rooms, furnished. Apply to J. R. JONES, at M. E. Saltan's store. au25f

**OLD PAPERS** for sale in any quantities at JOURNAL office.

**THE TAYLOR ADJUSTABLE SHOE** for ladies. New and marvelous in vention. See sample. N. ARPA, [18 f] Opposite JOURNAL Office.

**SODA WATER** on draught today at JOHN DUNN'S. tf.

**INDIANA Democrats** are wide awake and confident.

**CANADA field crops** are excellent. The fruit crop is a failure.

**GOVERNOR CAMPBELL** predicts that henceforth Ohio will be a Democratic State.

It is now settled beyond controversy that the Force bill is to go over until next session.

**A GENERAL strike** throughout the Vanderbilt roads was expected to commence on yesterday.

**THE National Democrat** says the Republicans are disgraced; hopelessly divided on the Tariff and Force bills. The West against the East.

**THE South Carolina Colored State Farmers' Alliance Convention** have declared that there should be no politics whatever in the Order.

**THE friends of Rev. Dr. Peyton H. Hoge**, of Wilmington, will regret to learn that there is no abatement of his illness and his condition is discouraging. He is at Saratoga springs.

**THE river and harbor bill** has passed the Senate with more liberal appropriations for internal improvements than any previous bill. Thanks to Senator Ransom North Carolina was not forgotten.

**THE scheme to defeat the renomination of Hon. R. Q. Mills**, of Texas, has signally failed. He will be renominated and re elected. There is no truer man in Congress, and Texas knows and appreciates his worth.

**An old bachelor** says that giving the ballot to women would not amount to anything practically, because they would keep denying they were old enough to vote until they got to be too old to take any interest in politics.

**"THERE** are one million more intelligent white citizens in the Democratic party than there are in the Republican party. Can there be any doubt as to which party will prevail in this country whenever the so-called war issues shall be finally buried?"

**FIREMEN** and engineers employed by the American Stockyard Switching Association, Chicago, have struck for higher wages, and everything is at a standstill; the tracks are filled with immense trains of fresh meat which were destined for outside points.

**ONE** thing is certain, matters have reached such a crisis in Mississippi that self preservation makes some action necessary. It is not so much a matter of choice as of necessity. It is die dog, or eat the hatchet, provide to secure white supremacy or succumb to black.—Wilmington Star.

**INTEREST** in Congress is at the low ebb. The tariff is being discussed in the Senate in the full consciousness that the plan of the majority will be carried out uninfluenced by any suggestion from the Democratic minority.

**THE Washington correspondent** of the New York Tribune says: In conversation with the Tribune correspondent today more than two score Republican Representatives, many of them leading and influential men, openly and with apparent sincerity, declared that if the Senate shall adopt the Quay resolution there will be no revenue legislation at this session. These men mean what they say.

## LOCAL NEWS.

**NEW ADVERTISEMENTS**  
TRENTON MILL  
ROBERTS & BRO.—New goods.  
E. W. CARPENTER—Incorporation notice.  
Pleasant weather.

**Bicycles** are getting quite numerous on our streets. A very beautiful one came in on the Clyde line yesterday, the property of Mr. J. S. Weaver.

**The adjourned meeting** of the stockholders of the A. & N. C. R. R. will be held at Morehead tomorrow. Stockholders will be allowed to go down on the regular mail train tonight free.

**Rev. H. W. Madison**, colored, will lecture tomorrow night at the A. M. E. church on the subject: "Origin of the Negro Race." The white people are invited to be present and a place will be reserved for them.

**An unruly ox** caused considerable merriment at the market dock Saturday by leaping overboard from the boat in which he was brought to town, and striking out on a swim for liberty. After a little chase he was brought back and safely landed.

**The Trenton mill**, formerly known as the McDaniel mills, has been refitted up with new machinery and is in first class order for the fall season. This mill is patronized from a large territory and we believe it to be considered one of the best in the State.

**The fish ordered** for the pond in Cedar Grove Cemetery have arrived and been placed in it. There are now thirty-seven in the pond of the ordinary Gold fish and the Japanese Fantail varieties. These and the squirrels and black and white rabbits attract considerable attention from the visitors.

**Among the curiosities** at the Fair today will be a chicken that stands and walks erect like a man. He will be exhibited by A. L. Dawson from Dawson's creek. T. P. Dezier will show a stalk of cotton that survived the winter and has borne fifty six bolls—two of them open.

**Though there has been considerable building done** recently, desirable residences are still scarce and in demand. We have heard several gentlemen say that they have just made a pretty thorough search for houses to rent, without finding a suitable one. This is an encouraging sign. Let our monied men erect more houses, that the increased demand may be supplied.

**The Colored Fair.**  
The Colored Industrial, Stock and Fruit Fair opens today. The procession will form on Broad street at 10 o'clock, and after marching through some of the principal streets will proceed to the grounds. After a few preliminary remarks by Mayor Battle, Hon. J. S. Long will deliver the opening address. A visit to the grounds yesterday showed a very creditable display in nearly every department. Especially can this be said of the agricultural department. The Fair will be continued through Wednesday, Thursday and Friday.

**Peas and Beans in the Fall.**  
For the past season or two some of our farmers have planted a fall crop of beans, and this year a number of them are going to make a test of what can be done with peas at this season. As it is now time for planting we give the following extract about them taken from the Practical Farmer of Philadelphia:

"Peas are considered a great luxury in late fall. They can be had in about six to eight weeks from the time of sowing, in many localities it will be found there is time enough to sow some. Sow them rather deeper than usual, and select some early maturing sort."  
**PROGRESS.**  
It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

## Removal of J. V. Williams' Ink Factory.

Mr. J. V. Williams, the proprietor of the New Berne Ink Factory, has formed a partnership with the Southern Manufacturing Company of Richmond, Va., a firm with abundant capital, and the factory will hereafter be located in that city.

The intention is to manufacture the ink in large quantities, transact business on an extensive scale and endeavor to secure the wholesale trade throughout the United States.

While we of course regret the removal of any manufacturing enterprise from New Berne, we rejoice with Mr. Williams at the prospects opening up before him and hope that in this broader business field he may achieve that success which his indomitable energy and perseverance so richly merit.

## The Edenton Fair.

No surer indication of the prosperity of a country can be found than the disposition of its inhabitants to exhibit its products and familiarize themselves and outsiders with its wealth-producing resources. The successful fairs being held over the State show that it is in a flourishing condition. The last one to attract our attention is the Edenton Agricultural and Fruit Fair. It will be held October 28, 29, 30, 31. It will be formally opened by Hon. T. G. Skinner and W. R. Caphart, President of the Society, assisted by other distinguished persons.

A special feature of this fair will be the unreserved sale every day at noon to the highest bidder of cattle, sheep, hogs and poultry, from the best herds and flocks in the neighborhood, and from breeders in the vicinity of Norfolk. The premium list is before us. There are 1,000 premiums offered, amounting to over \$3,000.

**Personal.**  
Mr. J. V. Williams went off yesterday morning for a three weeks business trip in the western and northern part of this State and Virginia.

Mr. W. A. Ludcus, a jeweler, of Montgomery, Ala., who has been at Morehead two months, is visiting Mr. F. Ulrich.

The family of Mr. B. F. Tolson who have spent the summer at Morehead, will return this morning.

Mr. and Mrs. Judge Green have returned from Mount Airy.

Messrs. Jas. A. Bryan and W. E. Patterson have returned from the North.

Hon. W. A. B. Branch, of Beaufort county, is in the city.

Combine the Atlantic and the North Carolina Roads.

**EDITOR JOURNAL:**—There have been propositions to extend the A. & N. C. R. R. beyond Goldsboro, and its only hope of perpetuating its existence lies either in such extension, or a union with the North Carolina Railroad.

Such an extension, while perfectly feasible in the hands of a private corporation, is absolutely out of the question so long as the State retains the controlling ownership in both the A. & N. C. and the N. C. Roads. The legislation necessary can never be obtained in the face of conflicting interests of other roads; nor would the requisite private capital join in an enterprise where the State controlled.

Without multiplying words it is enough to say that all idea of a western or southwestern extension of the A. & N. C. R. R. may as well be dismissed, so long as the State retains her ownership in the Atlantic and the North Carolina Roads.

Practically all that extension could do, consolidation will accomplish. If Morehead, New Berne, or this portion of Eastern Carolina have a friend who desires extension for their benefit, he will unite in the demand for a consolidation of the two roads. And every friend of the N. C. road, and of its territorial interests, should be as ready to favor the same, for it is the hope and salvation of his road, and to the highest interest of his State and section.

Nature designed that Beaufort harbor should be the great highway of North Carolina to the sea, and there, where the greatest depth of water on any North Carolina bar is constantly shown and maintained, and where full thirty feet, on any tide, is easily attainable, is the point on which the State should concentrate her railway system and interests, and invite to it the aid and developing agencies of all comers and capitalists.

The thing to do now, and at once, is to combine the Atlantic and the North Carolina Railroads. EAST.

**Dominicans Victorious Over Haytiens.**  
New-YORK, August 23.—A special cable to the Herald from the city of Santa Domingo, via Havana, says: Information has reached this capital that on the night of August 30, about 800 Haytian troops, stationed near the frontier of the Dominican Republic, invaded the territory of this country. The Dominican government at once dispatched an armed force to drive out the intruders. The Dominican troops were successful, and repulsed the enemy, killing 24 men and wounding a number of others. The Dominicans had but four soldiers injured.

## THE TARIFF BILL.

THE VOTE UPON IT TO BE HAD PROBABLY SEPTEMBER FIFTH.

WASHINGTON, August 23.—Senator Gorman, chairman of the Democratic caucus, says that no agreement has been reached respecting the date when a vote shall be taken on the tariff bill. The debate, he says, will continue in pursuance of the policy adopted at the only Democratic caucus held this session, and applied to the Blair bill, the Montana election case, and other subjects. When it is thought that there has been a sufficient if not a satisfactory and thorough discussion of the tariff bill, the Democrats will agree, in accordance with the custom of the Senate to take a vote upon it. On both sides of the chamber the question has been privately under consideration, and on both sides numerous dates suggested, but no conclusion has been reached.

The proposition for a close must come, Mr. Gorman says, from the Republicans. None has yet been received, and when it comes it may or may not prove satisfactory in all respects. As stated yesterday, the general impression is that the date for voting on the tariff bill will be fixed at about September 5th. The official announcement of an agreement will be made, it is understood, by Mr. Aldrich, in charge of the bill, who will move at the proper time that the debate cease upon the agreed date, and this motion will be agreed to unanimously. Whether or not the five-minute rule will be applied to the discussion at an earlier date, Senator Gorman could not say, although he admits that it is probable.

## PEACE NOT ASSURED.

TROUBLE OVER THE TERMS OF THE PROPOSITION MADE TO SAN SALVADOR.

NEW YORK, Aug. 23.—Telegrams from San Salvador say the propositions for peace made by the diplomatic corps to Provisional President Ezeta imply the abandonment of the autonomy and independence of Salvador. Hostilities, which have been suspended up to this time, are liable to be resumed at any time, as Ezeta has declared that he will not submit to the dictation of President Barillas, and it is currently reported that he has definitely decided to reject the proposed treaty.

## The Colored Alliance.

A MODEL PLATFORM WHICH WILL BENEFIT THE NEGRO RACE.

RALPH, N. C., August 23.—The session of the colored State Alliance continued here today. Some interesting information was secured regarding the platform of this alliance. It is entirely different from that of the white alliance. The members are pledged to provide for their families, live economically, and be good citizens, and also to withdraw from partisan politics. This last feature is a very important one, and it means withdrawal from the Republican party. A prominent Democrat this evening assured me that this means a fusion of the white and colored alliance in the very near future.

## THE NATIONAL ALLIANCE.

PRESIDENT POLK SUCCEEDS HIMSELF—THE OTHER OFFICERS ELECTED.

READING, Pa., Aug. 23.—The American Farmers' Encampment was continued here today. Col. L. L. Polk, president of the National Farmers' Alliance, made an address. He traced the progress of the new organization in its wonderful growth in the South and Southwest.

The officers elected today are President, L. L. Polk, North Carolina; vice-president, B. H. Clover, Kansas; secretary, J. H. Turner, Georgia; treasurer, H. W. Hickman, Missouri.

## Negroes Want to Emigrate to Oklahoma.

NEW ORLEANS, August 23.—The Picoyune's Lula (Miss) special says: Among the colored people in this neighborhood there exists a great desire to emigrate to Oklahoma. Yesterday about three hundred negroes met at the place to consider a plan of emigrating in a body. Considerable excitement was manifested. Upon the advice of Gilliam, the tax-assessor, and B. B. Lindon, a colored judge of the peace (their recognized leaders), Ham Henton, Charles Roach, and E. W. Weatherly were appointed a committee to go out there and report the prospect of that country. The committee will start about September 1st.

## Captain John Ericsson's Remains.

NEW YORK, Aug. 23.—The remains of Captain John Ericsson, patriot and inventor, were today placed on board of the United States ship Baltimore, to be transported to Sweden, his native country. The ceremonies attendant upon the removal of his remains, were of a most imposing character, and comprised a procession through the principal streets and an elaborate naval display.

## Notice.

The members of the Democratic Executive Committee of Craven county are hereby notified that there will be a meeting of the committee held at the office of Messrs. Watson & Street, South Front street, in the city of New Berne, Saturday, August 30, 1890.

Important matters connected with the new registration ordered by the Board of Commissioners will be considered.

The members of the committee are advised that it is very necessary that every precinct in the county should be represented at the meeting, as it is the only opportunity for consultation before the appointment of Registrars and Judges of Election by the Board of Commissioners, Sept. 1st, 1890.  
MATT. MANLY,  
Ch's Dem. Ex. Com., Craven Co.
